STATEMENT OF MISSION, VALUES AND VISION

Columbia College improves the lives of diverse undergraduate and graduate learners through exemplary teaching.

The liberal arts and sciences and professional programs of the College embrace and profess the values of:

- Student-centrism
- Life long learning
- Ethics and citizenship
- Flexibility and innovation
- Quality and improvement
- Civility and respect
- Environmental and fiscal stewardship.

Vision: A model institution.

Approved by the Board of Trustees May 1, 2009

DESCRIPTION

Columbia College, a private, coeducational institution, offers associate, baccalaureate, and master's degrees that prepare students of differing backgrounds for entry level or advanced positions in various occupations and professions. Founded in 1851 by charter of the Missouri legislature and then named Christian Female College, Columbia College assumed its current name and became coeducational in 1970. Although it retains a covenant with the Christian Church (Disciples of Christ), Columbia College is a nonsectarian institution.

The College is accredited by The Higher Learning Commission and is a member of the North Central Association of Colleges and Schools and holds specialized accreditation in its Education program. Students may enroll in day, evening or online classes at the home campus in Columbia, Missouri, or in its Adult Higher Education Division at one of the many nationwide campuses.

Columbia College educates 25,000 students each year and has more than 67,000 Columbia College alumni.

THE HOME CAMPUS

Atkins-Holman Student Commons. Located at 1001 Rogers Street. Completed in 2004, this building is named for the parents of Linda Holman Atkins, Christian College alumna, and Thomas Atkins, Trustee Emeritus of Columbia College. The Commons houses Campus Life offices, Student Health Services, The ADA Office, Barnes and Noble Bookstore, The Penny Carroll Braun Scholar's Alcove, a snack bar and coffee shop and a recognition gallery featuring distinguished alumni. It also provides study and lounge areas for both day and evening students.

Banks Hall. A residence hall completed in 1967, Banks houses 110 students in double rooms. There are community baths, special study rooms, and activity lounges on each floor. A computer lab is located on the second floor. Originally named North Hall and subsequently named in honor of Hartley Banks, Sr., chairman of the board and trustee from 1945 to 1971.

Bass Commons. Dedicated in 1978, the front campus area is a park-like setting and location for the lvy Chain ceremony. Named in honor of Mary Machir Dorsey Bass, class of 1901.

Brown Hall. Constructed in 1995, this building houses studios for painting, design, ceramics, drawing, printmaking and photography, as well as art faculty offices. General classrooms, including the multimedia classroom, are also located on the lower level. Named in honor of Emma Jean Brown Ballew, class of 1923, to commemorate her generous bequest to the College.

Buchanan Hall. Constructed in 1977 and renovated in 2007, this building is named for Genevieve Koontz Buchanan, class of 1938, because of her generosity. This building provides general classrooms and student computer labs.

Columbia House. Located at 311 North Tenth Street, the building houses Student Support Services.

Dorsey Hall. Attached to the east wing of St. Clair Hall by a covered walkway, Dorsey Hall is primarily a classroom building, completed in 1911. Dorsey Hall also houses the chapel and the Jane Froman Studio. Dorsey Gym is used for receptions, conferences and other special events. Named through the benevolence of trustee Robert M. Stockton, for Jerimiah Spires Dorsey, trustee from 1863 to 1908.

Dulany Hall. Built in 1965, Dulany Hall contains dining facilities. It is also used as a multipurpose area for social functions and receptions and houses the Lee Room and the Cougar Room. Named for William H. Dulany, trustee from 1922 to 1948, in honor of his bequest to the College.

Federal Hall. Purchased in 2010 and located at 608 Cherry Street in downtown Columbia, this building houses the Online Education Center, which includes the offices of the Online Campus, and the Nursing Education Center, which includes a practice laboratory, classrooms and faculty offices.

Hughes Hall. Built in a traditional English design in 1939, Hughes Hall houses 72 women in double-room suites. Kitchen facilities are located on each floor and a formal parlor is on the main floor. A computer lab is also available on the main floor.

Kirkman House (music). Located at 410 North Tenth Street, the building houses the David O'Hagan Teaching Studio, the Elaine Grev Practice Suite and faculty offices.

Larson Gallery. Dedicated in May 1996, Larson Gallery is located on the first floor of Brown Hall. It features periodic exhibitions of visual art including works from practicing artists and various collections. It is free and open to the public. Named in honor of distinguished professor emeritus Sidney Larson (Honorary Alumnus Class of 2001), an art faculty member for 50 years.

Launer Auditorium. Launer Auditorium, built in 1903 and attached to St. Clair Hall by a covered walkway, was renovated in 1992 and again in 1997. It seats over 500 for convocations and artistic performances. Named in 1972 in honor of Franklin B. Launer, the director of the conservatory of music for 37 years.

6 General Information

Miller Hall. Completed in 1960, Miller Hall is the largest residence hall on campus, housing 156 students in doubleroom suites connected by full baths. It contains kitchen facilities, study rooms and a computer lab. Named in honor of former president James C. Miller, who led the College from 1938 to 1956.

Missouri Hall. Completed in 1920 and renovated in 2006, Missouri Hall houses the Evening Campus offices, the Ousley Family Veterans Service Center, the Florence Larsh '49 Center for Registration and Financial Services, Andrew J. Bass Center for Admissions, Ether L. Bruce Math Center, Elizabeth Toomey Seabrook '42 Writing Center, the Grossnickle Career Services Center, the Carol Vinkemulder Frobish '49 Parlors, Don and Betty Landers English Parlor, Janet Carter Wright '58 Foyer, Frances Thompson Dillingham '29 Conference Room (First Floor) and the Diane (Berry '59) and David O'Hagan Conference Room (Third Floor). Also located within are Student Records and Transcripts, Enrollment Management, Accounting, Institutional Research, Evaluations and Payroll.

Nursing Education Center. Located at 709 North Eighth Street. This building houses the Nursing practice laboratory, classrooms and faculty offices.

Online Education Building. Located at 310 N. 10th, this building houses the offices of the Online Campus including the Testing Center.

Owens Soccer Stadium. Named for R. Marvin Owens in recognition of his service to the College as a board member since 1975. Renovated in 2005.

Robnett-Spence Laboratories and Security Office. Built in 1969, Robnett-Spence houses science laboratories and the Security Office. Named to honor a gift from Mittie Robnett Spence, class of 1904, and housing the James L. "Bud" Walton Science Laboratories.

St. Clair Hall. The main administration building, St. Clair Hall was built in 1900 from pressed brick and Bedford stone in an Elizabethan style. Many administrative and faculty offices are located on the first and second floors. The third floor houses faculty offices, general classrooms and the college archive. Mail and print services is located on the garden level. Named to recognize the contributions and leadership of College presidents Luella St. Clair Moss and her husband, Frank St. Clair.

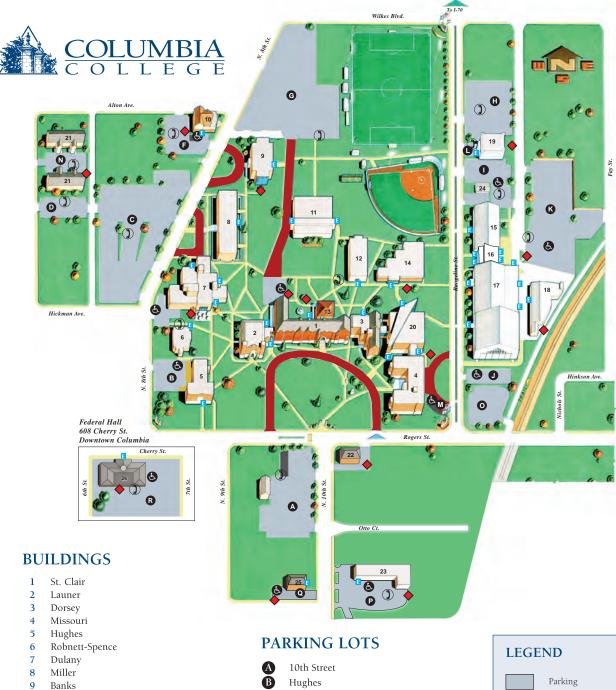

Southwell Complex. Dedicated in 1988, the Southwell Gymnasium is home to the Columbia College Cougar basketball and volleyball squads. Southwell also houses tennis courts, locker rooms and the sports information coordinator's office. An addition/arena was completed in Fall 2002. Named in recognition of a major gift from Virginia Southwell Singletary, class of 1939, a board of trustees member from 1968 until her death in 1989.

Southy Building. Built in 1986, this building houses athletic offices and the indoor fitness center. Named in recognition of a major gift from Virginia Southwell Singletary, class of 1939, a board of trustees member from 1968 until her death in 1989.

Stafford Library. Completed in fall of 1989, the J.W. "Stan" and Lois Stafford Library houses all library collections and audiovisual materials. The Curriculum Resource Center and one classroom are also located in this building.

Wightman Maintenance Building. This building houses the maintenance and housekeeping departments. Named in honor of Maurice Wightman, superintendent of grounds for 62 years.

Williams Hall. Purchased in 1851, Williams Hall is the oldest college building in continuous use for educational purposes west of the Mississippi River and has been designated a historic site. Previously the music building, Williams Hall now houses business administration faculty offices and general classrooms. Named in 1969 in honor of the first College president, John A. Williams.

ACADEMIC POLICIES, REGULATIONS, AND PROCEDURES

The responsibility for understanding and meeting graduation requirements rests entirely with the student.

ADVISING

ACADEMIC ADVISING PHILOSOPHY

Academic advising at Columbia College is based on the belief that advising is a developmental process, recognizing such logical and sequential steps as exploration of life goals, exploration of career goals, selection of a major program of study, and selection and scheduling of courses. The decisionmaking process of exploring, integrating, and synthesizing should be an ongoing and multifaceted responsibility of both the student and the advisor, the ultimate goal of which is student growth. Through such a person-centered approach, academic advising assists students in creating a personally relevant plan for educational, career and life fulfillment.

ACADEMIC ADVISOR

The College has a carefully planned program of student advising. In addition, individual relationships are maintained between students and instructors in the classroom and through informal conferences. After students have been admitted, they are assigned an advisor. The advisor assists in planning academic work and in solving general problems during the student's college career. (A change in advisor may be requested by making a formal request through the Director of the Evening Campus.)

While the College provides academic advisement, the responsibility of meeting all degree requirements rests with the student. Students are required to officially declare their majors in the Evaluations Office during the sessions in which 48-60 semester hours are scheduled for completion.

INTERNSHIPS

Internships are in-depth, practical learning experiences wherein students are placed in various agencies and/or organizations compatible with their academic majors and educational interests. Internships are supported by the College's academic mission and by the belief that theoretical knowledge is enhanced by and through the application of that knowledge.

As learning experiences, internships are coordinated by faculty working in conjunction with a designated supervisor in the agency or organization. A formal contract is developed in cooperation with the student, the faculty member, and the agency supervisor. This contract defines the nature and objectives of the learning experience and the responsibilities of each party involved. Specific requirements vary with the academic programs and agencies involved.

Internships are available in the junior or senior academic years. Two course numbers are assigned for internships: 399 and 499. Students enroll for credit during the term in which they undertake the internship. Departments may limit the number of hours acquired by internship. Some programs require a cumulative GPA of 3.0 or higher for enrollment in internships.

Students are expected to work in an agency or organization for a minimum of 45 clock hours for every semester hour for which they enroll.

Evaluation of student performance is made by the faculty member and the agency supervisor. The successful completion of contracted papers, projects and tasks must occur before credit is given. If a student is dismissed from an internship position by the agency for legitimate reasons (a situation tantamount to being fired), the student fails the course. However, if a situation beyond the student's control results in that student's inability to complete the course, then the student must initiate action through the faculty member to find an alternative resolution.

OVERLOAD POLICY

Students are required to obtain permission to enroll in nine hours during an eight-week session. This includes courses taken through the Evening Campus, the extended campuses, and the Online Campus. Only those students close to graduating from Columbia College, with a minimum 3.0 cumulative grade point average and a compelling reason to take a course overload in an eight-week session may apply to the Director of the Evening Campus. **Students must first visit with their advisor to discuss all available alternative options.** If an overload is approved, there will be no overload fee charged.

COURSE PREREQUISITES

Course prerequisites are established to ensure that a student has adequate academic preparation to succeed in a particular course. Electronic prerequisite enforcement helps ensure that students meet prerequisite requirements. **However, it is the stu**- dent's responsibility to closely examine the course descriptions to determine if prerequisites exist and enroll in courses in the proper sequence. In some exceptional cases it may be apparent that the student possesses the required skills and knowledge to succeed in a particular course, even though s/he has not taken the prerequisite course. In this case the prerequisite course may be waived by the Campus Director with approval of the appropriate faculty member. Waiver of a course prerequisite does not remove the requirement to complete the course if it is a requirement for the student's degree program.

ASSESSMENT

Columbia College uses the results of Major Field Tests and MAPP (Measures of Academic Proficiency and Progress) to improve learning experiences and the curriculum both in specific majors and general education.

Major Field Test

The Major Field Test (MFT) is a nationally normed standardized test taken by thousands of students at college and universities throughout the United States. The content of the Major Field Test reflects the basic knowledge and understanding gained in the core undergraduate curriculum. The tests are designed to assess mastery of concepts and principles, as well as knowledge expected of students at the conclusion of a major in specific subject areas.

The MFT will be administered during the capstone course.

MAPP Test (The Measure of Academic Proficiency and Progress)

The MAPP test is a nationally normed standardized test taken by thousands of students at colleges and universities throughout the United States.

The MAPP test focuses on skills developed in introductory courses in the humanities, social sciences, and natural sciences. It concentrates on issues, themes, and ideas.

ATTENDANCE AND LACK-OF-EFFORT POLICIES

Students are expected to attend all classes and laboratory periods for which they are enrolled. The instructor defines conditions under which an absence is excused. The instructor is responsible for the maintenance of standards and quality of work in his or her classes. An absence is an individual matter between student and instructor.

Students are directly responsible to instructors for class attendance and for work missed during an absence for any cause. If absences jeopardize progress in a course, the student's instructor will submit an attendance warning letter promptly to the Student Records Office. An instructor may drop such a student from the course; and any drop initiated during the semester or session by an instructor for a student's lack of attendance or lack of effort is recorded on the student's permanent record as grades F or W at the discretion of the instructor. Columbia College reserves the right to drop or withdraw students from courses due to lack of attendance. This information may be reported to various government agencies.

Signs are posted if an instructor cannot attend during any regularly-scheduled class period. In the event that the instructor does not arrive at an appointed class a representative of the class should make inquiries in the Evening Campus Office.

Please refer to the Financial Aid section regarding attendance requirements for financial aid purposes.

CATALOG CHANGES AND TIME LIMIT FOR COMPLETING DEGREE

No time limit exists for a student to complete a degree. Students have the option of graduating under the requirements of the catalog, including general education requirements and courses designated as general education, in effect at the time of their graduation from the College or in effect at the time of their initial enrollment to the College provided no more than eight years have elapsed between initial enrollment and graduation. Students enrolled through the Service Members' Opportunity College Program are exempt from the eight-year limitation.

The responsibility for understanding and meeting graduation requirements rests entirely with the student. Students must also understand that some departmental changes to specific requirements, prerequisites, etc. may affect their degree program.

An official drop or withdrawal takes place only when a student officially requests a drop or withdrawal through appropriate channels as listed below. Students may drop and withdraw via eServices. A failure to attend class, or advising a fellow student, staff, or adjunct faculty member of an intent to withdraw from class does not constitute official drop or withdrawal. Withdrawals become effective the date the campus receives the form.

ADDING A COURSE

Evening students may add courses until 5:00 p.m. on the **fifth** class day of the session (Saturdays not included). Forms are available in the Registration and Financial Services Office. The forms must be returned to the Registration and Financial Services Office before the end of the add period for the courses. At that time, courses are added to the students' schedules if space is available in the class.

DROPPING A COURSE

Drop During First Week of Session: A student may drop a course or courses during the first week of a session for any reason. No punitive grade or financial liability will be issued PROVIDED the student drops through eServices OR an Add/Drop/Withdrawal form is received at the campus prior to close-of-business on the first business day of the second week of the session.

STUDENT CONDUCT

The College has adopted a Student Conduct Code to protect the rights of students, faculty, staff and the College itself. This code ensures that the Columbia College learning community is one characterized by mutual respect, civility and good citizenship.

The Columbia College Student Conduct Code can govern conduct that occurs on or off campus and at college-sponsored or non-sponsored events/ activites. Disciplinary action will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced. Columbia College students, as members of the academic community, are expected to accept and adhere to these high standards of personal conduct. Students shall:

- 1. Treat all members of the College community with courtesy, respect and dignity.
- 2. Comply with directions of College officials acting in the performance of their duties.
- 3. Treat the campus itself, including buildings, grounds and furnishings, with respect.
- 4. Respect the rights and property of other members of the College community.
- 5. Fulfill their obligations through honest and independent effort and integrity in academic and personal conduct.
- 6. Accept responsibility for and the consequences of their actions and shall encourage responsible conduct in others.
- 7. Respect the prohibition of possession, consumption, distribution and provision of alcohol on campus and the illegal possession, use, distribution and provision of controlled substances.
- 8. Abide by all published policies including but not limited to those that appear in the College Catalog, Student Handbook, Residential Life Handbook and Code for Computer Users.

- 9. Refrain from any contact with firearms on campus and from tampering with fire safety equipment in college buildings and on campus grounds.
- 10. Have no firearms, weapons or any other item designed to inflict harm or damage on campus. Sworn law enforcement and military officials possessing firearms while on duty may be exempt.
- 11. Behave in a manner that does not intentionally or recklessly interfere with normal college sponsored activities, including, but not limited to, studying, teaching, research, college administration, or fire, police or emergency services.
- 12. Refrain from behavior that intentionally or recklessly endangers, threatens, or causes physical or emotional harm to any person including self, or that intentionally or recklessly causes reasonable apprehension of such harm.

The Student Code of Conduct, as well as the following guidelines outlining the adjudication of conduct-related offenses, applies to all Columbia College students.

Academic Integrity

The College expects students to fulfill their academic obligations through honest and independent effort. In a community of scholars committed to truth, dishonesty violates the code of ethics by which we live and is considered a serious offense subject to strong disciplinary actions. Academic misconduct includes but is not limited to the following:

- 1. Knowingly furnishing false or misleading information.
- 2. Falsification, alteration or misuse of college forms or records.
- Any joint effort in examinations, assignments, or other academic activity unless authorized by the instructor.
- 4. Plagiarism in any form; using another's phrase, sentence, or paragraph without quotation marks; using another's ideas or structure without properly identifying the source; or using the work of someone else and submitting it as one's own.
- Willfully aiding another in any act of academic dishonesty. Columbia College is equally concerned about the interpersonal social relationships that affect the learning environment. Respect for the conditions necessary to enhance learning is, therefore, required.

14 Academic Policies, Regulations, and Procedures

Procedures:

Generally, the faculty will handle offenses related to academic misconduct and assign appropriate penalties without involving others. In such cases, the following procedure will be followed:

1. The faculty member who, upon investigation, suspects academic misconduct will, if possible, confer with the student suspected.

a. If the faculty member determines the student is not responsible for engaging in academic misconduct, the matter will be dropped.

b. If the faculty member determines the unacceptable behavior was unintentional, the violation will be explained and an alternative penalty will be imposed at the discretion of the investigating faculty member. The Vice President for Adult Higher Education must be notified in writing of the incident and the outcome.

c. If the student admits responsibility for academic misconduct, or if the faculty member determines there was intentional unacceptable behavior, the faculty member may impose the penalty stated in the course syllabus. In the absence of a penalty stated in the syllabus, the penalty will be a grade of F on that activity, which will be factored into the final grade. The Associate Dean for Adult Learning and the Vice President for Adult Higher Education must be notified in writing of the incident and the action taken.

- 2. A student wishing to challenge or appeal the accusation of academic misconduct should seek the counsel of the Director of the Evening Campus. The Vice President for Adult Higher Education must be notified of the results of this informal disposition.
- 3. If either the student or the faculty member is not satisfied with the informal disposition, he/she may request a formal hearing. The individual must initiate the hearing procedure by filing an Appeal Request Form with the Vice President for Adult Higher Education within one (1) school day after the informal disposition meeting.
- 4. The Vice President for Adult Higher Education will review the request and determine if there are proper grounds for appeal and if the evidence submitted warrants reconsideration of the decisions All parties involved will be notified.

It is important to note that there are those cases where the allegations and potential consequences

are so serious and complex that the matter will be submitted, at the outset, to Adult Higher Education for investigation, informal disposition, and if necessary, formal disposition through a campus hearing board. Decisions regarding case jurisdiction ultimately rest with the Vice President for Adult Higher Education.

Levels of Violations and Recommended Sanctions

Any violation of academic integrity at Columbia College is a serious offense.

For each level of violation a corresponding set of sanctions is recommended. The recommended sanctions at each level are not binding but are intended as general guides for the academic community. Culpability, mitigating and aggravating circumstances and past behavior may be assessed and sanctions imposed differentially. Examples are cited below for each level of violation. These examples are meant to be suggestions and should not be considered all inclusive.

First Level (First level violations occur because of inexperience or lack of knowledge of academic integrity. Usually there is an absence of dishonesty or intent.)

Examples include:

- Working with another student on a minor exercise or homework assignment when such collaboration is prohibited.
- Failure to footnote or give proper citation in a limited section of an assignment.

Second Level

Examples include:

- · Repeat first level violation.
- Quoting directly or paraphrasing to a moderate extent without acknowledging the source.
- Copying work or facilitation copying on an exam.
- Using prohibited materials during an exam.
- Submitting the same work or portions thereof to satisfy requirements of more than one course without permission from the instructor to whom work is submitted for the second or subsequent time.
- Failure to acknowledge assistance from others.
- Presenting the work of another as one's own.
- Plagiarizing major portions of a written assignment.

Possible sanctions include:

- Instructor notice of academic misconduct (and corresponding academic action)
- Disciplinary probation or suspension
- Required tutorials or meetings to clarify understanding of academic integrity

Third Level

Examples include:

- Repeat first or second level violation.
- Acquiring or distributing copies of an exam or assignment from an unauthorized source.
- Submitting purchased materials such as a term paper.
- · Fabricating sources or data.
- Sharing of passwords and other security measures that compromise the integrity of one's work.
- Intentionally ignoring the instructions of instructions and/ or proctors.
- Committing a violation of academic integrity after returning from suspension for a previous violation of academic integrity.
- Committing a violation of academic integrity that breaks the law or resembles criminal activity such as forging a grade, letter or official document; stealing an exam or class materials; buying a stolen exam or class materials; falsifying a transcript or official document; or altering a college record or official document.
- Having a substitute take an exam or complete an assignment or taking an exam or doing an assignment for someone else.
- Sabotaging another student's work through actions designed to prevent the student from successfully completing an assignment.
- Knowingly violating cannons of the ethical code of the profession for which a student is preparing.

Possible sanctions include:

- Instructor notice of academic misconduct (and corresponding academic action)
- Disciplinary probation or suspension
- Required tutorials or meetings to clarify understanding of academic integrity

Mitigating/Aggravating Circumstances for Academic Misconduct

(These factors could mitigate or aggravate a situation. These factors may be considered at the point that a sanction is being decided.

- 1. <u>Extent of misconduct.</u> Misconduct that extends across multiple classes and involves multiple assignments or the entire assignment is generally more serious.
- Intent of misconduct. Misconduct may occur if a student violates the expectations of academic integrity through: negligence, knowledge, recklessness and willfulness.
- Importance of the assignment. Other things being equal, misconduct on final examinations, term papers, and the like merit higher penalties than the same misconduct on less-

er assignments. Similarly, misconduct in a capstone or similar course is particularly serious.

- 4. <u>Student's class standing.</u> Inexperience or unfamiliarity with the rules of integrity is not ordinarily available as a mitigating factor for students after the freshman year. The gravity of the offense increases as the student rises in class standing.
- Integrity of the student's response. Students who fully and promptly admit misconduct may receive consideration not available to students whose denial of responsibility is contradicted by the findings.
- 6. <u>Prior offenses.</u> Repeat offenses are especially serious.

Class Conduct

Students are expected to conduct themselves on campus and in class so others are not distracted from the pursuit of learning. Discourteous or unseemly conduct may result in a student being asked to leave the classroom. Persistent misconduct on the part of a student is subject to disciplinary action. Some examples of classroom misconduct that will not be tolerated include, but are not limited to the following:

- Disorderly conduct
- Harassment
- · Verbal abuse
- Assault
- Interference with the educational opportunity of other students
- Attending class under the influence of alcohol or other drugs

Personal Conduct

Students may be disciplined for conduct, which constitutes a hazard to the health, safety, or well being of members of the college community or which is deemed detrimental to the interests of the college. These sanctions apply whether or not such conduct occurs on campus, off campus, at college-sponsored or non-college-sponsored events. Disciplinary action may be taken regardless of the existence of any criminal proceedings that may be pending.

Procedures:

Generally, allegations regarding a student's personal conduct will be adjudicated through processes governed by the Evening Campus.

- 16 Academic Policies, Regulations, and Procedures
- The Vice President for Adult Higher Education or another appropriate college official will investigate the situation and review it with the student. If it is determined that no violation occurred, then the matter will be dropped. If the student admits responsibility or the Vice President for Adult Higher Education determines there was a violation, college disciplinary action will ensue. The student will be notified in writing of the finding of fact and the recommended disciplinary sanction recommended by the Vice President for Adult Higher Education.
- 2. If facing disciplinary action, the student has the right to accept the Vice President's finding of fact and recommended sanction, at which time the matter is closed; or the student may appeal to the Vice President for Adult Higher Education for a review of the finding of fact and/or the recommended sanction.
- 3. To initiate an appeal, the student must file an Appeal Request Form with the Vice President for Adult Higher Education within one (1) school day of the informal disposition meeting with the Vice President for Adult Higher Education. The Vice President for Adult Higher Education will review the request and determine if there are sufficient grounds for appeal and if evidence submitted warrants reconsideration of the decision. All parties will be notified.
- 4. If a decision is made to reconsider, a campus hearing board will be empaneled to hear the matter. Decisions are final.

Campus Directors for the Evening Campus, Adult Higher Education and Online Campus will be responsible for disposition of less serious conduct-related offenses. For more serious offenses, disposition will be handled by the Campus Life Department.

RESIDENCE CREDIT

"Residence credit" or "credit earned in residence" refers to credits earned through Columbia College.

For Associate in Arts, Associate in General Studies and Associate in Science degrees, 15 of the last 24 semester hours of coursework must be completed with Columbia College. For the baccalaureate degree, 24 of the last 36 semester hours of coursework must be completed with the college.

GRADING SYSTEM

Academic progress is reported at the session's end.

GRADES AND NOTATIONS

- A..... Excellent
- B..... Superior
- C Satisfactory
- D..... Inferior
- F..... Failing
- I...... Incomplete: Unfinished work to be completed without further class attendance.
- N..... Audit: Did not complete course.
- S/U Satisfactory/Unsatisfactory: Recorded when the pass/fail option is chosen
- U...... Unsatisfactory. An option that can be used as a grade for MATH 104, MATH 106, and ESOL 101, 102, 103, 104, 105, and ENGL 107.
- W..... Withdraw
- WE Excused from the course for extraordinary circumstances.*
- Y..... Audit: Completed course. No official credit recorded on transcript.

*Extraordinary Circumstances

Generally, this phrase is narrowly interpreted to mean the development of unforeseen, unexpected circumstances beyond a student's control that prevent continued attendance in all classes (death of an immediate family member, a change in the student's employment, and mental or physical illness befalling the student or a member of his/her immediate family).

APPEALS

Grade appeals should be filed only when it is possible to demonstrate with substantial objective evidence that an incorrect or an unfair grade has been assigned. If a student believes that the final grade received in any course is incorrect or unfair, he or she follows the grade-appeal procedure outlined below:

- 1. Discuss the problem with the faculty member (instructor) involved.
- 2. If not satisfied with that faculty member's explanation, seek mediation from the Director of the Evening Campus.
- Failing resolution of the problem, student makes an appeal to the Vice President for Adult Higher Education by requesting a grade appeal hearing. This request is filed in writing with the Vice President for Adult Higher Education within 60

calendar days after grades have been issued by the Registrar. The Vice President for Adult Higher Education may inform the student that materials submitted do not support the request for change in grade and/or forward the appeal to the Campus Hearing Board. The decision of the Campus Hearing Board is final. The chair of the Campus Hearing Board communicates this decision in writing to the student, the Vice President for Adult Higher Education, the Dean for Campus Life, and any other parties involved in the appeal. If a change in grade or academic standing results, the chair of the Campus Hearing Board notifies the Registrar of the new grade or change in standing.

4. In the event that new evidence becomes available, a request may be made in writing to the Vice President for Adult Higher Education, who determines whether the appeal is to be reconsidered. If a question arises regarding procedural correctness or impartiality, the issue may be brought to the Vice President for Adult Higher Education who has the final authority in passing judgment on such matters.

AUDIT

Students may audit a regularly scheduled class for no grade and no credit. However, participation in the course is noted on their official record. Auditing provides students the opportunity to pursue an interest in a particular subject without being graded. Acceptable performance, attitude, and attendance, as defined by the instructor for the course, are expected. Audit enrollments do not fulfill requirements for course work for degree completion, requirements for load considerations by the Veterans Administration for educational benefits, or requirements for financial aid awards. If students enroll for an audit course, they are subject to regular enrollment procedures and a \$90 per-semester-hour fee. Students are also liable for all course lab fees. All students enrolling under this policy are required to complete the Auditing: Information and Request Form, which is available in the Registration and Financial Services Office or the Student Records Office.

Applicants requesting to only audit a course are subject to the standard admission requirements.

Some programs of the College, e.g., Piano, Voice, Nursing and Online Campus courses are not available for audit.

AVERAGE (GPA)

Grade-point average (GPA) is determined by assigning point values to letter grades for each semester hour earned at Columbia College. Quality points are assigned as follows: A = 4, B = 3, C = 2, D = 1, F = 0. 2-Step Formula for computing a GPA for one session is as follows:

Step 1: Credit Hours \mathbf{x} Quality Points assigned for each course grade = Total Quality Points for each course.

Step 2: Total Quality Points for each course ÷ Credit Hours Attempted = GPA

Example of a typical course schedule for an 8-week session:

Course	Credit hours	Grade	Quality Points
English Composit	ion3	.3(B)	9
Principles of Biolo		.4(A)	12
Biology Laborator	y <u>2</u>	.2(C)	<u>4</u>
			25

Divide the total number of quality points earned (25) by the total number of credit hours attempted (8). The GPA for that session is 3.125.

If a student fails a course, he/she receives no quality points for the course credit hours attempted. This failure adversely affects total quality points since the hours failed remain part of the formula for computing the GPA.

The cumulative GPA is determined by dividing the total quality points earned by the total credit hours attempted at Columbia College. Courses that are repeated or taken on a pass/fail (S-U grade) basis are not considered when determining a semester or cumulative GPA. See section "Repeating A Course."

CHANGES OF GRADE

A change in grade may be made when a computational error has been made by the instructor. Request for a grade change is honored only when approved by the Vice President for Adult Higher Education. Requests must be submitted within 60 days of grades being issued by the Registrar's Office.

CLASSIFICATION

Students are designated freshmen, sophomores, juniors, and seniors according to the following standard of completed credit hours:

- 0 23.9 Freshman
- 24 51.9 Sophomore
- 52 83.9 Junior
- 84 120+ Senior

According to United States Department of Education regulations and Missouri Coordinating Board for Higher Education policy, all students applying for federal and/or state financial assistance must maintain satisfactory progress in a degree program to receive funding. Satisfactory progress is measured in terms of qualitative, quantitative and maximum time frame standards. Once a student receives financial aid, all course work in prior terms will count toward these standards.

DIRECTED STUDY

Directed study is available within most academic disciplines. Its purpose is to allow students to undertake additional, in-depth study of a topic that transcends the existing coursework described in the academic catalog. Directed study is not available for audit (see Audit above).

Students enrolling in these courses work closely with a selected faculty member, meeting on a regular basis, and working toward a mutually agreed-upon goal. Students approach a faculty member with a written proposal. If the proposal is approved, the faculty member and the student then complete the application form. The application form is to be submitted to the Director of the Evening Campus for approval. The proposal is to be attached to the form, which also requires approval by the supervising faculty member and his/her department chair.

This contract defines the title of the study, the learning objectives, resources to be used, evaluation methods to be employed, and other academic information. Since it is retained in the student's academic file, the proposal must be completed on the college form that is available in the Registration and Financial Services Office.

To be eligible for Directed Study, students must meet the following requirements: (1) completion of at least 45 semester hours of coursework, (2) prior completion of at least 6 semester hours in the discipline of the proposed study and (3) a cumulative GPA of 3.0 or higher.

INCOMPLETE COURSEWORK

The grade of I (Incomplete) is reserved for "extraordinary circumstances" that prevent a student from completing the requirements of a course by the end of the semester or term. The phrase "extraordinary circumstances" is narrowly interpreted to mean unforeseen, unexpected circumstances beyond a student's control that prevent continued attendance in all classes (death of an immediate family member, a change in the student's employment, mental or physical illness befalling the student or a member of his/her immediate family). The request for an Incomplete must be initiated by the student and only the instructor may grant an incomplete. In such cases the instructor makes specific written arrangements with the student for making up the grade.

If a student receives an Incomplete, he/she must complete all work by the end of two eight-week sessions unless the instructor requires a shorter completion date. Extensions beyond the two session completion time must be granted in writing by the Associate Dean For Adult Learning. Students are responsible for this deadline. Incompletes that are not finished are to be permanently recorded by the instructor as "I" or any other grade.

When incomplete work in a course is completed, the instructor is responsible for reporting the letter grade that replaces the I on the student's permanent record.

PASS/FAIL

Students may elect to take one course per session on a pass/fail basis. These may not be courses in the declared major. (Exception: Honors projects in the major may be taken pass/fail.) Certain courses, by program definition, are always taken on a Satisfactory/Unsatisfactory basis. To receive a grade of S, work must equal the work of other students who earn an A, B, or C. Further details are available from advisors or in the Student Records Office. Students must designate at the time of registration that they wish to take a course pass/fail.

Each term, students enrolling in a course pass/ fail may convert to the pass/fail from the regular grading system (A, B, C, D, or F) or from the pass/fail to the regular grading system up to the end of the first quarter (usually 4 weeks for a semester, 2 weeks for a session) of that term. **Courses taken on a pass/ fail basis are not considered when determining Dean's List eligibility.**

REPEATING A COURSE

Any Columbia College course may be repeated at Columbia College in an attempt to improve the grade. The grade earned the second time the course is taken is used to determine grade-point average, and the first grade is identified as R (Repeat) on the transcript. The first grade is not included in total hours attempted or the grade-point average. In all cases, the second grade is the one that is recorded. No duplicate credit is given. Additionally, students who use federal financial aid assistance or tuition assistance from other agencies or departments must check with the Registration and Financial Services Office to determine financial liability when repeating a course.

Withdrawal From a Course

If students withdraw from courses between the end of the drop period and the end of the 6th week of class they receive a Withdraw (W) grade. Withdrawals may be done via eServices or at the Registration and Financial Services office with paperwork turned in by the appropriate deadlines. Beginning with the 7th week of classes withdrawals may occur only if extraordinary circumstances are applicable. Students do not receive grade points for Withdraw (W) grades, but a notation appears on the transcript. See the explanation of extraordinary circumstances in the Grading System.

If, because of extraordinary circumstances as

defined in the catalog, a student wishes to withdraw then a grade of WE (Withdraw Excused) may be requested. A request for a grade of WE must be accompanied by a letter from the student explaining the circumstances. In addition, substantiating documentation must be provided. A grade of WE may be requested any time during a term. It is not automatic and is subject to review and approval. <u>All classes</u> <u>currently enrolled in must be included in the WE</u> <u>request</u>.

Discontinuing class attendance does not constitute withdrawal from a course; students who do not complete the withdrawal process as outlined above may receive a grade of F.

CANDIDACY FOR DEGREE

Declaration of candidacy for degree must occur no later than one session prior to the last session of enrollment for degree completion. Candidacy forms are to be filed via eServices. The graduation processing fee will be charged to the students account.

Responsibility for understanding and meeting graduation requirements rests entirely with the student.

Guidelines for July Graduates to Participate in the May Commencement Ceremony

To be eligible to participate in the May commencement ceremony, students anticipating a July degree completion date must file a *Declaration of Candidacy for Degree* form prior to the May ceremony participation deadline. A degree audit will determine eligibility. Students who are not clear for a July completion date will **not** be eligible for participation in the May ceremony. They will default to a later degree date as well as a later commencement opportunity. Any exceptions will be via written appeal by the student, submitted to the Evaluations Department and reviewed and decided upon by the Executive Vice President and Dean for Academic Affairs.

July graduates who opt to participate in the May ceremony will not be eligible for the President's Award as it is based on a final, cumulative GPA of 4.0 and cannot be determined prior to final coursework completion.

July graduates who do not participate in the preceeding May ceremony are eligible to participate in the following December ceremony.

PROBATION, SUSPENSION, DISMISSAL, AND READMISSION

PROBATION

Students are placed on academic probation and may be suspended or dismissed if they fail to maintain the following cumulative GPA standards by the time they have completed the indicated number of hours, including hours accepted in transfer:

0-30.9 semester hours:	1.75 GPA
31-45.9 semester hours:	1.90 GPA
46 or more semester hours:	2.00 GPA

"Completed credit hours" refers to semester hours earned by a student for all courses for which letter grades (A, B, C, D, F, S, or U) have been received. Semester hours transferred from other colleges count as completed semester hours for determining GPA requirements; but, since no letter grades are recorded for transfer credits, such credits are not computed in the numerical GPA.

If students are placed on academic probation, they may not hold appointed or elected offices in any student organization.

If students are placed on academic probation, they must earn sufficient quality points during their probation term to bring the GPA to the standards stated above. If they fail to do so, they are suspended for the following regular academic term(s) (the next two evening sessions).

SUSPENSION

- A suspension is imposed on students who do not earn sufficient quality points to bring their GPA to the standards stated above. This occurs at the end of one probationary term for the following regular academic term(s) (the next two evening sessions). Students may appeal the academic suspension action. The Admissions Review Committee reviews appeals on a timely basis.
- Regular-admit students completing their first semester or session at Columbia College with a GPA of 0 may be suspended for one semester (Day student) or two sessions (Online or Evening student). Summer-admit students completing courses with a GPA of 0 may be suspended for two sessions.
- 3. Students admitted by the Admissions Review Committee (see Admissions section of this catalog) and who do not earn a 2.0 GPA may be suspended (see below).

DISMISSAL

Students may be dismissed from Columbia College if they are granted readmittance after their suspension and fail to achieve a satisfactory cumulative grade-point average in the next session.

Academically dismissed students may be reviewed for readmission to Columbia College only after a three-year period has elapsed.

Please see Readmission After Suspension section (p.) for details on the readmission process.

READMISSION

Students must write a letter of appeal to the Vice President for Adult Higher Education and apply to the Admissions Office for readmission to the College after a suspension or dismissal period is completed. The Admissions Review Committee reviews student records, makes recommendations regarding eligibility to return, and establishes conditions of return. Readmission to the College is not automatic and does not establish student eligibility for financial aid.

NON-DEGREE SEEKING STUDENTS

Non-Degree seeking students must earn a minimum 2.0 GPA in order to be eligible to reapply for non-degree seeking status. Students who do not maintain this standard may be subject to probation or suspension.

Students who are suspended may be ineligible to apply for non-degree seeking status again. In order to be reconsidered for admission to Columbia College, the student will be required to complete the process for degree-seeking students, including a review by the Admissions Review Committee.

STUDENT'S RIGHT TO PRIVACY

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- The right to inspect and review their education record within 45 days of the day the College receives a request for access. Students should submit to the Registrar or Executive Vice President and Dean for Academic Affairs written requests that identify the record(s) they wish to inspect. The student will be notified of a time and place where the records may be inspected.
- 2. The right to request the amendment of that part of a student's education record that the student believes is inaccurate or misleading. The student should write to the Registrar, clearly identifying the part of the record he/she wants changed and specifying why it is inaccurate or misleading. If Columbia College decides not to amend the record as requested, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to consent to disclosures of per-3. sonally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the college in an administrative, supervisory, academic or support staff position (including law enforcement unit and health staff); a person or company with whom the college has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the college discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
- 4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-4605

Release of Directory Information - Under the provisions of the Act, Columbia College is allowed to disclose "directory information" without consent. "Directory information" is described as name, address, telephone number, e-mail address, dates of attendance, enrollment status, class, previous institutions attended, major field of study, awards, honors (including dean's list), degree(s) conferred (including dates), past and present participation in officially recognized sports and activities, physical factors (height and weight of athletes), pictures, and date and place of birth. "Directory Information" is released at the discretion of the institution. However, students who do not wish any or all of this information to be released may prevent such release by completing and signing a Request to Prevent Disclosure of Directory Information available in the Registration and Financial Services Office. Also available in the Registration and Financial Services Office or on the website are forms a student may complete granting access of non-directory information (such as student's account or grades) to parents or other individuals.

TRANSCRIPTS AND STUDENT RECORDS

The College maintains permanent records showing the progress of each student. Student records indicate the rates at which he or she is progressing, final grades in each subject for each semester or session, withdrawals from courses and re-enrollments in subjects from which he or she had previously withdrawn.

The College maintains records through the last date of attendance or the effective date of their unofficial withdrawal.

Columbia College transcripts of permanent student records are confidential and cannot be released to anyone, except Columbia College instructors and officials, without the written permission from the student. Columbia College accepts transcript requests via mail, fax or in person. All requests must include the signature of the student whose record is being released. Requests will not be accepted via e-mail even if an electronic signature is included. Payments may be made by cash, check, money order or credit card. The Transcript fee is \$7.50 per transcript (fee subject to change without notice).

Requests must include the student's full name, maiden or former name if applicable, dates of attendance, ID or SSN, birth date, the student's current address and phone number, the address where the transcript should be sent, the number of copies to be issued and the payment. If payment is to be made via credit card, the card number, expiration date and a daytime phone number by which the student may be contacted must be included. A student's current account balance must be clear prior to the release of the Transcript.

VETERANS GUIDELINES

The Student Records and Transcripts Office certifies enrollment to the VA for educational benefits. Certification can be processed only for coursework in which the student is enrolled and which applies to the student's declared major (with the VA). It is the veteran's responsibility to notify the Columbia College Certifying Official each term that he/she is enrolled and wishes to be certified. The student must also notify the Certifying Official of any change in enrollment including add, drop, withdraw, or if he/she otherwise stops attending any class. Veterans are required to make satisfactory progress toward their educational goal and the school will report to the VA any changes in enrollment status or lack of academic progress. For further information call (573) 875-7504 or (800) 231-2391 extension 7504. Email inquiries should be sent to vacert@ccis.edu.

ACADEMIC PROGRAMS

DEGREES, MAJORS AND CERTIFICATES OFFERED

ASSOCIATE IN ARTS

ASSOCIATE IN GENERAL STUDIES ASSOCIATE IN SCIENCE in:

Business Administration Computer Information Systems Criminal Justice Administration *Environmental Studies Fire Service Administration (offered through the Evening, Online and Missouri AHE Campuses) Human Services Nursing

BACHELOR OF ARTS with majors in:

American Studies *Art Majors: Ceramics Graphic Design Painting and Drawing Photography Printmaking *Biology **Business Administration** Majors: Accounting Finance Human Resource Management (Some courses must be taken online or through the Evening Campus) Certificate: Human Resource Management International Business Management Certificate: Management Marketing Certificate: Marketing Management Public Relations and Advertising Sports Management *Chemistrv Criminal Justice Administration Certificate: Crime Scene Investigation English History Human Services

*Philosophy *Political Science Psychology Sociology *Speech Communication

BACHELOR OF FINE ARTS with a major in:

t Majors: Ceramics Graphic D

*Art

Graphic Design Painting and Drawing Photography Printmaking

BACHELOR OF GENERAL STUDIES

BACHELOR OF SCIENCE with majors in:

*Art Majors: Ceramics Graphic Design Painting and Drawing Photography Printmaking *Biology **Business Administration** Majors: Accounting Finance Human Resource Managment (Some courses must be taken online or through the Evening Campus) Certificate: Human **Resource Management** International Business Management Certificate: Management Marketing Certificate: Marketing Management Public Relations and Advertising **Computer Information Systems Computer Science** Criminal Justice Administration Certificate: Crime Scene Investigation *Environmental Science *Forensic Science Certificate: Crime Scene Investigation Human Services Management Information Systems *Mathematics *Offered through the Day Campus only

BACHELOR'S WITH DISTINCTION

Bachelor of Arts with Distinction Bachelor of General Studies with Distinction Bachelor of Science with Distinction *Bachelor of Fine Arts with Distinction * Offered through the Day Campus Only.

ACADEMIC DEPARTMENTS OF THE COLLEGE

Academic instruction is offered by faculty in nine academic departments:

Art Business Administration Computer and Mathematical Sciences Criminal Justice Administration and Human Services Education History and Political Science Humanities Psychology and Sociology Science

DECLARATION OF MAJOR

Students are strongly encouraged to declare officially a major via eServices during the semester in which 48 to 60 semester hours are scheduled for completion.

Students interested in less specialization within a major; a broad, general baccalaureate education; or more than one major should select the Bachelor of Arts degree. Students who prefer to engage in extensive specialization in one subject area are advised to elect the Bachelor of Science degree.

The Bachelor of Fine Arts (BFA) degree is a specialized degree designed specifically for students in art.

The Bachelor of General Studies is a degree designed for the student who desires a liberal arts and sciences bachelors degree without a major.

All majors require students to successfully complete a culminating educational experience in the form of a final capstone course prior to graduation.

DOUBLE MAJOR

A double major is defined as a single degree with two majors (both majors must be completed within a Bachelor of Arts or a Bachelor of Science degree.) Students cannot mix degrees in a double major. A double major may be earned if requirements for both declared majors are completed. No additional residency requirement is required. Majors and minors may not be added to an already earned degree.

DUAL DEGREES

A student wishing to earn a second baccalaureate degree at Columbia College must complete all the requirements for both degrees including at least **24 additional** semester hours within the last thirtysix hours in residence beyond the requirements for the first degree, for a total of 144 completed hours. A second Associate degree requires **15 additional** semester hours within the last twenty-four hours in residence beyond the requirements for the first degree, for a total of 75 completed hours. ("In residence" in this context means credits earned through Columbia College courses.). Majors and minors may not be added to an already earned degree. Students earning dual degrees are required to pay two graduate fees.

Once a baccalaureate degree has been awarded the degree GPA is frozen. Subsequent coursework and grades will not be calculated into the initial degree GPA. Coursework completed as part of the initial degree may be repeated but the subsequent grade will not replace the initial grade. Both courses and grades will be reflected on the record and both will be calculated into the overall Columbia College GPA. Coursework which repeats credit applied toward an initial degree does not count towards the required 24 additional hours in residence for a subsequent degree.

FOCUSED BACCALAUREATE ACADEMIC SEQUENCE

A Focused Academic Sequence (FAS) is a sequence of study (minimum of two courses) for which there is no academic degree major, minor or certificate. The FAS can be developed and implemented to quickly and effectively respond to a student's specific needs.

In a formal business memorandum, addressed to the academic department chair(s), and jointly signed by the student and the faculty member working with the student, a FAS must be requested. A FAS request, taking the form of a specific educational objective, or objectives, and specification of the completed coursework necessary for meeting the objective, or objectives, must be approved by the chair(s) of the department(s) in which coursework is to be completed. The chair of the academic department in which the student is pursuing an academic major is responsible for monitoring the student's FAS progress, and for notifying the Executive Vice President and Dean for Academic Affairs (EVPDAA) when the FAS has been completed and a letter of completion is justified. The EVPDAA issues the "Letter of Completion" and authorizes the Student Records and Transcript Office to enter notice of the letter in the student's academic transcript.

MINORS

A **minor** is defined as a course of study of at least 18 semester hours outside the student's major.

Academic minors may be earned in disciplines as specified by the department faculty. Requirements are a grade point average of 2.0 or higher for 18 semester hours. The Education Certification Minors require between 44-61 semester hours depending on the individual minor.

Courses for the minor may also meet general education or major requirements, and at least 9 of the 18 semester hours must be earned in Columbia College coursework. (Transfer courses equivalent to courses designated are accepted toward the minor.)

Majors and minors may not be added to an already earned degree.

In some curricular areas, the College offers courses totaling fewer than 18 semester hours. In these areas, students may earn additional semester hours through transfer credit and/or enrollment (through cross-enrollment) with the University of Missouri-Columbia and/or Stephens College (see chapter on Special Academic Programs) so the total semester hours earned are at least 18.

SPECIFIC REQUIREMENTS FOR MINORS:

ACCOUNTING: ACCT 280 Accounting I, ACCT 281 Accounting II; and 12 upper-level semester hours of courses with an ACCT field code <u>or</u> ACCT 280, ACCT 281, FINC 396 Corporate Finance, and 9 upper-level semester hours of courses with an ACCT field code.

ART (STUDIO): ARTS 120 Drawing I, ARTS 130 Painting I, ARTS 140 2-D Design, plus nine additional semester hours of Studio Art courses. Studio art courses are those (such as painting, graphic design, photography, printmaking, and ceramics) in which students produce a product. Such courses contrast with, for example, those concerning the history or appreciation of art.

ART (HISTORY): Eighteen hours of art history courses, including at least 9 semester hours in courses above the 200-level in Art History.

BIOLOGY: Eighteen semester hours of biology courses at the 110 level and above including at least 8 semester hours of 300- or 400-level coursework.

BUSINESS: Eighteen semester hours of courses including coursework in at least four of the business field codes (ACCT, CISS, ECON, FINC, MGMT, MKTG). Twelve of the 18 hours must be upper level.

CHEMISTRY: Eighteen semester hours in chemistry to include CHEM 301 (5 hrs) and 13 additional

semester hours of chemistry courses at the level of 200 or above. BIOL/CHEM/ENVS 395 and CHEM 490 do not count toward the 13 semester hours.

COMPUTER INFORMATION SYSTEMS: CISS 170 Introduction to Computer Information Systems and 15 additional semester hours of courses with a CISS field code, including at least one programming language course.

COMPUTER SCIENCE: (20-21 semester hours)

A. Required Courses (14-15 hours):

CISS 240	Introduction to	4 hrs
	Programming <u>or</u>	
CISS 241	Programming I and	3 hrs
CISS 242	Programming II	3 hrs
CISS 245	Advanced Programming	4 hrs
	or	
CISS 243	Programming III	3 hrs
CISS 350	Advanced Algorithms	3 hrs
	and Data Structures	
MATH 225	Discrete Mathematics I	3 hrs
B. Electives (6 hours):		
CISS 445	Programming	3 hrs

CISS 445 Programming 3 hrs Languages <u>or</u> CISS 420 Computer Architecture 3 hrs <u>or</u> CISS/MATH 362 Introduction to 3 hrs Automata Theory, Languages and Computation 300- or 400-level CISS course <u>or</u> MATH 325 Discrete Mathematics II 3 hrs

CRIMINAL JUSTICE ADMINISTRATION: CJAD 101 Introduction to Criminal Justice Administration; CJAD 405 Laws of Criminal Evidence or CJAD 406 Expert and Scientific Evidence or CJAD 415 Criminal Procedures; and twelve additional hours of courses with a CJAD field code.

CRIMINOLOGY (18 hrs)

Required Courses

SOCI 111	General Sociology	3 hrs
SOCI 216	American Social Problems	3 hrs
SOCI 218	Social Deviance	3 hrs
SOCI 321	Criminology	3 hrs
SOCI 331	Juvenile Delinquency	3 hrs
SOCI/HUMS	365 American Social	3 hrs
	Policy	

ECONOMICS: Eighteen semester hours of courses to include ECON 293 Macroeconomics, ECON 294 Microeconomics, ECON 393 Intermediate Macroeconomics, ECON 394 Intermediate Microeconomics, ECON/FINC 395 Financial Markets and Institutions and ECON/FINC 495 International Finance.

EDUCATION, GENERAL: Eighteen semester hours of courses with an EDUC field code or a three-semester-hour psychology course that is required in the education certification sequence and 15 semester hours of courses with an EDUC field code.

EDUCATION CERTIFICATION: The Education Certification Minor is a specific study program of the following areas: Art Education K-12, study of Elementary Education 1-6, Middle School Education 5-9 and Secondary Education 9-12.

ENGLISH: Eighteen semester hours of English courses excluding ENGL 111 English Composition I and below. Six semester hours must be 300- or 400-level ENGL courses.

ENVIRONMENTAL SCIENCE (Total 18 hrs):

EN	VIRONMEN	TAL SCIENCE (Total 18 hrs	5):
Α.	Required C	Courses (11 hrs)	
	ENVS/BIOL	. 115 Introduction to	3 hrs
		Environmental Science

ETHICS (Total 18 hrs)

A. Required Courses (3 hrs)

PHIL 330	Ethics		3 hrs
----------	--------	--	-------

B. Electives (15 hrs)

Electives must be selected from the following courses:

CJAD 345	Ethics and Morality in Criminal Justice	3 hrs
EDUC 200	Law, Ethics and Education	3 hrs
ENGL 331	Ethical Issues in Literature	3 hrs
HNRS 340	Schiffman Ethics Lecture	3 hrs
MGMT 368	Business Ethics	3 hrs
PHIL/ENVS 332	Environmental Ethics	3 hrs
PHIL/POSC 402	Classical Political Philsophy	3 hrs
PHIL/POSC 403	Modern Political Philsophy	3 hrs
PHIL 460	Biomedical Ethics	3 hrs
SOCI 460	Classical Social Theory	3 hrs
SOCI 470	Contemporary Social Theory	3 hrs

FINANCE: ACCT 280 Accounting I and ACCT 281 Accounting II, FINC 350 Business Finance, and 9 additional semester hours of courses with a FINC field code <u>or</u> ACCT 280, ACCT 281, ACCT 386 Managerial and Cost Accounting, FINC 350 Business Finance, and 6 additional semester hours of courses with a FINC field code.

GEOGRAPHY: Eighteen semester hours of geography courses, of which 3 hours may be counted from GEOL 110 or ENVS/GEOG 220 or ENVS/BIOL 115.

GRAPHIC DESIGN: Eighteen semester hours of Art courses to include: ARTS 140 2-D Design, ARTS 216 Graphic Design I, ARTS 316 Graphic Design II, ARTS 354 Digital Imaging, ARTS 416 Graphic Design III, and ARTS 150 Creative Photography I <u>or</u> ARTS 152 Digital Photography.

HISTORY: Eighteen semester hours with the HIST field code, of which twelve hours of course-work must be at the 200-level or above; at least one course must be HIST 101, HIST 102, HIST 111 <u>or</u> HIST 112; at least one course must be HIST 121 <u>or</u> HIST 122.

HUMAN SERVICES:

Α.	Required Course	es (12 hrs)

		Communities and	

C. Human Services Elective 3 hrs

INTERGENERATIONAL STUDIES: An interdisciplinary minor providing students from varying academic disciplines with the theoretical, methodological, and practical skills necessary to work in the burgeoning field of Intergenerational Studies, which focuses on the benefits of bringing the geriatric population and children together. This program emphasizes knowledge of human development across the life span, knowledge of research and policy in the field of child development and geriatrics, an understanding of the societal demographics that necessitate the need for such programs, and finally, will emphasize significant sociological research on "bridging" the relationship, those that work to hold communities together.

A. Required Courses (18 hours)

	· · · · ·		
EDUC/PSY	C 391 Child Psychology	3 hrs	
HUMS/SOC	CI 350 Social Gerontology	3 hrs	
HUMS/SOC	CI 365 American Social	3 hrs

SOCI 111	General Sociology	3 hrs	
Three Hours from one of the following:			

Β.	Three Hours from one of the following:		
	HUMS 340	Working with Families	3 hrs
	PHIL 460	Biomedical Ethics	3 hrs
	PSYC 395	Adult Psychology	3 hrs
	SOCI 214	Family	3 hrs

INTERNATIONAL RELATIONS: The minor in International Relations is designed to provide students with a multidisciplinary approach to the understanding of international affairs. The core requirements emphasize the fundamental structural features of the international system and the nature of interactions among actors (states, international organizations, non-governmental organizations, etc.) at the international level. The International Relations minor will be especially useful to students preparing for careers in public service, international organizations and international business, or preparing for graduate study in the field of International Relations or Political Science. Students preparing for this minor are strongly encouraged to take ECON 293 Macroeconomics.

A. Required Courses (6 hrs)

POSC 292	International Relations	3 hrs
POSC 326	International Law and	3 hrs
	Organization or	
POSC 360	U.S. Foreign Policy	3 hrs

B. Comparative Political Systems (6 hrs)

Choose a minimum of two courses from this category.

POSC 317	Politics of Russia	3 hrs
	and Eurasia	
POSC 321	Politics of Developing	3 hrs
	Nations	
POSC 331	European Politics	3 hrs
POSC 353	Asian Politics	3 hrs
		01113
POSC 333	Topics: "Area of Study" *	

* The requirements for this category can also be met with one or more appropriate sections of POSC Topics: in regional area studies. Examples of acceptable courses include Latin American Politics, African Politics, Middle Eastern Politics, etc.

C. Electives (6 hrs)

Choose a minimum of two courses from this category. Up to five semester hours of foreign language credit can be applied toward the electives requirement. Students may count a maximum of 6 semester hours for both their major and their minor.

ENGL 234	World Literature II	3 hrs
FINC 495	International Finance	3 hrs
HIST 232	History of Russia From	3 hrs
	1825 to Present	
HIST 312	American Diplomatic	3 hrs

SOCI/WMS	T 336 Global Perspectives	3 hrs
	on Women and Developme	ent

JEWELRY: Eighteen semester hours of Art courses to include: ARTS 140 2-D Design, ARTS 141 3-D Design, ARTS 292 Jewelry I, ARTS 394 Jewelry II, ARTS 396 Jewelry III, ARTS 498 Jewelry IV.

LEGAL STUDIES: The minor in Legal Studies familiarizes students with legal ideas, processes and institutions in a liberal arts framework. The minor also helps prepare students for the further study of law. It is also valuable to any students wanting to develop their ability to think clearly and analyze ideas critically.

A. Required Courses (6 hrs)

PHIL 210	Logic	3 hrs
POSC 340	Judicial Process	3 hrs

B. Legal Focus (6 hrs)

Choose a minimum of two courses from this category:

CJAD 415	Criminal Procedures	3 hrs
CJAD 425	Legal Research	
	and Writing	3 hrs
MGMT 265	Business Law I	3 hrs
PHIL/POSC 430	Philosophy of Law	3 hrs

C. Analytical Focus (6 hrs)

Choose a minimum of two courses from this category:

COMM 323	Advanced Public	31	nrs
	Speaking and Persuas	sior	۱
CJAD/POSC 23	3/333 Mock Trial	1	hr
ENGL 331	Ethical Issues in		
	Literature	3 I	nrs
PHIL 201	Introduction to Wester	n	
	Philosophy	3 I	nrs
POSC 440	Constitutional Law	3 I	nrs

MANAGEMENT: Eighteen semester hours (12 of which must be upper level) of courses with a MGMT field code including MGMT 330 Principles of Management and MGMT 393 Business Information Systems.

MARKETING: Eighteen semester hours of courses with a MKTG field code (twelve of which

must be 300- or 400-level courses). Required courses include: MKTG 310 Principles of Marketing, MKTG 331 Consumer Behavior, MKTG 441 Marketing Research, MKTG 478 Marketing Management and six semester hours of marketing courses with a MKTG field code.

MATHEMATICS: Eighteen semester hours of mathematics courses at the level of 180 and above including MATH 201 and MATH 222 and at least 6 semester hours of 300- or 400-level coursework.

MUSIC: Eighteen semester hours, 9 of which must be selected from MUSI 102 Music Fundamentals, MUSI 122 Music Appreciation, MUSI 322 Masterpieces of Music, and MUSI 323 Music of the United States, plus 6-9 hours of Ensemble and Applied Music, (3-6 hours of private lessons).

PHILOSOPHY: Eighteen semester hours of courses with a PHIL field code.

PHOTOGRAPHY: Eighteen semester hours of Art courses to include: ARTS 150 Creative Photography I, ARTS 252 Creative Photography II, ARTS 353 Creative Photography III, ARTS 454 Creative Photography IV, ARTS 374 Digital Filmmaking and ARTS 152 Digital Photography or ARTS 354 Digital Imaging.

POLITICAL SCIENCE: Eighteen semester hours of political science courses including POSC 111 American National Government and POSC 292 International Relations plus 12 additional semester hours of coursework above the 100 level.

PSYCHOLOGY: Eighteen semester hours of courses with a PSYC field code.

RELIGIOUS STUDIES: RELI 101 and an additional fifteen hours of courses with a RELI field code.

ROTC: Eighteen semester hours of courses with a field code of ASCI (Aerospace Studies) or NSCI (Naval Science) or MSCI (Military Science).

SOCIOLOGY: Eighteen semester hours of courses with a SOCI field code.

SPANISH: Eighteen semester hours of courses to include SPAN 101, SPAN 102, SPAN 103, SPAN 104, SPAN 203 and SPAN 204.

SPEECH COMMUNICATION: Eighteen semester hours of Speech Communication (COMM) courses excluding COMM 110. Twelve hours must be from 300- or 400- level courses. **WOMEN'S STUDIES:**

A. Required Courses (9 hrs)

Students must take the following three courses in order to fulfill the Women's Studies minor. Students pursuing a Women's Studies minor are strongly encouraged to take SOCI 111 General Sociology.

WMST/SOCI 3	10 Women & Society	3 hrs
WMST/SOCI 3	36 Global Perspective	s 3 hrs
	on Women and	
	Development	
WMST 485	Feminist Theory and	3 hrs
	Methodology	

B. Electives (9 hrs)

Students must take a minimum of nine hours from the following list of courses.

COMM 380	Performance Studies	3 hrs	
EDUC 105	Human Health	3 hrs	
PSYC/SOCI 3	B85 Human Sexuality	3 hrs	
SOCI 214	Family	3 hrs	
SOCI 270	Minority Cultures	3 hrs	
	and Relations		
SOCI 421	Class, Status and	3 hrs	
	Power		
WMST 333	Topics: "Gender	1-3 hrs	
	Related"		
WMST/COM	A 343 Gender	3 hrs	
Communication			
WMST/HIST	373 Women and Gende	er 3 hrs	
	in American History		

CERTIFICATES

Business Administration undergraduate certificates are available in three business administration fields: management, marketing and human resource management. The certificate programs are comprised of 18 credit hours (six courses) and provide both degree-seeking and non-degree-seeking students with an opportunity for focused study in three key business areas that employers value. Upon completion of the required six courses with a grade of "C" or higher, the student will receive a certificate to demonstrate their achievement.

CERTIFICATE IN CRIME SCENE INVESTIGATION

Students desiring a concentration in the identification, documentation and preservation of evidence at crime scenes may choose a *Certificate in Crime Scene Investigation* as part of their degree completion plan. The CSI certificate will appear on the student's academic transcript and provide evidence that the student has satisfied academic requirements for departmentally recognized courses in the area. The CSI certificate consists of of successful completion of 15 semester hours of designated coursework. The student must successfully complete 9 of these semester hours at Columbia College. To qualify for the awarding of the certificate, each Columbia College course that comprises the certificate must be completed with a minimum grade of "B."

GENERAL EDUCATION

General education at Columbia College is an essential part of every student's program of study. General education explores and promotes understanding of the interrelationship among the liberal arts and sciences including the arts, history, humanities, mathematics, and the natural, social and behavioral, and computer sciences. General education provides a foundation for the student to pursue lifelong learning and involved citizenship in the human community.

These studies broaden and deepen understanding of the world through free and critical inquiry. A general education encourages creativity and the discovery, acquisition and application of knowledge in the pursuit of excellence.

At Columbia College teaching and learning come together to create diverse educational experiences, opportunities for responsible reflection, intellectual growth, intensive writing, critical thinking and cultural awareness. Taken together these attributes help define a Columbia College student.

GOALS

General education courses:

- explicitly include significant writing and speaking components;
- encompass appropriate ways to embrace material from other disciplines;
- foster and develop a sense of the power of diversity and cultural pluralism; and
- stress the meaning, use and value of critical thinking skills.

AREAS OF STUDY

ARTS

The study of the arts examines the ways in which individuals have expressed themselves creatively. Critical appreciation for content and form enriches how one perceives and articulates experience.

HISTORY

The study of history provides knowledge about the past and enriches cultural understanding. Understanding people, places and events through time informs a sense of continuity and change.

HUMANITIES

Through the humanities, students develop rigorous thinking about, understanding of and appreciation for significant forms of human communication and expression. English, communication, music, philosophy and religious studies expand students' awareness of the world around them, past and present. The humanities offer students a basis for understanding the human condition and human experience of values, beliefs and intellectual endeavors.

MATHEMATICS

The study of mathematics develops facility for critical thought, introduces a universal language that is the foundation for multiple disciplines and encourages clarity and succinctness of expression.

NATURAL SCIENCES

Natural sciences link experiment and observation with the practices of mathematics for the interpretation of natural phenomena. Through general introductions and laboratory experiences in astronomy, biology, chemistry, geology and physics, the achievements of these disciplines foster an awareness and understanding of the world and universe in which the individual lives.

SOCIAL AND BEHAVIORAL SCIENCES

The study of the social and behavioral sciences includes the fields of economics, geography, political science, psychology, anthropology and sociology. These disciplines present contemporary methodological and conceptual models for assessing, constructing, maintaining and altering individual and social processes.

COMPUTER SCIENCE

The study of computer science exposes students to technology that is increasingly part of the human experience. The interconnectedness of the world necessitates informed consideration of computer use and an understanding of its capabilities and limitations.

BASIC STUDIES

Basic studies courses serve the student by supplying critical thinking skills, knowledge and techniques that enhance and enrich subsequent coursework. They provide necessary preparation for success in whatever area of study the student chooses.

CISS 170	Introduction to Computer	
	Information Systems	
COMM 110	Introduction to Speech	
ENGL 112	English Composition II	
MATH 150	College Algebra <u>or</u> MATH	
	170 Finite Mathematics or	

MATH 180 Precalculus **or** MATH 201 Calculus and Analytic Geometry I (<u>or</u> MATH 215 and MATH 226 taken as a pair)

12 hrs

INTRODUCTORY STUDIES

Introductory studies provide the student a varied and rich learning experience that is the essence of a liberal arts and sciences education. These courses provide a foundation for advanced studies regardless of major. Students who begin their studies with Columbia College or who transfer to Columbia College with 36 or fewer hours from other institutions will complete the Classical program of study. Students who transfer to Columbia College with more than 36 hours at the time of initial transfer may elect to pursue either the Classical program of study or the Optional program of study. Students who complete the preferred program will have this accomplishment noted on their transcripts when they graduate:

"In partial fulfillment of the requirements for the degree, this student completed a classical program of general education study."

CLASSICAL PROGRAM OF STUDY¹

Students must select two courses, with a minimum of six hours, from each of the following areas, except for the Natural Sciences and Mathematics area.

History

A

Ŗ	story	
	HIST 101	Western Civilization I or HIST
		111 World Civilization I

Ethics

Every student who graduates from Columbia College must complete an ethics course, either PHIL 330, Ethics, or an approved Departmental ethics course in the student's major.

PHIL 330 Ethics or approved Departmental ethics course. **3 hrs**

OPTIONAL PROGRAM OF STUDY FOR QUALIFYING TRANSFER STUDENTS²

BASIC STUDIES

Basic studies courses serve the student by supplying critical thinking skills, knowledge and techniques that enhance and enrich subsequent coursework. They provide necessary preparation for success in whatever area of study the student chooses.

CISS 170	Introduction to Computer
	Information Systems
COMM 110	Introduction to Speech
ENGL 112	English Composition II
MATH 150	College Algebra <u>or</u> MATH 170
	Finite Mathematics or MATH
	180 Precalculus <u>or</u> MATH 201
	Calculus and Analytic
	Geometry I (or MATH 215 and
	MATH 226 taken as a pair)
	12 hrs

History

The student must complete 6 hours from the following courses.

HIST	101	Western Civilization I or HIST
		111 World History to 1500
HIST	102	Western Civilization II or HIST
		112 World History Since 1500
HIST	121	American History to 1877
HIST	122	American History Since 1877

Arts and Humanities

The student must complete 6 hours in at least two of the following areas: ARTS, COMM, ENGL, MUSI, PHIL or RELI.

Natural Sciences and Mathematics

Students may elect to take two science lecture courses, or a mathematics course and a science lecture course, or a science lecture and associated lab course totalling not fewer than five hours, to satisfy the Natural Sciences and Mathematics portion of the requirement.

ASTR 108 BIOL 108	Introduction to Astronomy Human Biology

PHYS 108L	Physical Science Survey
	atory (2)
PHYS 111	College Physics I
PHYS 111L	College Physics I
	Laboratory (2)

Social and Behavioral Sciences

The student must complete 6 hours in at least two of the following areas: ECON, GEOG, POSC, PSYC, SOCI.

Ethics

¹ Transfer students who are near or beyond the 60-hour mark may apply for appropriate exemptions.

 2 Qualifying students are those who transfer more than 36 hours when they first enroll at Columbia College.

Every student who graduates from Columbia College must complete an ethics course, either PHIL 330 Ethics, or an approved Departmental ethics course in the student's major.

PHIL 330 Ethics <u>or</u> approved Departmental ethics course. 3 hrs

ETHICS COURSE REQUIREMENT

All students may complete PHIL 330 Ethics to satisfy the ethics course general education requirement.

The courses listed below satisfy the Ethics requirement for specific majors and the Teacher Certification Program. These courses can be taken in place of PHIL 330.

BEACON/DAYSTAR Programs:

(Students seeking teacher certification only): EDUC 200 Law, Ethics and Education Biology Majors:

ENVS/PHIL 332 Environmental Ethics PHIL 460 Biomedical Ethics

Business Administration Majors: MGMT 368 Business Ethics

Computer Information Systems Majors: MGMT 368 Business Ethics

Criminal Justice Administration Majors: CJAD 345 Ethics and Morality in

Criminal Justice

English Majors:

ENGL 331 Ethical Issues on Literature Environmental Science Majors:

ENVS/PHIL 332 Environmental Ethics Forensic Science Majors:

CJAD 345 Ethics and Morality in Criminal Justice

General Studies with a Minor:

**Ethics couse specific to the minor.

Management Information Systems Majors:

MGMT 368 Business Ethics

Students who take an ethics course related to their major, and then decide to change their major, will be required to take PHIL 330 or a major-related ethics course for the new major.

Students pursuing a double major or a dual degree may take PHIL 330 or a major-related ethics course to one of the majors.

* Students seeking teacher certification via the BEACON or DAYSTAR programs may use EDUC 200 to satisfy the Ethics course requirement. If a student has taken EDUC 200 and then decides to not pursue teacher certification, EDUC 200 can no longer be used to satisfy the Ethics requirement. Students will have to take PHIL 330 or an ethics course related to their major.

** If a student is pursuing a general studies

32 Academic Programs

degree (Bachelor of General Studies) and a minor, the student may complete PHIL 330 or a specific ethics course related to the minor. Below is a list of specific ethics courses and the minors (with general studies degrees only) with which they may be utilized:

¹Transfer students who are near or beyond the 60-hour mark may apply for appropriate exemptions.

 $^2\mbox{Qualifying}$ students are those who transfer more than 36 hours when they first enroll at Columbia College.

CJAD 345: Bachelor of General Studies with a minor in Criminal Justice Administration

EDUC 200: Bachelor of General Studies with a minor in Education (non-certification minor)

ENGL 331: Bachelor of General Studies with a minor in English

ENVS/PHIL 332: Bachelor of General Studies with a minor in Biology or Environmental Science

MGMT 368: Bachelor of General Studies with a minor in Accounting, Business, Computer Information Systems, Economics, Finance Management or Marketing.

If a student is pursuing a degree other than the Bachelor of General Studies and a minor, the student <u>cannot</u> use ethics course related to the minor to satisfy the ethics requirement. The student must complete PHIL 330 or a major-related ethics course.

MULTICULTURAL REQUIREMENT

Every student who graduates from Columbia College must meet the Multicultural requirement. Students who participate in a study abroad experience or who have lived for at least six continuous months in a single country other than the United State do not require coursework to meet this requirement. School transcripts from a foreign country or military orders can be used to document residence outside the United States. All other students must complete a course which explores other cultures or culitvates an appreciation of cultural diversity. Cultural studies courses and courses listed below satisfy the requirement.

ARTS 111	Art and Ideas I
BIOL/ENVS	
	Environmental Science

CISS 170 REQUIREMENT

Students who believe that prior experience or education has provided them with a body of knowledge equivalent to that obtained from CISS 170 Introduction to Computer Information Systems are encouraged to take the CLEP Information Systems and Computer Applications examination.

ENGLISH COMPOSITION REQUIREMENT

Students must fulfill requirements for ENGL 112 by the time they have completed 60 semester hours of course work with Columbia College.

Students with no transfer credit in English will be placed in the appropriate composition course according to their ACT English Subtest Scores or equivalent SAT Scores. In the absense of ACT and SAT Scores, Evening Campus students will be required to take the Columbia College English Placement Exam.

ACT English Score Placement Level			
1 to 17	ENGL 107	Developmental English Composition	
18 to 29	ENGL 111	English Composition I	
30 to 36	ENGL 112	English Composition II	
SAT Writing Sc	ore		
200-420	ENGL 107	Developmental English Composition	
450-660	ENGL 111	English Composition I	
670-800	ENGL 112	English Composition II	

If students enroll at Columbia College with more than 30 semester hours of approved transfer credit but have not yet earned credit for ENGL 112, they must fulfill requirements and receive credit for this course during the next 24 semester hours of course work.

FOREIGN LANGUAGE REQUIREMENTS

Evening students may meet this requirement by successfully completing six semester hours of a single foreign language or six semester hours of Culture and Society coursework. A student may also satisfy this requirement as follows:

• By receiving a letter grade of C or higher in eight semesters of a high school foreign language (four semesters with a grade of C or higher will fulfill the first course in the language sequence.); **or**

- SAT II: Subject Test Foreign Language:
 - Test date before May 1995: a score of at least 550.
 - Test date May 1995 or later: a score of at least 590; <u>or</u>
- Advanced Placement Exam in a foreign language: three hours of foreign language 101 credit with a score of 3; six hours of foreign language 101 and 102 credit with a score of 4 or higher.; <u>or</u>
- A CLEP score equal to or greater than the creditgranting language level I score as recommended by the American Council on Education; <u>or</u>
- Graduation from a high school where the native language is not English and a minimum TOEFL score of 500 (paper-based) or 173 (computer-based) <u>or</u> 61 (internet-based) or minimum IELTS exam score of 6; <u>or</u>
- By completing six semester hours of American Sign Language at an accredited institution of higher education from which Columbia College accepts credit; or
- By completing the equivalent language courses via the Defense Language Institute per the American Council on Education recommendations; <u>or</u>
- By completing the equivalent language courses at an institution of higher education from which Columbia College accepts credit; **or**
- By completing the equivalent language courses nontraditionally via a program from which Columbia College accepts credit.

BACCALAUREATE DEGREES

BACCALAUREATE DEGREE REQUIREMENTS

To be recommended by the faculty and approved by the Board of Trustees for graduation with a baccalaureate degree, students must have been officially admitted to the College and must have:

- completed successfully at least 120 semester hours with at least 39 semester hours in 300- and 400-level courses;
- completed successfully at least 38 semester hours of general education courses, to include an Ethics course, distributed as indicated in the previous section;
- completed successfully required semester hours for a major in the degree program selected. No fewer than 12 semester hours may be earned in the major at Columbia College including at least 6 semester hours of 300- and 400-level course work;
- 4. earned at least one-half of the credit toward the bac-

PERSONAL CURRICULUM GUIDE

calaureate degree from institutions accredited by United States regional associations and/or approved by the United States Office of Education and recognized by Columbia College;

- completed successfully at least 3 semester hours of Multicultural coursework;
- 6. attained a minimum cumulative grade-point average of 2.0;
- 7. fulfilled the residency requirement–at least 24 of the last 36 semester hours taken with Columbia College. (In the case of special programs and/or agreements such as the one with Service-member's Opportunity College, this requirement may be modified to meet the constraints of such programs. However, special arrangements and/or programs must be approved by the Executive Vice President and Dean for Academic Affairs. Waivers for individual students may be granted by following institutional procedures for petition and waiver);
- 8. fulfilled all requirements for a culminating experience specified for the major;
- 9. satisfied all financial obligations; and
- 10. applied for graduation through the Evaluations Office the semester before expected date of graduation;
- if seeking a Bachelor of Arts degree, completed successfully six semester hours of a <u>single</u> foreign language. AHE (Nationwide and Online) students may meet this requirement by successfully completing six semester hours of Culture and Society sequence.
- All core courses in each major resulting in a Bachelor of Arts (B.A), Bachelor of Science (B.S.) or Bachelor of Fine Arts (B.F.A.) degree require completion with a grade of "C" or higher.

Degree:	Bachelor of Arts in American Studies
Minors:	Criminal Justice Criminology English History Intergenerational Studies Political Science Sociology

Culminating Experience Course:

AMST 490 American Studies Seminar

American Studies constitutes a multidisciplinary program for the exploration of the past, present, and future of the United States. It brings together faculty and students from a variety of disciplines to compare and to exchange knowledge about the American experience. The program offers a rich, rigorous approach combining intellectual insights from literature, history, sociology, political science, and other social sciences and humanities. Rather than limiting majors to a single department's offerings, the program allows students the freedom to complete courses in a variety of traditional disciplines.

Majors develop critical thinking skills that allow them not only to pursue rewarding careers but also to act as responsible citizens of the 21st Century. By fostering a diverse and dynamic academic journey that reaches across disciplinary boundaries into a wide range of perspectives on the American experience, the Program encourages its students to develop intellectual resources that will sustain them in a wide variety of careers and avocations. Students may continue their study through graduate work in American Studies or pursue careers in law, business, teaching and museum fields. An American Studies degree is particularly appropriate for students planning careers in law, communication, government, social work and journalism.

Because the United States is a nation held together by different and often conflicting stories of nationhood, the American Studies major is designed to create dialogue about the multiple ways in which these stories are told. The American Studies major demands that students develop and refine their own theories and assumptions through reflective practices on the contested meaning of America's stories. It describes the stories of America in different modes - written and electronic, verbal and nonverbal, visual and auditory. Most of all, it promotes an understanding of the American experience using the approaches and methods of a variety of disciplines.

BACHELOR OF ARTS IN AMERICAN STUDIES

BIOLOGY

Department:	Science
Chairperson:	Frank Somer, Ph.D.
Full-Time Faculty:	Christopher Babayco, Ph.D. Elizabeth Critser, Ph.D. Julie Estabrooks, Ph.D. Alan James, Ph.D. Nathan Means, Ph.D. Frank Somer, Ph.D. Peggy Wright, Ph.D.
Degrees:	Bachelor of Arts in Biology Bachelor of Science in Biology Bachelor of Science in Environmental Science Associate in Science in Environmental Studies Associate in Science in Nursing

Major:	Biology Chemistry Environmental Science Nursing
Minors:	Biology Chemistry Environmental Science

Culminating Experience Course: BIOL 490 Senior Seminar

The opportunities for students trained in biology have grown dramatically as there is an increasing demand for those who are educated in natural sciences. Through training in biology students learn to apply scientific methods, test hypotheses and develop laboratory skills. Critical thinking to evaluate scientific results through statistical analyses, scientific writing and oral presentation are basic skills developed by students who are biology majors.

The Science Department offers B.A. and B.S. degrees in biology. These degrees provide the background necessary for a variety of careers, including graduate and professional schools. A biology or chemistry major is recommended for those who are seeking entry into medical/veterinary/dental/nursing/ graduate schools.

Students who have completed a degree in biology at Columbia College will:

- 1. Understand basic scientific vocabulary and knowledge.
- 2. Understand biological principles, models and theories used to predict, understand and apply to biological phenomena.
- 3. Understand the scientific method and its application.
- 4. Demonstrate proficiency in laboratory skills, including familiarity with the use of instrumentation and analytic methods commonly used in biological research.
- 5. Evaluate scientific results through the use of statistical analyses and critical thinking.
- 6. Demonstrate competence in scientific writing, oral presentation and familiarity with the use of scientific literature.
- 7. Demonstrate knowledge regarding ethics in science and everyday life.

<u>120 sem. hrs</u>

F. Culminating Experience: All students must complete BIOL 490 Senior Seminar with a grade of C or higher.

BUSINESS ADMINISTRATION

Department:	Business Administration
Chairperson:	Ken Middleton, Ph.D. (Fall) Sally Wells, C.F.P. (Spring)
Full-Time Faculty:	Hoyt Hayes, Ph.D. Timothy Ireland, Ph.D. Angela Kinworthy Ken Middleton, Ph.D. Tom Stauder, C.P.A. Diane Suhler, Ph.D. Joann Wayman, Ph.D. Sally Wells, C.F.P.
Degrees:	Master of Business Administration Bachelor of Arts in Business Administration Bachelor of Science in Business Administration Associate in Science in Business Administration
Major Areas:	Accounting Finance Human Resources Management (some courses are offered only in the Evening and Online Campuses) International Business Management Marketing Public Relations and Advertising Sports Management (Bache- lor of Arts only)
Minors:	Accounting Business Computer Information Systems Computer Science Economics Finance Graphic Design International Relations Management Marketing

Culminating Experience Course: MGMT 479 Strategic Management

The Business Administration program serves students from a variety of backgrounds. Members of the faculty employ a variety of instructional techniques and resources aimed at meeting the needs of student clientele. Emphasis is on advising students in course work appropriate to their interests and academic progress. The core curriculum and course work in the Business Administration curriculum reflect the recommendations of the Association of Collegiate Business Schools and Programs (ACBSP).

Students may earn a Bachelor of Arts or a Bachelor of Science degree in Business Administration. In addition, students may elect majors in accounting, financial services, human resource management, international business, management, marketing, and sports management.

A principle focus of the program is to prepare students for entry-level positions and for advancement in various occupations and professions. Also, faculty prepare students to pursue the study of business at the graduate level or to obtain professional placement in their chosen fields. The faculty of the Business Administration Department encourage wide and varied preparation in the liberal arts and sciences to provide students with an appreciation for the social and cultural environment in which business is transacted.

All students must complete a minimum of 120 semester hours, 39 of which are 300- and 400-level. Students must complete a prescribed Professional Core and the general education requirements. A maximum of 27 semester hours of the requirements for the BA in Business Administration and a maximum of 48 semester hours of the requirements for the BS in Business Administration may be met through courses transferred. All students must take part in a culminating evaluation of the corecourse outcomes during their last 30 hours prior to graduation. Completion of MGMT 479 Strategic Management with a grade of C or higher satisfies this culminating requirement for all business majors.

D. Business Electives 21 sem. hrs Nine of the remaining 21 hours of Business electives must be 300- or 400-level courses and must be taken at Columbia College. Major requirements may be fulfilled within this category. In the Public Relations and Advertising major, six hours of nonbusiness courses chosen from one of the tracks will count as business electives in their category.

E. Elec	tives
---------	-------

13-16 sem. hrs

<u>120 sem. hrs</u>

In general, 300-level courses in the Business Administration Professional Core or Electives Groups are taken after students have completed the freshman and sophomore years (4 full semesters). However, students who have completed 45 semester hours and who have a cumulative gradepoint average of 2.75 or above are eligible to take 300-level business core courses during the second semester of the sophomore year.

A student can complete no more than two internships in business administration, each carrying no more than three semester hours of credit.

ACCOUNTING MAJOR

Students who elect to earn a major in Accounting must complete nine semester hours of required courses and nine semester hours of elective courses drawn from the courses listed below. Courses in the major cannot be taken as Pass/Fail.

Required Courses 9 hrs (All courses must be completed with a grade of C or higher.) ACCT 382

A001 302	Internetiate Accounting I	0 11 3

CHEMISTRY

Department:	Science
Chairperson:	Frank Somer, Ph.D.
Full-Time Faculty:	Christopher Babayco Elizabeth Critser, Ph.D. Julie Estabtrooks, Ph.D. Alan James, Ph.D. Nathan Means, Ph.D. Frank Somer, Ph.D. Peggy Wright, Ph.D.
Degrees:	Bachelor of Arts in Chemistry Associate in Science in Nursing
Major:	Chemistry
Minors:	Biology Chemistry Environmental Science

Culminating Experience Course: CHEM 490 Senior Seminar

Because the study of chemistry provides students with both the knowledge of the composition,

46 Academic Programs

properties and transformations of chemicals and the ability to analyze, synthesize and quantitate, chemistry is a science central to all other scientific fields. The primary mission of the Chemistry major at Columbia College is to prepare students for employment in the chemical industry or in chemical education by providing them with a clear understanding of the underlying principles of chemistry and the ability to use analytical skills to produce this insight. Because the principles and theories of chemistry are emphasized in the program, students are also furnished with a strong foundation for graduate and professional study in chemistry or health-related professions.

Students who have completed the B.A. program in Chemistry from Columbia College should possess:

- 1. An understanding of the composition, properties and transformations of inorganic and organic chemical substances.
- 2. An understanding of chemical principles, models and theories used to rationalize and predict chemical phenomena.
- 3. Proficiency in laboratory skills including chemical synthesis, instrumental analysis and quantitative measurement.
- 4. The ability to properly observe experiments, record results, and critically interpret those results through the use of mathematical and statistical analysis.
- 5. Competence in scientific writing and oral presentations; familiarity with the use of chemical literature.
- 6. An understanding of the importance of ethics and values in their professional lives.
- 7. The proper background for employment in chemistry-related technical, industrial or educational fields.
- 8. The foundation to continue graduate study in chemistry-related fields or professional health-related programs.

The Operation	r and Mathematical Caionaga	

The Computer and Mathematical Sciences Department offers Bachelor of Science degrees in computer science, computer information systems, management information systems as well as mathematics. The degrees provide a liberal arts education while emphasizing preparation for either graduate school or a rewarding career. Students are provided with a rigorous theoretical background coupled with practical and essential skills to begin either a rewarding career in the computer field or advanced studies in graduate school. The programs reflect important trends and developments in the computer field.

The computer degree programs are based on Computing Curricula 2001 prepared by the Association for Computing Machinery (ACM) and the IEEE Computer Society. The computer science degree has a significant mathematics component while the computer information systems and management information systems degrees require several business courses. The degrees provide a wide variety of elective courses that allow the student to tailor a program of study to match their interests.

CRIMINAL JUSTICE ADMINISTRATION

Department:	Criminal Justice Administra- tion and Human Services
Chairperson:	Barry Langford, J.D.
Full-Time Faculty:	Joseph Carrier, Ph.D. Barry Langford, J.D. Michael Lyman, Ph.D.
Degrees:	Bachelor of Arts in Criminal Justice Administration Bachelor of Science in Criminal Justice Administration Bachelor of Science in Forensic Science Associate in Science in Criminal Justice Administration Associate in Science in Fire Service Administration
Minors:	Criminal Justice Administration Criminology Legal Studies
Certificate:	Crime Scene Investigation
Culminating Exper	ience Course: CJAD 495 Integrative Seminar

The Criminal Justice Administration Program is designed to permit the pursuit of different professional career goals while integrating the general study of criminal justice and law with other relevant disciplines. A degree in criminal justice administration prepares students for entry-level employment in the field, for promotion and leadership roles and for graduate study.

The program provides career enhancing opportunities through practicum and internship opportunities. It provides an excellent academic foundation for students planning to go on to graduate studies or law school.

Two baccalaureate degrees are offered in Criminal Justice Administration: the Bachelor of Arts and the Bachelor of Science.

Students considering either a BS or BA degree should consider their own experience in the criminal justice area. For students currently working in the criminal justice field the BA is recommended. For those desiring to enter the field, the BS degree is recommended; the BS degree offers practicum and internship experiences that add to the student's understanding of the criminal justice career area.

CERTIFICATE IN CRIME SCENE INVESTIGATION

Students desiring a concentration in the identification, documentation and preservation of evidence at crime scenes may choose a *Certificate in Crime* Scene Investigation as part of their degree completion plan. The CSI certificate will appear on the student's academic transcript and provide evidence that the student has satisfied academic requirements for departmentally recognized courses in the area. The CSI certificate consists of of successful completion of 15 semester hours of designated coursework. The student must successfully complete 9 of these semester hours at Columbia College. To qualify for the awarding of the certificate, each Columbia College course that comprises the certificate must be completed with a minimum grade of "B."

<u>Certificate Requirements:</u> Students are required to complete a mandatory 9 semester hour core block of courses with 6 additional discretionary hours chosen from a list of pre-approved courses. These courses are:

Required:	ç) sem. hrs
CJAD 201	Criminal Investigation	3 hrs
CJAD 203	Crime Scene Investigation	n 3 hrs
CJAD 303	Crime Scene Photography	/ 3 hrs
Electives:	6	6 sem. hrs
(Taken fror	n the following list)	
CJAD 305	Forensic Anthropology	3 hrs
CJAD 413	Bloodstain Evidence	3 hrs
CJAD 433	Topics: (Departmental	3 hrs
approval required)		
CJAD 445	Forensic Pathology	3 hrs

Total required:15 sem. hrsThe CSI Certificate is available only to students

who have a declared major in Criminal Justice Administration (BS or BA), a minor in Criminal Justice or major in Forensic Science (BS). <u>The certificate</u> will be awarded only after successful completion of the student's degree program in one of the above areas.

PARTNERS IN LAW ENFORCEMENT PROGRAM

For students desiring to become law enforcement officers (or if already in law enforcement), Columbia College offers an innovative program: Partners in Law Enforcement. This collaborative initiative between Columbia College and the state's police academies is designed to give students up to 24 semester hours in course equivalencies for successful completion of the academy. To qualify, students must successfully complete a state certified, basic police academy with a minimum of 400 hours. Academies completed over five years prior to applying for equivalency credit will not be considered unless the applicant can demonstrate adequate work experience in the field since completion of the academy. An approved demonstration of work experience is a letter on appropriate letterhead from a supervisor or human resources administrator confirming employment in the field; the letter should include employment dates/history and current position. The specific course equivalencies are listed below:

Core Equivalencies		9 sem. hi	ſS	
CJAD	301	Criminal Law	3 h	rs
CJAD	311	Police in a Democra Society	tic 3 h	rs
CJAD	415	Criminal Procedures	5 3 h	rs
Criminal Justice lower-level 9 sem. hrs electives				'S
General e	electiv	/es	6 sem. h	rs

The equivalency policy is effective based on the following provisions:

- Basic law enforcement academies must be a minimum of 400 hours in length and must have been completed within the five years prior to applying for equivalencies.
- Students who complete a basic law enforcement academy of fewer than 400 hours will be eligible to earn up to 12 semester hours of criminal justice elective credit in which one semester hour will be awarded for each 20 hours of training.
- Students may not be awarded credit for both the Partners in Law Enforcement (PiLE) program and the Partners in Corrections (PiC) program. Students may not be awarded credit for one of the Partners programs and awarded criminal justice electives for other training.
- 4. If a student completes an acceptable academy for one of the Partners programs and then subsequently completes a state crossover training program for the other, then as long as the original academy training meets the eligibility rules for acceptance, the students may choose which program (PiLE or PiC) for which to be awarded credit. Students cannot be awarded credit for both programs.
- 5. If a student has completed basic academy training for both programs but neither training meets the eligibility rules for PiLE or PiC, then the student may be eligible to earn up to twelve semester hours of criminal justice elective credit in which one semester hour will be awarded for twenty hours of basic law

52 Academic Programs

enforcement and corrections academy training. Total credit may not exceed twelve semester hours.

 Students must have successfully completed fifteen semester hours of college coursework at Columbia College before equivalencies may be applied. Students must notify the Evaluations Office when they are eligible for credit to be applied.

<u>NOTE</u>: Completion of the police academy within the last 36 semester hours of a student's degree program may reduce the number of hours applied under the Partners in Law Enforcement Program.

PARTNERS IN CORRECTIONS PROGRAM

The Columbia College Partners in Corrections Program is designed to give students interested in becoming correctional officers up to 24 semester hours in course equivalencies for successful completion of the corrections basic training academy.

To qualify, students must successfully complete a departmentally-mandated corrections academy in any of the 50 states or U.S. territories. The academy must be a departmentally-mandated basic training academy with a minimum 275 hours in length. Academies completed over five years prior to applying for equivalency credit will not be considered unless the applicant can demonstrate adequate work experience in the field since completion of his or her academy. The specific course equivalencies are listed below:

Core Equivalencies			6 sem.	hrs
CJAD	320	Cultural Diversity in Criminal Justice	3	3 hrs
CJAD	345	Ethics and Morality Criminal Justice	in 3	3 hrs
Criminal electives	Justi	ce lower-level	9 sem.	hrs
General e	electiv	/es	9 sem.	hrs

The equivalency policy is based on the following provisions:

- The academy must be one of basic corrections and required for employment by the respective state in question and must have been completed within five years prior to applying for equivalencies.
- Students who complete a basic corrections academy consisting of fewer than 275 hours will be eligible to earn up to 12 semester hours of criminal justice elective credit in which one semester hour will be awarded for

each 20 hrs. of basic training.

 Students must have successfully completed 15 semester hours of college coursework at Columbia College before equivalencies may be applied.

<u>NOTE</u>: Completion of the corrections academy within the last 36 semester hours of a student's degree program may reduce the number of hours applied under the Partners in Corrections Program.

EDUCATION

Department:	Education
Chairperson:	Paul Hanna, Ph.D.
Full-Time Faculty:	Linda Bradley Paul Hanna, Ph.D. Kristina Miller, Ph.D. Teresa VanDover, Ph.D. Karen Weston, Ph.D.
Program/Degree:	Master of Arts in Teaching Teacher Certification Program
Minors:	Education, General Art Education, K-12 Certification Elementary Education Certification Middle Level Education Certification Secondary Education Certification

Culminating Experiences:

Submission of a passing score on the appropriate PRAXIS II Examination constitutes the culminating experience for the Professional Pre-Service Education Program. Students must successfully complete the Program Goals Portfolio Assessment (including the Exit Interview) and the Student Teaching Experience to be recommended for certification. (See page 53 for student teaching eligibility.)

In the Education program, students are expected to earn a bachelor's degree in the content area in which they expect to teach. Education students must declare a major in their content area (i.e. Math, English, History, Science) and a minor in Elementary Education Certification, Middle Level Education Certification, Secondary Education Certification or Art Education K-12 Certification.

For all students intending to teach, distribution of content hours must meet the Missouri Department of Elementary and Secondary Education (DESE) distribution requirements for certification. Therefore, it is important that students obtain continual advice from a member of the Education faculty throughout their academic and certification sequence. (Specific content area courses are listed on Middle School and Secondary Certification Sections, pages 55 and 56).

In addition to content area requirements, students seeking certification to teach will need to meet Requirements for Admission into the Teacher Certification Program, complete all requirements for admission to student teaching and successfully complete student teaching to be recommended for certification. Again, it is important that students obtain advice from a member of the Education faculty.

Columbia College offers certification coursework in the following areas:

Art K-12 Special Education K-121 Elementary (1-6) Middle Level (5-9) English/Language Arts **Mathematics** Science Social Studies Secondary (9-12) Biology **Business** (Non-Vocational) Chemistry English **General Science Mathematics** Social Studies

¹Special Education K-12 Certification must be completed via the Post-Baccalaurate Master of Arts in Teaching Program

Admission to the Teacher Certification Program

Education courses numbered 300 and below are open to all students. Students pursuing teacher certification may not enroll in Education courses as pass/fail unless the course is a designated pass/ fail course by the Department. Admission to the program is required prior to enrollment in all education courses above 300 (excluding EDUC/ENVS 372, EDUC 390, EDUC/PSYC 391, EDUC/PSYC 392, EDUC 399). Students are required to meet requirements and seek admission as early as possible.

Students who seek admission to the program must have:

- Declared a Bachelor's degree in a subject/ content area (ex. English, History, Business, etc.);
- Completed 5-6 hours of Education courses at Columbia College which must include EDUC 102 and 103;
- Attained the following GPAs:
 - · 2.5 or above on all college coursework

(Columbia College and other institutions);

- 2.8 or above on all professional education courses with no grade less than C;
- 2.8 or above on all content/concentration area courses with no grade less than C (this GPA must be achieved prior to acceptance for student teaching).
- Demonstrated competencies in written communications, reading comprehension and basic mathematical skills and concepts as verified by a score above the national average on the ACT or equivalent standardized and nationally normed test. Current required scores are available from teacher certification program adivsors, the department chair, or the certification officer; [ACT or equivalent may be waived if CBASE composite score is 288 or above (passing all sections)];
- Demonstrated competency in the areas of English, Mathematics, Science and Social Sciences as verified by passing scores on <u>all</u> <u>sections</u> of the Missouri College Basic Academic Skills Examination (CBASE). All sections of the CBASE must be passed within two years from the semester that the test was first taken or <u>all sections</u> of the test expire and must be repeated. [If the student's ACT score is below the national average, the student must pass all sections of the CBASE with a minimum composite score of 288.];
- Completed application materials for admission to the Teacher Certification Program (to be obtained from the Certification Officer by appointment) and will include: Request for Admission, GPA Worksheet, and two letters of recommendation (one from the Education Department and one from outside the Education Department).
- All students fully admitted to the Teacher Certification Program will be reviewed on a yearly basis until they have completed or withdrawn from the program. Areas for review could include:
 - GPA (overall, in content area and education coursework);
 - Reports from faculty members regarding conduct and progress of student.

Transfer Student Admission to the Teacher Certification Program:

Transfer students' admission requirements will differ from the above stated requirements in that:

• Students transferring in their first six (6) hours of education coursework from another institution could be admitted provisionally and would only be required to submit one letter of recommendation from an education

54 Academic Programs

faculty member from that institution.

• If admitted provisionally, students would be re-evaluated after one year and also at the time of being fully admitted to the TCP.

Retention Criteria:

- Complete at least six hours of professional education each year
- Complete Field Experience Components of methods courses and receive favorable evaluations from cooperating teachers and faculty supervisors
- Maintain a cumulative GPA of 2.5 or above after acceptance to the program
- Maintain a cumulative GPA of 2.8 or above in professional education courses
- Department faculty members and staff will document instances of unprofessional behavior. Unprofessional behavior may make the student ineligible for acceptance in the Teacher Certification Program or may result in the immediate dismissal of a student from the Teacher Certification Program. Additional information regarding candidate dismissal can be obtained from the Education Department.

Other requirements for certification that must be completed prior to graduation:

- Successful completion/passing of appropriate Praxis II exam;
- Successful completion of program certification portfolio (EDUC 400) and exit interview.

STUDENT TEACHING PROGRAM

The final clinical experience for teacher certification is Student Teaching. Prior to enrolling in Student Teaching, students must be approved and meet the eligibility requirements listed below. Applications for Student Teaching will be accepted only with verification that the following requirements have been met.

- Formal admission to the Teacher Certification Program (TCP).
- Submission of Student Teaching Application to Field Experience Director.
- Ninety (90) hours or more of college credit successfully completed.
- Grade point average of 2.8 or higher in professional education courses and in subject matter area(s) of concentration with no grade of less than "C."
- Passing PRAXIS II score
- Passing CBASE score (pass all 4 sections of test).
- Proof of liability insurance
- Completion of the following (<u>this applies to</u> <u>all certification areas</u>):
 - EDUC 102 Introduction to Education I
 - EDUC 103 Introduction to Education II

- EDUC 200 Law, Ethics and Education
- EDUC 230 Educational Psychology
- EDUC 300 Techniques of Teaching
- EDUC 311 Classroom and Behavior Management Techniques

Elementary Certification students must also have completed:

- EDUC 270 Literature for Children and Adolescents
- EDUC 302 Teaching Skills
- EDUC 322 Educational Measurement and Assessment
- EDUC 331 Teaching of Reading
- EDUC 336 Creative and Language Arts in Elementary and Middle Schools
- EDUC 338 Teaching Reading in the Content Area
- EDUC 358 Teaching Mathematics in the Elementary Schools

(*These courses are required for those seeking Elementary Certification August 2009 or after.)

Middle School Certification students must also have completed:

- EDUC 326 MIddle School Methods
- EDUC 331 Teaching of Reading
- EDUC 336 Creative and Language
 Arts in Elementary and Middle Schools
- EDUC 338 Teaching of Reading in the Content Area
- Appropriate methods courses for concentration area

<u>Secondary School Certification and Art K-12</u> Certification students must also have completed:

- EDUC 322 Educational Measurement and Assessment
- EDUC 338 Teaching of Reading in the Content Area
- 75% of required courses in the content/subject area
- Appropriate methods course for content/subject area

Exceptions to these requirements must be approved by the Teacher Certification Program Faculty. Requests for exceptional status must be submitted in writing with the application form to the Field Experience Director.

Student Teaching Application Forms must be submitted by the required date the semester **PRIOR** to the desired student teaching assignment.

Student Teaching Applications must be accompanied by the Student Teaching Requirement Verification form, Personal Data Sheets, and an Autobiography. Permission is based on these materials and a review of the student's communication competence; comprehensive ability; sense of responsibility and level of maturity; and locus of control.

THE BEACON PROGRAM

The Beacon program is a certification program designed so that students can graduate with a baccalaureate degree in their content area as well as certification in their grade level. Students will complete all degree and certification requirements at the undergraduate level.

Students seeking certification to teach will declare a major in their content area (i.e. Math, History, English, Science) and a minor in Elementary Education Certification, Middle Level Education Certification, Secondary Education Certification or Art K-12 Certification. Students will be required to maintain a 2.8 GPA within each minor and complete a minimum of half of the Education coursework through Columbia College.

Certification students must apply and be accepted into the Teacher Certification Program before enrolling in most education courses above 300. Students graduating from this program will be eligible to be recommended for certification to teach in Missouri at the elementary, middle, or secondary school level.

BEACON ELEMENTARY EDUCATION (1-6) CERTIFICATION

General Education

38-41 hrs

The general education component is to be completed according to Columbia College degree requirements. In order to complete the requirements set forth by the Missouri Department of Elementary and Secondary Education, the following courses must be included in your general education coursework. (Please refer to your entrance year catalog for specific degree requirements.)

I. Basic Studies and Mathematics

1. MATH 102 - Math for the Elementary School Teacher

2. MATH 150 - College Algebra

II. Arts and Humanities

1. MUSI 122 - Music Appreciation <u>or</u> ARTS 105 - Art Appreciation <u>or</u> ARTS 111 - Art and Ideas I <u>or</u> ARTS 112 - Art and Ideas II

III. Social and Behavioral Sciences

- 1. PSYC 101 General Psychology
- 2. ECON 293 Macroeconomics or
 - ECON 294 Microeconomics
- 3. GEOG 101 Introduction to Geography

Liberal Arts and Science Degree 39-63 hrs

Students seeking certification in Elementary Education may choose from the following recommended degree areas:

BA - American Studies BA - Art

- BS Art
- BA English
- **BA Environmental Studies**
- BA History
- **BA Human Services**
- **BS** Mathematics
- BA Psychology
- **BA** Sociology

Students must complete the degree requirements as set forth by Columbia College. Hours required for completion will vary depending on area chosen. (Please refer to your entrance year catalog for specific degree requirements.)

Please note: Certification will be Elementary Education, not content area certification.

Elementary Education 61 hrs Certification Minor

Fifty-eight semester hours of courses with an EDUC field code plus SOCI 270. Minor is restricted to the following specific 61 hours of coursework. Students must complete at least half of the education coursework through Columbia College and maintain a 2.8 GPA with no grade less than C.

SOCI 270	Minority Cultures and	3 hrs
	Re	lations

BEACON MIDDLE SCHOOL EDUCATION (5-9) CERTIFICATION

General Education

38-41 hrs

The general education component is to be completed according to Columbia College degree requirements. (Please refer to your entrance year catalog for specific degree requirements.)

Liberal Arts and Science Degree 40-63 hrs

Students seeking certification in Middle Level Education may choose from the following recommended degree areas:

BA - American Studies

- BA Biology
- BS Biology
- BA Chemistry
- BA English
- **BA Environmental Studies**

BA - History

BS - Mathematics BA - Sociology

Students must complete the degree requirements as set forth by Columbia College. Hours required for completion will vary depending on area chosen. (Please refer to your entrance year catalog for specific degree requirements.)

Middle Level Content Area

The Missouri Department of Elementary and Secondary Education (DESE) requires a certain number of hours in the chosen content area.

Students seeking Middle Level Education Certification may choose from the following content areas:

English/Language Arts Mathematics Science Social Studies

Content Area Requirements:

EDUC 424 Student Teaching in Middle 8 hrs Level Schools [16 wks] (Must receive a "B" or higher for certification)

Note: To take any course listed with a field experience component, student must submit application forms <u>by</u> <u>the deadline (semester BEFORE desired enrollment)</u>. See Education Office for deadline information.

BEACON SECONDARY EDUCATION (9-12) CERTIFICATION

General Education

38-41 hrs

The general education component is to be completed according to Columbia College degree requirements. (Please refer to your entrance year catalog for specific degree requirements.)

Liberal Arts and Science Degree 40-63 hrs

Students seeking certification in Secondary Education may choose from the following recommended degree areas:

BA - American Studies

- BA Biology
- BS Biology
- BA Business Administration
- BS Business Administration
- BA Chemistry
- BA English
- **BA Environmental Studies**
- **BA** History
- **BA** Mathematics
- BA Sociology

Students must complete the degree requirements as set forth by Columbia College. Hours required for completion will vary depending on area chosen. (Please refer to your entrance year catalog for specific degree requirements.)

Secondary Content Area

The Missouri Department of Elementary and Secondary Education (DESE) requires a certain number of hours in the chosen content area.

Students seeking Secondary Education Certification may choose from the following content areas:

BIOLOGY (Grades 9-12) (Minimum 32 hrs)

BIOL/ENVS 115 Introduction to					
Environmental Science					
BIOL	290	Principles of Cell Biology	3 hrs

BEACON ART EDUCATION (K-12) CERTIFICATION

General Education

38-41 hrs

The general education component is to be completed according to Columbia College degree requirements. (Please refer to your entrance year catalog for specific degree requirements.)

Liberal Arts and Science Degree 51-72 hrs

Students seeking certification in Art K-12 Education may choose from the following recommended degree areas:

BA - Art BS - Art Bachelor of Fine Arts

Students must complete the degree requirements as set forth by Columbia College. Hours required for completion will vary depending on area chosen. (Please refer to your entrance year catalog for specific degree requirements.)

Content Area Requirements 30 hrs

Students must complete the following coursework in order to meet content area requirements as set by the Missouri Department of Elementary and Secondary Education.

I. Design & Composition

1. ARTS 140 - 2-Dimensional Design **or** ARTS 141 - 3-Dimensional Design

II. Two-Dimensional Art

- 1. ARTS 120 Drawing I
- 2. ARTS 130 Painting I
- ARTS 150 Creative Photography I <u>or</u> ARTS 262 - Printmaking I

III. Three-Dimensional Art

- 1. ARTS 141 3-Dimensional Design
- 2. ARTS 271 Ceramics I
- 3. EDUC 345 Teaching Art K-12

IV. History, Theory, and Criticism

 ARTS 111 - Art and Ideas I <u>or</u> ARTS 112 - Art and Ideas II <u>or</u> Art History 300 or above

V. Art for Elementary Grades

- 1. EDUC 345 Teaching Art K-12
- VI. Art Electives (if 30-hour minimum has not been met above.)

Art Education K-12 Certification Minor

43 hrs

Forty-one semester hours of courses with an EDUC field code plus SOCI 270. Minor is restricted to the following specific 44 hours of coursework. Students must complete at least half of the Education coursework through Columbia College and maintain a 2.8 GPA with no grade less than a C.

SOCI 270	Minority Cultures and	3 hrs
	Relations	
EDUC 102	Introduction to Education I (Must be taken within first 9 hrs of EDUC classes)	1 hr

EDUC 103	Introduction to Educatin II	1 hr

	experience: 15-hour placement)	

- EDUC 200 Law, Ethics, and Education 3 hrs (Meets college Ethics requirement) (Course will include one hour of field experience: 15-hour placement)
- EDUC 230 Educational Psychology 3 hrs (Course will include one hour of field experience: 15-hour placement)
- EDUC 300 Techniques of Teaching 3 hrs
- EDUC 311 Classroom and Behavior 3 hrs Management Techniques (Course will include one hour of field experience: 15-hour placement)
- EDUC 322 Educational Measurement 3 hrs & Assessment
- EDUC 338 Teaching Reading in the 3 hrs Content Area (Course will include one hour of field

experience: 15-hour placement)

- EDUC 345 Teaching Art K-12 3 hrs (Course will include one hour of field experience: 35-hour placement)
- EDUC 390 Education & Psychology 3 hrs of the Exceptional Child
- EDUC 392 Adolescent Psychology 3 hrs
- EDUC 400 Senior Seminar 3 hrs (This course is to be taken the semester before student teaching)
- EDUC 422 Student Teaching in the 8 hrs Secondary Schools [16 wks] (Must receive a "B" or higher for certification) (Two placements [1:K-6 & 1:7-12] 8 wks each for Art K-12 majors)

Note: To take any course listed with a field experience component, student must submit application forms <u>by</u> <u>the deadline (semester BEFORE desired enrollment)</u>. See Education Office for deadline information.

SPECIAL EDUCATION (K-12)

General Education

38-41 hrs

The general education component is to be completed according to Columbia College degree requirements (Please refer to your entrance year catalog for specific degree requirements). In order to complete the requirements set forth by the Missouri Department of Elementary and Secondary Education, the following courses must be included in your general education coursework.

I. Basic Studies and Mathematics

- 1. MATH 102 Mathematics for the Elementary School Teacher
- 2. CISS 170 Introduction to Computer Information Systems

II. Arts and Humanities

 MUSI 122 - Music Appreciation <u>or</u> ARTS 105 - Art Appreciation <u>or</u> ARTS 111 - Arts and Ideas I <u>or</u> ARTS 112 - Arts and Ideas II

III. Social and Behavioral Sciences

- 1. PSYC 101 General Psychology
- 2. ECON 293 Macroeconomics or
- ECON 294 Microeconomics
- 3. GEOG 101 Introduction to Geography

Liberal Arts and Science Degree 37-54 hrs

Students seeking certification in Special Education may choose from one of the following recommended degree areas:

- **BA American Studies**
- BA Psychology
- **BA Sociology**

Students must complete the degree requirements as set forth by Columbia College. Hours required for completion will vary depending on area chosen. (Please refer to your entrance year catalog for specific degree requirements.)

***Please note**: certification will be Special Education (K-12), not content area certification.

Special Education is not a specific Education Minor. Students seeking Special Education certification will obtain the Education (General) Minor and finish certification requirements at the Post Baccalaureate level*. Students must complete at least half of the Education coursework through Columbia College and maintain a 2.8 GPA within the minor with no grade less than C.

* See Graduate Catalog for admission requirements and retention criteria for the Post Baccalaureate program.

UNDERGRADUATE POST-BACCALAUREATE CERTIFICATION PROGRAM

Students who are seeking teacher certification and hold a baccalaureate degree from a regionally accredited college or university may cmplete certification requirements at the undergraduate level, as detailed in the Beacon Program.

FIRST YEAR TEACHERS

First year teachers who are eligible for the GI Bill may now receive VA Education Benefits for On-the-Job Training (OJT) during their first contract year. They can be teaching with a regular professional certificate or a temporary authorization.

- A. Requirements for participation:
 - Application for VA Benefits.
 - Application for approval of the OJT position.
 - Training outline developed by school officials, including a letter detailing mentoring/supervision by either school principal or experienced teacher.
 - Designate a school official to serve a the contact person between the school and Missouri Department of Elementary and Secondary Education and the VA.
- B. Benefits:
 - First year teachers can receive VA Education Benefits under Chapter 34/30 that are paid directly to him/her and thus need no special accounting or payroll practices. This is a valuable addition to first year salaries. The amount a person receives depends upon his/her chapter of eligibility and years of service.
 - This benefit is separate from Troops-to-Teachers and may be used in addition to Troops-to-Teachers funds.
 - Allows the school districts to participate and be a positive force in the veteran's transition from military to civilian life.

Contact the Veteran's Education and Training Section of DESE at 573-751-3487 for more details.

Chairpersons:	Danny Campbell, Ph.D. (Fall) Mark Price, Ph.D. (Spring)
Full-Time Faculty:	Danny Campbell, Ph.D. Johanna Denzin, Ph.D. Christina Ingoglia Lizbeth Metscher Carla Mettling, Ph.D.
Degree:	Bachelor of Arts in English
Minors:	English Music Spanish Speech Communication

Culminating Experience Course: ENGL 431 Senior Essay

The Bachelor of Arts in English provides a foundation for career preparation and graduate study. It emphasizes clear communication and critical thinking, skills fundamental to all areas of career and liberal arts studies, and offers, through literary study, a basis for growth in understanding the human condition. Society, the professions, college constituents and the individual student are well served, directly and indirectly, by the influences of an English major, which may also be effectively combined with other academic or career areas.

Degree:	Bachelor of Science in Forensic Science
Minors:	Biology Chemistry Criminal Justice Administration Criminology
Certificate:	Crime Scene Investigation
Culminating Expe	rience Course: BIOL 475 Senior Seminar

in Forensic Science

The major in *Forensic Science* is designed to provide training for students seeking to work in the forensic science laboratories or who are planning to pursue careers in the field of forensic science. The major draws from the biological sciences, physics and chemistry as well as from the fields of criminal justice and the law.

The degree is generated from a cross-disciplinary perspective, blending faculty expertise from both the criminal justice and science program areas. A principal focus of the program is to prepare students for entry-level positions and for advancement in various occupations and professions in the criminal justice and science areas. The faculty encourages wide and varied preparation in both the liberal arts and sciences to provide students with an appreciation of the scientific and social environment of crime and criminal justice.

As students prepare for a career in forensic sciences, they should be reasonably informed on

which area to focus. For example, if one wishes to work in a crime laboratory, most positions are of the "criminalist" category, but various areas will require specific coursework. Examples are as follows:

Criminalist I - Physical Evidence. Coursework should include at least two natural science classes, algebra, and trigonometry (coursework in calculus can be substituted for the algebra and trigonometry).

Criminalist I - DNA. Coursework should include 20 semester hours in biology (course credit in genetics, biochemistry, molecular biology, recombinant DNA technology or other subjects which provide a basic understanding of the foundations of forensic DNA analysis should be included in hours).

Criminalist I - Trace Evidence. Coursework should include at least 20 hours of chemistry (organic and inorganic).

Criminalist I - Toxicology. Coursework should include at least 20 hours of chemistry including two semesters of general chemistry and two semesters of organic chemistry, and one semester of quantitative analysis, with a minimum acceptable grade of C.

Criminalist I - Latent Prints. Coursework should include at least two natural science classes, with a minimum acceptable grade of C.

Criminalist I - Questioned Documents. Baccalaureate degree should be in one of the Natural Sciences or Criminal Justice.

Students majoring in this degree should work closely with their academic advisor to ensure proper coursework is taken for the student's preferred career option.

BACHELOR OF SCIENCE IN FORENSIC SCIENCE

In addition to successful completion of the core requirements listed above, students seeking a Bachelor of Science in Forensic Science degree must complete one of two tracks: <u>Chemistry</u> or <u>Biology</u>. The decision to choose one of these two options is based on the student's career objectives which can be very specific about which coursework is required. Therefore, it is incumbent upon the student to be familiar with their targeted career track to ensure they have taken the correct coursework to be a competitive candidate for the position desired.

Please note: As you schedule your classes, please ensure that you have a sufficient number of upperlevel hours to satisfy the 39 upper-level requirement.

- H. Crime Scene Investigation 15 sem. hrs Certificate (Optional)
- I. A candidate for a baccalaureate degree with a major in Forensic Science must pass, with a satisfactory rating (grade of C or higher), CJAD 475 Senior Seminar in Forensic Science, as a culminating evaluative experience.
- J. TOTAL <u>123-143 sem. hrs</u>

CERTIFICATE IN CRIME SCENE INVESTIGATION

Students desiring a concentration in the identification, documentation and preservation of evidence at crime scenes may choose a *Certificate in Crime Scene Investigation* as part of their degree completion plan. The CSI certificate will appear on the student's academic transcript and provide evidence that the student has satisfied academic requirements for departmentally recognized courses in the area. The CSI certificate consists of successful completion of 15 semester hours of designated coursework. The student must successfully complete 9 of these semester hours at Columbia College. **To qualify for the awarding of the certificate, each Columbia College course that comprises the certificate must be completed with a minimum grade of "B."**

<u>Certificate Requirements:</u> Students are required to complete a mandatory 9 credit hour core block of courses with 6 additional discretionary credit hours chosen from a list of pre-approved courses. These courses are:

Required: 9	sem. hrs
CJAD 201 Criminal Investigation	3 hrs
CJAD 203 Crime Scene Investigation	n 3 hrs
CJAD 303 Crime Scene Photography	/ 3 hrs
Electives	sem. hrs
(Taken from the following list)	
CJAD 305 Forensic Anthropology	3 hrs
CJAD 413 Bloodstain Evidence	3 hrs
CJAD 433 Topics: (Departmental	3 hrs
approval required)	
CJAD 445 Forensic Pathology	3 hrs

Total required: 15 sem. hrs

The CSI Certificate is available only to students who have a declared major in Criminal Justice Administration (BS or BA), a minor in Criminal Justice or major in Forensic Science (BS). <u>The certificate</u> <u>will be awarded only after successful completion</u> <u>of the student's degree program in one of the</u> <u>above areas.</u>

GENERAL STUDIES

BACHELOR OF GENERAL STUDIES

This degree is designed by the student and advisor and integrates coursework from across the curriculum. It is designed for the student who desires a liberal arts and sciences bachelor's degree from Columbia College but for whom there is not an appropriate major. Students can build the Bachelor of General Studies degree around minors.

HUMAN SERVICES

Department:	Criminal Justice Administration and Human Services
Chairperson:	Barry Langford, J.D.
Full-Time Faculty:	Michael Perkins Lia Willis, Ph.D.
Degrees:	Bachelor of Arts in Human Services Bachelor of Science in Human Services Associate in Science in Human Services
Minors:	Criminology Human Services Intergenerational Studies Sociology
Culminating Exper	ience Course:
	HUMS 495 Integrative Seminar

The field of Human Services is one of the most rapidly growing sectors within the United States' economy with many career options.

The National Organization for Human Services (NOHS) defines Human Services as the profession of:

Meeting human needs through an interdisciplinary knowledge base, focusing on prevention as well as remediation of problems, and maintaining a commitment to improving the overall quality of life of service populations. The Human Services profession is one which promotes improved service delivery by addressing not only the quality of direct services, but also by seeking to improve accessibility, accountability and coordination among professionals and agencies in service delivery.

The goal of the Human Services program at Columbia College is to assist students in developing empirically-based knowledge and practice skills fundamental for responsible and effective application within the Human Services field. The program also helps prepare students for graduate studies in a variety of fields and emphasizes the need for life-long learning.

Two baccalaureate degrees are offered in Human Services: The Bachelor of Arts and the Bachelor of Science.

For students currently working in the field of human services, or who otherwise have considerable work experience, the BA is recommended. For those desiring to enter the field, or for those with minimal work experience, the BS degree is recommended since it offers the internship experience.

Minors:	Business Computer Information Systems Computer Science	
Culminating Experience Course: CISS 492 Senior Seminar in Management Informatio Systems		

70 Academic Programs

The Computer and Mathematical Sciences Department offers Bachelor of Science degrees in computer science, computer information systems, management information systems as well as mathematics. The degrees provide a liberal arts education while emphasizing preparation for either graduate school or a rewarding career. Students are provided with a rigorous theoretical background coupled with practical and essential skills to begin either a rewarding career in the computer field or advanced studies in graduate school. The programs reflect important trends and developments in the computer field.

The computer degree programs are based on Computing Curricula 2001 prepared by the Association for Computing Machinery (ACM) and the IEEE Computer Society. The computer science degree has a significant mathematics component while the computer information systems and management degrees require several business courses. The degrees provide a wide variety of elective courses that allow the student to tailor a program of study to match their interests.

BACHELOR OF SCIENCE IN MANAGEMENT INFORMATION SYSTEMS

- A. General Education 38-41 sem. hrs Requirements Ethics Course Requirement: 3 hrs MGMT 368 Business Ethics or PHIL 330 Ethics
- B. Multicultural Requirement 3 sem. hrs Courses that meet this requirement can be found on page 33.
- C. Computer Information 27-29 sem. hrs System Core Requirements

(All courses must be completed with a grade of C or higher.) Courses taken in major cannot be taken as Pass/Fail.

Two courses selected from one of the following two options.

Option I: (6 hours) CISS 234 Visual Basic 3 hrs CISS 236 COBOL Programming 3 hrs CISS 238 Java Programming 3 hrs OR Option II: (8 hours) CISS 240 Introduction to 4 hrs Programming or **CISS 241** 3 hrs CISS 245 Advanced Programming 4 hrs or CISS 242 3 hrs AND

PSYCHOLOGY

Department:	Psychology and Sociology
Chairperson:	Graham Higgs, Ph.D.
Full-Time Faculty:	Cheryl Hardy, Ph.D. Gretchen Hendrickson Graham Higgs, Ph.D. Christopher Mazurek, Ph.D.
Degree:	Bachelor of Arts in

Psychology

Minor: Psychology

Culminating Experience Course: PSYC 495 Integrative Psychology

Psychology is the discipline which, through scientific study, endeavors to achieve the goals of observation, description, understanding, prediction and control of behavior and psychological processes. Topical areas of inquiry include: human development, personality theory, neuroscience, learning, memory and cognition, motivation and emotion, sensation and perception, interpersonal relationships, personal adjustment, abnormal behavior and psychotherapy. Behaviorism, social learning theory, cognitivism, humanism, existentialism, neuroscience and psychodynamics comprise the theoretical paradigms most emphasized over the course of studies.

Because knowledge of behavior and psychological processes are important to all fields of study, persons majoring in areas other than psychology should enroll in selected courses of interest. For the same reason, choosing psychology as a minor also is encouraged. Students majoring in psychology may select between two programs of study. The applied program is designed to prepare those who plan to seek employment, in either the private or public sector immediately following graduation with the bachelor degree. The academic studies program prepares students to pursue studies in psychology at the graduate school level in either practical (i.e., clinical, school, counseling) or experimental (i.e., neuroscience, developmental, cognitive) specializations. Psychology majors are expected to understand scientific methods, conduct research, write scholarly research reports in APA style and present their research findings to peers.

BACHELOR OF ARTS IN PSYCHOLOGY

Α.	General Education Requirements	38-41 sem. hrs	
	Ethics Course Requirement PHIL 330 Ethics	3 hrs

Twelve additional hours in psychology are chosen by the student with the approval of a Psychology advisor. Psychology electives should be selected on the basis of career interests.

F. Electives <u>34-37 sem. hrs</u>

120 sem. hrs

G. Culminating Evaluative Experiences: all students must complete PSYC 495 Integrative Psychology with a grade of C or higher and also a comprehensive exit interview.

SOCIOLOGY

Department:	Psychology and Sociology
Chairperson:	Graham Higgs, Ph.D.
Full-Time Faculty:	Yngve Digernes, Ph.D. Ahoo Tabatabai, Ph.D.
Degree:	Bachelor of Arts in Sociology

Minors:	Criminology
	Intergenerational Studies
	International Relations
	Sociology
	Women's Studies
Culminating Expe	rience Course:
	SOCI 495 Integrative Seminar

Sociology is the study of society. It is a social science involving the study of the social lives of people, groups, and societies. It is the study of our behavior as social beings, covering everything from the analysis of short contacts between anonymous individuals on the street to the study of how or lives are shaped by social institutions, such as family, schools, religious institutions, mass media, government, etc. It includes the analysis of social issues and problems such as poverty, crime, deviance, racism, sexism, homophobia, as well as the analysis of social change, e.g. through policy, social movements, cultural phenomena, technological innovations, or new ideas and values.

A Bachelor's degree in Sociology prepares students to pursue graduate study in sociology and in other related areas such as business, law, public policy, urban planning and social work. It also develops valuable skills in data analysis, social trend research, program evaluation and organizational management that are highly marketable for entry positions and occupational advancement in business, government agencies and non-profit organizations.

Sociology graduates enter a wide range of fields, from teaching to advocacy.

BACHELOR OF ARTS IN SOCIOLOGY

Α.	General Education Requirements	38-41 sem. hrs
	Ethics Course Requirement PHIL 330 Ethics	3 hrs
В.	Foreign Language Requirement	6 sem. hrs

28-31 sem. hrs

120 sem. hrs

G. As the Culminating Evaluative Experience, all students must complete SOCI 495 Integrative Seminar with a grade of C or higher.

A maximum of 25 semester hours of sociology requirements may be met in transfer.

PRE-PROFESSIONAL PROGRAMS

HEALTH-RELATED PROGRAMS

Students interested in preparing for health-related programs such as medicine, dentistry, physical therapy and pharmacology typically enroll in a biology or chemistry degree program. The coursework in these degrees provides both the science and liberal arts foundation required by most professional schools. However, health-related programs typically have additional requirements in the sciences and mathematics. Students are strongly advised to research the specific requirements of schools they are interested in attending and to work with the preprofessional advisors at those schools to ensure that their coursework meets the entry requirements of the program.

PRE-ENGINEERING

The Computer and Mathematical Sciences Department offers advising to students who plan to transfer to an engineering program after one or two years of study at Columbia College. Typically, pre-engineering students should enroll in mathematics, science, and computer science courses appropriate to their chosen area of engineering, and liberal arts courses that will meet general education requirements at the transfer institution. Additionally, students should consider taking introductory engineering courses through the cooperative cross-enrollment program with the University of Missouri in order to minimize time to graduation.

PRE-LAW

The liberal arts component of the general education requirements at Columbia College provides an excellent foundation for student success in law school. Students from all majors may have an excellent chance of going on to law school. Recently criminal justice, English, history and political science have all been popular majors for students pursuing a law degree. Whatever major they choose pre-law students should take classes that enhance written and oral communication, research and critical thinking skills.

The University of Missouri-Columbia, School of Law offers a combined undergraduate and law program also known as the 90-hour program. The combined curriculum enables students to obtain the bachelor of arts/science and juris doctor degrees in six years.

The undergraduate degree is a requirement for the juris doctor degree. Students entering under the combined degree program must make arrangements with their undergraduate schools to complete all requirements for their undergraduate degree. In addition, students must have a letter sent from the Dean of their undergraduate institution to the University of Missouri-Columbia School of Law, indicating that their law school coursework will earn the remaining hours of undergraduate credit, and that a B.A. or B.S. will be awarded before or at the time of graduation from law school.

To obtain more information about the program contact University of Missouri-Columbia School of Law, 103 Hulston Hall, phone: 573-882-6042.

MILITARY SCIENCE, NAVAL SCIENCE, AND AEROSPACE STUDIES ROTC: RESERVE OFFICER TRAINING CORPS

The Reserve Officer Training Corps (ROTC) is designed to provide men and women the opportunity to become officers in the armed forces of the United States while pursuing their college degrees in a variety of fields. ROTC scholarships are available to qualified persons to help defray the costs of a college education. Students who receive ROTC scholarships incur an obligation to serve after graduation in the branch of military service that provided the scholarship. (No obligation is incurred until the last two years; freshmen and non-scholarship sophomores may participate in ROTC without obligation.)

Columbia College students may enroll in these courses, all of which are offered on the campus of the University of Missouri-Columbia. Columbia College students earn Columbia College credit for these courses. Each branch of the armed services offers its own set of courses. The U.S. Army courses are found in this catalog in the listing of course descriptions under Military Science (MSCI) and the U.S. Air Force courses are found under Aerospace Studies (ASCI), and the U.S. Navy's are under Naval Science (NSCI).

Columbia College students may earn a minor in ROTC by completing eighteen semester hours of courses with a field code of ASCI or NSCI or MSCI.

Courses are scheduled and taught by personnel in the three respective departments of the University of Missouri-Columbia. For more information, contact Military Science (Army ROTC) at 573-882-7721, Naval Science (Navy ROTC) at 573-882-6693, or Aerospace Studies (Air Force ROTC) at 573-882-7621.

SPORTS MEDICINE

Sports Medicine is an internship program in which students may take course work and gain practical experience to aid them in pursuing Athletic Training, Physical Therapy, Pre-Med or Physicians Assistant Certification and/or degrees.

Under the direction of the Certified Athletic Trainer, students are involved in the prevention, immediate care, evaluation and rehabilitation of athletic injuries that may occur in the five varsity sports at Columbia College (men's and women's basketball, soccer, softball and women's volleyball.)

ASSOCIATE DEGREES

ASSOCIATE DEGREE REQUIREMENTS

To be recommended by the faculty and approved by the Board of Trustees for graduation with an associate degree, students must have been officially admitted to the College and must:

- 1. complete a minimum of 60 semester hours;
- 2. complete the appropriate number of General Education courses determined by individual degree requirements;
- 3. complete ENGL 111 English Composition I;
- 4. complete all major requirements;
- 5. attain a minimum cumulative grade-point average of 2.0;
- 6. fulfill the residency requirement of at least 15 of the last 24 semester hours taken with Columbia College:
- 7. satisfy all financial obligations; and
- 8. apply for graduation through the Evaluations Office the semester before they expect to graduate.

ASSOCIATE IN GENERAL STUDIES

This degree is developed by the student and advisor. Course work may be from the liberal arts and sciences or from any preprofessional discipline. The following requirements must be met:

A. General Education 21 sem. hrs Requirements ENGL 112 English Composition II 3 hrs

CISS 170 Introduction to Computer 3 hrs Information Systems Art, Humanities and History; Natural Sciences and Mathematics; and Social Behavioral Sciences (credits distributed to include each of the three areas.)

- B. ENGL 111 English Composition I 3 sem. hrs
- C. Electives <u>36 sem. hrs</u>

60 sem. hrs

ASSOCIATE IN SCIENCE IN HUMAN SERVICES

The Associate in Science in Human Services is designed to assist students in developing empirically based knowledge and practice skills fundamental for responsible and effective application within the Human Service field.

ASSOCIATE IN SCIENCE IN NURSING

The Associate in Science in Nursing Program is offered at two sites — at the Home Campus in Columbia, Missouri and at the Lake Ozark Campus. The program is open to individuals who have no prior nursing education and to individuals who hold a Licensed Practical Nursing license.

The program has been approved by the Missouri State Board of Nursing.

The program is designed to prepare the graduate for a nurse generalist role. Graduates are awarded an Associate in Science in Nursing degree and are eligible to apply for the Registered Nursing Licensure Examination. *

The curriculum consists of general education, mathematics and science courses and specific nursing courses. Students are required to complete all of the general education, mathematics and science courses before entering the Nursing Course Sequence.

Admission to the nursing program is on a selective basis. Selection will be made each August and each January. The application deadline is August 2 for students who plan to start the nursing sequence courses in January. The application deadline is January 3 for students who plan to start the nursing sequence courses in March and for LPN students who plan to start the nursing sequence courses in June. The maximum number for the Home Campus-Columbia is 32 students (made up of a combination of non-LPN's and LPN's). The maximum number for the Lake Campus is 32 students (made up of a combination of non-LPN's and LPN's).

All candidates for the nursing program are expected to meet general admission requirements to the College. Acceptance to Columbia College does not guarantee acceptance into the Nursing Course Sequence. Selection criteria for the Nursing Course Sequence:

- Completion of NURS 209 Introduction to Nursing or at least one year of documented clinical experience in a healthcare setting. An admission committee of nurse faculty will determine adequacy of health care experience and may require the student to successfully complete a clinical skills test. There is a \$50 fee for this test.
- 2. Completion of the general education, mathematics and science courses. Students may elect to complete NURS 209, one or more of the remaining general education, mathematics, or science courses in the eight-week session between the time of the submission of the nursing application and the start of the nursing classes. Students are limited to a maximum of eight semester hours of coursework during an eight-week session.

- Minimum of an overall GPA of 2.75 for the general education, mathematics and science courses and be in good academic standing within Columbia College. A minimum grade of "C" is required for all prerequisite courses.
- 4. Achieve a minimum score of 75% on the TEAS (Test of Essential Skills).
- 5. Be at least 18 years of age.
- 6. Possess the necessary functional abilities to provide safe and effective patient care. **
- 7. LPN students must submit the following paperwork:
 - · official copy of Practical Nursing transcript.

• copy of LPN license (current and undisciplined) for the state of Missouri.

- A criminal background check is required at the time of submission of the nursing application. Forms and directions for completion are available as part of the nursing application.
- 9. Selection of nursing students will be based on the GPA of the prerequisite courses and the TEAS score.
- 10.Additional requirements for <u>those selected</u> for the Nursing Program:
 - Urine drug test
 - Physical forms, including documentation of immunizations/titers
 - Current CPR certification by the American Heart Association, Health Care Providers course.
- * Successful completion of the program does not guarantee eligibility to take the licensure examination. According to the Nursing Practice Act, licensure may be withheld or revoked. More information is available on the Nursing Program Website and in the Nursing Program Information document.

**Functional abilities to meet the role of the nurse include: behavioral/emotional abilities, cognitive abilities, communication abilities, professional conduct, psychomotor skills, and sensory/perceptual abilities.

These Functional Abilities are described in the Nursing Student Handbook and the Nursing Program Information document.

NURS	215	Medical/Surgical Nursing II	6 hrs
NURS	216	Women's and Infants' Health	6 hrs

* Licensed Practical Nurses (LPN's) are <u>not</u> required to take NURS 210 Fundamentals of Nursing if they are able to pass the HESI Fundamentals exam with a minimum satisfactory/acceptable performance, as determined by HESI Psychometrics, and successfully complete a clinical skills assessment conducted by NURS faculty. The HESI Exam and clinical skills assessment are arranged through the Nursing Program Office. The exam costs \$50.

NURS 209 is a prerequisite for NURS 210. NURS 209 may be waived if students have a least one year of documented clinical experience in a health care setting. See #1 on page 78 for more information.

77 sem. hrs

ACADEMIC HONORS HONORS PROGRAM

Mission

The Honors Program is designed for high achieving students who are philosophers in the literal sense, i.e., lovers of wisdom. Honors students approach the liberal arts and sciences with excitement; they do not continually look for the "cash value" of their education. The goal of the program is to promote genuine inquiry and collaborative learning, emphasizing the dialogic nature of academic work and intellectual discovery. Students who lack the appropriate intellectual curiosity should not take honors courses.

Description

Through multidisciplinary and collaborative coursework, honors students respond to the significant challenges confronting the next generation of scholars. The honors courses both within the General Education curriculum and beyond it are consistent with the students' academic abilities, preparation and goals. The courses resonate with any academic major or minor and provide opportunities for students to discover their intellectual curiosities, to engage in community service, to develop critical thinking skills, and to excel in oral and written expression.

Although faculty may propose to teach a special topics course or to designate a General Education course, favorable consideration is given to courses that cohere to one or more of the following descriptions: multidisciplinary, collaborative teaching, travel/ co-curricular activities, and reading and writing intensive. Classes range in size from 5 to 20 students. Under the direction of a faculty mentor, honors students are encouraged to complete an Honors Distinction project during their final year.

Participation

To graduate with honors, a student completes at least 16 academic hours in the Honors Program. A one semester hour community service project for Honors 310 must be completed prior to graduation. Students may enroll in three to six hours of honors credits designated for General Education and may be eligible to enroll in a maximum of 3 hours of honors credits for an Honors Distinction project. An honors student may apply no more than six hours of honors credits transferred from accredited institutions toward the completion of the Honors Program.

No honors courses may be taken with the pass/fail option. A minimum 3.25 GPA overall and a 3.0 GPA in honors courses is required to remain qualified for graduation from the Honors Program. Graduation from the Honors Program is recognized during the graduation ceremony and indicated on the final transcript.

Admission

Eligible students must demonstrate academic achievement with at least two of the following minimum standards:

- 1) 3.5 high school GPA;
- 78th or higher percentile on ACT (24) or equivalent SAT;
- 3) 3.5 Columbia College GPA;
- 4) 78th or higher percentile on GED (290);
- 5) Thirty transferrable semester hours with a 3.6 GPA.

Eligible students gain entry into the Honors Program automatically. Home-schooled or other nontraditional schooled students are eligible for admission to the Honors Program upon presentation of an ACT, SAT or GED score at or above the 78th percentile (GED of 290) and demonstration of scholarship in high school level academic coursework. Any student may petition for admission to the Honors Program if he or she has completed a minimum of 30 hours of academic credit at Columbia College with a cumulative grade point average of 3.6. Transfer students with prior college experience must have 30 semester hours of credit with a minimum GPA of 3.6 or higher on a 4.0 scale and submit a petition to the Honors Program Council for admission. To petition for admission a student must complete a petition form and write a letter to the Honors Program Council including the reasons for desiring admission and the anticipated benefits to the student. The student must also have two Columbia College faculty members submit letters to the Council supporting the petition. The Council grants admission to the program.

International students who qualify are eligible for the Honors Program.

Required Coursework:

Honors

General Education 3-6 hrs

HNRS	310	Honors Service	1 hr
HNRS	340	Schiffman Ethics in	3-9 hrs
		Society Lecture	
HNRS 350 Honors Topics <u>3-9 hrs</u>			
Total			16 hrs

RECOGNITION OF ACADEMIC ACHIEVEMENT

Dean's List

The Dean's List is an honor accorded to students who achieve academic distinction. Students may be named to the Dean's List if:

- they complete at least 12 semester hours of Columbia College credit in a given semester with a GPA of 3.5 or higher; <u>or</u>
- 2) they complete a minimum of 6 semester hours during each of two consecutive eight-week sessions with a GPA of 3.5 or higher.

A grade of Incomplete eliminates a student from Dean's List consideration. A grade given to replace an Incomplete cannot be applied to Dean's List requirements. ESOL 100, 101, 102, 103, 104, 105; ENGL 107; ENGL 107N; MATH 104 and MATH 106 do not apply when determining Dean's List eligibility.

Courses taken by students as pass/fail or satisfactory/unsatisfactory are not included in the minimum requirement of at least 12 semester hours (Day) or six semester hours in two consecutive terms (Evening, Online, AHE).

Awards Convocation

In the spring of each year, an Honors and Awards Convocation is held, a special occasion recognizing those students who have made exceptional contributions to Columbia College through outstanding scholarship and/or leadership. Students who have completed at least 15 semester hours at Columbia College with a cumulative GPA of 3.5 or higher are eligible for these awards. Recipients of these awards are generally chosen from this pool.

Graduation Honors

Columbia College confers baccalaureate degrees with the following Latin honors designations:

GPA	Designation
3.9 and above	summa cum laude
3.75 to 3.89	magna cum laude
3.5 to 3.74	cum laude

To receive a degree with these honors, students must have completed 60 hours of credit at Columbia College.

Students seeking a second baccalaureate degree and received an Honors designation on a prior degree must complete an additional 60 hours in residency and earn the requisite GPA in order to be granted a second Honors designation.

Dean's Academic Achievement Award

Students who graduate with at least 39 but fewer than 60 Columbia College hours and earn at least a 3.5 cumulative G.P.A. may be eligible for the Dean's Academic Achievement Award upon graduation. Students must meet the following criteria:

- 1. Hold an Associate in Arts or Associate in Science from a community college with an articulation agreement with Columbia College.
- 2. Complete a bachelors degree at the AHE site of articulation.
- 3. Earn a cumulative G.P.A. of 3.5 or higher.
- 4. Complete 39 hours in residency with Columbia College.

Students seeking a second baccalaureate degree and to whom a Dean's Academic Achievement

Award was granted with a prior degree must complete an additional 39 hours in residency with at least a 3.5 cumulative G.P.A. to be granted a second Dean's AcademicmAchievement Award.

Students eligible for Latin Honors are ineligible for the Dean's Academic Achievement Award.

Baccalaureate Degrees with Distinction

The Bachelor's Degree with Distinction is available for any degree program offered by Columbia College and requires a demonstration of excellence in a special two-semester project (excluding summer session) in addition to satisfying degree requirements.

Distinction work is done under the direct supervision of a faculty member qualified in the field of the project. At all major stages of the project (formal prospectus, complete draft or evidence of significant and substantive progress, and final project), work must be submitted by designated deadlines to the Chair of the Academic Honors and Awards Committee for approval or direction. Credits and grades for distinction work are optional.

To be eligible, a student must be currently enrolled and must have second-semester junior standing (75 semester hours, with at least 15 semester hours at Columbia College) and a 3.5 cumulative GPA. Eligibility is based on the assumption that a student may be eligible after five semesters. Entry into the program must be at a date that permits two semesters of work on the project.

High Achievement On Senior Test

The Major Field Test is taken by thousands of college seniors at hundreds of schools. It tests achievement in the senior's baccalaureate degree program.

Columbia College offers the Major Field Test in biology, business administration (undergraduate and graduate), chemistry, computer information systems, computer science, English, history, mathematics, political science, psychology and sociology.

Graduates who score in the top ten percentile nationally in their academic area are presented with a navy and silver cord at the graduation ceremony.

The President's Honorarium for Academic Excellence (Overload Fee Waiver)

Columbia College day students who have earned 30 institutional semester hours may take an overload to a total of 21 semester hours without additional cost if their cumulative gradepoint average is at least 3.75.

The Presidential Award

Each Commencement, special recognition is given to students earning a 4.0 grade point average who have completed the entire course of study for the bachelor's degree at Columbia College.

ADMISSION POLICIES

EVENING STUDENTS (Adult Higher Education)

Columbia College enrolls students who have both the desire and ability to succeed in a rigorous teaching and learning environment. The College invites applications from students who have demonstrated that they are likely to complete the College's broad general education curriculum and to master an undergraduate major. Many factors are considered in the admission decision, but previous academic achievement is the best predictor of success at Columbia College. The College does not admit applicants whose previous academic performance predicts failure. Admission requirements are moderately selective.

GENERAL ADMISSION

Applicants are individually considered for admissions based on their qualification as a whole. Admission is generally granted to high school applicants with no previous college credit (excluding high school dual enrollment) who follow a college preperatory curriculum or who rank in the top half of their class or who have an ACT or SAT score at a minimum 50th percentile and have earned at least a 2.0 cumulative high school grade point average. Admission is also generally granted to applicants with a GED score at a minimum 50th percentile and home schooled applicants who present an ACT, SAT or GED score at a minimum 50th percentile. Applicants who graduated from high school more than two years ago may not be required to submit ACT or SAT scores for admission consideration.

Columbia College welcomes students with academic credit from other institutions. A student who has earned more than 6 college credits after high school completion is considered a transfer student. Transfer applicants must present a minimum 2.0 cumulative grade point average. Only grades of C or above are accepted in transfer. If fewer than 24 hours are accepted, transfer applicants must also submit their high school transcript (class rank, ACT/ SAT, grade point average) in addition to college coursework.

The Admissions Review Committee reserves the right to review any application for admission. Any application not meeting minimum admissions requirements may be reviewed by the Admissions Review Committee. The Committee will determine admission eligibility.

NEW FRESHMEN

To apply, new freshman applicants must:

- 1. Submit the Columbia College undergraduate application for admission with a one-time non-refundable \$35 fee.
- Request official high school transcripts be sent directly to the Admissions Office, or submit GED scores.
- 3. Request an official transcript be sent directly to the Admissions Office from each college attended. If semester hours earned total fewer than 24, request official high school transcript be sent directly to the Admissions Office, or submit GED scores.
- 4. Submit either ACT or SAT scores.
- 5. Provide a copy of a resident alien card, if a permanent resident but not a U.S. citizen.

HOME-SCHOOLED STUDENTS

- 1. Submit the Columbia College undergraduate application for admission with a one-time non-refundable \$35 application fee.
- 2. Submit an ACT or SAT score and a record of highschool-level coursework or a GED score.

TRANSFER STUDENTS

To apply for admission to Columbia College as a transfer student, applicants must:

- 1. Submit the Columbia College undergraduate application for admission with a one-time non-refundable \$35 application fee.
- 2. Request an official transcript from each college attended be sent directly to the Admissions Office.
- 3. If semester hours earned total fewer than 24, request official high school transcript be sent directly to the Admissions Office, or submit GED scores.
- 4. Provide a copy of the resident alien card, if a permanent resident but not a U.S. citizen.

Transfer students who do not present a minimum cumulative 2.0 grade point average for previous college coursework may be considered for admission through the Admissions Review Committee process. (See Admissions Review Process, p. 86)

Students who are on suspension from another insitution are recommended to wait one semester before applying for admission to Columbia College. Students on suspension or probation may be considered for admission only through the review process.

TRANSCRIPTS/CREDIT DOCUMENTS REQUIREMENT

Applicants must inform the College of all institutions of higher learning attended whether or not academic credit was earned at these institutions. Falsification of application information, including failure to identify all post-secondary institutions attended, may result in denial of admission or dismissal if discovered after enrollment.

An official transcript and official English language translation (if necessary) from each college and university attended must be submitted to the College before transfer of credit can be accomplished. An official transcript is marked as such and sent directly from the institution attended to the Columbia College campus where the applicant plans to attend. A transcript marked offical and hand delivered in a sealed envelope of the institution by the applicant will be accepted as official. Transcripts marked unofficial or student copy will not be considered official even if delivered in a sealed institution envelope. Faxed transcripts are not considered official. Credit will not be evaluated for one institution from another institution's transcript.

Appeals may be made for an exception to having all transcripts/credit documents submitted prior to an evaluation. An appeal must include a statement of why the transcript/credit document is unavailable and/or why the applicant wishes to proceed without it for the initial evaluation. A waiver/disclaimer statement must also be signed by the applicant indicating that he understands that he is responsible for any consequences incurred due to the late receipt of all documents. Areas of consequence include, but are not limited to, enrollment for a subsequent term, advising and academic level.

Appeals will not be approved or exceptions made for the following reasons: applicant owes money at another institution and is therefore unable to procure an official transcript; poor grades at the previous institution and therefore courses may not be transferable to Columbia College; applicant does not believe that previous coursework is applicable to Columbia College; applicant does not want to pay transcript fees.

Applicants that are unable to obtain transcripts because the previous institution has closed, had a fire or some other records catastrophe may include a letter from the institution or the Department of Education for the state or the Ministry of Education where the school is located indicating that the transcript is not available. If the letter is provided along with the application and other transfer documents, then an appeal is not necessary and there will be no delay in the evaluation process.

Applicants may also submit a letter of appeal if a previous institution attended is not currently nor has

ever been accredited by one of the accrediting bodies recognized by Columbia College.

Once a document has been submitted it becomes the property of Columbia College. Neither the original nor a copy will be given to the applicant.

NON-DEGREE SEEKING STATUS

The Non-Degree Seeking status is designed for students who do not seek an academic degree at Columbia College. Enrollment as a Non-Degree Seeking student neither guarantees automatic admission to degree seeking status nor does it necessarily impact an admission decision. Non-Degree Seeking students who do not enroll for five consecutive sessions must reapply for admission.

Non-Degree Seeking students are not eligible for financial aid. Students enrolling at Columbia College under this status may be considered for degreeseeking status in a subsequent term by completing the regular application process.

Students who wish to apply for Non-Degree Seeking status must complete the Non-Degree Seeking application for admission and submit it with the \$35 one-time, non-refundable application fee.

Non-Degree Seeking international students must show proof of English proficiency: minimum TOEFL score of 500 paper-based, 173 computer-based, 61 internet-based; an APIEL score of 3 or higher; completion of an advanced proficiency level in an accredited English as a Second (ESL) program; completion of a course equivalent to English Composition I with a grade of C or higher; or satisfactory completion of the Columbia College diagnostic test. Additionally, international students must submit a copy of a valid passport, visa, I-94 departure record and most recent I-20, if currently enrolled at another institution.

Enrollment for Non-Degree Seeking students is on a space available basis only. Course selections may be limited. Evening Campus students under this status do not meet with an advisor. (Non-Degree Seeking students must provide proof that course prerequisites have been met before enrolling.)

ADDITIONAL ACADEMIC INFORMATION

Although not required for admission consideration, additional academic information that may supplement an application file includes, but may not be limited to: Advanced Placement; International Baccalaureate; Excelsior (formerly Regents); ACE accredited corporate courses; military credit (DANTES, DD214, USAFI); Law Enforcement Training Institute; RN certification and LPN certification. For use in admissions consideration or for an official evaluation of credit, all documents must be official and must be submitted directly to the

84 Admissions

Admissions Office. For additional information about the transfer of alternative credit, contact the Evaluations Office.

READMISSION

Students who wish to return to Columbia College after they have stopped enrollment for five consecutive sessions must apply for readmission through the Admissions Office. Official transcripts from each college attended since leaving Columbia College will be required for readmission consideration. (Student's physical records are retained for five years of nonattendance. Students applying for re-admission may be required to resubmit official transcripts.) The Admissions Office checks academic and financial status and notifies the student of the readmission Students may wish to contact the decision. Registration and Financial Services Office directly to determine if there is a balance due. (Students owing a balance will not be readmitted.)

READMISSION AFTER SUSPENSION

Students may apply for readmission to Columbia College following a suspension of two sessions.

To apply for admission after suspension, students must:

- 1. Complete the undergraduate application for admission.
- Write a letter to the Assistant Dean for Adult Higher Education requesting consideration for readmission. The letter should include an assessment of lack of previous academic progress, an outline of accomplishments since suspension and a specific plan of action for success should readmission be approved.
- 3. Reconcile any balance owed with the Registration and Financial Services Office.
- 4. Request official transcripts be sent directly to the Admission Office from each college attended since leaving Columbia College.

READMISSION AFTER DISMISSAL

Students may apply for readmission to Columbia College following a dismissal of three years.

To apply for admission after dismissal, students must:

- 1. Complete the undergraduate application for admission and submit the non-refundable \$35 application fee if it was not paid with the original application for admission.
- Write a letter to the Assistant Dean for Adult Higher Education requesting consideration for readmission. The letter should include an assessment of lack of previous academic progress, an outline of accomplishments since dismissal and a specific plan of action for success should readmission be approved.

- 3. Reconcile any balance owed with the Student Financial Services office.
- 4. Request official transcripts be sent directly to the Admission Office from each college attended since leaving Columbia College.

Students who have been permanently dismissed from Columbia College may not apply for readmission.

CAMPUS TRANSFERS

Currently enrolled students who wish to change campuses (i.e., Evening to Day, Nationwide to Day, Day to Evening, Nationwide to Evening, Online to Evening, etc.) must apply for campus transfer in the Admissions Office. The Admissions Office checks academic and financial status and notifies the student of the transfer decision. The student may also check this through eServices.

EARLY - OUT ADMISSION

Students of exceptional ability may apply for admission to Columbia College following completion of their junior year of high school and after having earned 15 hours of high school credit. Applicants for early-out admission must complete the normal procedure for regular admission as well as arrange for a personal interview. Students must show an academic record which reflects readiness for college-level work. Consent of the high school principal and parents is required. Admission is contigent upon approval by the Admissions Committee. Early-Out Admission is not recommended in the Evening Campus.

HIGH SCHOOL DUAL ENROLLMENT

High school juniors and seniors have the opportunity to take college courses for credit while completing high school.

Students in high school who wish to earn credit at Columbia College must:

- 1. Submit the undergraduate application for admission with a one-time, non-refundable \$35 fee.
- 2. Request an official high school transcript and ACT or SAT score be sent directly to the Admissions Office.
- Present a 2.0 cumulative high school grade point average and a minimum 50th percentile on ACT/ SAT or minimum 50th percentile class rank.
- 4. Provide written support from the high school principal or guidance counselor and a parent by completing the Columbia College dual enrollment form.
- 5. Home-schooled students should contact the Admissions Office for dual enrollment information.

The Admissions Review Committee reserves the right to review any application for admission under the dual enrollment status.

INTERNATIONAL STUDENTS

An international student is categorized as a foreign born person who is not a citizen, national or permanent resident of the United States.

International students seeking a SEVIS I-20 from Columbia College are eligible for undergraduate admission in the Day Campus only. International students who are accepted for admission will receive a housing contract and I-20. International students not seeking an I-20 from Columbia College may apply for admission to the Evening Campus, Nationwide campuses, Online Campus or as a parttime Day Campus student.

NEW FRESHMEN

International applicants are reviewed on a caseby-case basis. Students must complete a full sequence of university-preparatory studies that would qualify them for admission to university-level work in their home country. This requirement is equivalent to the twelve-year program in the United States.

TRANSFER STUDENTS

Columbia College welcomes international students with academic credit from other institutions. The College does not admit applicants whose previous performance predicts lack of academic success. In general, students who present a minimum 2.0 cumulative grade point average from previous college coursework are considered for admission. If a transfer student does not present a minimum cumulative grade point average of 2.0, he/she may be considered for admission through the Admissions Review Process. (See Admissions Review Process information on page 86.)

EVIDENCE OF ENGLISH PROFICIENCY

International students, as well as students who are non-resident or resident aliens, from a country whose native language is not English, may be asked to provide evidence of English proficiency. This can be demonstrated by the following:

1. Documented completion of ESL (English as a second language) or IEP (intensive English program)courses.

2. Minimum TOEFL score of 500 on the paperbased exam, 173 on the computer-based exam, or 61 on the internet-based exam or minimum IELTS score of 6.

Students who meet or exceed the TOEFL or IELTS minimum requirements must sit for the Columbia College English Placement Exam to determine initial placement in English courses.

Students with no TOEFL or IELTS score, or a score below minimum requirements, may apply for admission to the English as a Second Language

Program (ESL). As this program is not available in the evening, any student wishing to complete ESL courses at Columbia College must make application to that program, which is offered through the Day Campus. Students begin the ESL program at one of two proficiency levels: intermediate or advanced. Placement is determined by in-house diagnostic testing. This test is given to ESL students at the beginning of each semester.

APPLICATION PROCESS

To be considered for admission to Columbia College, an international student must:

- Submit the application for admission to the Day Campus with a one-time, non-refundable \$25 (U.S. dollars) application fee. Checks should be made payable to Columbia College.
- 2. Submit the international application for admission-SEVIS Supplement.
- 3. Request official original secondary school records in the native language and an official English translation be sent directly to the Admissions Office.

Columbia College evaluates advanced secondary school education from other countries such as the British Advanced Level Examinations, the French Baccalaureate, the German Abitur, and the Canadian CEGEPs. Students who have successfully completed advanced secondary school education may receive advanced standing or transfer credit at Columbia College for that work. Such credit is evaluated on a course-bycourse basis. Students may be asked to submit course descriptions and/or course syllabi for evaluation purposes.

- 4. Request official original transcripts (in the native language) from each college/university attended and an official English translation be sent directly to the Admissions Office.
- 5. Submit official bank documents to provide evidence of adequate financial support (in U.S. dollars) for every year of study at the College.
- 6. Proof of English language proficiency as evidenced by a TOEFL score of at least 500 on the paper-based exam, 173 on the computer-based exam; or 61 on the internet-based exam. The minimum IELTS score required to demonstrate English language proficiency is an overall band score of 5.0 with no individual band below a 5.
- Students transferring to Columbia College from an institution in the United States must complete a Transfer Eligibility form and furnish a copy of a valid passport, visa, I-94 and I-20 from the last school attended.

NON-DEGREE SEEKING STUDENTS

International students who are not seeking a degree from Columbia College and wish to enroll part-time may be considered for admission as Non-Degree Seeking students (See Non-Degree Seeking information). Students must be degree seeking to be eligible for a SEVIS I-20 from Columbia College. Students on an F-2 Visa must apply as non-degree seeking and enroll only in courses that are avocational or recreational in nature.

ADMISSIONS REVIEW COMMITTEE PROCESS

Applicants who do not meet the standards described for general admittance may be considered for admission through the Admissions Review Committee process. In addition to the materials provided by an admissions counselor, Admissions Review Committee applicants must:

- Submit a letter that explains previous academic experiences and addresses difficulties encountered;
- A description of an activity, project or task at which they have persevered to completion;
- 3. A plan for success at Columbia College.

It is strongly recommended that review committee applicants submit letters of reference from persons not related to them who can address the applicant's potential as a student.

Applications with supporting materials will be reviewed to determine admission. If admitted, students must earn a minimum 2.0 grade point average during their first term enrolled at Columbia College. Failure to do so will result in suspension from the College.

An applicant who is denied admission to the Evening Campus may be granted permission to enroll through the Nationwide campuses or the Online Campus. There is no appeal.

ADMISSIONS DEADLINE

It is recommended that all new students (freshmen, transfers, readmits, international) complete the application process no later than two weeks prior to the first day of classes for the term for which they seek admission. Students who miss this recommended deadline may be required to apply as Non-Degree Seeking status or postpone enrollment until a later term.

WARRANTED DEGREE PROGRAM

Students who have an associate or baccalaureate degree from Columbia College may be eligible to participate in the Warranted Degree Program. Eligible students may enroll in one course free of charge if five years have elapsed since receiving their degree, they owe no fees, and are not in default on federal aid loans.

Students may enroll for credit or as auditors in courses being offered during the regularly scheduled sessions, provided space is available and course pre-requisites are met. **The Warranted Degree program cannot be used for graduate-level or Online Campus courses.**

Students are required to pay lab fees and for textbooks associated with the courses.

Students are permitted to enroll in one free course in each subsequent five-year period but may not accumulate free courses.

Students must apply for admission to be eligible to register for a warranted degree course, and no application fee is required. Warranted Degree applicants must also submit a Columbia College Appliciation for Institutional Aid to Registration and Financial Services.

COURSE PREREQUISITES

Many courses have prerequisite/corequisite requirements. It is the student's responsibility to fulfill prerequisite requirements before enrolling in the respective course(s). Failure to meet these preliminary requirements may result in being dropped from the course.

ADULT HIGHER EDUCATION

The moderately selective requirements for admission to programs on the home campus are not applicable to the Columbia College extended campuses. Students seeking to enroll through the Adult Higher Education Campus should apply for admission at the respective site.

ONLINE CAMPUS

The moderately selective requirements for admission to programs on the home campus are not applicable to the Columbia College Online Campus. Students seeking to enroll through the Online Campus should apply for admission via the College website at *www.ccis.edu*.

FEES

EVENING CAMPUS

Basic fees for 2011-2012 are explained below. Fees are reviewed on an annual basis and are subject to change without notice.

TUITION AND FEES

Tuition (per semester hour)\$ 195	
Tuition, Nursing Courses Only (per sem. hour)\$ 335	
Tuition, Online Campus (per sem. hour)\$ 229	
Application Fee\$ 35	
Audit Fee (per semester hour)\$ 90	
Graduation Fee\$ 75	
Lab Fee (see course descriptions)\$25-30	
Parking Fee (yearly)\$ 40	
Returned Check Fee\$ 25	
Testing Fee/Standardized Tests (CLEP, ACT)\$ 20	
Transcript\$7.50	

All fees are subject to change without notice.

LABORATORY FEES

Certain courses require prepayment of a laboratory fee. Every effort is made to keep these costs as low as possible. However, due to the nature of the laboratory requirements, costs will vary by location. Before a student enrolls in a class requiring laboratory work, the student should check with the campus Director about laboratory fees.

Computer Information Systems (CISS) courses will normally require use of a computer. Students should check with the Director of the campus to determine what laboratory fee, if any, must be paid upon enrollment in a CISS course.

POLICIES ON PAYMENTS, CREDITS AND REFUNDS

When a student is accepted for admission, the student, parents, or guardians accept Columbia College's payment conditions. If any part or all of a financial aid package is reduced or eliminated, the balance created by the change is payable immediately. Degrees, transcripts, and letters of honorable separation are withheld from students who have not settled their financial obligations to the College, including, if applicable, all collection fees, attorney fees, and court costs.

No student may complete registration for any

subsequent session if an unpaid balance remains on account.

All students are responsible for notifying the Student Records and Transcripts Office when a change of address has occurred.

A student account that remains unpaid at the end of the term may be submitted to an outside agency or attorney for collection assistance. The standard collection charge can exceed 50% of the original amount owed. This charge will be added to the principal balance of the student's account to cover collection agency and/or attorney fees.

PAYMENT

Upon registration, all students are required to pay the entire balance of their accounts (after financial aid awards are considered) by either full payment or through the deferred payment plan.

DEFERRED PAYMENT PLAN

If a student needs to pay educational expenses in installments, a deferred payment plan may be arranged. The procedure for the deferred payment plan is the following: the balance owed to the College, less certain awarded financial aid, is divided into two equal installments. The first payment is due when the student registers. The second payment is due on or before the final class meeting as stated in the academic calendar or before registering for a subsequent session.

At the end of each eight week session, a 1% monthly finance charge may be assessed against the outstanding balance of the student's account.

Students receiving financial aid are required to sign a deferred payment contract during the time of the pending loan.

- **Civilian Tuition Assistance (CTA):** Two payment options are available for students who receive employer tuition assistance. Students should check with their employers to determine which plan is appropriate for them.
 - 1. Direct Billing: Students may register for classes and have tuition charges billed directly to their employer if a letter from the employer authorizing such an arrangement is on file in the Student Accounts Office.
 - 2. Reimbursement: Students are required to follow the college's regular payment procedures and then receive reimbursement from their employer according to their employer's guidelines.
- Military Tuition Assistance (MTA): Students are required to present an approved MTA form at the time of registration. Students are personally responsible for any tuition not paid by MTA and are required to follow regular payment procedures for this portion of fees.

- 88 Fees
- V.A. Vocational Rehabilitation: Students receiving these benefits must provide an authorization form at the time of registration and will be required to pay only those amounts not covered by their plan.
- V.A. Miscellaneous Benefits (G.I. Bill, etc.): Students are required to follow standard payment policies and then receive reimbursement from their plan.

DROPPING A CLASS

Financial liability is assessed at the completion of the drop period for each session (see Changes in Registration). If students drop a class prior to the end of the drop period, they do not incur financial or academic liability. If students withdraw from a class after the drop period, they are financially liable for the full amount of tuition. No reduction of charges is made for laboratory/course fees, etc.

WITHDRAWAL FROM COLLEGE

Students who receive any form of federal Title IV assitance, and who withdraw, may be required by federal regulations to return some or all of the federal aid received. This includes the federal Pell and SEOG grants and the Federal Perkins, Stafford and PLUS loans. See the Financial Aid portion of the College catalog for additional information.

Students receiving financial assistance should be aware that their financial aid package could be affected, should the student elect to drop an individual course. For additional information, please refer to the Financial Aid portion of the catalog.

Columbia College recognizes that individuals serving in both National Guard and Reserve units may be in need of tuition refunds or credits if called to active service. Columbia College will assist students called to active military service with options regarding their registration in classes including, but not limited to, course work completion, tuition refunds or tuition credits.

A student who withdraws for extraordinary circumstances, even with the College's concurrence, may still be required to return some or all of the federal financial assistance received for that term. The College follows the federal guidelines concerning return of Title IV funds, and does not have any authority to waive the rules regarding the return of federal assistance, even in extraordinary circumstances.

REGISTRATION AND FINANCIAL SERVICES HOURS

Monday - Thursday8:00 a.m.- 6:00 p.m. Friday9:00 a.m.- 5:00 p.m.

NOTICE TO ALL STUDENTS

Timely payment of all tuition and fees is required to continue your attendance at the College. If unforseen circumstances occur that preclude you from paying in a timely fashion, please contact the Registration and Financial Services Office to see if an alternative payment agreement can be arranged. Please be aware of the following:

Failure to make initial payment for semester/session tuition.

- · Course registration is invalidated.
- Course spaces may be given to other students.
- Campus services will not be available.

Failure to meet appropriate payment dates.

The total bill becomes due immediately. An administrative fee of \$35 will be charged for processing a late registration. Any collection or legal fees incurred in collecting an account will be the responsibility of the student/parent. The privilege of deferred payments in subsequent semesters may not be permitted.

Outstanding balance from a previous session.

Until the balance is paid, the student will not be allowed to:

- Register for any subsequent semester.
- Obtain a transcript of academic work.
- Apply for a residence hall room.
- Participate in graduation ceremonies.

FINANCIAL AID AND SCHOLARSHIPS

FEDERAL AND STATE FINANCIAL AID AND SCHOLARSHIPS

Columbia College's financial aid program exists to make education affordable for all students who qualify. The College believes that if students desire to attend college they should not be prevented from doing so simply because they lack sufficient funds. Financial aid is not intended to cover all student expenses. While the primary financial responsibility for education rests with the students and their families, Columbia College is committed to helping students bridge the gap between the cost of a college education and what the student can afford to pay.

Financial aid is monetary assistance to help the student meet the expenses of attending college. Aid may be in the form of grants, student employment, loans, scholarships, types of outside assistance, or a combination thereof.

APPLYING FOR FEDERAL AND STATE FINANCIAL AID

To apply for federal and/or state financial assistance at Columbia College:

- 1. Complete an application for admission and submit the required one time non-refundable application fee to the Admissions Office.
- 2. Complete the Free Application for Federal Student Aid (FAFSA), and indicate the Columbia College school code, **002456**. Completing the FAFSA electronically is recommended. Students may apply electronically by accessing the FAFSA through Columbia College's Financial Aid website, www.ccis. edu/financialaid, or the Department of Education's website, www.fafsa.gov. Paper FAFSA applications may be obtained through the Federal Student Aid Information Center at 1-800-4-FED-AID. The FAFSA must be completed for each academic year.
 - a. The priority deadline for all financial aid is March 1 of the year the student plans to attend college (i.e. March 1, 2012 for 2012-2013 academic year.)
 - b. The deadline for Missouri state grant aid is April 1 of the year the student plans to attend college (i.e. April 1, 2011 for 2011-2012 academic year.)
- The Financial Aid Office corresponds with applicants primarily via email regarding the status of their financial aid application and award estimates. Notification of missing information will be sent to a student's CougarMail account, the email address assigned to each student by Columbia College.
- Students who are interested in applying for additional assistance through federal Stafford loan programs should complete:

- a. Entrance Counseling (first time Columbia College borrower only)
- b. Stafford Loan Master Promissory Note (first time Columbia College borrower only)
- c. Submission of eAward letter (See Notification of Financial Aid Status and Awards)

Students may access these forms under the Financial Aid section through eServices.

- Parents (for students who are deemed dependent according to federal financial aid guidelines) who are interested in applying for additional assistance for their student through Federal PLUS loan programs should complete
 - a. PLUS loan data sheet
 - b. PLUS Master Promissory Note (first time Columbia College borrower only)

Parents may access these forms at

www.ccis.edu/offices/financialaid/parentforms. aspx.

Students must reapply each year for federal and state grants loans, and student employment.

ELIGIBILITY FOR FEDERAL AND STATE FINANCIAL AID

To receive aid from the federal student aid programs, a student must meet certain criteria:

- 1. U.S. citizen or eligible non-citizen status.
- 2. Pursuing a degree and enrolling in coursework required for the degree. Non-degree seeking students are not eligible for financial aid.
- Making Financial Aid satisfactory academic progress. (see financial aid standards of academic progress).
- 4. Other eligibility factors that are identified based on individual student circumstances as determined by the results of the Free Application for Federal Student Aid (FAFSA).
 - The Financial Aid Office communicates what necessary documentation is needed to resolve the eligibility issues. This communication will be sent via CougarMail.
 - Examples of eligibility issues include verification, selective service, citizenship, etc.

Full time status is measured as enrollment in six hours or more per session. Enrollment is determined after the add/drop period. <u>Federal regulation allows for</u> financial aid to pay for one retake of any previously passed course.

Federal and state aid programs have varying requirements of eligibility in terms of required enrollment; please see individual aid types for more information.

FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS

According to United States Department of Education regulations and Missouri Department of Higher Education policy, all students applying for federal and/or state financial assistance (as well as some private, credit-based loans) must meet and maintain satisfactory academic progress in a degree program to receive funding.

Satisfactory progress is measured in terms of qualitative, quantitative, and maximum time standards. All prior coursework at Columbia College is applied to these standards. The Financial Aid Office reviews the academic progress of financial aid recipients once per academic year in May.

QUALITATIVE MEASURE

The quality of a student's progress is measured by cumulative grade point average. The minimum cumulative grade point average for Financial Aid recipients is the same as the academic standard for Columbia College:

Completed Hours	Minimum Cumulative Grade Point Average
0-30.9	1.75
31-45.9	1.90
46 or more	2.00
Graduate Program	3.00

QUANTITATIVE MEASURE

The quantity of a student's progress is measured by the Cumulative Completion Rate (hours earned divided by hours attempted). Students are required to complete 2/3 of attempted hours while at Columbia College. Students who receive an I (incomplete), F (failing), W (withdrawal), or WE (excused withdrawal) for a course in a semester or session will have those courses included in the cumulative attempted hours (for definition of grades please see academic policies, regulations, and procedures). The Cumulative Completion Rate will be calculated in December and May to determine eligibility for financial aid for the following term. All courses are included in the Cumulative Completion Rate calculated. Please note the following:

Repeated courses add total hours attempted but not hours completed; the grade is simply replaced. The new grade is included in the cumulative calculation, which is considered when progress is again checked; therefore the repeated course is included in both qualitative and quantitative calculations. Federal regulation allows for financial aid to pay for one retake of any previously passed course.

Withdrawals, including excused withdrawals, all

count toward hours attempted for the Cumulative Completion Rate.

- Remedial, Enrichment and English as a Second Language courses count toward the Cumulative Completion Rate as well as cumulative GPA.
- Audit and Pass/Fail courses count toward the Cumulative Completion Rate.
- **Transfer** credit (including those received during consortium study) will count in the calculation of both cumulative attempted credit hours and cumulative completed credit hours. Transfer credits will count toward the Cumulative Completion Rate. Transfer credit does not count in the calculation of GPA. Transfer credit will count toward Maximum Time Measure.

MAXIMUM TIME FRAME MEASURE

Financial Aid recipients must complete an educational program within a time frame no longer than 150% of the published length of the educational program. All attempted withdrawn, and/or transferred credits count toward this maximum time limit, regardless of changes in program or receipt of a degree. For example, a student pursuing a bachelor's degree requiring 120 credit hours may attempt up to 180 hours before Financial Aid eligibility is suspended (120 x 150% = 180).

FINANCIAL AID SUSPENSION

Failure to meet minimum academic progress requirements will result in Financial Aid Suspension. The first time a student fails to meet the minimum (quantitative or qualitative) requirement, he/she will be placed on financial aid suspension.

If placed on Financial Aid Suspension, notification is sent to the student and all forms of Title IV federal and state aid will be withdrawn for the next terms in which the student enrolls. The Financial Aid Office will review the academic progress of financial aid recipients once per year in May. Notification of suspension is sent via email to a student's CougarMail address and via postal mail.

REINSTATEMENT

Financial Aid may be reinstated when one of the following conditions has been met:

- The student completes courses in one or more terms at Columbia College with the cumulative GPA and the cumulative completion rate at the required standard. It is the student's responsibility to notify the Registration and Financial Services Office when reinstatement conditions have been met.
- OR
- The student files an appeal and if approved the student is placed on Financial Aid Probation (See

Appeal Procedure and Financial Aid Probation Sections below).

APPEAL PROCEDURE

Students who have been suspended from financial aid may make a written appeal for reinstatement of eligibility if extenuating circumstances have contributed to their inability to meet the requirements for satisfactory progress. Extenuating circumstances include, but are not limited to, the following:

- · Death of an immediate family member
- Severe injury or illness of the student or an immediate family member
- · Emergency situations such as fire or flood
- Legal separation from spouse or divorce
- Military reassignment or required job transfers or shift changes

Students, who do not meet the above criteria and/ or cannot thoroughly document such situations, must reestablish eligibility through reinstatement before any additional federal or state aid is disbursed.

Students who have extenuating circumstances may appeal using the following procedure:

- 1. Submit a completed Appeal Packet online at http:// www.ccis.edu/offices/financialaid/appeal.asp. (see Financial Aid Appeal Form).
- 2. The completed appeal form is reviewed.
- The student is notified in writing via CougarMail of the decision and recommendations. The decision is final and may not be appealed.

FINANCIAL AID PROBATION

Financial Aid Probation is a status assigned to a student who fails to make satisfactory academic progress and:

- · Has appealed and
- · Has had aid eligibility reinstated

While on Financial Aid Probation, an academic plan for performance will be set and monitored.

The probationary conditions will continue each term until the student meets the minimum standard(s) or fails to meet the probationary conditions.

If the student does not make satisfactory progress or meet requirements of the academic plan by the end of the next term, the student loses eligibility for federal aid again.

DETERMINATION OF FEDERAL FINANCIAL AID AWARD

Financial need for federal and state aid is determined in the following manner:

NON-MILITARY STUDENT Cost of Attendance (from August, 2011 to May, 2012)		MILITARY ST Cost of Atter (from August, 2011	ndance
Tuition Books Room and Board Transportation Personal	\$3,656 \$880 \$7,464 \$2,856 \$5,556	Tuition Books Board* Transportation Personal	\$3,656 \$880 \$2,092 \$2,856 \$5,556
Total	\$20,412	Total	\$15,040

*Military students living in housing located on a military base or housing for which they receive a basic allowance are eligible for board expenses only in the Cost of Attendance.

Financial need = Cost of Attendance minus EFC (as determined by FAFSA)

Unmet need = Cost of Attendance minus EFC minus aid awarded.

Unmet cost = Cost of Attendance minus aid awarded.

Once the Expected Family Contribution (EFC) and financial need have been determined, the student's information is reviewed. The student is offered an aid package that may consist of grants, scholarships, outside assistance, loans and/or Federal Work-Study. A federal aid recient's aid package may not exceed Cost of Attendance.

Students are responsible for reporting to the Registration and Financial Services office all assistance received from outside sources, as federal law requires that all outside assistance be considered as a part of the financial aid package. These types of assistance include such aid as Veteran's Benefits, outside scholarships, military or corporate tuition assistance, vocational rehabilitation or other state aid. Federal guidelines require that a student not exceed the Cost of Attendance in the amount of aid they receive.

The maximum amount of institutional and endowed aid that can be awarded is tuition, as long as the aid (all types) does not exceed the cost of attendance. **Due to federal regulations, scholarships awards may be affected if you are receiving federal and/or state financial aid.**

A student's loan amount is determined as a part of the aid package. A student's loan eligibility is based on factors that include annual loan limits, unmet need, and federal aggregate limits. In addition, if a student has less than an academic year remaining in the degree program, the loan is prorated, per federal guidelines.

A student who completes the academic requirements for a program but does not yet have the degree is not eligible for further federal aid for that program.

Dependent Undergraduate	Subsidized	Total (Subsidized & Unsubsidized)
0-23.9 credit hours	\$3500	\$5500
24-51.9	\$4500 \$4500	\$6500 \$6500
	1	
52-83.9	\$5500	\$7500
84-120	\$5500	\$7500

Independent Undergraduate	\$23,000	\$57,500

Federal Stafford Loan Annual Limits

NOTIFICATION OF FINANCIAL AID STATUS AND AWARDS

College email addresses are assigned to all Columbia College applicants. The Financial Aid Office corresponds with students primarily via email regarding the status of their financial aid application and notification of financial aid estimated awards. Correspondence sent via email is not sent via postal mail. Students should check their college email on a regular basis and are responsible for information sent even when school is not in session

Students may access their financial aid award estimate(s) through the eServices link on Columbia College's website, www.ccis.edu/eservices. The financial aid electronic award notifications and associated links in the notifications discuss eligibility requirements and other important information. Students should carefully review their electronic award notifications and are responsible to read and understand all included information. Students should accept or decline the aid that is offered to them through the electronic award notification process. Students must provide documentation if they are receiving an outside form of financial assistance not listed in the award notification

ATTENDANCE

Financial aid is awarded to a student with the expectation that the student attends school for the period for which the assistance is awarded. If a student does not begin attendance in all of his or her classes, the aid must be recalculated based on the actual attendance. Students who are not in attendance for the courses in which they enrolled are not eligible to receive financial aid.

AID DISBURSEMENT

A student's financial aid (except Federal Work-Study) is credited directly to his/her student account and applied to tuition and fees each session. Aid funds are credited for other charges with authorization from the student through the electronic award notification process. Federal Work-Study funds are paid in the form of a bi-weekly paycheck. Funds are paid for authorized hours worked.

When a student registers for courses, he/she may decuct the amount of aid that has been awarded (except Federal Work-Study) from what is owed to the college for that session. If a student's financial aid awards exceed his/her charges, the student will receive a refund. A student may use excess financial aid prior to the start of the session to purchase books by using a book voucher. If you are eligible for a book voucher, contact Registration and Financial Services to obtain information.

Estimated refund dates are posted on the Financial Aid website under "Important Dates". Refunds are either mailed to the student at his/her home address or sent electronically to the student's bank account (for students who elect the direct deposit option through their ePayment account.)

RETURN OF TITLE IV FUNDS

This policy applies to students who complete 60% or less of the enrollment period (i.e., Fall, Spring or Summer session) for which they received Federal Title IV aid. A student who withdraws from a class but still comletes one or more classes does not require a Return of Title IV calculation. The term "Title IV aid" refers to the following Federal financial aid programs: Unsubsidized Federal Stafford loans, Subsidized Federal Stafford loans, Federal Perkins loans, Federal PLUS loans, Federal Pell Grants, and Federal SEOG (Supplemental Educational Opportunity Grant), and the Federal SSS (Student Support Services) Grant.

To conform to the policy, Columbia College must determine the student's withdrawal date. A student's withdrawal date is defined as the last date of academic attendances determined by the college's attendance record.

The calculation required determines a student's earned and unearned Title IV aid based on the percentage of the enrollment period completed by the student. The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the period. Calendar days (including weekends) are used, but breaks of at least 5 days are excluded from both the numerator and denominator.

Until a student has passed the 60% point of an enrollment period, only a portion of the student's aid has been earned. A student who remains in attendance beyond the 60% point is considered to have

earned all awarded aid for the enrollment period.

The College's refund policy and Return of Title IV Funds procedures are independent of one another. A student who withdraws may be requied to return unearned aid and still owe the College for the course (see Fees section).

The responsibility to repay unearned Title IV aid is shared by Columbia College and the student. For example, the calculation may require Columbia College to return a portion of federal funds to the Federal Title IV programs. In addition, the student may also be required to return funds based on the calculation. A student returns funds to the Federal Stafford Loan programs based on the terms and conditions of the promissory note of the loan. A student who receives a Federal Pell Grant may be required to repay 50% of the funds received. The return of Federal aid is in the following order: Federal Unsubsidized loans, Federal Subsidized loans, Federal Perkins loans, Federal PLUS loans, Federal Pell Grants, and Federal SEOG (Supplemental Educational Opportunity Grant) and the Federal SSS (Student Support Services) Grant.

A student who owes funds to a grant program is required to make payment of those funds within 45 days of being notified of the overpayment. During the 45 day period students remain eligible for Title IV funds. If no positive action is taken by the student within 45 days of being notified, Columbia College will notifies the U.S. Department of Education of the student's overpayment situation. The student is no longer eligible for Title IV funds until he/she enters into a satisfactory repayment agreement with the U.S. Department of Education.

During the 45-day period, the student can make full payment of the overpayment to Columbia College. The College forwards the payment to the U.S. Department of Education and the student remains eligible for Title IV funds. If a student is enrolled in a future session within the 45-day period and has financial aid, the financial aid office may cover the student's overpayment with a student's upcoming disbursement of aid.

If a student is unable to pay the overpayment in full, he/she can set up a repayment plan with the U.S. Department of Education. Before doing so the student should contact Registration and Financial Services to confirm the situation has been referred to the U.S. Department of Education before any repayment plan can be arranged.

U.S. Department of Education Student Financial Assistance Programs P.O. Box 4222 Iowa City, IA 52245 Phone: 1-800-621-3115 E-mail: DCS_HELP@ed.gov.

For examples of the Return of Title IV Funds cal-

culations or questions regarding the overpayment policy, please contact the Registration and Financial Services Office.

SUMMER AID

Financial aid is available during the summer program in the form of Federal Pell Grant, Federal Work-Study (if funding permits), and the Federal Stafford Loan Program. Specific information and application materials for summer assistance may be obtained in the Registration and Financial Services Office.

TYPES OF FINANCIAL AID

FEDERAL FINANCIAL AID

Pell Grant

The Federal Pell Grant is available to undergraduate students and ranges from \$555 to \$5,550 per academic year, based on the financial need of the student.

Pell grants are awarded based on full-time enrollment. A student may be eligible for the Pell Grant with less than full-time enrollment depending on student's award. Students may not receive Pell at more than one school at a time. New recipients of Pell Grants on or after July 1, 2008 are limited to nine Scheduled Awards (maximum amount for full-time enrollment for a full academic year).

All other financial aid eligibility requirements, such as making satisfactory academic progress, need to be met to qualify.

Iran and Afghanistan Service Grant

This is a grant for students who are not eligible for a Pell grant whose parent or guardian died as a result of military service in Iraq or Afghanistan after 9/11/01 and who, at the time of the parent's or guardian's death was less than 24 years old or was enrolled at least part-time at an institution of higher education. The amount is the same as Pell Grant amount and is adjusted for less than full-time enrollment.

PLUS Loan Program

This is an unsubsidized loan made to parents and must be repaid. This loan is a credit-based loan. Student must be enrolled at least half time to be eligible for PLUS loan disbursement. PLUS loans may be availabe up to unmet cost (see Determination of Federal Financial Aid Award). Interest rate is 7.9%. Parent must complete PLUS loan data sheet and PLUS master promissory note for loan to be certified. Parent also must be approved through a credit check for loan to guarantee.

The parent borrower determines how excess funds are disbursed when completing the PLUS loan data sheet.

If a student's parents do not qualify for a PLUS loan, the student may be eligible for additional Stafford loans. (See Federal Stafford Loan Annual Limits)

Stafford Loan Program

This program provides to students subsidized and/or unsubsidized loans; this aid must be repaid with interest. Loan award amounts depend on various factors (see Determination of Federal Financial Aid Award). Interest rate is 3.4% for subsidized loans and 6.8% for unsubsidized loans. Students must complete Stafford loan entrance counseling, Stafford Loan master promissory note, and submission of eAward for loan to be certified. Students must be enrolled at least half time to be eligible for loan disbursement.

- Subsidized Stafford Loan is need based. The US Department of Education pays the interest while a student is in school at least half time, for first six months after student leaves school, and during a period of deferment.
- Unsubsidized Stafford loans are available for students who do not have financial need and for amounts beyond subsidized loan limit for some students. The US Department of Education does not pay interest on unsubsidized loans.

Supplemental Educational Opportunity Grant (SEOG)

SEOG is a grant available for undergraduates, based on the financial need of the student. To be eligible students must be receiving Pell. Columbia College is only given a limited amount of funding for SEOG. Awards are not made after funds have been expended. To increase possibility of being awarded SEOG, students must submit their FAFSA with Columbia College's school code prior to March 1 (the spring before the academic year begins). Student must be enrolled to be eligible for SEOG. Any unexpended SEOG funds will be allocated to various students with exceptional need at the end of the academic year. SEOG awards range from \$100 to \$4,000; the average award is \$1,000.

Work-Study Program

The Federal Work-Study program offers the opportunity for students who demonstrate financial need based on the results of the FAFSA to work on

campus. Information regarding open positions and application process is available from Human Resources at the Columbia, Missouri Campus

STATE FINANCIAL AID

Access Missouri

This grant is available to residents of Missouri, based on financial need. Application is made by completing the FAFSA before April 1 (the spring before the academic year begins). Students must be enrolled full-time at Columbia College to be eligible. Enrollment at other institutions may not be used to determine full-time enrollment for state aid. Amounts vary. Awards are made in an estimated status; awards become official after the add/drop period has ended, full-time enrollment is verified, and Columbia College receives the funding from the state.

Renewal students must maintain a cumulative GPA of at least 2.5 as well as satisfactory academic progress based on quantitative measure and maximum time frame (see financial aid standards of academic progress). Renewal is not automatic; renewal is based on financial need and FAFSA application being completed before April 1 (the spring before the academic year begins). A student may not receive Access for more than 10 semesters.

Missouri Teacher Education Scholarship

This scholarship is available to entering freshmen who rank in the top 15% of their class or on the ACT/SAT and intend to pursue teacher certification. Columbia College matches the \$1,000 awarded by the State of Missouri. Scholarship applications may be obtained from the Missouri Department of Elementary and Secondary Education's website: www.dese.mo.gov/divteachqual/scholarships. Application deadline is February 15.

Missouri Minority Teacher Education Scholarship

This scholarship is available to minority students who rank in the top 25% of their class or on the ACT/ SAT and intend to pursue teacher certification. Columbia College matches the \$1,000 award by the State of Missouri. Applications are available from high school counselors or the Missouri Department of Elementary and Secondary Education. Scholarship applications may be obtained from the Missouri Department of Elementary and Secondary Education's website: www.dese.mo.gov/divteachqual/ scholarships. Application deadline is February 15.

Bright Flight Scholarship

Students who are Missouri high school graduates who scored in the top 3 percent of Missouri students on the ACT or SAT are eligible for this scholarship. The Missouri Department of Higher Education awards the scholarship. To apply, contact the State of Missouri Department of Higher Education, high school guidance counselors or the Registration and Financial Services Office at Columbia College. Renewable for four years with full-time enrollment and must maintain a cumulative GPA of at least 2.5 as well as satisfactory academic progress based on quantitative measure and maximum time frame (see financial aid standards academic progress).

FINANCIAL AID INFORMATION

If you have any questions about the College's financial aid program, call the Registration and Financial Services Office for assistance at (573) 875-7390.

Additional financial aid is available at Columbia College's web site: *www.ccis.edu*

SCHOLARSHIPS, GRANTS AND AWARDS

Scholarships, awards and grants are forms of "gift" assistance that do not require repayment. Institutional aid is generally intended for tuition assistance; scholarship amounts vary. Some awards are automatic based on specific criteria. Other scholarships are made in available in recognition of performance. Generally scholarships, awards, and grants are non-need forms of financial assistance. Scholarships available vary by campus. Institutional aid is awarded to degree-seeking students working on their first undergraduate degree.

ALMM/PLA WOMEN'S ACHIEVEMENT SCHOLARSHIP

Criteria: Presented to a day, evening or nursing student who is female, age 25 or over with at least a 2.75 GPA.

ALMM/PLA WOMEN'S ACHIEVEMENT SCHOLARSHIP FOR NURSING

The Assistance League of Mid-Missouri/Professional Leaders Auxiliary Scholarship presented to female students who are Mid-Missouri residents, U.S. citizens and 25 years or older who are enrolled in the nursing program.

ASSOCIATE DEGREE IN TRANSFER GRANT

The eligibility for the Associate Transfer Grant includes the following criteria:

1. The Associate Degree must have been earned within the past twelve months and must consist of 60 credit hours or its equivalent.

- 2. The student must not have received the Associate degree from Columbia College.
- The student may not have completed additional college work since the award of the Associate degree.
- 4. The student must have financial need. For exam ple, he or she must not be eligible for VA Benefits or for Tuition Assistance. Students wishing to apply for the Associate Degree Transfer Grant must complete the application for financial aid.

The Associate Transfer Grant provides a reduction in tuition for each eligible student at a maximum of \$12.50 per credit hour attempted. This award is for five sessions only, for a maximum total award of \$375. To receive and remain eligible for the grant, the student must maintain satisfactory academic progress according to established institutional policy and must be continuously enrolled as a full-time student.

BOONE COUNTY ENDOWED AWARD

New freshmen who are residents of Boone County with a minimum cumulative grade point average of 3.1 or a GED score of 280 and a minimum ACT score of 22 or SAT cumulative score of 1020, may compete for these scholarships. One letter of recommendation is required from a leader of a community organization in which the student participates. Each year \$1000 awards are awarded to full-time students, renewable with a 2.5 Columbia College cumulative grade point average.

CAROL FROBISH SCHOLARSHIP

Criteria: Presented to a returning female business major with at least a 3.0 GPA.

CENTURYTEL FOUNDATION SCHOLARSHIP

Presented to students who are residents of Missouri and have a cumulative grade point average of 3.5 or better. Recipients must be incoming freshmen, transfer students or seniors.

COLUMBIA COLLEGE NURSING SCHOLARSHIP

Presented to outstanding nursing students.

EVENING CAMPUS SCHOLARSHIP

This award, which was established in 1989, is presented to an outstanding full-time student in the Evening Campus.

Criteria: Awarded to a student in the Evening Campus, 25 years of age or older, with a 3.5 or higher cumulative G.P.A., who has earned at least 42 credit hours from Columbia College. When more than one student qualifies, G.P.A., financial need, and service to the College or community will be considered.

FRANK WESTLING SCHOLARSHIP

This award was established in 1998 to honor and memorialize Frank S. Westling, former Dean of the Extended Studies Division of Columbia College, by his family and friends.

Criteria: Awarded to an ESD student attending a branch location at the time award is given, with a minimum cumulative GPA of 3.0, who has met the residence requirement for the degree being sought.

JACKOLYN LOIS BARNHOUSE MEMORIAL SCHOLARSHIP

This award was established in 1999 to honor and memorialize Jackolyn Lois Barnhouse who was "a woman, good without pretense, blessed with plain reason, and with sober sense." -Alexander Pope

Criteria: Awarded to an Evening Campus student who is a single mother concentrating her studies in Humanities, with a minimum of 24 hours completed at Columbia College and a 2.5 GPA or higher at Columbia College.

LIZBETH BRYDGES METSCHER SCHOLARSHIP

This award was established in 1983 by several members of the College staff in honor of Lizbeth Brydges Metscher, a valued and respected member of the Evening faculty who has provided encouragement and support to evening students.

Criteria: Awarded to a returning female Evening student 30 years of age or older, who has a 3.0 or higher cumulative grade point average and who has earned 42 or more credit hours from Columbia College.

MARY ALICE ROBERTSON SIMON-MERIDETH SCHOLARSHIP

Criteria: Presented to a major in either mathematics or science. Student must have at least a 3.0 GPA.

MARY ISABEL OMER SCHOLARSHIP

Criteria: Junior or senior day or evening students majoring in psychology (counseling) or education (w/ strong emphasis in psyc). Must have grade point averages of 3.0 or higher and show evidence of need. (Cross-listed with Education and History & Social Sciences).

MILITARY SPOUSE TUITION GRANT

The spouse of an active duty, guard or reserve member of any military service will be granted a 20 percent tuition discount for in-seat classes. The discount recognizes the service and sacrifice of military members and the spouses who support them. To be eligible a student must be able to show a valid military spouse I.D. or other documents(s) that confirms marriage to a military member. The discount does not apply to online coursework, nor does it apply to military spouses covered under a tuition-assistance program.

ROBERT M. MCDANIELS SCHOLARSHIP

This award was established in honor of Robert M. McDaniels, class of '76, former Director of the Evening Campus, in recognition of his many years of excellent leadership of the program.

Criteria: Awarded to a returning, full-time, non-traditional Evening student who is 25 years of age or older, has a 3.0 or higher cumulative grade point average and who has earned 42 or more credit hours from Columbia College.

ROSE LAMB ACCOUNTING SCHOLARSHIP

This award was established in honor of Rose Lamb, class of '98, a former Evening accounting student. Criteria: Awarded to an Evening accounting student who has 12 hours of accounting with a minimum 3.25 G.P.A.; an overall G.P.A. of 3.0; and evidence of financial need. A Letter of Application stating the student's goals and need for the scholarship must be submitted along with the application.

SENIOR CITIZEN AWARD

A student of 65 years or older is required to pay one half normal tuition. Such a student is required to pay all other charges in connection with enrollment, course work, and graduation.

SPOUSE'S OPPORTUNITY SCHOLARSHIP

Awarded to spouses of active duty military members. Student must be seeking first undergraduate degree and be enrolled in first course at Columbia College (scholarship does not apply to online coursework). Student must submit the scholarship application before registering and show military dependent identification card to campus for verification. Amount is tution for one in-seat course.

TWO-IN-FAMILY GRANT

Two-in-Family Grants are available to eligible students when an immediate family member (spouse, father, mother, son, daughter, brother, sister) is enrolled as a full-time student at Columbia College. Apply using the Columbia College institutional aid application. The Two-in-Family Grant will provide a tuition reduction of \$75.00 per course for each family member who is enrolled on a full-time basis. The Two-in-Family Grant is renewable in succeeding sessions as long as both family members remain fulltime students and continue to maintain satisfactory academic progress according to established institutional policy. Renewal of the Two-in-Family Grant requires completion of a Columbia College institutional aid application for financial aid each year.

WARRANTED DEGREE PROGRAM

A student who has an associate or baccalaureate degree from Columbia College may be eligible to participate in the Warranted Degree Program. Eligible students may enroll in one course free of charge if five years have elapsed since the student received the degree, no outstanding fees are owed, and the student is not in default on a Federal Stafford/Direct of Perkins Loan.

Students may enroll for credit or as an auditor in a course being offered during the regularly scheduled sessions provided space is available and course prerequisites are met. The Warranted Degree Program cannot be used for graduate-level or online education coursed. Students are required to pay for any lab fees or textbooks associated with the course.

Students are permitted to enroll in one free course in each subsequent five-year period, but may not accumulate free courses. Application for the Warranted Degree Program is to be forwarded through the campus of desired attendance to the Admissions Office and no application fee is required. Warranted Degree applicant must submit a Columbia College institutional aid application. Other aid may be available from the local campus.

OUTSIDE SOURCES

Vocational Rehabilitation Benefits

Students with physical or mental disabilities may be eligible to receive benefits from the Department of Vocational Rehabilitation. Assistance may include counseling; training for vocational, technical, or professional employment; and funding for books, supplies, maintenance, medical services, and transportation. To apply, students should contact the regional Department of Vocational Rehabilitation. Missouri residents may write to the Division of Vocational Rehabilitation, Jefferson City, MO 65101.

War Orphans or Armed Services Benefits

If students are dependents of veterans who died or were permanently disabled as a result of military duty, are between the ages of 18 and 26, and are enrolled on a full-time basis, they may be eligible for educational benefits. Students may contact their regional Veteran's Administration office or the Veterans Coordinator, Columbia College, (573) 875-7504.

GI Educational Benefits

Columbia College is approved for enrollment certification of students eligible to receive education assistance (GI Bill) from the U.S. Department of Veterans Affairs (DVA). Eligibility requirements vary for veterans education benefit programs. For additional information and application materials, contact the Columbia College Veterans Certifying Official, (573) 875-7504, vacert@ccis.edu.

Job Training Partnership Act (JTPA)

Students may be eligible to receive benefits from JTPA. Assistance may include counseling; training for vocational, technical, or professional employment; and funding for tuition and books. To apply, contact the Work Connections Office in your area.

If you have any questions about the College's financial aid program, call the Registration and Financial Services Office (573) 875-7390. Additional financial aid information is available at Columbia College's website: *www.ccis.edu*

EVALUATION OF CREDIT AND TESTING

ACT RESIDUAL

The ACT Residual is offered periodically throughout the year. Registration is required. Scores are not reported outside of Columbia College. The cost is \$30.00. Additional information may be obtained in the Testing Services Office.

CLEP

Columbia College awards semester hours credit for the College Level Examination Program (CLEP). Credit for CLEP subject and general exams is awarded if the score is at or above the minimum score recommended by the American Council on Education. This score is set at the mean score achieved by students who earned a C in the respective course.

Official test records are submitted to the Evaluations Department for validation of academic credit. All credit completed by examination and accepted in transfer is recorded in semester hours. Additional information about CLEP credit may be obtained in the Evaluations Department.

Contact the Test Adminstrator to take CLEP examinations.

CORRESPONDENCE CREDIT

Correspondence credit is accepted if recorded on an official transcript from another regionallyaccredited college or university.

CREDIT FOR PRIOR LEARNING

Columbia College defines prior learning as those learning and growing experiences gained through work or other experiences outside the formal setting of a college classroom. You may request evaluation for college credit for such experiences by filing an application for credit and documenting and verifying the learning acquired. A \$75 per credit hour fee is charged for the evaluation, but no charge is made for any academic credit awarded. Prior learning credit may be awarded after the successful completion of 12 semester hours of credit with Columbia College with a minimum 2.0 grade point average. The college has a policy limiting the maximum number of hours of prior learning credit to 15.

EXCELSIOR EXAMS

Columbia College awards credit for Excelsior Exams (formerly ACT Pep/Regents Exams); official score reports must be submitted for evaluation and credit is awarded if the score is at or above the minimum acceptable score. Additional information may be obtained in the Evaluations Department.

EVALUATION OF ACADEMIC TRANSFER CREDIT

If students enter Columbia College after having attended another institution, they are referred to as transfer students. Generally, full credit is given for work completed with a C grade or higher received from a regionally accredited college or university, provided the courses are comparable to courses listed in the Columbia College catalog.

Associate in Arts and Associate in Science degrees completed prior to enrollment with Columbia College and approved by the Evaluations Department will be accepted in transfer and fulfill Columbia College general education requirements. Such degrees must be received from schools approved by one of the following accrediting bodies: MSA, NCA, NEASC-CIHE, SACS-CC, WASC-JR and WASC-SR.

Any other Associate degree from an approved accrediting body or any other Associate degree from any other accepted accrediting body will follow the alternate Associate Transfer Policy. The alternate policy acknowledges Associate degrees from accepted and/or regionally accredited institutions, completed prior to enrollment with Columbia College, that contain ENGL 111 and ENGL 112 with a grade of "C" or better, 33 hours of General Education courses with representation in Humanities, Social/Behavioral Sciences and Mathematics/ Science.

Bachelor of Arts and Bachelor of Science degrees from institutions accredited by United States regional associations and/or approved by the United States Office of Education and recognized by Columbia College shall be honored as their equivalents at Columbia College with regard to general education requirements.

If students have not received an associate or baccalaureate degree from a transferring school prior to enrollment with Columbia College, or a baccalaureate degree from a transferring school, then Columbia College's general education requirements must be completed even if the previous schools' requirements were met.

To obtain credit, students submit official transcripts from each college or university attended when applying for admission to Columbia College. An official transcript is one sent directly from the institution attended to Columbia College and bears an official seal of the institution and signature of the Registrar. Students are required to identify all postsecondary institutions attended. Failure to do so may result in denial of admission.

Columbia College accepts credit transferred at the level granted by the transferring institution.

Courses transferred from two-year colleges are not accepted for upper-level credit.

MILITARY CREDIT

DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATIONAL SUPPORT (DANTES)

Semester hour credit recommended by ACE is awarded upon attainment of an acceptable passing score per section, or credit is awarded as determined by the testing authority at the time the test was taken. An official record of test results must be sent to the Evaluations Department. Contact Testing Services to take DSST examinations.

MILITARY SERVICE

Columbia College requires certified true copies of a student's Military Qualification Record to review for awarding of transfer credit. The documents that are acceptable for evaluation of military service, basic training, military education and military occupation include: Army, Form 2-1, and AARTS transcript; Navy, Page 4's, SMART transcript; Air Force, official transcript from CCAF; Coast Guard, Page 3 or official CG transcript from CG Institute; Marine Corps, NAVMC 118 8a, SMART transcript. Columbia College accepts the DD Form 214 (Discharge) only for evaluation of military service and basic training.

UNITED STATES ARMED FORCES INSTITUTE (USAFI)

USAFI standardized end-of-course tests are accepted if attainment is at the 20th percentile or above. An official record of test results must be sent to the Evaluations Department.

STUDENT SERVICES

CAMPUS LIFE OFFICE

The purpose of Campus Life is to create an environment enabling students to develop skills and experience relationships that promote maximum intellectual and social growth. Campus Life, through its programs, services and procedures actively strives to develop students into exemplary leaders, scholars and citizens.

INTERNATIONAL PROGRAMS

The International Programs Office strives to maintain the integrity of the College through the recruitment, admission, integration and retention of international students. The staff serves as an advocate and liaison for international students at Columbia College concerning interactions with various federal, state and local agencies as well as campus constituents. The Coordinator counsels students, faculty, staff and the administration on current global issues affecting international education. The staff disseminates up-to-date information regarding changes in the United States immigration law to students and the campus community; advises students of their responsibilities to abide by these laws and regulations; and assists students in achieving their goals within the context of the applicable laws and regulations. Information is also provided to students, faculty and staff on changes in institutional policies and practices affecting international education. Through effective and mandatory orientation activities, ongoing programming and communication, International Programs promotes an environment of cross-cultural awareness, diversity and understanding in all aspects of campus life.

STUDY ABROAD PROGRAMS

Columbia College provides study abroad opportunities. Studens are encourages to explore opportunities to study outside the United States. The College is a member of the Missouri London Consortium and the Central College (IA) study abroad consortium. The College also offers a study tour to a different country each year. Participants in the study tour may enroll for up to six hours of course credit as part of the eight-week summer session. Dr. Brian Kessel, 207 St. Clair Hall, is the Study Abroad Advisor and advises students about the availability, value and academic appropriateness of these programs.

To help defray costs to study abroad, students may apply for financial aid through the Columbia College Registration and Financial Services Office. Federal financial aid, such as the Pell Grant or student loans, can be used to help finance study abroad. Institutional grants and awards cannot be used for study abroad. Students who are interested in obtaining more information about these opportunities should contact Dr. Brian Kessel, Study Abroad Advisor, at (573) 875-7625 or email: blkessel@ccis.edu.

NEW STUDENT ORIENTATION

Evening Campus New and Transfer Student Orientations will be held beginning at 5:30 p.m. on the following dates in Dulany Hall:

August 17, 2011 October 19, 2011 January 7, 2012 March 8, 2012 May 23, 2012

New students should plan to attend this event prior to their first session with the Evening Campus. Student I.D. cards, parking hang tags, and other academic materials will be available. A presentation will be made by the Evening Campus Staff, and students will also have the opportunity to visit with the Admissions staff, an Evening Campus academic advisor, and a representative from Student Financial Services. Refreshments will be served.

DULANY HALL INFORMATION

Dinner is generally served in Dulany Hall from 5:30-7:00 p.m. Mondays through Thursdays and 5:00-6:00 p.m. Fridays when classes are in session. There are abbreviated hours during the months of June and July.

An "all you can eat" meal is very reasonably priced. Spouses, family and friends are welcome.

The Cougar Cafe, located in the Student Commons, is open from 7:30 a.m. - 8:30 p.m. Monday - Thursday when classes are in session. The menu consists of a variety of grab and go items. Summer hours may vary.

HEALTH SERVICES

The Health Center is located on the second floor of the Student Commons. Health services are available to all students, faculty, and staff. The Health Center is a nurse practitioner-directed clinic that, along with a consulting physician, provides care for minor illnesses and injuries, health care counseling health promotion and community referral services. Visits to the clinic are free; however, payment of lab work, of most vaccines and of referred physician visits, is the client's responsibility

ATHLETICS

Columbia College sponsors five intercollegiate sports: volleyball, softball and basketball for women; basketball and soccer for men.

The College is a member of the American Midwest Conference (five Missouri colleges, one Illinois college and one Arkansas college) and the National Association of Intercollegiate Athletics (NAIA).

The College also has an active intramural program that attracts spirited participation in activities such as flag football, basketball and softball.

In addition, the college sponsors various classes in physical recreation that vary with student interest and have included aerobics, life-saving and physical fitness.

Further information is available from the Campus Life Office or Athletic Office.

RECREATION

The Student Commons, Southwell Sports Complex and common areas are available for a variety of recreational activities. The Fitness Center is located in Southy Hall. Other college facilities, such as Launer Auditorium, the Jane Froman Dance Studio, classrooms, Dulany Hall and space in the Student Commons are available upon approval to any officially recognized student organization for meetings and programs. Reservations are made on a first-come, first-served basis. More information is available in the Student Activities Office.

Recreational areas within the immediate region include Cosmo Park, Peace Park, Pinnacles Park, Arrow Rock and Rock Bridge Memorial State Park. The Lake of the Ozarks, a major tourist area, is sixty miles south of Columbia. St. Louis and Kansas City are each 125 miles from Columbia on Interstate 70.

STUDENT DEVELOPMENT (COUGAR DEN)

The Student Development Office (Cougar Den) serves as a campus resource for all students, faculty and staff. It promotes healthy lifestyle choices and encourages balance between the mind, body and spirit. Throughout the year it sponsors workshops and seminars that focus on personal development, wellness, diversity and leadership.The Student Development Office also offers classes in various outdoor recreation areas, as well as peer advising opportunities.

The Office of Student Development is located adjacent to the Cougar Den. The Cougar Den is a wonderful place to socialize between classes or to get away from the noise and find a quiet spot to relax. It houses a small library focusing on wellness, spirituality and other health-related topics.

COUNSELING SERVICES

Counseling Services provides confidential counseling free of charge to assist students with personal, developmental or psychological concerns related to their academic progress and/or personal growth. Counseling is short-term, solution-focused with session limits set per semester. For chronic mental health issues or those that may require more extensive counseling, referrals to community resources are provided. Students may seek assistance with or assessment of the following issues: anxiety/panic, depression, stress and time management, relationships, conflict resolution, eating disorders, and drug and alcdoholabuse, as well as others. Counseling sessions are available Monday through Friday by appointment. More information is available at www. ccis.edu/offices/campuslife/counseling/. If you have questions, or to make an appointment, pleasecall Terri Zeilenga, M.A., LPC at 573-875-7423.

RELIGIOUS AFFAIRS

Opportunities abound in Columbia for religious expression, cultural appreciation, spiritual exploration and faith development. The Columbia College Chapel is open to all students, faculty and staff for prayer and meditation. Programs on campus include spiritual events, studies of religious issues, and opportunities for discussion with others through affiliated clubs and organizations. Information is available in the Student Development and Student Activities Office.

Columbia College respects the right of all persons to practice their faith according to the recognized tenets of their religion. Should religious observance require absence from regularly scheduled activities, individuals are responsible for notifying supervisors/instructors prior to the absence and making appropriate arrangements.

STUDENT LAPTOP LOAN AGREEMENT

Columbia College has ten laptop computers available for loan to currently enrolled students, be they enrolled in Day Campus, Evening Campus, Online Campus, or Graduate courses.

Guidelines: By signing the attached form, borrower states that he/she understands the rules of the agreement and consents to abide by the guidelines contained herein.

- 1. Borrower must be a currently enrolled Columbia College student in good status with no liens on his or her account in order to borrow a laptop computer.
- 2. Reservations are accepted only when the available supply of laptops is not depleted. Laptops may be reserved by telephone up to one hour in advance. The reserved laptop will be held for

one hour at which time the reservation will become void.

- Borrower must provide proper identification (Student I.D.) and adequate contact information at time of check-out.
- Laptops may be held by borrower for up to four hours, unless laptop is borrowed within four hours of close. Should laptop be checked-out within four hours of close, the following schedule must be followed:

Sunday through Thursday – If laptop is borrowed at or later than 8:00 P.M., laptop must be returned same day no later than 11:30 P.M. **Friday and Saturday** – If laptop is borrowed at or no later than 1:00 P.M., laptop must be returned same day no later than 4:30 P.M.

- 5. Those wishing to renew borrowing time of laptop may do so only during times of light usage. Renewals must be done in-person in the Technology Services Computing Lab. New forms must be completed at time of renewal.
- 6. A borrower who does not return the laptop by the appropriate time will have laptop privileges revoked on the following scale:
 - Two hours to twenty-three hours after designated return time: laptop privileges revoked for four weeks.
 - Twenty-four hours to forty-eight hours after designated return time: laptop privileges revoked for eight weeks.
 - Beyond forty-eight hours after designated return time: laptop privileges revoked completely; laptop will be considered as stolen and the proper authorities will be contacted.
- 7. Borrower understands that all printed documents originating from the laptop will be held in the Student Computing Lab until close of business that day. Printed documents not collected will be discarded.
- 8. At time of check-out, laptop will be comprehensively tested to ensure all components are in proper working order. The cost of replacement parts for any damage caused to laptop during its time of check-out (outside of normal wear and tear) will be the responsibility of the borrower. This includes damage to hardware as well as missing and stolen parts.
- Borrower is financially responsible for lost or stolen laptops, therefore it is advisable that students do not leave a laptop unattended and do not entrust ownership to another individual.
- 10. Laptops are not to be removed from the Columbia College campus. If a laptop is removed from campus and an emergency situation arises disabling the borrower to return said laptop, no allowances will be made.
- 11. All documents saved on laptop hard drive will be

deleted immediately at time of return.

12. Laptops must be turned in to a Lab Assistant in the Student Computing Lab. For the borrower's own protection, he or she must initial the Student Loan Agreement at the time of check-in.

CAREER SERVICES CENTER

The Grossnickle Career Services Center has trained personnel to assist students with all aspects of career planning and development. Specific services designed to promote professional and personal success include a carefully guided assessment of their skills, abilities, values, achievements and interests as aids to effective career planning; a library of information about occupations, corporations, agencies and government organizations; salary surveys; employment qualifications and employment trends; development and maintenance of placement documents; listings of full-time, part-time and summer employment opportunities and internships; and services for graduate and professional school placement. Programs are provided to inform and train the individual in such areas as interviewing, resume/ cover-letter construction, job hunting and sourcing, networking, decision making and salary negotiation.

TESTING SERVICES

The Testing Center conducts a variety of tests such as the CLEP, DANTES, ACT Residual, English and Math Placement, CBase and testing for students with disabilities.

STUDENT HANDBOOK

Provides detailed information about all aspects of campus life. If students wish to have a copy of the student handbook, copies are available in Evening Campus Office.

BOOKSTORE

The Campus bookstore, located on the main floor of the Student Commons, carries a range of textbooks, trade books, art supplies, study materials, college memorabilia, personal grooming products and snacks. Both new and used textbooks are available.

Text books for both day and evening on-campus courses are available for purchase a few weeks before classes begin. When obtainable, used texts are sold at 25% less than the cost of a new text. Students can now reserve textbooks onine via the website: ccis.bkstore.com or whywaitforbooks.com.

Students may receive textbook refunds based on the policies listed below. <u>No refund will be issued</u> <u>without a valid receipt for all textbooks</u>. Textbooks must be in the original condition.

REFUND POLICY

For all courses a full refund will be given with a receipt if the textbook is returned within the first week of classes.

Textbooks must be in original condition, including all components in packages.

- Merchandise other than textbooks may be refunded with a valid receipt within thirty days.
- Merchanges must be in original condition, unopened with tags.
 Refunds will be issued in the original form of payment.
- The textbook buyback period is during finals week. This is the best time to sell back textbooks.

Contact Information: Columbia College Bookstore Atkins-Holman Student Commons 1009 Rogers Street Columbia, MO 65216 Phone Number: (573) 875-7341 FAX Number: (573) 442-0747 Email: ccis@bkstore.com Website: ccis.bkstore.com

STUDENTS WITH DISABILITIES

The Rehabilitation Act of 1973 (public law 93-112) section 504, provides that "no otherwise qualified disabled individual in the United States shall solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance."

- It is the student's responsibility to notify the institution of a disability that would require academic adjustments in accordance with the Americans with Disabilities Act (ADA) in section 504. To selfidentify as a student with a disability, the student must register with the Coordinator of Disability Services two weeks in advance of the date accommodations are needed. Although students are encouraged to discuss their needs with their instructors, registration with the Coordinator of Disability Services is necessary in order to receive accommodations. All disabilities must be appropriately documented.
- While students are encouraged to self-identify at the earliest possible time, students may not know or choose to self-identify, but may still receive services at any time once they self-disclose and document.
- Students with disabilities have the right to have access and accommodation complaints addressed through a formal appeals procedure. Students wishing to file a grievance must complete the Disabilities Grievance Form in its entire-

ty, attach a description of the circumstances leading to the complaint as directed on the Disabilities Grievance Form, and submit both documents to the Campus Life Office.

Disabilities Grievance Forms are available in the Campus Life Office, the Academic Affairs Office, the Disability Services Office, and the Administrative Services Office.

PARKING PERMITS

All vehicles parking on campus must be registered with the Campus Safety Office. Parking permit registration for residential and non-residential students is available online by going to the Quick Links under Day, Graduate, Online and Evening Programs at www.ccis.edu. A printed receipt is required to pick up parking hang tags at the Administrative Services Office in St. Clair 112, the Evening Program Office in Missouri Hall 121 or the Campus Safety Office in Robnett-Spence 202. The price for a full year starting in August is \$40, \$35 when purchased in December and \$30 for the summer session.

POST OFFICE

Students may mail letters and packages in the mailroom on the garden level of St. Clair Hall. The College's official address is Columbia College, 1001 Rogers Street, Columbia, Missouri 65216. Mailroom hours are 8:00 a.m.-5:00 p.m., Monday through Friday.

HONOR SOCIETIES

Alpha Kappa Delta

An international sociology honor society, membership is limited to sociology majors who have maintained high academic achievement in both sociology coursework as well as overall coursework (must maintain a 3.0 cumulative GPA).

Alpha Lambda Delta

A national scholastic society that recognizes superior scholastic achievements by freshmen students during their first year at Columbia College, members are selected from students who rank in the top 20 percent of their class during their first term, have 3.5 GPA and are enrolled full-time pursuing a baccalaureate degree at the time of eligibility.

Alpha Phi Sigma

A national honor society for students in the criminal justice administration and forensic science, members must rank in the top 35 percent of their class, have completed a minimum of four courses within the criminal justice curriculum, maintain a 3.2 GPA in their criminal justice courses and a 3.0 cumulative GPA.

104 Student Services

Alpha Sigma Lambda

A national honor society for adult students who achieve and maintain high scholastic standards, membership is open to evening students who have a minimum GPA of 3.5 and at least 24 semester hours with Columbia College, which must include 15 hours in the arts and sciences.

Kappa Delta Pi

A national education honor society, with membership limited to the top 10 percent of undergraduate and graduate education majors with the required cumulative GPA, the organization encourages excellence in scholarship, personal standards and teacher preparation.

Lambda Pi Eta

A national honor society for students in speech communication, eligibility for membership requires completion of 60 semester hours, a minimum cumulative GPA of 3.0, completion of 12 semester hours in Communication Studies and a 3.25 GPA for all Communication Studies courses.

Phi Alpha Theta

A professional society that promotes the study of history through encouragement of research, good teaching, publication and the exchange of learning among historians, eligibility for membership is based upon a minimum GPA of as least 3.1 in 12 or more credit hours of history and a minimum of a 3.0 GPA.

Sigma Beta Delta

An international honor society in business, management and administration, membership is open to all undergraduate and graduate students in the top 15 percent of their class with a minimum grade point average of 3.5 and at least 30 semester hours at Columbia College.

Sigma Tau Delta

An international English honor society, active membership is limited to English majors and minors with a B or higher average in English classes (beyond Composition), who rank in the highest 35 percent of their class in general scholarship and who have completed at least three semesters of college work. Associate membership is open to students with the requisite academic background who do not intend to major or minor in English.

Sigma Zeta

A national honor society primarily for science students, membership is open to students who have earned at least 15 hours of science and mathematics courses with at least a 3.0 GPA and whose other grades are satisfactory.

Upsilon Pi Epsilon

A national honor society in computer and information sciences, membership is limited to students who have completed at least 64 semester hours including CISS 350 or equivalent, have a GPA of at least 3.5 in Computer Science or Computer Information Systems and rank in the upper one-third of all students in the major.

ACADEMIC CLUBS AND ORGANIZATIONS

Art Club

Members support and promote the creative and educational aspects of art.

Collegiate DECA

Delta Epislon Chi is a proactive organization that focuses on building self esteem and ethical business practices for students pursuing degrees in business, finance, marketing or management. The organization is committed to community service and professional development activities.

Columbia College Computer Science Club

Columbia College Computer Science Club is dedicated to providing Columbia College students with opportunities whereby they can advance their knowledge of the different branches of Computer and Information Sciences and get a hands-on experience with its various applications

Creative Writing Club

Creates an environment to share works of fiction, creative nonfiction, and poetry written by student writers. Informs the Columbia College students of writing-oriented events in the community, as well as opportunities to display their own works and functions as a community that engages in discussions about writing and allows for collaborative revisions, suggestions, workshops, and sharing of written works, all by fellow students of Columbia College.

Criminal Justice Student Association

This association allows interested students to learn about different aspects of the criminal justice field. This exposure comes from various trips and guest speakers. Issues dealing with criminal justice field are pondered and discussed. Membership is open to all Columbia College students.

Environmentally Conscious Organization (ECO)

ECO strives to make an impact at the campus and local level by maintaining an efficient recycling program, participating in community clean-up initiatives and by understanding our impact on the environment.

Forensic Science Student Association

FSSA provides students the opportunity to network with fellow forensic science students at the college and complement their learning through guest speakers and field trips.

Human Services Organization

The Human Services Club promotes fellowship, serves the community and expands the knowledge and understanding of social issues.

Ivy Review Literary Society

Ivy Review Literary Society encourages all Columbia College students, faculty and staff to participate in the art and appreciation of creative writing, literary readings and publication of the *Ivy Review* literary magazine. The Society operates in cooperation with the English Honor Society, Sigma Tau Delta.

Mock Trial Association

The mission of Mock Trial is to promote leadership, develop critical thinking, and gain experience and understanding of courtroom proceedings. The Mock Trial team provides students experiences in the field of law while representing Columbia College in intercollegiate competitions.

Model United Nations

The model UN promotes understanding and interest in the function and processes of the United Nations (UN). Members play the part of a UN member state at a United Nations simulation that includes teams from college and universities nationwide.

Philosophy Club

The purpose of the Philosophy Club is to create a thoughtful, respectful and inclusive environment for discussing philosophical ideas and exploring diverse ways of framing and answering questions of fundamental importance to the human experience. The Philosophy Club functions as a community that engages in informal, enjoyable group discussions and events.

Psychology Club

Psychology Club is open to all students who have an interest in psychology. Its purpose is to make known and promote interest in the field of psychology and sponsor activities and gatherings for students interested in psychology.

Science Club

The mission of Science Club is to enhance and expand the knowledge and understanding of scientific issues. It is open to all Columbia College students.

SOCIAL CLUBS AND ORGANIZATIONS

BACCHUS

BACCHUS promotes and encourages responsible habits, lifestyles and attitudes about the peer issues that college students face, such as alcohol, smoking, staying fit and creating positive relationships.

Columbia College Chi Alpha Christian Fellowship

Chi Alpha Christian Fellowship promotes the spiritual life of students by providing opportunities for worship, fellowship, discipleship, witness and prayer.

Columbia College Democrats

The Columbia College Democrats pledges itself to support the philosophy and candidates of the Democratic Party. The College Democrats support all efforts to increase the participation and knowledge of college students in Democratic affairs.

Columbia College Republicans

To promote the conservative ideals of the Republican Party by actively promoting campus speakers, distributing publications (including voter guides), providing help with club-endorsed campaigns, and encouraging students to become politically active through joining our organization.

Columbia College Student Veterans (CCSV)

The mission of the CCSV is to organize military students and student veterans so that they may have a positive impact on their fellow members, the college and the community.

Committe and Serving Together (CAST)

CAST provides support and asistance through volunteer efforts to organizations/agencies in the Columbia community.

Cougarette Dance Team

The Cougarette Dance Team serves as a fun, positive environment for dancers to demonstrate their abilities and provides dancers with a venue to perform at various college events.

Crossfire Campus Ministry

The purpose of Crossfire Campus Ministry is to provide worship, fellowship and Bible study opportunities for college students, help connect the college students with our church and our church to the college students, while focusing on the spiritual needs of the campus community.

Elysium Players

Elysium Players encourages all students, faculty and staff at Columbia College to participate in the art of acting and the experience of theater.

International Club

International Club promotes diversity, culture, respect and understanding through programming, social activities and service projects at Columbia College and in the larger community.

Peace Club

The aims of the Peace Club are to facilitate nonviolence as a means of conflict resolution and prepare students for greater life challenges in and our of college.

The Pride

The Pride encourages student involvement and attendance at Columbia College athletic events and school functions. This group primarily focuses on attending sporting events (bonfires, pep rallies, etc.) and games to cheer on the teams.

Student Activities Commission (SAC)

SAC provides entertaining and exciting social opportunites, both on and off-campus, for the students at Columbia College. All events hosted by SAC are FREE!

SPECIAL ACADEMIC PROGRAMS

THE MATHEMATICS CENTER

THE ETHER L. BRUCE MATH CENTER

The Ether L. Bruce Math Center, located in 209 Missouri Hall, provides academic tutoring for students enrolled in most 100- or 200-level mathematics courses, from Beginning Algebra to Calculus II and Statistics I. These services are provided free of charge to students enrolled for credit in a course offered through the Computer and Mathematical Sciences Department on the Columbia College home campus as well as <u>local online</u> students.

All services are offered on a walk-in basis in a one-to-one or small group format. The Center is staffed by experienced professionals committed to helping students broaden their educational opportunities and achieve excellence in their academic careers at Columbia College.

Our services include help in understanding concepts, problem-solving development, graphing calculator instruction, exam preparation and strategies for dealing with math anxiety. To view Math Center hours or to access our handouts go to http://www.ccis.edu/ departments/mathcenters./

For more information, contact Mrs. Susan Hughes at (573) 875-7618 or e-mail: sdhughes@ccis.edu. You can also check our website at www.ccis.edu/ departments/mathcenter/.

SUMMER SESSION

The eight-week term held during the months of June and July is administered by the Evening Campus. Students may enroll in courses scheduled for both day and evening hours. Students may not enroll for more than 8.9 semester hours of credit without written permission from the Director of the Evening Campus. Students must have a minimum cumulative GPA of 3.0 before they are eligible to apply for an overload of up to three hours.

TUTORING AND PEER SERVICES

Professional tutors are available to enhance student learning experiences in the various academic disciplines. This free service is available on a walk-in basis at a variety of times each week.

The following services are available to all students enrolled in tutor-supported classes taught on the home campus:

- Help in understanding concepts and working problems.
- · Discussion and study groups.
- Test preparation.
- Strategies for researching and writing papers in disciplines other than English.

To view the current tutoring schedule, please visit http://www.ccis.edu/writingcenter/schedule.html.

For more information, contact Mrs. Katie Denehy at (573) 875-7614 or e-mail: *mcdenehy@ccis.edu*.

THE WRITING CENTER

The Elizabeth Toomey Seabrook Writing Center, located in 212 Missouri Hall, provides free educational support services to help students enrolled at Columbia College develop and maintain writing skills needed to meet established academic standards. These services are offered by appointment or walk-in time on Fridays to all students enrolled in courses taught on the home campus and in online English Courses.

The Center offers the following services in a one-to-one format:

- Writing skills improvement.
- Help with assignments and test preparation for English courses.
- Techniques for planning and writing research papers.
- Help with documentation of sources according to MLA and APA guidelines.

To view Writing Center hours or to use its helpful handouts go to http://www.ccis.edu/departments/ writing center/schedule.html.

For more information, contact Mrs. Lynda Dunham, Coordinator at (573) 875-7616 or e-mail: *Imdunham@ccis.edu.*

SPECIAL ACADEMIC FACILITIES

STAFFORD LIBRARY

General Library Information

The J.W. and Lois Stafford Library provides a place for students to study individually or in groups. The library is open more than 80 hours a week and staff members are available to provide assistance and answer questions at all times for persons visiting the library or by phone or email. Library instruction is provided to individuals or to classes.

The library's collection supports the curriculum of Columbia College with over 80,000 items (books, videos, compact discs, etc.) and more than 250 magazine, journal and newspaper titles in paper. Arthur, the library's catalog, is available on the internet. The library classroom is for group study and library instruction. Copy machines and other equipment are available for student use.

Library computers provide access to a variety of databases and the Internet. Over fifty online databases are available to search for full-text or indexed articles from professional journals, legal publications, newspapers and magazines, and reference publication. Students are able to access the databases from off campus by using their eServices account.

Columbia College is a member of the MOBIUS Consortium. This membership provides Columbia College students access to the collections of more than sixty academic libraries in the state of Missouri. Students can borrow books by using the MOBIUS online catalog or visiting a participating library. Students taking classes at Missouri Nationwide campuses can use MOBIUS libraries in the area.

LIBRARY HOURS:*

Monday – Thursday	8:00 a.m. – 10:00 p.m.
Friday	8:00 a.m. – 8:00 p.m.
Saturday	9:00 a.m. – 5:00 p.m.
Sunday	2:00 p.m. – 10:00 p.m.
Finals Week	Open until Midnight
*Hours subject to change during breaks and holiday.	

Laptop Availability

Laptops can be checked out from the Stafford Libray circulation desk to be used in the library only. Students must have their ID card and a loan agreement form must be signed to check out a laptop. Students using these laptops are responsible for damage to or theft of the computer. Laptops may not be reserved in advance.

TECHNOLOGY SERVICES CENTER

The Technology Services Center offers students access to computers, network applications including the internet, and software. Lab computers contain software used in the classroom curriculum. Staff is available to help students using network services, anit-virus software and telephones in the residence halls. Lab workers provide assistance in basic computer use. More information on the services offered can be found on the website at:

www.ccis.edu/departments/technologyservices

E-MAIL, INTERNET ACCESS AND ANTI-VIRUS SOFTWARE

Students are assigned email accounts for all college-related communications. Students must authenticate their accounts using their student ID number at: http://accounts.ccis.edu. An alternate path would be to click on *eServices* on the main page of the web site. CougarMail, an internet application, is a free service to all students and is a life-time account for graduates. The system is accessible using any web browser from any location. Internet access is available to students for use as a resource in the student walk-in lab and lab classrooms, Stafford Library and the residence halls. A wireless network is available for laptop users. Students should bring their laptops to Technology Services for authentication to the wireless network.

Students using computers on the College network must have the latest version of anti-virus software. Technology Services will provide this software free of charge.

COMPUTER CLASSROOMS

Two classrooms for instructional use are maintained by Technology Services. Classes using computing resources, such as English, Computer Programming and Accounting, are conducted in these facilities. Students are able to complete assignments outside of class using the computer resources in the Walk-In Lab.

Walk-In Lab Use

Technology Services maintains an open lab equipped with computers, scanners, a cpy machine and a high speed laser printer. This lab is available to currently enrolled students on a walk-in basis. Software used in classroom instruction is available to students for use in completing assignments. Email and internet access is also provided.

TECHNOLOGY SERVICES COMPUTER LAB HOURS

Monday - Thursday	.7:30 a.m 12:00 a.m.
Friday	7:30 a.m 5:00 p.m.
Saturday	8:00 a.m 5:00 p.m.
Sunday	12:00 p.m 12:00 a.m.

COLUMBIA COLLEGE COMPUTER USE POLICY

Use of any Columbia College (hereinafter referred to as CC) computer, CC network or other CC information system constitutes full acceptance of the terms and conditions of this policy and consent to monitoring. The consequences for not complying with the conditions of this policy could result in revocation of system privileges and may result in further disciplinary actions including student dismissal and employee termination.

Except as noted, this policy pertains to:

- All faculty, staff, students, alumni, and others who utilize CC computers, the CC network or other CC information systems (any provision that applies exclusively to employees is *italicized*).
- Access to the Internet via CC computer or network
- Personal webspace on a CC server
- Use of the CC e-mail address or any e-mail accessed through a CC network
- Access to computer files on a CC network or stored in individual CC computers

1. Authentication Process

Users must be authorized through a Technology Services (TS) assigned username and password. The username and password are the responsibility of the individual to whom they are assigned and should never be shared with anyone. The user will be held responsible for unauthorized use of the username and password by other individuals and for any and all actions of those individuals. Users will have access to sensitive and confidential information and will be responsible for the security of this information. Great care should be taken in ensuring that the user is logged out prior to leaving the computer unoccupied.

An e-mail "account" is assigned to each user. Any communication sent from that account is the responsibility of the user assigned to the account. The author of a communication from an account accessible to multiple users is responsible for that communication. Users are prohibited from allowing other individuals to send e-mail from their account and may not use another individual's account to send e-mail communications for their own purposes. The user should know that email communications sent through the CC system are not confidential.

2. Use

Access to a CC network is a privilege with concomitant responsibilities pertaining to appropriate and ethical use. Access must be approved by the Chief Information Officer (CIO). Use of the Internet, personal webspace and e-mail, etc., via the CC network, constitutes the individual's acceptance of this policy. Users accessing network resources from remote locations are held to this policy.

Users are expected to be knowledgeable of these and all policies of CC. Care must be taken by users to ensure that accessing the Internet via the CC network does no harm to College interests. Any questions should be directed to the CIO.

3. Proper and Ethical Use of the Internet and E-mail

CC reserves the right to examine e-mail, personal file directories, web browser bookmarks, logs of web sites visited, computer system configuration, network activity, and other information stored on CC computers at any time and without prior notice. Use of the system constitutes acceptance of such monitoring.

This policy should be read and interpreted in conjunction with all CC policies including but not limited to policies prohibiting plagiarism, harassment, discrimination, offensive conduct or inappropriate behavior. Users are prohibited from using the system for any unethical purposes, including but not limited to plagiarism, pornography, violence, gambling, racism, harassment, or any illegal activity.

Users access the Internet at their own risk while using Columbia College facilities and equipment. E-mail systems and browsers may deliver unsolicited messages that contain offensive content. Columbia College is not responsible for material viewed, downloaded, or received by users nor for content that users may encounter via the Internet. When and if users make a connection with web sites containing objectionable content, they must promptly move to another site or terminate the session. Columbia College computer users who discover that they have connected with a web site that contains sexually explicit, racist, sexist, violent or other potentially offensive materials must disconnect immediately from that site. Faculty who must access such sites for research or course content purposes must have written approval from their department chair.

Users are prohibited from using the system for profit-making activities and/or for business other than Columbia College business.

Users must not intentionally write, compile, copy, propagate, execute, or attempt to introduce any com-

puter code designed to self-replicate, damage, or otherwise hinder the performance of any CC computer system.

Any posting to public forums such as newsgroups must include the following disclaimer that the views are those of the user and not CC: "Any views or opinions presented are solely those of the author and do not necessarily represent Columbia College."

Users are prohibited from entering into any contract or agreement on behalf of CC through e-mail or on the Internet, except as expressly authorized.

Disclosure of any information classified as confidential through e-mail to any party not entitled to that information is prohibited. In general, users should exercise the same restraint and caution in drafting and transmitting messages over e-mail as they would when writing a memorandum and should assume that their message will be saved and reviewed by someone other than the intended recipient.

4. Mass E-Mail and distribution lists

Technology Services will create and maintain distribution lists at the request of appropriate Administrative Council members or their designee. The requesting Administrative Council member or designee will be considered the owner of the list and will authorize security privileges to individuals who send email to that list. Any mass email (one that is sent to more than 150 users at the same time) must be sent outside of regular College business hours unless specifically authorized as "time sensitive."

5. E-mail and Downloading Software Through the Internet

Users may need to download software or files to and from individuals through the Internet (outside of CC's network). Users should exercise extreme caution when using the Internet in this manner. All files or software must be passed through virus protection programs prior to use. Failure to detect viruses could result in corruption or damage to files and/or unauthorized entry into CC's network. Users must comply with copyright and trademark laws when downloading materials from the Internet.

If the user finds that damage has occurred as a result of downloading software or files, the incident must be reported immediately to CIO.

Unless authorized, users may not install other on-line services to access the Internet on CC owned computers (e.g. America OnLine, CompuServe, Earthlink, etc.).

COLUMBIA COLLEGE ETHICS CODE FOR COMPUTER USERS

Computer Facilities operated by Columbia

College are available for the use of students, faculty and staff. Students, faculty and staff are encouraged to use these facilities for research and instruction. In order to make it possible for everyone to have access to computing resources on campus it is necessary to establish fair-use guidelines. Use of Columbia College computer facilities is a privilege and all users are expected to adhere to the following ethical guidelines when using Columbia College computing resources.

GENERAL PRINCIPLES

- Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy, and right to determine the form, manner and terms of publication and distribution.
- Because electronic information is so volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of author integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secrets and copyright violations, may be grounds for sanctions against members of the academic community. ¹

ETHICAL AND RESPONSIBLE USE OF COMPUTERS

- 1. The College provides computing equipment and facilities to students, staff and faculty for purposes of work (business), instruction and research. It is a violation of College policy to use College computers and peripherals for commercial purposes.
- 2. When working in College Computing Labs users will be aware of and follow fair use rules as posted.
- 3. Use of College Computing resources for academic objectives takes precedence over use of those facilities for personal reasons.
- 4. Computer communications systems and networks promote the free exchange of ideas and information, thus enhancing teaching and research, as well as enabling employees to work more efficiently and productively. Computer users must not use electronic communications systems of any kind to send material that is obscene, illegal, discriminatory, or intended to defame or harass others, or to interfere with their work on the computer.
- 5. Students, faculty and staff who use the comput-

¹ Columbia College endorses this statement of software and intellectual rights developed by EDUCOM, a non-profit consortium of colleges and universities committed to the use and management of information technology in higher education.

110 Special Academic Facilities

ers have the right to security of their computer programs and data. Computer users must not access files or information that belong to other users or to the operating system, without permission. Employees, students and anyone associated with Columbia College should note that electronic communication (media) and services provided by Columbia College are the property of same and their purpose is to facilitate business, teaching and research.

- 6. United States copyright and patent laws protect the interests of authors, inventors and software developers and their products. Software license agreements serve to increase compliance with copyright and patent laws and to help insure publishers, authors and developers of a return on their investments. It is against federal law and College policy to violate the copyrights or patents of computer software. It is against College policy and may be a violation of state or federal law to violate software license agreements. Students, faculty or staff may not use programs obtained from commercial sources or other computer installations unless written authority has been obtained or the programs are within the public domain.
- 7. Security systems exist to ensure that only authorized users have access to computer resources. All passwords are confidential and should not be given out for others to use. The College prohibits the use of another person's password or identity to access confidential information and files. Computer users must not attempt to modify system facilities or attempt to crash the system, nor should they attempt to subvert the restrictions associated with their computer accounts, the networks of which the College is a member, or microcomputer software protections.
- 8. Abusers of computing privileges will be subject to disciplinary action. Violators will be subject to Columbia College's disciplinary procedures as detailed in the appropriate handbook/bulletin, up to and including termination or expulsion. The computer systems administrator reserves the right to examine users computer files and messages to resolve complaints and/or grievances to ensure reliable system operation.
- Abuse of the networks, or of computers at other campuses connected to the networks, or of personnel who assist in the labs will be treated as abuse of computing privileges at Columbia College.
- 10. Computer users shall cooperate in any investigation of violation of responsible use.
- Damage to or destruction of any Columbia College computer or computer equipment will subject the offender to disciplinary action up to

and including termination or expulsion and financial repayment to the College.

EXAMPLES

<u>The following are examples of ethical or responsible uses of computers</u>:

- Using electronic mail to correspond with colleagues at other colleges or universities.
- Sharing diskettes of files of programs or data with team members working together on a research project.
- Copying software placed in public domain.
- Using computing equipment for grant supported research with approval from the Executive Vice President and Dean for Academic Affairs.
- Reporting nonfunctional computing equipment to lab assistants or technical services repair staff, or Residential Life staff for residence hall equipment.

The following are examples of unethical or irresponsible uses of computing resources:

- Using computer facilities for work done on behalf of a commercial firm.
- Sending or showing electronic files, such as mail messages or images, containing material offensive to others who may see the file.
- Copying a file from another computer user's account or floppy disk without permission.
- Copying copyrighted computer software for use on another computer.
- Unplugging or reconfiguring computer equipment to make it unusable or difficult to use.
- Installing software on College computers without permission of supervisor.
- Downloading materials from the Internet or World Wide Web and submitting them for credit as one's own work.
- Downloading or displaying obscene images or messages.

COLUMBIA COLLEGE GLOBAL STUDENT EMAIL POLICY

Assignment of email address – Individuals will be issued an official Columbia College student email address (CougarMail) when they apply to the College. This email account will become a lifetime account upon enrollment and subsequent attendance.

Student responsibilities – Official correspondence from faculty and staff will be communicated through the Columbia College email address. Students are responsible for the information received and are required to monitor their email account on a regular basis. Since students are required to monitor their email account, and for the student's convenience, Columbia College email addresses may be forwarded to another email account as desired. If a student opts to forward his/her account to another email address, he/she assumes responsibility for the reliability of this address and will be held responsible for the information sent over CougarMail, even if there is a problem with the alternate email service.

Users are expected to have read the Columbia College Computer Use Policy prior to use of the email system. Use of the email system constitutes full acceptance of the terms and conditions of the policy and consent to monitoring. The consequences for not complying with the conditions of the policy could result in disciplinary action including revocation of system privileges.

Student rights – Students may use their account for personal email in accordance with the Columbia College Computer Use Policy.

Security – CougarMail provides a secure signon and secure transfer of email within the Cougar Mail system. However, students should be aware that Columbia College cannot be responsible for the security of information forwarded to other accounts.

COLUMBIA COLLEGE GLOBAL ALUMNI EMAIL POLICY

Alumni eligibility – All alumni <u>who have received</u> <u>degrees from the College</u> are eligible to receive a lifetime CougarMail account

Alumni responsibilities – Official College correspondence may be communicated through the Columbia College email address. Columbia College email addresses may be forwarded to another email account as desired.

Users are expected to have read the Columbia College Computer Use Policy prior to use of the email system. Use of the email system constitues full acceptance of the terms and conditions of the policy and consent to monitoring. The consequences for not complying with the conditions of the policy could result in revocation of system privileges.

Alumni rights – Alumni may use their account for personal email in accordance with the Columbia College Computer Use Policy.

Security – CougarMail provides a secure signon and secure transfer of email within the Cougar Mail system. However, alumni should be aware that Columbia College cannot be responsible for the security of information forwarded to other accounts.

ONLINE CAMPUS

Online Education assists students in completing their educational goals in an environment that is conducive to teaching and active learning. This flexibility provides a viable alternative to students who have schedule constraints that don't allow them to attend traditional courses, students who do not have access to a campus location, or students who need specific courses not currently being offered at their campus.

Online courses are designed to be the equivalent of a traditional class taught in the classroom. They have the same course description and course objectives as traditional classroom courses. Online courses are usually taught by instructors who also teach the courses in the traditional classroom setting.

Any Columbia College student can take online courses. The students who receive advising and registration services from the Online office are referred to as **remote students**.

If a student receives advising and other student service from any campus, the student is referred to as a **campus student**.

ACADEMICS

Web based Online Education courses count for residency credit and financial aid applies for those who qualify.

At present, all online courses are scheduled in eight-week sessions and follow the DAHE Academic Calendar. See the academic policies, regulations and procedures section of the undergraduate catalog for a complete listing of academic policies, regulations and procedures.

Academic Advising is available for remote students from the Online Campus advising staff. Academic Advising is strongly encouraged but not required for remote students.

Campus students will receive academic advising at their campus. With all Columbia College students, the ultimate responsibility for understanding and meeting graduation requirements rests with the student.

Alpha Sigma Lambda

Alpha Sigma Lambda (ASL) is an adult honor society for those who attend and receive service solely from the Online Campus (remote students). The Chapter for the Online Campus is Nu Lambda which means New Learning. ASL is a not-for-profit organization that has been in existence since 1946, providing a means of recognition for the special achievements of adults who accomplish academic excellence while facing competing interests of home and work. Students who attend a campus are not eligible for membership in the Nu Lambda Chapter.

Eligible students will be invited to join the Nu Lambda Chapter by the Online Campus. The criteria for membership is completion of 24 hours of course-work with Columbia College, be in the highest 10% of the Online Campus remote student population, and have a minimum 3.75 GPA. The student must also be degree seeking with Columbia College.

A one-time \$25.00 membership fee is due at the time the student joins the Nu Lambda Chapter. Because of the nature of our online students and the logistical impossibility of conducting local meetings, electing officers, etc., membership in the Nu Lambda Chapter is strictly honorary.

COURSE FORMAT

The online course format allows students to participate in the course anytime, anywhere there is computer access to the Internet. Each course website has a menu that includes a syllabus, discussion board, dropbox, quiz function and other features used at the instructor's discretion. The course software used to facilitate online learning is Desire 2 Learn.

The discussion board is the student's opportunity to interact with peers and the instructor. Students and instructors create a collaborative learning environment. Instructors operate in the tutorial mode while students reinforce each others questions and comments with written responses. The discussion consists of topics created by the instructor. The students are able to view all responses by the instructor and fellow classmates. This facilitates a forum for active collaborative learning.

This active collaborative learning environment requires students to do more on their own than they may in a traditional classroom setting. Online students must be prepared to commit the same, or sometimes more, time and effort as they would in a conventional class. The result is a challenging and meaningful learning experience.

Course Schedules are prepared by the Online Campus. Copies are available on the website at http://www.ccis.edu/online/schedule or in print at the local campuses approximately two weeks before registration begins for a given session. Notification of canceled courses will be sent to the CougarMail accounts of students enrolled in the canceled course. Online course instructions & online student responsibilities are included in the printed schedule for the current session. Students who register for courses online will be emailed course & email access instructions along with the registration confirmation.

Day Students must obtain advisor and department chair approval to take an online course. Cost for day students is included in their day program tuition. Day students who take online courses as an overload pay the regular day program overload fee.

Dean's List: Online students are eligible for the Dean's list. The list is generated by the Registration Office. Certificates are sent by the Associate Vice President and Dean for the Division of Adult Higher Education..

Overload Policy: Six credit hours per eightweek session is considered full-time. This includes any combination of traditional classroom or online courses.

Campus students with at least a 3.0 cumulative grade point average (GPA) and a compelling reason may request an exception from their Campus Director to take 9 credit hours in a particular session. Remote students will request this exception from the Online Campus.

No student will be allowed to take more than nine credit hours in a session for any reason. There is no overload fee associated with this policy, unless the student is attending the day program.

Overrides: Online courses have a maximum class size. After a course is closed the campus staff may request an override through the Online Campus. The Online Campus will evaluate the student's situation and coordinate with the instructor to determine if an override is possible. Overrides are granted on a rare basis for students with special circumstances such as fulfilling a graduation requirement which is the last course needed for the degree.

Proctoring: Remote students taking courses that require proctored exams must submit the proctor information by the second week of the session to the instructor. The instructor has the right to approve or deny the proposed proctor. Acceptable proctors include Columbia College campus staff, ministers, public librarians, high school or college instructors, high school or college counseling services, commanding officers, education service officers, and corporate executive officers. Personal friends, family members or direct supervisors are not acceptable.

Reduced tuition programs such as audit, EEG and warranted degree program are not available for online courses.

Student issues with an online course should first be addressed with the instructor of that course, then with the Online Campus.

ADMISSIONS

Admissions Policy

Students can be admitted to the Online Campus upon presentation of any one of the following:

- 1. High school diploma
- 2. Evidence of successful completion of the
- General Educational Development Test (GED)
- 3. Evidence of satisfactory college work.

Potential students who lack a requirement for admission may be considered on an individual basis. Individuals so considered must give evidence that they can successfully meet the demands of Columbia College.

Students who have applied to the Day or Evening program and have been denied admission may apply to the Online Campus the same session. If a student wishes to attend a campus course, the student must apply to that campus to register for that course. Remote students who are admitted to the Online Campus cannot cross enroll in campus courses.

Non-Degree Seeking Students

Students who do not wish to become candidates for degrees at Columbia College, but who wish to register for online courses, may be admitted as nondegree students. Non-degree students will follow the same procedures and deadlines for admission and registration as degree seeking students. Non-degree seeking students are not eligible for financial aid at Columbia College.

Readmission

Students who wish to return to Columbia College after interrupting their attendance for one year or more must apply for re-admission. Official transcripts from colleges attended during their absence will be required for readmission. Students who reapply to the Online Campus must be in good academic and financial standing with Columbia College to become admitted without appeal. The Online Campus checks academic and financial status and notifies the student of the admission decision. There is no fee for re-admission.

Readmission After Suspension

Students may apply for re-admission to the Online Campus following a suspension of two 8-week sessions or one 16-week semester. To apply for readmission after suspension, students must:

1. Complete the online application for admission.

2. Write a letter to the Associate Vice President and Dean for the Division of Adult Higher Education requesting consideration for readmission. The letter should include an assessment of lack of previous academic progress, an outline of accomplishments since suspension and a specific plan of action for success should re-admission be approved.

3. Reconcile any financial balance owed to Columbia College.

4. Request official transcripts from each college attended since leaving Columbia College.

5. Await the decision by the Associate Vice President and Dean for the Division of Adult Higher Education.

Readmission After Dismissal

Students may apply for readmission to the Online Campus following a dismissal of three years. To apply for readmission after dismissal, students must:

1. Complete the online application for admission.

2. Write a letter to the Associate Vice President and Dean for the Division of Adult Higher Education requesting consideration for re-admission. The letter should include an assessment of lack of previous academic progress, an outline of accomplishments since dismissal and a specific plan of action for success should re-admission be approved.

3. Reconcile any financial balance owed to Columbia College.

4. Request official transcripts from each college attended since leaving Columbia College.

5. Await the decision by the Associate Vice President and Dean for the Division of Adult Higher Education.

Students who have been permanently dismissed from Columbia College may not apply for re-admission.

BOOKS

Books are required for all online courses. Students are strongly encouraged to purchase books from Missouri Book Service (MBS) prior to the start of the session. Campus bookstores do not stock books for online courses. To view the booklist, and/or order your books, call or visit MBS online at:

Telephone: 800-325-3252

Website: http://direct.mbsbooks.com/columbia.htm

If you are eligible for a book voucher, contact your campus location staff to obtain one. The campus staff will authorize the proper amount for charges.

DEGREES

The Online Campus is approved to offer all undergraduate degrees available at Columbia College. The degrees that have all coursework available online for degree completion include: Associate in Arts Associate in General Studies Associate in Science in Business Administration Associate in Science in Computer/Information Systems Associate in Science in Criminal Justice Administration Associate in Science in Environmental Studies Associate in Science in Fire Service Administration (Missouri residents only) Associate in Science in Human Services Bachelor of Arts in American Studies Bachelor of Arts in Business Administration Bachelor of Arts in Criminal Justice Administration Bachelor of Arts in History Bachelor of Arts in Human Services Bachelor of Arts in Psychology Bachelor of Arts in Sociology Bachelor of General Studies Bachelor of Science in Business Administration Bachelor of Science in Computer Information Systems Bachelor of Science in Management Information Systems

As the academic year progresses, all coursework for additional degree programs may become available online. If a student can complete a degree program that is not listed above, but is listed as a degree offered by Columbia College, using a combination of campus coursework, online coursework and transfer credit, the student may be awarded that degree.

FINANCIAL POLICIES

Standard Payment Policy

When a remote student is accepted for admission to the Online Campus, the student, parents or guardians accept the standard payment policy of Columbia College. Remote students incur financial liability when they complete an official Columbia College registration form online. Liability is not dependent upon a remote student receiving a billing statement.

Educational expenses may include tuition, textbooks, and miscellaneous fees related to the course(s). The personal payment portion of the student's educational expenses (educational expenses less financial aid or assistance award) is due in full at the time of registration. (See the Financial Aid and Scholarship section of the undergraduate catalog for detailed information).

If full payment is not possible, remote students are allowed to request a deferred payment plan. The arrangement requires payment of one half of the personal payment portion at the time of registration with the remaining portion due by end of the session for which the student is registering. The student must have a zero balance when registering for a subsequent session even if the student is under a deferred payment plan from the previous session. The remote student commits to this when he or she checks the box signifying agreement to the deferred payment plan on the online registration form. Deferred payment plans are valid for only one session and must be requested for each individual session.

1. Employer Tuition Assistance:

Students who receive employer tuition assistance may have the costs of educational expenses paid their employer through direct billing or through reimbursement. Students should check with their employer to determine which plan is appropriate for them.

a. **Direct Billing:** A student whose employer offers direct payment to the college must ensure that the college receives a letter from the employer which authorizes and describes conditions of such an arrangement. The letter must be on file with the Online Campus and the college's Accounting Office.

b. **Reimbursement:** A student attending under the employer reimbursement is required to follow the college's standard payment policy and then receive reimbursement following the guidelines of the established employer.

Under either form of tuition assistance, students are responsible for any portion of their educational expenses that are not paid by their employers. Students whose employers have contingencies on their payment (such as attaining a certain grade) are required to pay as if they did not have employer tuition assistance and will be reimbursed after the employer makes payment.

2. Military Tuition Assistance (MTA):

Students receiving military tuition assistance (MTA) are required to present an approved MTA form at the time of registration. Students are personally responsible for any tuition or miscellaneous fees not paid by the military and are required to follow the standard payment policy for their portion of educational fees. Students may not register for a subsequent session if in arrears for payment of their personal share of fees for courses taken during the previous session. It is imperative that military students contact the appropriate educational services officer for guidance and assistance in completing MTA paperwork.

3. Veterans Educational Assistance:

An individual who is currently serving or has served in our nation's armed forces may be eligible for educational assistance from the Veterans Administration (VA). It is imperative that VA eligible students complete paperwork required to establish VA eligibility. VA students must present evidence of eligibility at the time of registration. The VA pays benefits directly to eligible individuals. Students are personally responsible for payment of their educational fees and are required to follow the standard payment policy of the college.

Failure to Pay

Students are financially responsible for the payment of tuition, textbooks, lab fees and all miscellaneous fees that may be associated with courses for which they are enrolled. When a students fails to settle this responsibility, Columbia College may bar a student from enrollment in any course(s) in any subsequent session. The bar to enrollment will continue until the account has been paid in full.

The personal payment portion of all students' accounts that remain unpaid after the end of the session may assessed a 1% finance charge at the end of each month until the account is paid in full.

Failure to comply with the payment policies of the college will result in further collection activity by an outside collection agency or attorney. When this action occurs, students are responsible for paying all collection expenses which can, in some cases, exceed 50% of the balance owed. Although every effort is made to contact a student prior to submission to a collection agency, Columbia College reserves the right to submit a student's account for collection when the student fails to remit the personal payment portion of their account balance.

Degrees, transcripts and letters of honorable separation are withheld from students who have not settled their financial obligations to the college. This includes all collection fees, attorney fees, and court costs when applicable.

FINANCIAL AID

Students who are admitted to the Online Campus and are interested in financial aid should see the financial aid section of the undergraduate catalog. Students should skip step one in the application process when applying for financial aid. Remote students are eligible for two of the scholarships listed in the financial aid section. They are the 2 in 1 family grant and the Associate Degree Transfer grant.

REGISTRATION

Students may register for online courses beginning Monday of the sixth week of the prior session. Remote students admitted to the online campus may register using the online form. All other students must register at the campus where they are admitted. The Online Campus office will process the enrollment upon the student's completion of financial obligation, and registration confirmation will be emailed to the student.

Add/Drop/Withdrawal Policies

General: Once enrolled in a class, a student is considered a member of that class until he or she officially drops or withdraws in accordance with institutional policy. An official drop or withdrawal takes place only when a student has submitted the Add/ Drop/Withdrawal form to accomplish the drop or withdrawal. A failure to attend class, or advising a fellow student, staff, or adjunct faculty member of an intent to withdraw from class does not constitute official drop or withdrawal.

Requests to add/drop/withdraw from a course will not accepted by telephone. Students are required to complete the appropriate online form. Confirmation of receipt is the responsibility of the student. Should unusual circumstances prevent a student from completing an online form, the student should contact the Online Campus immediately. The Online Campus reserves the right to request substantiating documentation to support the student's inability to complete the add/drop/withdrawal process online.

Add/drop/withdrawal periods begin the date the session starts. When a student stops attending class and does not submit the Add/drop/withdrawal form or paperwork as required, a grade of "F" will be awarded unless an exception is made by the faculty member.

1. Add Period: A student may add a course during the first week through close of business Friday provided the course does not constitute an academic overload. Students may add Math classes only through Thursday of week one. Students should request their books be shipped quickly as in overnight or two day. Students should also understand that online classes start the day the session begins, and as the first week progresses, chances of student success decrease considerably.

2. **Drop During First Week of Session:** A student may drop a course(s) during the first week through close of business Monday the second week of the session for any reason. No academic or financial liability will be issued provided a drop form is received by close of business on Monday of the second week of the session and confirmation of the drop is sent to the student.

3. Withdrawal During Second through Sixth Week of Session: A student may withdraw from a course(s) from Tuesday of the second week of the session through Friday of the sixth week of the session. No punitive grade will be issued provided Online Campus receives an online withdrawal form and confirmation of withdrawal is sent to the student. Financial liability is not reduced when a student withdraws from a course.

Students who receive any form of Federal Title IV assistance, and who withdraw may be required by federal regulations to return some, or all of the fed-

eral aid received. This includes the Federal Pell and SEOG grants, and the Federal Perkins, Stafford and PLUS loans. See the Financial Aid portion of the Undergraduate Catalog for additional information.

4. Withdrawal During the Last Two Weeks of the Session: After the sixth week of the course, a student will not be allowed to withdraw without extraordinary circumstances. In such cases, a "withdrawal excused" must be requested. See number 5 for criteria. A student may also request a grade of W (withdrawal) from their instructor; however, the request does not guarantee that the student will receive the W.

5. Withdrawal Excused: A student may request a withdrawal excused (WE) at any time during a session. The student must submit an online Withdrawal form and choose the excused option. The student must have extraordinary circumstanced to be considered for a WE, and all classes the student is currently enrolled in must be included in the request. Remote students must provide substantiating documentation of the extraordinary circumstances to the Director of the Online Campus. Campus students must provide substantiating documentation to the Director of the Online Campus VIA their campus Director. This form must be accompanied by a letter or email from the student explaining the circumstances in detail surrouding the withdrawal and the desire for financial consideration. In addition, Columbia College requires substantiating documentation to support the student's request, i.e. a letter from a physician, military orders, etc. Students should be aware that a refund is notautomatic; rather, requests for financial consideration are subject to review and approval on a case by case basis.

Extraordinary circumstances are narrowly interpreted to mean the development of unforeseen, unexpected circumstances beyond a student's control that prevents continued attendance in all classes. Examples of extraordinary circumstances include serious illness, death in the immediate family, significant change in the terms, location and/or conditions of employment, call to active military duty or extended periods of TDY, etc. Mere inconvenience, discomfort, with the academic workload, or minor schedule changes in employment are not deemed to meet the definition of extraordinary, mitigating, or extenuating circumstances.

A student who withdraws for extraordinary circumstances, even with the College's concurrence, may still be required to return some, or all of the federal financial assistance received for that term. The College follows the federal guidelines concerning return of Title IV funds, and does not have any authority to waive the rules regarding the return of federal assistance, even in extraordinary circumstances.

Online courses are not available under the Coop Plans with the University of Missouri or Stephens

College (both of Columbia, MO). TUITION REFUNDS

Requests to add/drop/withdraw from a course will not be accepted by telephone. Students are required to complete appropriate online form to cancel a course enrollment. Confirmation of receipt is the responsibility of the student. Should circumstances prevent the student from completing the appropriate online form, the student should contact the Online Campus office for special arrangements to cancel the enrollment. The Online Campus staff reserve the right to request substantiating documentation to support the student's inability to complete the add/drop/withdrawal in person. The add/drop period begins the same day/date that the session starts.

Students with financial aid who drop or withdraw from a course(s) need to be aware that their financial aid could be affected. For more information, please refer to the Financial Aid section of the Undergraduate Catalog.

1. **Full Refund:** A student is entitled to full reduction of tuition and course charges (excluding the admission fee, textbooks, and other academic resource materials) when she/he drops from a course(s) during the first week of the eight-week session, providing a Columbia College add/drop/with-drawal form has been completed and submitted prior to the close of business on Monday of the second week of the session.

2. Partial Refund: During the second through the eighth week of the session, a student could be entitled to a partial refund of tuition and course charges (excluding the admission fee, lab fees, textbooks, and other academic resource materials) when she/he withdraws from a course(s) due to extraordinary circumstances. Extraordinary circumstances are narrowly interpreted to mean the development of unexpected circumstances beyond a student's control that prevents continued attendance in all classes. Examples of extraordinary circumstances include serious illness, death in the immediate family, significant change in the terms, location and/or conditions of employment, call to active military duty or TDY etc. Mere inconvenience, discomfort with the academic workload, or minor schedule changes in employment are not deemed to meet the definition of extraordinary, mitigating, or extenuating circumstances.

To be considered for a partial refund, a student must submit a complete withdrawal form. This form must be accompanied by a letter or email from the student to the Online Campus office explaining the circumstances surrounding the withdrawal and the desire for financial consideration. In addition, Columbia College requires substantiating documentation to support the student's request, i.e. a letter from a physician, military orders, etc. Student should be aware that a refund is not automatic; rather, requests for financial consideration are subject to review and approval on a case by case basis.

3. **No Refund:** No refund will be granted to a student who voluntarily or involuntarily (administratively) withdraws from a course(s) during the second through the eighth week of the session, unless extraordinary circumstances apply (refer to partial refund listed above).

4. **Refund Requests:** Credit on a remote student account, that results from the transfer of financial aid, does not require a request for refund. These credit balances will be automatically refunded. Credit balances due to overpayment or a change in enrollment status require the student to complete and submit an online refund request form. The form will be routed to the Accounting office and inform the staff that the student wants to have a refund rather than have the credit apply to a future balance.

ADDITIONAL INFORMATION

Remote students should see the academic calendar at the beginning of the undergraduate catalog for important dates.

All aspects of the section of the undergraduate catalog titled **Academics**, **Policies**, **Regulations and Procedures** apply to remote students with the exception of academic advisor, audit, changes in registration, directed study, final examination policy, international students, internships, overload, registration policies and withdrawal. The exceptions apply only to full day students.

The section of the undergraduate catalog listing **course descriptions** is accurate for online courses. For more information about specific online offerings, visit the website at http://www.ccis.edu/online/schedule.

The section of the undergraduate catalog listing **Academic Programs** applies to online degree offerings.

The sections in the undergraduate catalog that do not apply to Remote Students include **Academic Honors, Special Academics Programs & Facilities, Admissions, Fees, and Campus Life.**

COURSE DESCRIPTIONS

The following descriptions are applicable to Columbia College courses wherever they are taught.

The notation **G.E.** in a course description indicates that the course satisfies a General Education requirement of the College.

Many courses have prerequisite/corequisite requirements. Is is the student's responsibility to fulfill prerequisite requirements before enrolling in the respective course(s). Failure to meet these preliminary requirements will result in being dropped from the course(s).

ACCOUNTING (ACCT)

Business Administration Department

ACCT 280 Accounting I (Financial) 3 hours Introduction to the principles and concepts of accounting and the application of procedures relating to the complete accounting cycle. Preparation of financial statements for sole proprietorships, partnerships, and corporations is emphasized. Prerequisite: sophomore standing; MGMT 150 and MGMT 152 highly recommended. A grade of C or higher is highly recommended before progressing to ACCT 281.

ACCT 281 Accounting II (Managerial) 3 hours Application of procedures relating to transactions affecting corporations. Interpretation of financial statements for managerial purposes is emphasized. Prerequisite: ACCT 280 (grade of C or higher in ACCT 280 is highly recommended).

ACCT 381 Federal Income Tax - 3 hours Individuals

Focuses on the federal income taxation of individuals. Emphasizes conceptual framework underlying the U.S. tax system as well as tax accounting procedures and federal tax law relating to the preparation of individual tax returns. Prerequisites: ACCT 281 and junior standing.

ACCT 382 Intermediate Accounting I 3 hours Development of accounting theory and practice as applied to: the institutional structure of financial accounting; conceptual framework and financial reporting; overview of accounting systems; review of accounting procedures; income statement; balance sheet; statement of cash flows; cash; receivables; valuation of inventories and cost of goods sold; and time value of money. Prerequisite: ACCT 281.

ACCT 383 Intermediate Accounting II 3 hours

Development of accounting theory and practice as applied to: conceptual framework and financial reporting; acquisition, disposal and depreciation of long-term assets; current and contingent liabilities; long-term liabilities; owners' equity-contributed capital and retained earnings. Prerequisite: ACCT 382.

ACCT 384 Intermediate Accounting III 3 hours Development of accounting theory and practice as applied to: conceptual framework and financial reporting; complexities of revenue recognition; investments in financial instruments; leases; income taxes; pensions; accounting changes and error correction; and earnings per share. Prerequisite: ACCT 383.

ACCT 385 Accounting Information 3 hours Systems

Theory, design and implementation of Accounting Information Systems, including the business application of computerized spreadsheets, databases, and commercial software packages. Prerequisites: ACCT 281, CISS 170.

ACCT 386 Managerial and Cost 3 hours Accounting

Accounting data and other financial data applied to the management of an enterprise. Cost accounting as a part of the spectrum of manufacturing costs is studied. Particular emphasis is placed on planning and controlling. Prerequisite: ACCT 281.

ACCT 481 Federal Income Tax-- 3 hours Corporations

Focuses on the federal income taxation of corporations and shareholders; corporate formation and capital structure; corporate distributions; corporate liquidations; penalty taxes on corporations; partnerships; S corporations. Prerequisites: ACCT 381 and senior standing.

ACCT 485 Fund and Government 3 hours Accounting

Study of accounting and reporting concepts, standards, and procedures applicable to city, county, and state governments, the federal government, and not-for-profit institutions. Prerequisite: 9 hrs. of accounting.

ACCT 488 Advanced Financial 3 hours Accounting

Policies and procedures used in preparing financial statements and reports. Prerequisites: ACCT 382 and ACCT 383.

ACCT 489 Auditing I

3 hours

Design, installation, and unification of accounting systems and the concepts and procedures used in auditing financial statements. Prerequisites: 12 hours of upper-level accounting including ACCT 382 and ACCT 383.

ACCT 490 Auditing II

3 hours

Focus is on practical application of the conceptual structure of the audit process, risk assessment in the audit process, evidence gathering and evaulation, and special topics to auditing a comprehensive audit case. Prerequisites: ACCT 382, 383, 384, and 489.

AEROSPACE STUDIES (ASCI)

Offered through the University of Missouri-Columbia. The course-numbering system is the same as that used at the university.

ASCI 1100 The Foundations of the 2 hours United States Air Force

Introduces the Air Force and Air Force ROTC. Topics include professional appearance, military customs and courtesies, core values, equal opportunity and treatment, officer opportunities, group leadership problems. Applies communicative skills. Leadership Lab. Offered Fall.

ASCI 1200 The Foundations of the 2 hours United States Air Force

Continues the introduction to the Air Force and Air Force ROTC. Topics include Air Force origins, organizations, major commands, installations, sister services (Army and Navy), group leadership problems. Applies communicative skills. Leadership Lab. Offered Spring.

ASCI 2100 The Evolution of USAF Air 2 hours and Space Power

A survey course designed to facilitate the transition from Air Force ROTC cadet to Air Force ROTC officer candidate. Explores Air Force heritage, Air Force leaders and Air Power doctrine. Applies communicative skills. Leadership Lab. Offered Fall.

ASCI 2200 The Evolution of USAF Air 2 hours and Space Power

Continues the transition from cadet to officer candidate. Expands leadership topics through the use of group leadership problems. Applies communicative skills. Leadership Lab. Offered Spring.

ASCI 3100 Air Force Leadership 3 hours Studies

An integrated leadership and management

survey course emphasizing development of the individual as an Air Force leader. Special topics include situational leadership, principle centered leadership, corrective supervision and counseling. Leadership Lab. Offered Fall.

ASCI 3200 Air Force Leadership 3 hours Studies

Air Force leadership principles are examined from the foundation developed in ASCI 3100. Ethical decision making, personal core values, and character development are discussed. Military evaluation systems are outlined. Leadership Lab. Offered Spring.

ASCI 4100 National Security Affairs/ 3 hours Preparation for Active Duty

Examines the national security process, regional studies, Air Force and joint doctrine. Special topics include the military as a profession, and civilian control of the military. Continued emphasis on communicative skills. Leadership Lab. Offered Fall.

ASCI 4200 National Security Affairs/ 3 hours Preparation for Active Duty

Examines civilian control of the military, officership, the military justice system, and current issues affecting military professionalism. Continued refinement of communicative skills. Leadership Lab. Offered Spring.

AMERICAN SIGN LANGUAGE (AMSL)

Humanities Department

AMSL 101 American Sign Language I 3 hours The first course in a series of elementary courses designed to explore the fundamentals of American Sign Language including basic vocabulary, language structure and active language production. Prerequisite: Not open to native signers. *Course meets three hours of Foreign Language graduation requirement.*

AMSL 102 American Sign Language II 3 hours A continuation of American Sign Language I, with increased attention to grammar. Prerequisite: AMSL 101 with a grade of C or higher. *Course meets three hours of Foreign Language graduation requirement.*

AMSL 103 American Sign Language III 3 hours A continuation of AMSL 102, building upon the vocabulary and linguistic analysis learned in AMSL 101 and AMSL 102. Not open to native signers. Prerequisite: AMSL 102.

AMERICAN STUDIES (AMST)

History and Political Science Department

AMST 280 American Political and 3 hours Social Thought

American political thought from the colonial period to the present using writings of notable political figures, scholars and others. Crosslisted as POSC 280. Prerequisite: ENGL 112.

AMST 375 Social Movements 3 hours The examination of social movements, from what conditions facilitate their development to how success is measured. Focus on sociological analysis of a wide variety of social movements of 20th century American society and their significance for American society: the Progressive era reform movements, the labor movement, the women's movement, the environmental movement, the gay rights movement, the civil rights and other racial/ ethnic movements of the 1960s, as well as

free speech and anti-war movements of the period. Cross-listed as SOCI 375. Prerequisite: Junior standing.

AMST 490 American Studies Senior 3 hours Seminar

A seminar course required as a culminating experience prior to graduating for all seniors majoring in American Studies. The seminar enables students to practice the various theories and methods for the academic study of the American experience. The goals of the seminar are to help students attain information and conceptual tools needed for graduate work in American Studies, and to assess the achievement of the learning goals for the undergraduate major. To accomplish the first goal, students become familiar with the field of American Studies by reading and discussing a major work chosen by the instructor. To assess achievement of learning goals for the undergraduate major, students contribute to the field's literature by conducting original research on a topic of relevance to American Studies and composing a substantial paper on that topic. Prerequisite: Junior standing.

ART AND GRAPHIC DESIGN (ARTS)

Art Department

ARTS 105 Art Appreciation 3 hours Introduction to the place of visual art in modern society, to the vocabulary used in discussing a work of art, and to a few of the studio techniques artists used to produce two- and three-dimensional art works. G.E. ARTS 111 Art and Ideas I 3 hours Survey of world art from prehistoric through medieval periods. G.E. Course meets Multicultural graduation requirement. ARTS 112 Art and Ideas II 3 hours Survey of world art from the Renaissance to the present. G.E. ARTS 120 Drawing I 3 hours

Introduction to figure drawing from direct observation. \$30 lab fee.

ARTS 130Painting I3 hoursIntroduction to the fundamentals of oil paint-
ing. Prerequisite: ARTS 120. \$30 lab fee.

ARTS 140 2-D Design3 hoursTheoretical foundation for all fine arts. Includes
the study and application of the elements and
principles of 2-dimensional design. \$30 lab fee.

ARTS 141 3-D Design 3 hours Theoretical foundation for all 3-D fine art production. Includes the study and application of the elements and principles of 3-dimensional design. \$30 lab fee.

ARTS 150 Creative Photography I 3 hours Beginning black and white photo course, a foundation for all photography courses. Topics include basic camera operations, exposure, characteristics of light, concepts, composition, film processing, printing, print finishing, and discussion of the history of photography and issues related to photography. \$30 lab fee. Students supply *own* adjustable SLR film cameras.

ARTS 152 Digital Photography 3 hours Introduction to digital photographic imagery. Students explore a variety of creative techniques for digital artists and graphic designers. Students learn the fundamentals of digital camera operations, and a variety of creative techniques for manipulating photographic images using Photoshop. Topics include a digital portfolio of images for presentation that includes: still life, self-portraits, documentation, landscape, special effect, surrealism, night photography and more. Digital camera required (adjustable/high end; not a point and shoot camera). \$30 lab fee.

ARTS 201 Introduction to Studio Art 1 hour Introduction to the Columbia College Art Department and to being an artist or designer in modern society. This eight-week seminar provides students an opportunity to explore the studio options at Columbia College and the resources available for artists and designers in the Columbia Community and beyond. Faculty, guest artists and other professionals visit classes. Students learn proper ways to professional present their art and designs for exhibition and how to prepare a good digital portfolio. Additionally, students share their portfolios with faculty and advanced student asses-These assessors provide practical sors. feedback that helps beginning students prepare for classes at the intermediate level and ongoing development. artistic Prerequisite: Sophomore standing; students entering the Art Program as juniors or seniors must take this course their first year at Columbia College.

ARTS 211 Watercolor I

3 hours

Beginning watercolor course that uses the figure, still-life and the landscape as its subject. \$30 lab fee. Prerequisite: ARTS 120

ARTS 216 Graphic Design I 3 hours

Basic course exploring layout, typography, and visual communication. Computer software including Adobe Illustrator, InDesign and Photoshop are introduced. \$30 lab fee.

ARTS 222 Drawing II

3 hours

Figure drawing course using direct observation. Expands the figure drawing experience by using the figure as a compositional element and explores a variety of media and drawing techniques. \$30 lab fee. Prerequisite: ARTS 120.

ARTS 232 Painting II

3 hours

Continuation of ARTS 130. This course continues to develop the basic understanding of the oil painting materials, techniques and color relationships with emphasis on composition. \$20 lab fee. Prerequisite: ARTS 130.

ARTS 233 Topics 1-3 hours

ARTS 252 Creative Photography II 3 hours Concentration of special techniques in 35mm and use of the zone system of photography. Topics include studio lighting, close-up photography, and a specialized method of exposure and development. Emphasis is on improving technique and visual awareness. \$30 lab fee. Students supply own adjustible cameras. Prerequisite: ARTS 150.

ARTS 262Printmaking I3 hoursIntroduction to printmaking and basic techniques in relief printing.\$30 lab fee.Prerequisite: ARTS 120.

ARTS 271 Ceramics I 3 hours Beginning study of three-dimensional principals of ceramics open to art majors and nonmajors. The techniques of hand building are introduced with an emphasis on the development of an understanding of the form and functions of utilitarian and non-functional projects in clay. The design quality and aesthetics of the project are emphasized. \$30 lab fee.

ARTS 292 Jewelry I 3 hours Introduction to metals. Exploration of the design and creation of personal jewelry forms using traditional fabrication techniques. Open to art majors and non-majors. \$30 lab fee plus metal cost.

ARTS 300Special Problems3 hoursAdvanced studies in studio art. \$30 lab fee.

ARTS 301 3-D Modeling & Animation I 3 hours Introduction to 3-D modeling and animation using Maya 8.5. \$30 lab fee. Prerequisite: Sophomore standing.

ARTS 302 Illustration3 hoursStudy of illustration and the media and tech-
niques available. Both traditional and digital
techniques are explored. \$30 lab fee.Prerequisites:ARTS 120, ARTS 130,
ARTS 140.

ARTS 306 Ancient Art History 3 hours The art and culture of the Ancient World, including Near Eastern, Egyptian, Greek, Etruscan, and Roman Art. Prerequisites: ARTS 111 and 112.

ARTS 307 Flash Animation3 hoursBeginning Course in Flash Animation using a
series of projects designed to cover the funda-
mental workflow used in producing vector and
bitmapped animation. Prerequisite: Junior
Standing.

ARTS 308Medieval Art History3 hoursArt of the Middle Ages. A survey of stylistic

122 Course Descriptions

artistic developments in the Mediterranean basin and in Western Europe from 300 to 1400 A.D. Prerequisites: ARTS 111 and 112.

ARTS 310 Renaissance Art History 3 hours Painting, architecture, sculpture of Italy and Northern Europe from 1300 to 1600. Prerequisites: ARTS 111 and 112.

ARTS 311 Watercolor II 3 hours

Continuation of Watercolor I, emphasizing composition and its relation to watercolor painting. \$30 lab fee. Prerequisite: ARTS 211.

ARTS 312 17th- and 18th-Century 3 hours Art History

Painting, architecture, sculpture in Europe during the Baroque and Enlightenment periods from 1600 to 1800. Prerequisites: ARTS 111 and 112.

ARTS 314 Nineteenth-Century 3 hours Art History

History of painting, architecture, sculpture in Europe, 1800 to 1900. Prerequisites: ARTS 111 and 112.

ARTS 316 Graphic Design II 3 hours

In depth study of publication design and layout. Students work on the computer using Adobe InDesign and other graphics software. \$30 lab fee. Prerequisites: ARTS 140 and 216.

ARTS 323 Drawing III

This course is a figure drawing course using direct observation. It expands the figure drawing experience by using the figure as a compositional element and explores a variety of media and drawing techniques. \$30 lab fee. Prerequisite: ARTS 222.

ARTS 334 Painting III

3 hours

This course is designed for the advanced painting students to synthesize their own visual ideas and personal direction. Experimen-tation of medium, techniques and ideas is encouraged. \$30 lab fee. Prerequisite: ARTS 232.

ARTS 353 Creative Photography III 3 hours

This course teaches the techniques used in the field of graphic art and creative fine art photography. The more advanced principles of lighting, composition and photo layout are covered. \$30 lab fee. Prerequisite: ARTS 252.

ARTS 354 Digital Imaging

3 hours

Introduction to approaches and techniques of digital imaging with specific emphasis on the use of Adobe Photoshop. Topics include technical and practical aspects of digital software, cameras, scanners, and printers. The course explores the technical and aesthetic potential of digital photography in both graphic design and fine art. \$30 lab fee. Prerequisite: Junior standing.

ARTS 364 Printmaking II 3 hours Development of the intaglio etching process into an art form. \$30 lab fee. Prerequisite: ARTS 262.

ARTS 366Printmaking III3 hoursContinuation of Printmaking II. \$30 lab fee.Prerequisite: ARTS 364.

ARTS 373Ceramics II3 hoursContinuation of the study of three-dimensional

principals of ceramics. The techniques of hand building and the potter's wheel are introduced with an emphasis on the development of an understanding of the form and functions of both hand-built and wheel-thrown pottery. \$30 lab fee. Prerequisite: ARTS 271.

ARTS 374 Digital Filmmaking3 hoursAn introductory level digital moviemaking
course that builds basic skills in video pre-
production, videography techniques, sound,
digital video editing and software using
Premier Pro. \$30 lab fee. Prerequisite:
Sophomore standing.

ARTS 375 Ceramics III 3 hours Continuation of the study of three-dimensional principals of ceramics. Advanced techniques of the potter's wheel, glazing, and firings are

3 hours

3-9 hours

introduced with an emphasis on the development of an understanding of the form and functions of both hand building and potter's wheel projects. \$30 lab fee. Prerequisite: ARTS 373.

ARTS 394 Jewelry II 3 Exploration of the design and creation of personal jewelry forms using the lost wax casting process. \$30 lab fee. Prerequisite: ARTS 292.

ARTS 396 Jewelry III 3 hours Advanced jewelry production techniques, including the exploration and experimentation of non-traditional materials and techniques in jewelry design. \$30 lab fee plus metal cost. Prerequisite: ARTS 394.

ARTS 399 Internship

ARTS 400Special Problems II3 hoursAdvanced studies in studio art.Prerequisites:Art major; junior standing and completion of
six semester hours in the discipline of the pro-
posed study.\$30 lab fee.

ARTS 403 Twentieth-Century 3 hours Art History

American and European painting, sculpture, and architecture, 1900 to present. Prerequisites: ARTS 111 and 112.

ARTS 406 American Art History 3 hours America's early primitive tradition to its leading role in the contemporary art scene. Prerequisites: ARTS 111 and 112.

ARTS 411 Watercolor III 3 hours Continuation of Watercolor II emphasizing color in water media painting. \$30 lab fee. Prerequisite: ARTS 311.

ARTS 416Graphic Design III3 hoursIntroduction to the basics of web design using
DreamWeaver software (other software may
be included or substituted). Advertising design,
including packaging design, product promo-
tion and point-of-purchase is covered as well.
\$30 lab fee. Prerequisites: ARTS 316 and 354.

ARTS 425 Drawing IV

```
3 hours
```

Figure drawing course using direct observation. It expands the figure drawing experience by using the figure as a compositional element. Explores a variety of media and drawing techniques. \$30 lab fee. Prerequisite: ARTS 323.

ARTS 433 Topics

1-3 hours

ARTS 435 Printmaking IV

3 hours

Continuation of Printmaking III with an emphasis on advanced processes intaglio and relief printmaking. \$30 lab fee. Prerequisite: ARTS 366.

ARTS 436 Painting IV

3 hours

Continuation of ARTS 334. This course is designed for the advanced painting students to synthesize their own visual ideas and personal direction. \$30 lab fee. Pre-requisite: ARTS 334.

ARTS 454 Creative Photography IV 3 hours This is a portfolio preparation course. It concentrates on the professional presentation using design principals, shooting and lighting techniques, color, digital knowledge, structure, and presentation skills. \$30 lab fee. Prerequisite: ARTS 353. Students supply own adjustible camera.

ARTS 465 Drawing V

3 hours

This course is a figure drawing course using direct observation. It expands the figure drawing experience by using the figure as a compositional element and explores a variety of media and drawing techniques. \$30 lab fee. Prerequisite: ARTS 425.

ARTS 466 Painting V 3 hours

Continuation of ARTS 436. This course is designed for the advanced painting students to synthesize their own visual ideas and personal direction. \$30 lab fee. Prerequisite: ARTS 436.

ARTS 476 Ceramics IV

Continuation of the study of three-dimensional ceramics. The emphasis is on individual expression in clay using both hand building and wheel throwing techniques. Experimentation with glazing and advanced firing techniques is encouraged. \$30 lab fee. Prerequisite: ARTS 375.

ARTS 486 Watercolor IV

3 hours

3 hours

The emphasis of this course is on personal expression and the study of major artists who are known for their work in watercolor. \$30 lab fee. Prerequisite: ARTS 411.

ARTS 496 Senior Portfolio 3 hours Culminating experience course for all Art degrees. This course is for both portfolio development and to provide information into the practical application of professional practices, business skills and career planning specific to the discipline of studio art and design. It assists the art/design major in building a professional career and/or pursuing advanced education or training. Students present a portfolio of their most recent work to faculty and guests at the end of this course. This portfolio is part of the Art Department's program assessment. Students select a faculty mentor to assist them in their portfolio project. This course is required of all BA, BS, and BFA students. Prerequisites: ARTS 201 and senior standing.

ARTS 498 Jewelry IV 3 hours

Combination of jewelry form experimentation and research and is strictly experimental in both materials and forms with an emphasis in developing personal jewelry forms for commercial applications. \$30 lab fee plus metal cost. Prerequisite: ARTS 396.

ARTS 499 Internship

3-9 hours

ASTRONOMY (ASTR)

Science Department

ASTR 108 Introduction to Astronomy 3 hours

A survey of the development of astronomy through the years. Topics covered include the historical evolution of our understanding of our place in the universe, astronomical instruments, the Earth-Moon system, the solar system, the Sun and other stars, galaxies and cosmology. Prerequisite: MATH 106 or above. **G.E.**

BIOLOGY (BIOL)

Science Department

BIOL 108 Human Biology

3 hours

Examination of human structure and function and the relationships between humans and their environment, including other living things. Fundamental biological principles as they apply to humans are explored. This course is intended for non-majors and those majors who need an introductory course before enrolling in BIOL 110. **G.E.**

BIOL 108L Human Biology Laboratory 2 hours Laboratory experiences to complement BIOL 108. This course is intended for non-majors and those majors who need an introductory course before enrolling in BIOL 110. \$30 lab fee. Prerequisite: BIOL 108 or concurrent enrollment. BIOL 108 must be completed before BIOL 108L can be used for **G.E.** credit.

BIOL 110 Principles of Biology I 3 hours Fundamental processes underlying biological systems from a cellular and organismal viewpoint. Students majoring in Biology must earn a grade of C or higher. Prerequisite: Grade of C or higher in high school biology or BIOL 108 or ACT Math and English scores above 20 or SAT scores above 470. **G.E.**

BIOL 110L Principles of Biology I 2 hours Laboratory

Laboratory experiences to complement BIOL 110. \$30 lab fee. Prerequisite: BIOL 110 or concurrent enrollment. BIOL 110 must be completed before BIOL 110L can be used as **G.E.** credit. Students majoring in Biology must earn a grade of C or higher. **G.E.**

BIOL 112 Principles of Biology II 3 hours A continuation of BIOL 110. Topics to be covered include population genetics, evolution and natural selection, taxonomy, survey of plants and animals and ecology and ecosystems. Prerequisite: BIOL 110. Students majoring in Biology must earn a grade of C or higher.

BIOL 112L Principles of Biology II 2 hours Laboratory

Laboratory experiences to complement BIOL 112. Students majoring in Biology must earn a grade of C or higher. \$30 lab fee. Prerequisites: BIOL 110 and BIOL 110L, BIOL 112 or concurrent enrollment.

BIOL 115 Introduction to Environ- 3 hours mental Science

Survey of environmental science, ecosystems and human impact. Cross-listed as ENVS 115. (Course meets Multicultural graduation requirement.) **G.E.**

BIOL 115L Introduction to Environ- 2 hours mental Science Laboratory

1 hour

Laboratory experiences to complement BIOL/ ENVS 115. Cross-listed as ENVS 115L. \$30 laboratory fee. Prerequisite: BIOL/ENVS 115 or concurrent enrollment. BIOL/ENVS 115 must be taken as a corequisite or completed before BIOL/ENVS 115L can be used as **G.E.** credit. **G.E.**

BIOL 197, 198, 297, 298, 397, 398, 497, 498 Science Seminar

Science seminar at which students, faculty and outside speakers present and discuss research and topics appropriate to the natural sciences. Evaluation is Satisfactory/Unsatisfactory. Course may not be repeated to remove a failing grade. Cross-listed as CHEM/ENVS 197, 198, 297, 298, 397, 398, 497, 498. Prerequisite: Declared major or minor in the Science Department. Offered Fall and Spring.

BIOL 221 Clinical Microbiology 3 hours A survey of microorganisms with emphasis on clinically important bacteria, viruses, protozoa, fungi and invertebrates. Emphasis placed on the health care applications of microbiology and transmission of infectious disease agents. Prerequisite: BIOL 110. Corequisite: BIOL 221L.

BIOL 221L Clinical Microbiology 2 hours Laboratory

Laboratory experiences to complement BIOL 221. \$30 lab fee. Prerequisite: BIOL 110L. Corequisite: BIOL 221.

BIOL 222 Conservation Biology 3 hours Conservation biology is the science of maintaining biological diversity, but it extends beyond pure science into areas such as philosophy, economics, law and sociology. This course focuses on biodiversity and how this diversity supports the funcions of ecosystems. Threat to biodiversity particularly from human actions, and strategies for maintaining biodiversity are discussed. Cross-listed as ENVS 222. Prerequisite: BIOL 112.

BIOL 223 Anatomy

3 hours

Structure of the human body including comparison with other vertebrates. Concurrent enrollment in BIOL 223L is required. Prerequisite: BIOL 110.

BIOL 223L Anatomy Laboratory2 hoursLaboratory experiences to complement BIOL223. \$30 lab fee. Prerequisites: BIOL 110L,BIOL 223 or concurrent enrollment.

BIOL 230 Medical Terminology 3 hours An introduction to medical terminology, with

an emphasis on learning word roots, suffixes and prefixes, as it pertains to the human body. This course is offered by the Online Campus.

BIOL 233 Topics

1-3 hours

BIOL 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

BIOL 290 Principles of Cell Biology 3 hours Theoretical foundations of basic cell biology, including structure, function and synthesis of the plasma membrane and subcellular organelles; cell adhesion and the extracellular matrix; cell transport, communication, division, cancer and programmed cell death. Students majoring in Biology must earn a grade of C or higher. Prerequisites: BIOL 110; CHEM 109 or CHEM 110. Concurrent enrollment in BIOL 290L is strongly recommended.

BIOL 290L Principles of Cell Biology 2 hours Laboratory

Laboratory experiences to complement BIOL 290. Students majoring in Biology must earn a grade of C or higher. \$30 lab fee. Prerequisites: BIOL 110L, BIOL 290 or concurrent enrollment.

BIOL 300 Evolution

3 hours

Examination of the basic mechanisms of evolution and the importance of evolution to our understanding of life on earth. Genetics, natural selection, adaptation and the history of life are considered. Cross-listed as ENVS 300. Prerequisites: BIOL 112 and BIOL 342.

BIOL 309 Animal Behavior 3 hours Basic principles of animal behavior with an emphasis on the evolutionary forces that shape behavior. Cross-listed as PSYC 309. Prerequisites: six hours of Psychology coursework or six hours of biology course work.

BIOL 312 Microbiology 3 hours Survey study of microorganisms. Concurrent enrollment in BIOL 312L is required. Prerequisites: BIOL 110, BIOL 290 and sophomore standing; concurrent enrollment in BIOL 312L is required.

BIOL 312LMicrobiology Laboratory2 hoursLaboratoryexperiencestocomplementBIOL312.\$30labfee.Prerequisites:BIOL 110L,BIOL 290L,andBIOL 312 or concurrent enrollment.

BIOL 319 Soils

3 hours

An examination of soils. Topics include soil as a medium for plant growth, habitat for organisms, system for water supply and purification, recycling system for nutrients and organic wastes and engineering medium. Cross-listed as ENVS 319. Prerequisites: BIOL 110 or BIOL/ENVS 115; CHEM 110.

BIOL 320 Ecology

3 hours ith an emphasis

Basic principles of ecology with an emphasis on the factors affecting the distribution and abundance of organisms. Cross-listed as ENVS 320. Prerequisites: BIOL 112; BIOL/ ENVS 320L or concurrent enrollment. BIOL/ ENVS 222 recommended.

BIOL 320L Ecology Laboratory 2 hours Laboratory experiences to complement BIOL/ ENVS 320. Cross-listed as ENVS 320L. Prerequisite: BIOL 112L; BIOL/ENVS 320 or concurrent enrollment.

BIOL 324 Statistics for the Behavioral 3 hours and Natural Sciences

Study of parametric and nonparametric statistics commonly used in the behavioral and life sciences. Included are analyses of relationship and variance, as well as effect sizes associated with each. Cross-listed as PSYC/ SOCI 324. **Students majoring in Biology or Psychology must earn a grade of C or higher.** Prerequisite: Grade of C or higher in Math 150 or higher level math course.

BIOL 326 Physiology

3 hours

Functional processes of the human body with emphasis on regulatory mechanisms. Concurrent enrollment in BIOL 326L is required. Prerequisites: BIOL 110; CHEM 109 or CHEM 110.

BIOL 326L Physiology Laboratory 2 hours

Laboratory experiences to complement BIOL 326. \$30 lab fee. Prerequisites: BIOL 110L, BIOL 326 or concurrent enrollment.

BIOL 330 Exercise Physiology 3 hours Metabolic and physiological processes of the body as they relate to exercise and athletic conditioning. Response of the body to environmental influence and nutritional intake. Effects of gender, aging, and fatigue on athletic performance. Prerequisites: BIOL 110 and CHEM 110.

BIOL 342 Genetics

3 hours

Basic principles of Mendelian and molecular genetics. Students majoring in Biology must earn a grade of C or higher. Prerequisites: BIOL 110, BIOL 290.

BIOL 342L Genetics Laboratory

2 hours

Laboratory experiences to complement BIOL 342; methodology and applications in classical and molecular genetics. Students majoring in Biology must earn a grade of C or higher. \$30 lab fee. Prerequisites: BIOL 110L with a grade of C or higher; BIOL 290L: BIOL 342 or concurrent enrollment.

BIOL 343 Botany

5 hours

Anatomy, physiology and taxonomy of plants. Laboratory is included. \$30 lab fee. Prerequisites: BIOL 112 and BIOL 112L.

BIOL 353 Zoology

5 hours

Survey of animal phyla and vertebrate organ systems. Laboratory is included. \$30 lab fee. Prerequisites: BIOL 112 and BIOL 112L.

BIOL 360 Kinesiology

3 hours

Introduction to the analysis and interpretation of human motion based on anatomical relationships, muscular activity and biomechanical principles that govern movement of the human body. Prerequisites: BIOL 110 and BIOL 223.

BIOL 371 Neuroscience

3 hours

Comprehensive survey of the physiological processes and structures underlying human and animal behavior, including sensation, movement, emotion, learning, memory, sleep, drugs and abnormal behavior. Cross-listed as PSYC 371. Prerequisite: 6 hours of PSYC courses or 6 hours of BIOL courses.

BIOL 372 Sensation and Perception 3 hours Introduction to the study of human senses and higher-order perceptual processes. Crosslisted as PSYC 372. Prerequisites: 6 hours of BIOL or 6 hours of PSYC courses and junior standing. **BIOL 380 Developmental Biology 3 hours** Study of animal development, including gamete development and fertilization, embryonic development, mechanisms of cellular differentiation, cell-cell interactions during development and mechanisms of differential gene expression. Emphasis on understanding development at the cellular and molecular level. Prerequisites: BIOL 110; BIOL 290; CHEM 109 or CHEM 110.

BIOL 395 Research Design in 3 hours the Sciences

Study of applied research in the natural sciences, with special emphasis on experimental design and methodology, data generation and critical analysis, and scientific writing and presentation. Cross-listed as ENVS 395 and CHEM 395. Students majoring in biology, chemistry, or environmental science must earn a grade of C or higher. Prerequisites: Fifteen semester hours of BIOL, ENVS, and/or CHEM courses; junior standing; BIOL/PSYC/SOCI 324. Offered fall and spring.

BIOL 410 Molecular Biotechnology 3 hours Methodology and applications in molecular biology, with special emphasis on biotechnology. Prerequisite: BIOL 342 with a grade of C or higher. Concurrent enrollment in BIOL 410 is strongly recommended.

BIOL 410L Methods in Molecular 2 hours Biotechnology

Laboratory experiences to complement BIOL 410. \$30 lab fee. Prerequisite: BIOL 342L with a grade of C or higher. Concurrent enrollment in BIOL 410 is required.

BIOL 415 Immunology

3 hours

Theoretical foundations of immunology, including antibody and cell-mediated immune response; antibody-antigen interactions; and immune system disorders. Designed to prepare pre-professional students for later studies. Prerequisites: BIOL 110, BIOL 312.

BIOL 420 Biochemistry

3 hours

Basic concepts and foundations of biochemistry, including structure and function of macromolecules; bioenergetics; enzyme function and regulation; metabolic pathways. Designed to prepare pre-professional students for later studies. Cross-listed as CHEM 420. Students majoring in Biology or Chemistry must earn a grade of C or higher. Prerequisites: BIOL 110 and CHEM 310.

BIOL 420L Biochemistry Laboratory 2 hours Laboratory teaching fundamental techniques in biochemistry. Cross-listed as CHEM 420L. Concurrent enrollment in BIOL 420 is required. Students majoring in Biology or Chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisites: BIOL 110 and CHEM 310.

BIOL 433 Topics

1-3 hours

BIOL 472 Psychopharmacology 3 hours Introduction to psychopharmacology and the mechanisms of drug action in the brain and on the body, including: the fundamentals of pharmacokinetics, pharmacodynamics, neuroanatomy, neurotransmission, tolerance and dependence. Major drug classes covered are sedative-hypnotics, anxiolytics, psychostimulants, opiates, hallucinogens, antipsychotics, antidepressants, and mood stabilizers. Cross-listed as PSYC 472. Prerequisite: Junior standing.

BIOL 490 Senior Seminar 3 hours A seminar course required as a culminating experience prior to graduation for all seniors majoring in science. Students do library research project(s) in their major field. A grade of C or higher is required. Prerequisites: Senior standing, ENGL 112, BIOL 395. Offered fall and spring.

CHEMISTRY (CHEM)

Science Department

CHEM 108 Physical Science Survey 3 hours Examination of the physical world and its basic underlying scientific principles. Crosslisted as PHYS 108. Prerequisite: MATH 106 or higher. **G.E.**

CHEM 108L Physical Science 2 hours Survey Laboratory

Laboratory experiences to complement CHEM 108. Cross-listed as PHYS 108L. CHEM 108 must be completed before CHEM 108L can be used for **G.E.** credit. Prerequisite: CHEM/ PHYS 108 or concurrent enrollment. **G.E.**

CHEM 109 Chemistry for Biological 3 hours and Health-Related Sciences

Fundamentals of chemistry for students entering biological or health-related fields. Topics include stoichiometry, chemical equations and reactions, properties of gases, solutions and electrolytes, acid/base properties and pH, an introduction to organic chemistry, and various aspects of chemistry important in biological systems. Prerequisites: MATH 106 or higher (or ACT math score of 21 or higher); CHEM/ PHYS 108 (or high school chemistry course with a grade of C or higher). **G.E.**

CHEM 110 Chemistry I

3 hours

Fundamental course in the principles of chemistry. Topics include stoichiometry, chemical equations, chemical reactions, properties of gases, properties of solutions, and thermochemistry. Students majoring in Biology or Chemistry must earn a grade of C or higher. Prerequisite: MATH 106 or higher (or ACT Math score 21 or higher); CHEM/PHYS 108 or high school chemistry with a grade of C or higher.) **G.E.**

CHEM 111L Introductory Chemistry 2 hours Laboratory Experience

An experimental introduction to the physical and chemical properties of matter to complement CHEM 109 and CHEM 110. Students majoring in biology or chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisite: CHEM 109 or CHEM 110 or concurrent enrollment. **G.E.** CHEM 109 or CHEM 110 must be completed before CHEM 111L can be used for **G.E.** credit.

CHEM 112 Chemistry II 3 hours

A continuation of CHEM 110. Topics to be covered include kinetics, equilibrium, electrochemistry, nuclear chemistry and coordination complexes. Students majoring in Biology or Chemistry must earn a grade of C or higher. Prerequisite: Grade of C or higher in CHEM 110.

CHEM 112L Chemistry II Laboratory 2 hours Laboratory experiences to complement CHEM 112 to include the qualitative analysis of compounds. Students majoring in Biology or Chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisites: CHEM 112 or concurrent enrollment; CHEM 111L with a grade of C or higher.

CHEM 197, 198, 297, 298, 397, 398, 1 hour 497, 498 Science Seminar

Science seminar at which students, faculty and outside speakers present and discuss research and topics appropriate to the natural sciences. Evaluation is Satisfactory/Unsatisfactory. Course may not be repeated to remove a failing grade. Cross-listed as BIOL/ENVS 197, 198, 297, 298, 397, 398, 497, 498. Prerequisite: Declared major or minor in the Science Department.

CHEM 230 Environmental Toxicology 3 hours and Chemistry

Analytic survey of factors which affect local and global environments. Provides students with an appreciation and understanding of the principles of environment toxicology and chemistry including the sources, fate and effects of chemicals in the environment. Emphasis is on contemporary problems in human health and the environment. Cross-listed as ENVS 230. Prerequisite: CHEM 112.

CHEM 233 Topics

1-3 hours

CHEM 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study

CHEM 306 Analytical Chemisty 1

1-5 hours 5 hours

An overview of analytical chemical techniques with a focus on how data is collected, analyzed and interpreted. The deveopment of analytical methods as well as analytical sampling are discussed as are tolls used for the isolation and quantification of chemical samples. Laboratory work is included as part of this course. Students majoring in Chemistry must earn a grade of C or higher. \$40 lab fee. Prerequisites: CHEM 112 and CHEM 112L with a grade of C or higher; MATH 150 or MATH 180. Offered Fall.

CHEM 307 Analytical Chemisty II

5 hours

A continuation of Analytical Chemisty I focusing on advanced analytical methods for the quantification in analytes in complex systems. Detailed discussions of chemical equilibrium, spectroscopy and current topics in analytical chemistry are included. Laboratory work is included as part of this course. Students majoring in Chemistry must earn a grade of C or higher. \$40 lab fee. Prerequisites: CHEM 306 with a grade of C or higher. Offered Spring.

CHEM 310 Organic Chemistry I

3 hours

The first semester of a two semester course that surveys theory, preparations, reactions and properties of the compounds of carbon, both aliphatic and aromatic. Topics include alkanes, alkenes, alkynes, substitution and elimination reactions, aromaticity and spectroscopic techniques. Students majoring in Chemistry must earn a grade of C or higher. Prerequisite: Grade of C or higher in CHEM 112.

CHEM 310L Organic Chemistry I 2 hours Laboratory

Laboratory experiences to complement CHEM 310 focusing on separation/purification techniques. Students majoring in Chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisites: CHEM 310 or concurrent enrollment; CHEM 112L with a grade of C or higher.

CHEM 312 Organic Chemistry II 3 hours

Continuation of CHEM 310 Organic Chemistry I. Topics include groups in organic chemistry such as alcohols, ethers, epoxides, sulfides, aldehydes, ketones, carboxylic acids and amines. Biomolecules are covered. Students majoring in Chemistry must earn a grade of C or higher. Prerequisite: CHEM 310 with a grade of C or higher.

CHEM 312L Organic Chemistry II 2 hours Laboratory

Laboratory experiences to complement CHEM 312 focusing on synthetic methods. Students majoring in Chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisites: CHEM 312 or concurrent enrollment; CHEM 310L with a grade of C or higher.

CHEM 322 Inorganic Chemistry 3 hours A survey of the inorganic and organometallic chemistry of the elements. Topics include group theory, acid/base chemistry, solid state chemistry, main group elements, coordination chemistry and organometallic compounds and reactions. Prerequisite: CHEM 112.

CHEM 395 Research Design in 3 hours the Sciences

Study of applied research in the natural sciences, with special emphasis on experimental design and methodology, data generation and critical analysis, and scientific writing and presentation. Cross-listed as ENVS 395 and BIOL 395. Students majoring in biology, chemistry, or environmental science must earn a grade of C or higher. Prerequisites: Fifteen semester hours of BIOL, ENVS, and/ or CHEM courses; junior standing; BIOL/ PSYC/SOCI 324. Offered fall and spring

CHEM 401 Introduction to Physical 3 hours Chemistry/Chemical Physics

Introduction to physical principles underlying chemical science. Topics include kinetic theory of gases, thermodynamics and quantum mechanics. Cross-listed as PHYS 401. Prerequisites: CHEM 112, MATH 201, PHYS 111 or PHYS 211, PHYS 112 or PHYS 212 (may be a corequisite).

CHEM 420 Biochemistry

3 hours

Basic concepts and foundations of biochemistry, including structure and function of macromolecules; bioenergetics; enzyme function and regulation; metabolic pathways. Designed to prepare pre-professional students for later studies. Students majoring in Biology or Chemistry must earn a grade of C or higher. Cross-listed as BIOL 420. Prerequisites: BIOL 110 and CHEM 310.

CHEM 420L Biochemistry Laboratory 2 hours

Laboratory teaching fundamental techniques in biochemistry. Cross-listed as BIOL 420L. Concurrent enrollment in CHEM 420 is required. Students majoring in Biology or Chemistry must earn a grade of C or higher. \$30 lab fee. Prerequisites: BIOL 110 and CHEM 310.

CHEM 433 Topics

1-3 hours

CHEM 490 Senior Seminar 3 hours A seminar course required as a culminating experience prior to graduation for all seniors majoring in science. Students do library research project(s) from the field of natural sciences. A grade of C or higher is required. Prerequisites: Senior standing; ENGL 112; CHEM 301; a minimum of 26 hours of coursework with CHEM prefix. Offered fall and spring.

COMMUNICATION (COMM)

Humanities Department

COMM 110 Introduction to Speech 3 hours This course introduces students to basic skills necessary to function effectively in public communication situations, including informative and persuasive speaking. In addition, students will develop abilities to analyze and evaluate oral discourse as a means of becoming informed consumers of communication. **G.E.**

COMM 203 Understanding Human 3 hours Communication

Communication theories and models applied to intrapersonal, interpersonal, small-group and public settings. Principles practiced in verbal and non-verbal forms. **G.E.**

COMM 214 Mass Communication 3 hours in Society

History and development of the American mass media, to include examination of media roles in society, social advantages and disadvantages of media, and the role of the spectator/consumer towards the media. Prerequisite: COMM 110.

COMM 220 Introduction to Theatre 3 hours Introduction to the elements utilized during the production of a play as well as an emphasis on increased appreciation of numerous major performance styles and genres.

COMM 224 Film History and Analysis 3 hours Introduction to the world history of cinema from its origins to the present, featuring important and influential films of various types and genres from several countries. Basic formal and technical aspects of the medium and means of analysis are also introduced. Prerequisite: COMM 110. *Course meets Multicultural graduation requirement.* **G.E.**

COMM 230 Introduction to Communi- 3 hours cation Theory and Research

Introduction to theory, methodology, analysis, and criticism. Skills learned in this course are the beginning foundation of those required to complete the Capstone course and the major senior project. Prerequisites: Sophomore standing, completion of at least one COMM course, and a C average in all Speech Communication courses.

COMM 233 Topics

1-3 hours 3 hours

COMM 303 Intercultural Communication

Study of the role of communication in multicultural and intercultural contexts, including issues relating to values, language and nonverbal behavior as they relate to effective multicultural and intercultural interaction. Prerequisite: Sophomore Standing. *Course meets Multicultural graduation requirement.*

COMM 313 Interpersonal and Small 3 hours Group Communication

An introduction to the process of communication as it operates in personal and small group relationships. Prerequisite: COMM 110.

COMM 320 Advanced Theatre 3 hours

Performance theory and criticism supporting current staging of monologues, duets and ensemble scripts in theatre and film. This course has a significant focus on advanced acting skills and theatre on the global stage. Prerequiste: COMM 220.

COMM 323 Advanced Public Speaking 3 hours and Persuasion

Detailed study and application of speech communication theory with an emphasis on

the philosophical and theoretical foundations of persuasion. Prerequisite: COMM 110.

COMM 324 Film Styles and Genres: 3 hours (Specific Topic)

Intensive study of a specific body of films grouped by similarities in style, genre, period or cultural origin. Emphasis is on historical, theoretical, and critical issues. Topics vary. Sample topics: Documentary film; film adaptation; film authors; independent film; movie musicals. Course may be taken more than once when topic varies. Prerequisite: COMM 224.

COMM 334 Political Economy of 3 hours Film and Media

Examination of the film industry and mass communication outlets as they pertain to political economy. Through the study of ownership as a business strategy and cultural construction, students explore the cultural influence of mass communication. Prerequisite: COMM 214 or COMM 224.

COMM 343 Gender Communication 3 hours

Examination of the significant role of gender in human communication behaviors as enacted in social spaces of daily life. Crosslisted as WMST 343. Prerequisite: Sophomore Standing.

COMM 344 Visual Communication 3 hours and Culture

Introduction of basic principles of perception and visual interpretation. Analysis and discussion addresses the dependent processes of rhetorical visual communication in media and film studies, cultural studies, art, literature, and photography within the public sphere. Prerequisite: COMM 110.

COMM 360 Oral Interpretation 3 hours of Literature

Appreciation of poetry, prose and drama through oral performance. Prerequisite: COMM 110 and/or COMM 203 strongly recommended.

COMM 380 Performance Studies 3 hours

Examination of classical and contemporary views of performance as a way of constituting meaning as well as to affirm individual and cultural identity at the crossroads of race, class and gender. Prerequisite: COMM 360.

COMM 385 Performance Styles and 3 hours Genres: (Specific Topic)

Intensive study of a major performance style and genre. Emphasis is on the historical, theoretical, and critical issues. Sample topic: poetry; personal narrative; performance art; prose; drama. Course may be taken more than once when the topic varies. Prerequisite: COMM 360.

COMM 393 Organizational Communication

3 hours

Examination of communication processes with emphasis on systems theories, leadership and interpersonal and group interaction in formal and informal organizational settings. Prerequisite: COMM 110.

COMM 399 Speech Communication 3 hours Internship

To practice acquired communication skills in a professional environment. Prerequisites: GPA 3.0 or higher, junior or senior standing.

COMM 420 Advanced Acting and 1-3 hours Production Techniques

This course exposes students to the acting, directing, and technical processes during the staging of a full-length production. Acting or managerial paticipation in a main stage production is a course requirement. The week prior to the performance will require evening and weekend rehearsal time required for participation in the class. All students must participate in the set production dates scheduled prior to production dates. This course may be taken for variable credit and up to three times. Prerequisite: Audition.

COMM 433 Topics 1-3 hours

COMM 495 Speech Communication 3 hours Integrative Seminar

Culminating experience for the major; completion with a C or higher required. Advanced examination of the nature of communication theory, research, and methods. With the instructor's permission, a student not majoring in speech Communication may enroll and propose a project specific to the Speech Communication discipline. Prerequisites: COMM 230, C average or higher in Speech Communication courses; minimum of 15 hours of 300- or 400-level Communication courses; senior standing.

COMM 499 Speech Communication 1-3 hours Internship

To practice acquired communication skills in a professional environment. Prerequisites: GPA 3.0 or higher; senior standing; COMM 399.

COMPUTER AND INFORMATION SCIENCE (CISS)

Computer and Mathematical Sciences Department

CISS 145 Introduction to Python 3 hours Programming

An introduction to computer programming. Students design and build a substantial system using the Python language. The system is selected from the following: 2D/3D games, CD player, image authoring tool. This course is intended for non-Computer Science majors. Prerequisite: MATH 150.

CISS 170 Introduction to Computer 3 hours **Information Systems**

Overview of computer hardware, software, programming, and information systems as applied in the modern business environment. Hands-on applications of word processing, spreadsheet, and data management software are used to explore use of microcomputers in business. G.E. \$25 lab fee.

CISS 175 Microcomputer Based 3 hours **Personal Productivity Tools**

Use of advanced microcomputer based personal productivity software (Microsoft Office), certification in Microsoft Office, using the Skills Assessment manager, and simple WEB page design. \$25 lab fee. Prerequisite: CISS 170.

CISS 234 Visual Basic

3 hours

An introduction to programming using Visual Basic. Emphasis is on Visual Basic syntax and creating user interfaces in Visual Basic. Topics include application design, using variables and constants, the selection and repetition structures, sequential access files, menus, dialog boxes and error trapping, random access files, database access and arrays. Prerequisites: CISS 170, MATH 150.

CISS 236 COBOL Programming

3 hours

COBOL syntax and semantics, data structures including record processing using sequential, indexed, and relative files; sorting and merging files, and other language features. Prerequisites: CISS 170 and MATH 150.

CISS 238 Java Programming 3 hours An introduction to programming using Java. Topics include methods, classes, objects, advanced object concepts, input, selection,

repetition, arrays and strings, applets, HTML, graphics, inheritance concepts, abstract windows tool kit, file input and output. Prerequisites: CISS 170, MATH 150.

CISS 240 Introduction to 4 hours Programming

Program design and development using C++. A disciplined approach to problem solving and algorithm development is stressed using top-down design. Topics include syntax and semantics, input/output, selection, iterative constructs, functions, data types, arrays, strings, pointers and recursion. Prerequisites: Math 150, CISS 170.

CISS 241 Introduction to 3 hours Programming

Program design and development using C++. A disciplined approach to problem solving and algorithm development is stressed using top-down design. Topics include syntax and semantics, input/output, selection, iterative constructs, functions, data types, arrays, strings, pointers, and recursion. Prerequisites: Math 150, CISS 170.

CISS 242 Programming II 3 hours A continuation of CISS 241. Topics include strings, pointers, recursion, classes, methods, and operator overloading. Prerequisites: Grade of "C" or higher in CISS 241.

CISS 243 Programming III 3 hours A continuation of CISS 242. Topics inheritance, polymorphism, templates, stream I/O, file processing, stacks, queues, and lists. Prerequisites: Grade of "C" or higher in CISS 242.

CISS 245 Advanced Programming 4 hours A continuation of CISS 240. Topics include object-oriented programming in C++ with classes, methods, inheritance, dynamic memory allocation, file streams, linked lists and stacks. Prerequisite: Grade of C or higher in CISS 240.

CISS 274 Introduction to Internet 3 hours Technology and Electronic Commerce

Introduction to internet and electronic commerce. Topics include the World Wide Web, basic web page design (HTML) and programming methodologies (CGI). Social, economic, ethical and political topics are discussed as well. Prerequisite: CISS 170.

CISS 280 Systems Analysis and 3 hours Design I

The first in a two-course sequence (see CISS 320). Explores requirements, and methods for documenting and analyzing existing business information systems; includes investigation and development of alternative solutions. Prerequisite: CISS 234 or CISS 238 or CISS 241.

CISS 285 Structured Systems 3 hours Analysis and Design

This course explores the structured tools, techniques, methodologies, and the system development life cycle used to plan, analyze, design, implement/build and maintain computer information systems. Prerequisite: CISS 234 or CISS 238 or CISS 240.

CISS 298 Web Programming 3 hours Introduction to Web Programming issues

associated with developing web applications and website design. Prerequisites: CISS 274; CISS 285 or CISS 280.

CISS 312 ACM Programming Contest 1 hour

Open to computer majors patricipating in the ACM Programming Contest. May be repeated for a total of 3 semester hours. Prerequisites: Junior standing, computer major - either CIS or CS. Evaluation is satisfactory/unsatisfactory.

CISS 320 Systems Analysis and 3 hours Design II

A continuation of CISS 280. Explores the design and implementation of infomation systems, selection of alternatives, object-oriented design techniques, ISO 9001 software quality assurance mechanisms. Prerequisite: CISS 280 with a grade of "C" or higher.

CISS 325 Systems Analysis, Design 3 hours and Implementation Projects

The systems analysis and design topics introduced in CISS 285 are applied to create one or more operational computer information systems. Prerequisite: CISS 285 (or CISS 280) with a grade of C or higher.

CISS 350 Advanced Algorithms and 3 hours Data Structures

Advanced concepts of data, storage, organization, and retrieval. Topics include multiplelinked lists, balanced trees, graphs, abstract data types, classes and methods, object-oriented programming, searching and sorting. Prerequisite: CISS 245 or CISS 243.

CISS 355 Directed Study 1-3 hours Research project covering a limited and well-focused aspect of theory, concept, or application in a selected area of CIS not covered in depth in the curriculum. A term

paper documenting the research and results is required. This course requires the approval of the chair of the Computer and Mathematical Sciences Department and is available on the main campus only. Prerequisite: CISS 245 or CISS 243.

CISS 358 Algorithm Analysis 3 hours Introduction to algorithm analysis and complexity classes including advanced data structures such as B-trees, height-balanced trees, and graphs. Analysis of various searching and sorting algorithms and algorithm design topics such as dynamic programming, greedy methods, and divide-andconquer. Prerequisites: MATH 225, CISS 245 or CISS 243.

CISS 360 Computer Systems and 3 hours Assembly Language

Introduction to the fundamental concepts of computer systems including data representation, computer arithmetic, Boolean algebra, SSI Logic Design, register-transfer and micro-operations, computer organization, assemblers and assembly language programming. Prerequisite: CISS 245 or CISS 243.

CISS 362 Introduction to Automata 3 hours Theory, Languages and Computation

The study of formal languages, grammars, abstract computer models, and computability. Different models of computation and their relationships with formal languages as well as capabilities and limitations of these models are studied from a theoretical perspective. Prerequisites: MATH 225 and CISS 240. Cross-listed with MATH 362.

CISS 365 Project Management 3 hours An introduction to project managment issues associated with information technology projects including project definition, organizational structures, risk factors, quality management and procurement management. Prerequisites: MGMT 254, CISS 320 or CISS 325.

CISS 370 Operating Systems 3 hours The hardware, firmware and software organization of computer systems, basic operating systems concepts, concurrent processess, CPU and disk scheduling, memory management, deadlocks, systems evaluation and simulation, and performance measurement. Prerequisites: CISS 350 or CISS

358.

CISS 375 Compiler Construction 3 hours Concepts and theories of compiler design and langauge translation. Lexical analysis,

syntax specification, parsing, error recovery, syntax directed translation, semantic analysis, symbol tables, run-time storage. Prerequisite: CISS 350 or CISS 358.

CISS 380 Computer Graphics 3 hours

Techniques for picture development and transformation, curve and surface approximation and projections, graphical languages, data structures and their implementation, graphical systems, animation techniques. Prerequisite: CISS 350 or CISS 358.

CISS 390 Global Information 3 hours Systems Management

Introduction to global information systems management issues associated with culture, politics and geo-economics, international IS standards and regulations, outsourcing and off-shoring. Prerequisites: CISS 274; CISS 285 or CISS 280. Course meets multicultural graduation requirement.

CISS 391 Information Systems 3 hours Security

Introduction to information systems security issues associated with formal and informal systems' protection, detection and responses. Prerequisite: CISS 274, CISS 285 or CISS 280.

CISS 410 Computer Networks and 3 hours Communications

Network architecture and the OSI model. Physical protocols for data transmission and error detection/correction, data link concepts, LAN protocols, internetworking, endto-end service and security considerations. Prerequisite: CISS 350.

CISS 420 Computer Architecture 3 hours Introduces fundamental concepts of computer architecture including data representation, computer arithmetic, Boolean algebra, combinational logic design, sequential circuits, registers and counters, memory and programmable logic devices, instruction set architecture, CPU design, input-output, memory systems. Prerequisite: CISS 360.

CISS 430 Database Systems 3 hours Design and implementation of relational and object-oriented database systems. Relational algebra, normal forms and normalization, query processing, efficiency and security considerations. Prerequisite: CISS 285 or

CISS 280.

1-3 hours

CISS 433 Topics These courses will cover selected topics not offered as part of the CIS curriculum. .

CISS 438 Object-Oriented Design 3 hours and Analysis

Introduction to object-oriented (OO) analysis, design, and modeling. Topics include techniques for mapping real-world systems onto an OO representation, using case design, OO methodology for software development, identifying patterns, building conceptual models, and OO implementation issues. The Unified Modeling Language is used as a modeling tool. Prerequisite: CISS 350 or 358.

CISS 445 Programming Languages 3 hours Survey and comparison of various programming languages and the concepts used in designing, specifying and evaluating languages. Topics include formal specification, language constructs, translation, binding and binding times, logic and functional programming. Prerequisite: CISS 350 or CISS 358.

CISS 450 **Artificial Intelligence** 3 hours Concepts and theories of intelligent computer Issues of perception, learning, svstems. problem solving and knowledge representation discussed. Programming in a list processing language will be required. Applications to game playing, theorem proving, expert language understanding. systems. Prerequisite: CISS 350 or CISS 358.

CISS 451 Introduction to Cryptog-3 hours raphy & Computer Security

An introduction to cryptography and computer security. Topics include cryptographic methods, hash functions, key exchange, secure communication, message authentication, digital signatures, network security, system security, modern day security protocols and standards. Prerequisites: MATH 225; CISS 245 or CISS 243. Cross-listed with MATH 451.

1-3 hours CISS 455 Directed Study

Research project covering a limited and well-focused aspect of theory, concept, or application in a selected area of CIS not covered in depth in the curriculum. A term paper documenting the research and results is required. This course requires the approval of the chair of the Computer and Mathematical Sciences Department and is available on the main campus only. Prerequisite: Senior standing.

CISS 465 Software Engineering 3 hours

An introduction to software engineering including process methods, software metrics, configuration management, risk analysis, testing techniques and quality assurance, project management and tracking. Prerequisite: CISS 430.

CISS 472 Data Warehousing and 3 hours Decision Support Systems

An investigation of data warehousing, data mining, and decision support systems. Topics include design and architectural issues, cost effectiveness, management concerns, data integrity, deployment and maintenance issues. Prerequisite: CISS 430.

CISS 492 Senior Seminar in Manage- 3 hours ment Information Systems

Required culminating course for graduation as a Management Information System (MIS) major. Readings from the current literature. Requires original research project or paper. Grade of C or higher required. This course includes a program evaluation component. Prerequisites: CISS 325 (or CISS 320), CISS 365, CISS 430 and senior standing.

CISS 493 Senior Seminar in Computer Information Systems Culminating course required for Computer Information Systems (CIS) majors. Readings from the current literature. Requires original research project and paper. Grade of C or higher required. This course includes a program evaluation component. Prerequisites: CISS 325 (or CISS 320), CISS 350, CISS 360, CISS 430 and senior standing.

CISS 494 Senior Seminar in 3 hours Computer Science

Culminating experience course required for Computer Science Majors. Requires original research project, paper and presentation under the supervision of a computer science faculty member. Grade of C or higher required. The course includes a program evaluation component. Prerequisites: CISS 420, CISS 430, CISS 445 and senior standing.

CISS 499 Internship

1-6 hours

Application and use of computer knowledge and skills in a supervised work experience. Prerequisites: Senior standing, cumulative GPA of 3.0 or higher.

CRIMINAL JUSTICE ADMINISTRATION (CJAD)

Criminal Justice Administration and Human Services Department

CJAD 101 Introduction to Criminal 3 hours Justice Administration

History and development of major components of the CJ system: police, prosecution, defense, criminal courts, institutional and community-based corrections.

CJAD 201 Criminal Investigation 3 hours Provides the student with a practical working knowledge of criminal investigation principles, techniques, law, and procedure. The investigative process is studied from basic theoretical concepts to the application of the

basic elements for prosecution of criminal cases. Includes a study of crime-scene investigation, interrogation, burglary, assault, sex crimes, death cases, homicide and murder, organized crime and terrorism. Prerequisite: CJAD 101.

CJAD 203 Crime Scene Investigation 3 hours Techniques and methods of crime scene investigation focusing on practical suggestions as well as theoretical viewpoints of the field. Topics include fundamentals of the preliminary investigation, identification, protection and collection of evidence, sketching and photographing the crime scene, interpreting blood stain evidence and fingerprinting techniques. \$20 lab fee. Prerequisite: CJAD 101.

CJAD 233 Topics

1-3 hours 1 hour

CJAD 233 Topics: Mock Trial Available to members of the Columbia College Mock Trial Team. Requires participation beginning in the Fall when the team begins preparing the case through the end of the mock trial season. Cross-listed as POSC 233. Prerequisite: Must be a full-time Columbia College student. **Course may be repeated five times for a total of six semester hours.**

CJAD 301 Criminal Law

3 hours

Examines the basic concepts and elements of substantive criminal law, which defines such crimes as murder, rape, assault, larceny, burglary, and robbery. Analysis of inchoate crimes involving attempt, solicitation and conspiracy. Analysis of general principles of criminal liability, punishment, and the legal limitations of such liability based on self-defense, necessity, entrapment, diminished capacity and insanity. Prerequisite: CJAD 101.

CJAD 303 Crime Scene Photography 3 hours Techniques and methods of crime scene photography focusing on practical suggestions as well as general viewpoints of crime scene imaging and documentation. The use of digital imaging and standard film systems are demonstrated. Topics include the fundamentals of photographing scenes from general to specific utilizing the overall, medium, and close-up "three-step" methods. Practical exercises demonstrate the documentation of crime scenes. Major case crime scenes and autopsy procedures are specifically demonstrated. Students are not required to have equipment but may use their personal systems (digital/standard). \$20 lab fee. Prerequisites: CJAD 101 and junior standing.

CJAD 305 Forensic Anthropology 3 hours Anthropological principles and knowledge applied within the legal system. Examination of the basics of bone biology, methods of skeletal analysis, signs of pathology and trauma, and postmortem interval. Prerequisite: Junior standing.

CJAD 306 Military Justice System 3 hours Examination of the history and principles of military justice and comparison of the military and civilian justice systems. Topics include the Uniform Code of Military Justice; military crimes; nonjudicial punishment; jurisdiction of general and special military courts; military judges and panels; self-incrimination, search and seizure, pretrial confinement and restraint; plea bargaining; sentencing and appellate review in military courts. Prerequisites: CJAD 101 and junior standing.

CJAD 310 Crisis Intervention 3 hours Survey of the current crisis intervention literature and introduction to the theories, principles, concepts and techniques of crisis intervention. Upon completion, students should be able to predict who may need crisis intervention services, and demonstrate the provision of first-order crisis intervention. Prerequisite: PSYC 101.

CJAD 311 Police in a Democratic 3 hours Society

Overview and analysis of law enforcement history, development, purposes and roles in a democratic society. Material is presented from a theoretical standpoint and examines critical issues and advances in crime control. Prerequisite: CJAD 101.

CJAD 315 Private Security and 3 hours Loss Prevention

A comprehensive survey of the private security field, including history, organizational and industry structure, strategies and tactics, legal and ethical Issues, and employment possibilities. Prerequisite: Junior standing.

CJAD 320 Cultural Diversity in 3 hours Criminal Justice

Examination of current issues and social problems relating to the administration of justice in a culturally diverse society. Special focus of the course will be on the changing ethnicity of communities and related changes in social and institutional public policy. Also discussed is a cross-cultural communication, implementing cultural awareness training, multicultural representation in law enforcement and criminal justice interaction with various racial and ethnic groups. Prerequisites: CJAD 101 and junior standing. Strongly recommended as prerequisite for CJAD 345 Ethics and Morality in Criminal Justice. Course meets multicultural graduation requirement.

CJAD 325 Juvenile Justice System 3 hours and Procedures

Examination of the American juvenile justice system from the perspective of law enforcement, the courts and corrections. Prerequisites: CJAD 101 and junior standing.

CJAD 327 Fingerprint Evience 3 hours

Exploration of the techingues and methods of identification, capture and analysis of fingerprint evidence, including consideration of the fundamentals of fingerprint patterns, classification formulas and extensions, scarred patterns, amputations and missing fingers, filing sequence, searching and referencing, Henry Classification, techniques for taking good fingerprints, problems in fingerprinting, latent impressions, powdering and lifting latent impressions, preparation of fingerprint charts for court testimony, and practical exercises for capturing fingerprints on a ten print card and live scan fingerprint machines. Prerequisites: CJAD 101 and a declared Criminal Justice or Forensic Science major.

136 Course Descriptions

CJAD 328 Shooting Incidents 3 hours

Exploration and practical analysis of forensic evidence resulting from shooting incidents, including consideration of ballistics, ammunition, weapons/hardware, injury patterns in association with entry and exit wounds, and injury documentation and reconstruction techniques. Prerequisites: CJAD 201; CJAD 203; junior standing; declared Criminal Justice or Forensic Science major.

CJAD 333 Topics: Mock Trial

1 hour

Available to members of the Columbia College Mock Trial Team. Requires participation beginning in the Fall when the team begins preparing the case through the end of the mock trial season. Cross-listed as POSC 333. Prerequisite: Student must be a fulltime Columbia College student. **Course may be repeated five times for a total of six semester hours.**

CJAD 335 Criminalistics

3 hours

Introduction to the scientific techniques commonly used in forensic crime solving, covering in detail all aspects of forensic science, the organization of a crime lab and how evidence is treated from the crime scene to the courtroom. Prerequisites: CHEM 110, BIOL 110, junior standing.

CJAD 335L Criminalistics Laboratory 2 hours

Criminalistics laboratory supplements CJAD 335 Criminalistics and covers the basic biology, chemistry and instrumentation techniques used in the analysis of forensic evidence. \$20 lab fee. Prerequisites: CJAD 335 or concurrent enrollment, CHEM 110, CHEM 111L, BIOL 110, BIOL 110L, junior standing.

CJAD 345 Ethics and Morality in 3 hours Criminal Justice

Study of the decision-making process in criminal justice as it relates to discretion, due process, truthfulness, corruption and discrimination. Prerequisite: CJAD 101.

CJAD 350 Corrections and Penology 3 hours Analysis of punishment in our criminal justice system, with focus on why we punish, and how we punish, all examined within the context of correctional philosophies. History and development of corrections, including relevant theories, practices, systems analysis and treatment modalities. Prerequisite: CJAD 101.

CJAD 351 Community Based 3 hours Corrections

Examination of the philosophy, role and function of probation, parole and other community based corrections as compared to institutional corrections. Consideration and critical evaluation of special programs and recent innovations in community based corrections. Prerequisites: CJAD 101 and sophomore standing.

CJAD 352 Victims in the Justice 3 hours System

Examination of the interface between victims and the various components of the criminal justice system. Topics include the history of the victims rights movement, victim prevention and victim assistance programs, victimization patterns and trends, victim interaction with law enforcement, victim rights and remedies in the court system, victim roles under the correctional system, demographic issues and concerns involving victims and offenders, and particularized consideration of victim issues in specific offenses including stalking, domestic violence, hate crimes and sex crimes involving adults and children. Prerequisites: CJAD 101 and junior standing.

CJAD 370 Dynamics of Terrorism 3 hours

This course surveys contemporary terrorism, especially international terrorism. The course examines controversies in defining terrorism; explores the historical roots of terrorism; examines terrorist motivations, organization and strategies; and explores ways in wich countries can respond to the threat of terrorism. Cross-listed as POSC 370. Offered odd Fall.

CJAD 390 Criminal Justice 3 hours Practicum

Integrates academic knowledge with applied professional experience through supervised field placement in an approved agency or organization. Permission of the Criminal Justice Administration and Human Services Department Chair one semester before the desired practicum placement. Prerequisite: Completion of sixty hours of coursework with a GPA of 2.5. Evaluation: Satisfactory/ Unsatisfactory

CJAD 403 Cold Case Investigation 3 hours Examination of the processes, theories and investigative techniques of cold case investigations. Operative and sequential procedures that lead to successful closure of cold cases are also examined. Topics include: development of cold case units, solvability factors, review and evaluation of evidence, and the basic and advanced technological methods employed by cold case squads. Prerequisites: CJAD 101; CJAD 203; CJAD 405 and a declared Criminal Justice or Forensic Science major.

CJAD 405 Laws of Criminal Evidence 3 hours

Analysis of why certain testimony, objects and materials should be admitted or rejected as evidence in criminal trials. Topics include the evolution of the laws of evidence, the trial process, privileges, hearsay, confessions and admissions, pretrial investigation and identification procedures, expert and lay opinion, scientific evidence, character evidence, presumptions, and evidence collection and preservation. Prerequisites: CJAD 101 and junior standing.

CJAD 406 Expert and Scientific 3 hours Evidence

Examination of the role and function of expert and scientific evidence in the legal system, and critical evaluation of the standards governing the integration of law and science. Topics include the Frye, Daubert and other standards governing scientific evidence; ethical issues concerning expert testimony; the interface between the scientific, legal and law enforcement communities; and particularized consideration of evidentiary issues connected with specific scientific techniques. Prerequisites: CJAD 101 and junior standing.

CJAD 410 Drug Abuse and **Crime Control**

3 hours

Comprehensive examination of the interaction between drug abuse and the criminal justice system. Examines drug pharmacology, drug laws, public policy and the roles of the police. Prerequisite: CJAD 101.

CJAD 413 Bloodstain Evidence 3 hours

A practice-oriented class on the techniques and methods of identifying and interpreting blood spatter evidence. Topics include fundamentals of bloodstain evidence, lowvelocity impact and angular bloodstains, medium and high velocity bloodstains, siqnificance of partially dried, clotted, aged and physically altered bloodstains and others. Prerequisite: CJAD 101.

CJAD 415 Criminal Procedures 3 hours Detailed examination of the procedures utilized in the criminal justice system as they relate to criminal law and the administration of justice. Emphasis is placed on court decisions involving the 4th, 5th, 6th, 8th and 14th amendments to the U.S. Constitution. Prerequisite: Junior standing.

CJAD 420 Legal Issues in 3 hours **Criminal Justice**

Analysis of current and controversial legal issues in the criminal justice system. Topics may include current Supreme Court issues, hate crime, domestic violence, gun control, the death penalty, police civil liability, privacy rights, wrongful conviction and public policy, plea bargaining, specialty courts, reforms to the justice system, and law enforcement counter-terrorism activities. Prerequisites: CJAD 101 and junior standing.

CJAD 421 Organized Crime

3 hours Provides the student with a realistic concept and understanding of the problem of organized criminal activity in the United States. Focuses on theories and the evolution of traditional organized crime in America as well as examining the many new and emerging organized crime groups attempting to acquire a stronghold on domestic criminal enterprises. Prerequisites: CJAD 101 and junior standing.

CJAD 425 Legal Research 3 hours and Writing

Application of systems and methods of legal research to problems and issues in the Justice system. Prerequisite: Junior standing.

CJAD 433 Topics

1-3 hours

CJAD 445 Forensic Pathology

3 hours

Analysis of systems and methods of determining time, cause, and means of death in criminal investigations and trials. Prerequisites: CJAD 101 and junior standing.

CJAD 451 Management of Criminal 3 hours **Justice Agencies**

Examines criminal justice agencies within the context of current management principles, organizational theory and administrative practices. Prerequisites: CJAD 101 and junior standing.

CJAD 455, 456 Directed Study

CJAD 475 Senior Seminar in Forensic 3 hours Science

A seminar course required as a culminating experience for all seniors majoring in Forensic Science. This capstone course integrates prior learning while exploring current research, contemporary issues and professional standards in forensic science. Completion with a grade of C or higher is required. Prerequisites: Senior standing, Forensic Science major.

CJAD 495 Integrative Seminar

3 hours

Culminating course for graduation as a Criminal Justice major. Completion with a grade of C or higher required. Designed to integrate and synthesize all coursework in criminal justice and related areas so the student has a broad conceptual and practical understanding of the criminal justice career field. In addition, it is designed to ensure that the student has a practical understanding of all critical and current issues in the criminal justice field as they relate to the law, law enforcement agencies, criminal courts, corrections and juvenile justice. Prerequisites: Completion of 90 hours of coursework and senior standing.

CJAD 499 Internship in Criminal 1-3 hours Justice Administration

Involves working as an intern in an agency under supervision of field instructor. Instructor's permission at least one term prior to the term in which the internship is taken is required. Evaluation is Satisfactory/Unsatisfactory. Prerequisites: CJAD 101, GPA of 3.0 in the major, senior standing.

ECONOMICS (ECON)

Business Administration Department

ECON 293 Macroeconomics 3 hours Introduction to concepts and theories applicable to a national economy. Prerequisite: Sophomore standing. G.E. Course meets Multicultural graduation requirement.

ECON 294 Microeconomics

3 hours

Introduction to specific economic units and to individual markets and individual interactions within an economy. Prerequisite: Sophomore standing. **G.E.**

ECON 310 Environmental and Resource 3 hours Economics

Application of economic concepts and tools to the analysis of natural resources development and environmental degradation; evaluation of public policies on resource and pollution issues. Cross-listed as ENVS 310. Prerequisites: ECON 293 or ECON 294; ENVS/BIOL 115.

ECON 393 Intermediate Macroeconomics 3 hours

Intermediate Macroeconomics builds upon the concepts introduced in the Introductory Macroeconomics course. The course includes an exploration of the various schools of economic thought including: Classical economic theory, Keynesian economic theory, Monetarist theory, Neo-Classical thought and Neo-Keynesian thought. The course develops models of interest rates, aggregate demand and supply, and of growth and development. Prerequisites: ECON 293; MATH 150 or MATH 170.

ECON 394 Intermediate Microeconomics 3 hours Intermediate Microeconomics builds upon the knowledge of the Introductory Microeconomics course. The course explores in depth the underpinnings of consumer choice and firm behavior. Specific topics include a study of the various types of market structures, pricing, externalities and public goods. The concepts of equity and efficiency are introduced. Microeconomic behavior is viewed through the perspective of behavioral economics and game theory. Prerequisites: ECON 294; MATH 150 or MATH 170.

ECON 395 Financial Markets and 3 hours Institutions

Examination of the risks faced by managers of financial institutions and the methods and markets through which these risks are managed. Consideration is given to a wide array of financial institutions including commercial banks, credit unions, investment banks, securities firms, insurance companies and investment companies. Cross-listed as FINC 395. Prerequisites: ACCT 281, MATH 150 or MATH 170, ECON 293; ECON 294: FINC 350.

ECON 495 International Finance 3 Understanding and application of the concepts of corporate finance, financial markets and investments in an international context.

Specific topics include an overview of the

3 hours

international monetary system, international financial markets (currency, equity and bond markets), the "parity conditions" of international finance, foreign exchange risk management, global investing, international capital budgeting and global working capital management. Cross-listed as FINC 495. Prerequisites: ECON 293, FINC 350. Course meets multicultural graduation requirement.

EDUCATION (EDUC)

Education Department

Students pursuing teacher certification may not enroll in Education courses as pass/fail unless the course is a designated pass/fail course by the Department.

EDUC 102 Introduction to Education I 1 hour Introduction to the Teacher Certification Program at Columbia College, including preparation for the CBASE. Topics include certification requirements, content area majors information, Missouri Department of Elementary and Secondary Education information, portfolio requirements, the examination of teaching as a profession and schooling as it currently functions in the United States and an examination of one's beliefs, motivations and goals. \$20 lab fee. Corequisite: EDUC 103.

EDUC 103 Introduction to Education II 1 hour As an extension of EDUC 102, students apply their expanding knowledge of examination of teaching as a profession and schooling Pre-service teachers, in their practicum experience, expand knowledge about teaching through observation and participation in classroom activities. Students are supervised in the field and attend a required concurrent seminar. Successful completion of fifteen clock hours in the field placement and the seminar yield one hour of credit. Only one field experience may be completed in an eight week-period. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Corequisite: EDUC 102. Evaluation is Satisfactory/ Unsatisfactory.

EDUC 105 Human Health

3 hours

The study of health, safety and nutrition and the decisions that are faced throughout a lifetime. Consumer health, mental health, physical health, sex and reproduction, drugs, death and dying are the major topics covered.

EDUC 200 Law, Ethics and Education 3 hours The study of the legal and ethical issues in education from the contexts of historical, philosophical, social and administrative foundations of the discipline. (Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee.) Prerequisite: Sophomore standing.

EDUC 230 Educational Psychology 3 hours

The applied study of psychological principles in educational environments. Emphasis is on the scientific approach to teaching and learning. Students learn to plan, deliver, evaluate and report instructional outcomes. Cross-listed as PSYC 230. (Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee.) Prerequisite: PSYC 101.

EDUC 233 Topics

1-3 hours

EDUC 270 Literature for Children 3 hours and Adolescents

The study of literature for children and adolescents as a literary genre. Students analyze and evaluate selected works of literature, including folktales, picture books, poetry, and novels. Prerequisites: EDUC 102, ENGL 112.

EDUC 271 Production and Utilization 3 hours of Instructional Technology

The study of the media materials used in education. Computer hardware and software, information systems and technology are evaluated and used to produce instructional materials. \$30 lab fee.

EDUC 300 Techniques of Teaching 3 hours The study of instructional planning, including goals and objectives, techniques and activities, and evaluation. Students produce and present lessons containing defensible techniques, strategies, and methods of evaluation. Prerequisites: EDUC 102, EDUC 103, EDUC/PSYC 230 (may be taken concurrently).

EDUC 302 Teaching Skills

3 hours

The study of teaching multiple content areas. Students describe, analyze, and critique the content areas of elementary school health, physical education, science and social studies. In each of the content areas, students develop and present micro-teaching lessons, evaluations, and learning centers. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 311 Classroom and Behavior 3 hours Management Techniques

The study of managing classroom environments and the behavior of students. Students analyze classroom variables related to organization and control, and evaluate theories to produce a management system applicable to educational settings. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505and admission to the Teacher Certification Program.

EDUC 322 Educational Measure- 3 hours ment and Assessment

The study of methods used to develop educational measurements, and the procedures used to globally assess student achievement. Included in the program of study are the development and use of standardized assessments, structured and constructed assessments, observational methods, performance assessment, portfolio assessment, affective measures, and special needs measures. Included also are the historical study of psychometry, the concepts of validity and reliability, referencing methods, and evaluation and reporting methods. Prerequisites: EDUC 101, EDUC PSYC 230, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 326 Middle School Methods 3 hours

Overview of the early adolescent, historical development of middle/junior high school education, curriculum and organizational patterns, planning for instruction and 15-hour field experience. Students must complete the Field Experience Application at least one term prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 200, EDUC PSYC 230, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 331 Teaching of Reading 3 hours The study of how to teach reading skills. Students learn to describe, compare, and contrast theories, models, approaches, and methods of teaching reading. Phonic methods and whole language methods are taught and studied, as are individualized teaching strategies, unique uses of children's literature, and writing processes. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 336 Creative and Language 3 hours Arts in Elementary and Middle Schools

Study of creative arts (music, art, drama and dance) and language curricula, including the teaching of writing and oral communications, instructional decisions, teaching techniques and strategies, teaching/learning materials, and methods related to aesthetic and language arts models of instruction. Students produce various instructional resources, including a thematic unit based on specific knowledge acquired in this course. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102. EDUC 300 or EDUC 505; and admission to the Teacher Certification Program.

EDUC 338 Teaching Reading in 3 hours the Content Area

The study of teaching reading in differing content areas. Students analyze materials in various content areas and demonstrate the ability to use levels of comprehension, patterns of organization and questioning, and vocabulary-building skills to enhance learning. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 345 Teaching Art K-12

4 hours

Pre-student teaching experiences with students K-12. Basic techniques and methods for planning, teaching and assessing art K-12. National, state, and visual arts guidelines of a comprehensive art education program are reviewed. Hands-on activities for use of tools, materials, and methods for creating a variety of K-12 art studio projects. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 103, EDUC 200, EDUC PSYC 230, EDUC 300 or EDUC 505, ARTS 111 or 112, ARTS 120, admission to the Teacher Certification Program.

EDUC 358 Teaching Mathematics 3 hours in the Elementary School

This course has as its focus the methods and materials for teaching elementary school mathematics. The purpose of the course is to help preservice teachers become confident in their ability to do mathematics so that they can do the same for their future students. Specific emphasis is given to trends and issues in mathematics education, including state and national recommendations. In addition, issues pertaining to lesson planning and implementation, assessment, integration of appropriate models, mathematics connections, and the use of technology are explored. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 200, EDUC/PSYC 230, EDUC 300 or EDUC 505 and admission to the Teacher Certification Program.

EDUC 359 Teaching Mathematics 3 hours in the Middle School

A major goal of this course is to empower prospective middle school mathematics teachers to develop a sound mathematical program that is based on the needs and characteristics of the middle school student. The course provides an integration of mathematics content and the middle school philosophy while examining the learning and teaching at this level. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 and admission to the Teacher Certification Program.

EDUC 360 Teaching Mathematics in 3 hours the Secondary School

This course is designed to not only encourage preservice teachers to explore aspects of teaching mathematics, but also to enhance preservice teachers' content knowledge of "school" mathematics. Considerable emphasis is placed on exploring multiple ways to make mathematics comprehensible to all of their future students. In addition, issues pertaining to lesson planning and implementation, assessment, integration of appropriate models, mathematics connections, and the use of technology are explored. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505; and admission to the Teacher Certification Program.

EDUC 362 Teaching Middle and 3 hours Secondary Social Studies

The study of secondary social studies methods, materials, "best practices," philosophies, instruction and curriculum. The course culminates with students demonstrating the abilities to plan, present and evaluate instructional experiences. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300or EDUC 505; and admission to the Teacher Certification Program.

EDUC 365 Teaching Middle School 3 hours and Secondary Science

The study of methods, materials, practices and curriculum in secondary science classes. The course culminates with students demonstrating the abilities to plan, present and evaluate instructional experiences. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102 EDUC 300 or EDUC 505;, admission to the Teacher Certification Program.

EDUC 367 Teaching Middle School 3 hours and Secondary English

The study of methods, materials, practices and curriculum in secondary English classes. The course culminates with students demonstrating the abilities to plan, present and evaluate instructional experiences. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester fee. Prerequisites: EDUC 102, EDUC 300, admission to the Teacher Certification Program.

EDUC 369 Teaching Business 3 hours Education

The study of methods, materials, practices and curriculum in secondary business classes. The course culminates with students demonstrating the abilities to plan, present and evaluate instructional experiences. Includes field experience of 35 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300 or EDUC 505; admission to the Teacher Certification Program.

EDUC 372 Environmental Education 3 hours

The study of current trends and methods of instruction in environmental education. Prior philosophy will be used to interpret current issues in environmental education. Cross-listed as ENVS 372. Prerequisite: EDUC 300.

EDUC 380 Diagnostic and Corrective Reading

3 hours

The study of reading remediation. Students evaluate procedures and demonstrate understanding of standardized tests and informal assessments for diagnosis. Students formulate a theoretical base for choosing diagnostic tools, interpreting evaluative data and identifying corrective strategies. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisites: EDUC 102, EDUC 300, or EDUC 505; EDUC 322 or EDUC 331; and admission to the Teacher Certification Program.

EDUC 390 Education & Psychology 3 hours of the Exceptional Child

The study of teaching children with exceptionalities. Students study the effects of exceptionality on children's cognitive, affective and psychomotor behaviors.

EDUC 391 Child Psychology 3 hours

The study of children from conception to puberty. Students study maturational and environmental factors that shape the physical, cognitive, and social development of the child. Cross-listed as PSYC 391. Prerequisite: PSYC 101.

EDUC 392 Adolescent Psychology 3 hours The study of youth from puberty to young adulthood. Students study maturational and environmental factors that shape the physical, cognitive, and social development of the youth. Special emphasis is focused on the transescent stage of development. Crosslisted as PSYC 392. Prerequisite: PSYC 101.

EDUC 399 Intternship 1 hour

Students, under the guidance of college supervison and classroom cooperating teachers, expand the knowledge of teaching through observation and participation in classroom activities. Successful completion of thirty-five clock hours in the field placement plus attendance at weekly seminar is required. Prerequisite: Admission to the DAYSTAR Program.

EDUC 400 Senior Seminar 3 hours Integrative seminar culminating in a professional portfolio which demonstrates competency in major areas of theory and practice accompanied by successful presentation. A minimum grade of "C" is required for graduation. Prerequisites: EDUC 102, EDUC 300 or EDUC 505; senior standing and admission to the Teacher Certification Program. Offered Fall and Spring.

EDUC 420 Student Teaching in the 8 hours Elementary School

Students, under the guidance of college supervisors and qualified classroom teachers, assume the duties and responsibilities of public school teachers including planning, presenting and evaluation of instruction and related responsibilities (16 weeks). Grade of B or higher required for certification. \$30 lab fee. Application must be completed one semester prior to beginning student teaching. Prerequisites: Senior standing; admission to the Teacher Certification Program; completion of all coursework and specifications listed on the Student Teaching Requirement Verification form (in the catalog).

EDUC 422 Student Teaching in the 8 hours Secondary School

Students, under the guidance of college supervisors and qualified classroom teachers, assume the duties and responsibilities of public school teachers including planning, presenting and evaluation of instruction and related responsibilities (16 weeks). Grade of B or higher required for certification. \$30 lab fee required. Application must be completed one semester prior to beginning student teaching. Prerequisites: Senior standing; admission to the Teacher Certification Program; completion of all coursework and specifications listed on the Student Teaching Requirement Verification form (in the catalog).

EDUC 424 Student Teaching in the 8 hours Middle School

Students, under the guidance of college supervisors and qualified classroom teachers, assume the duties and responsibilities of public school teachers including planning, presenting and evaluation of instruction and related responsibilities (16 weeks). Grade of B or higher required for certification. \$30 lab fee. Application must be completed one semester prior to beginning student teaching. Prerequisites: Senior standing; admission to the Teacher Certification Program; completion of all coursework and specifications listed on the Student Teaching Requirement Verification form (in the catalog).

EDUC 426 Student Teaching in 8 hours Special Education

Students, under the guidance of college supervisors and qualified classroom teachers, assume the duties and responsibilities of public school teachers including planning, presenting and evaluation of instruction and related responsibilities (16 weeks - eight weeks elementary and eight weeks secondary). Grade of B or higher required for certification. \$30 lab fee. Application must be completed one semester prior to beginning student teaching. Prerequisites: Senior standing; admission to the Teacher Certification Program; completion of all coursework and specifications listed on the Student Teaching Requirement Verification form (in the catalog).

EDUC 433 Topics

1-3 hours

EDUC 499 Internship

6 hours

Students, under the guidance of college supervisors and qualified classroom teachers, assume the duties and responsibilities of public school teachers including planning, presentation, and evaluation of instruction and related responsibilities. Grade of B or higher required for certification. \$30 lab fee. The application must be completed one semester prior to beginning internship. Prerequisites: Senior standing, admission to the Teacher Certification Program; and completion of all coursework and specifications listed on the Student Teaching Requirement Verification form (in the catalog).

ENGLISH (ENGL)

Humanities Department

ENGL 107 Developmental English 3 hours Composition

Comprehensive review of basic English grammar and writing skills as preparation for ENGL 111. Grade of C or higher is required. Prerequisite: Placement by Columbia College English Placement Test or by ACT English Score or by SAT Verbal Score: students whose ACT English Score is from 1 to 17 (or whose SAT Verbal Score is from 200 to 420) shall be placed in ENGL 107.

ENGL 111English Composition I3 hoursExpository writing to practice traditional rhe-
torical modes and strategies, to increase
analytical clarity, and to achieve precise
expression. Grade of C or higher required.
Prerequisite: Grade of C or higher in ENGL
107, Placement by Columbia College English
Placement Test or by or by ACT English
Score or by SAT Verbal Score: students
whose ACT English Score is from 18 to 29 or
equivalent SAT Verbal Score is from 450 to
660 will be placed in ENGL 111.3 hours

Continued practice of expositorin a 3 nd Continued practice of expository writing, applied primarily to textual analysis (fiction, drama, poetry), and culminating in a research paper. Students who do not earn a grade of C or higher must reenroll in ENGL 112 the succeeding term. Prerequisite: grade of C or higher in ENGL 111, placement by Columbia College English Placement Test or by ACT English Score or by SAT Verbal Score: students whose ACT English Score is from 30 to 36 or whose SAT Verbal Score is from 670 to 800 will be placed in ENGL 112. **G.E.**

ENGL 123 Introduction to Mythology 3 hours and Folklore

Study of mythologies of various cultures especially Greek and Roman, but including Norse, Indian, Japanese, Chinese, Native American, African and Polynesian. **G.E.** *Course meets Multicultural graduation requirement.*

ENGL 124 The Bible as Literature 3 hours A literary and historical approach to major Biblical selections and their influence on Western literature, culture and philosophy. Cross-listed as RELI 124.

ENGL 132 Introduction to 3 hours Shakespeare

Beginning study of Shakespeare as a playwright.

ENGL 190 The Short Story 3 hours Introduction to the study of fiction through the short story.

ENGL 204 Technical Writing3 hoursStudy of grammar and practice in writing
class reports. Prerequisite: ENGL 112 or
sophomore standing.

ENGL 207 Creative Writing I—Fiction 3 hours Workshop class in the writing of short fiction; including class criticism of student and professional work. Prerequisite: ENGL 112.

ENGL 208 Creative Writing II—Poetry 3 hours Writing of poetry, including class criticism of student and professional work. Prerequisite: ENGL 112.

ENGL 210 Introduction to Fiction 3 hours A comprehensive introduction, within the traditional canon, to the elements and major writers of fiction of varying lengths. **G.E.**

ENGL 211 Introduction to Poetry 3 hours A comprehensive introduction to the elements and major writers of poetry of varying lengths. **G.E.**

ENGL 212 Introduction to Drama 3 hours A comprehensive introduction to the elements and major writers of drama of varying lengths. **G.E.**

ENGL 231English Literature I3 hoursSurvey from Beowulf to late eighteenth-century British writers. Prerequisite: ENGL 112.G.E.

ENGL 232English Literature II3 hoursSurvey from Romantic period to present.Prerequisite: ENGL 112.G.E.

ENGL 233 Topics 1-3 hours

ENGL 241 American Literature I 3 hours Survey of major American writers from Colonial to Realist figures. Prerequisite: ENGL 112. **G.E.**

ENGL 242 American Literature II 3 hours Survey of major American writers from Realist to Contemporary figures. Prerequisite: ENGL 112. **G.E.**

ENGL 263 World Literature I 3 hours European (non-British) and Asian literature from origins to the fourteenth century. Prerequisite: ENGL 112. G.E. Course meets Multicultural graduation requirement. **ENGL 264 World Literature II** 3 hours Significant European (non-British) and Asian literature from the fourteenth century to the present. Prerequisite: ENGL 112. G.E. *Course meets Multicultural graduation requirement.*

ENGL 280 Film and Literature3 hoursCritical viewing of international films and
study of relationships between film and liter-
ature. Prerequisite: ENGL 112.

*ENGL 310 Creative Writing: (Genre) 3 hours Course work may focus on creative writing or nonfiction (the instructor may choose a specific genre). Prerequisites: ENGL 112 and ENGL 207 or ENGL 208.

ENGL 311 Descriptive Grammar of 3 hours the English Language

Study of the grammar (sounds, structures, sentences and dialects) of American English. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 312 The History of the English 3 hours Language

Study of the history and dialects of the English language. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 323 The Hero in Mythology 3 hours Study of the hero in mythology from a cross cultural perspective. Emphasis lies on examining, defining, and discussing the hero from a cross cultural, mythological perspective and determining the hero's role in society today. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 331 Ethical Issues in Literature 3 hours Analysis and evaluation of ethical issues and concerns depicted in the literary works of major international authors. Prerequisites: ENGL 112, junior standing.

*ENGL 350 Major Literary Figures 3 hours Study of the works of one-to-three major writers (e.g., Chaucer, Shakespeare, Mark Twain, Faulkner, Cervantes, or Melville and Whitman, Donne and Milton, Dante and Goethe, etc.). Prerequisites: ENGL 112 and a previous 200level or higher English course.

ENGL 351 Readings in Shakespeare 3 hours Study of William Shakespeare, emphasizing his background, his poetry, and his plays in all genres. Prerequisites: ENGL 112 and a previous 200-level or higher English course. *ENGL 360 Readings in Fiction 3 hours Study of the genre, possibly from a special perspective or literary period (e.g., American novel and short story, contemporary novel, the comic novel and short story). Prerequisites: ENGL 112 and a previous 200level or higher English course.

*ENGL 361 Readings in Poetry 3 hours Intensive study of major literary development and achievement in the genre, possibly from a special perspective (e.g., American poetry, lyric poetry, epic poetry). Prerequisites: ENGL 112 and a previous 200-level or higher English course.

*ENGL 362 Readings in Drama 3 hours Study of the genre, possibly from a special perspective or literary period. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

*ENGL 370 Major Literary Periods 3 hours Study of the major literary works from a specific movement or definitive age (Medieval or Renaissance Literature, Modern Literature, the Age of Reason, The Romantic Age, Victorian Literature or Contemporary Literature). Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 397 Science Fiction and Fantasy 3 hours Readings from a broad spectrum of science fiction and fantasy literature. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

ENGL 408 Advanced Creative Writing 3 hours This course focuses on developing and finetuning a student's portfolio of creative writing and allows a student to put together a substantial collection of work worthy for publication or entrance to an advanced degree program. Prerequisites: ENGL 112, ENGL 310, and ENGL 207 or 208.

ENGL 420 Advanced Editing and 3 hours Revision

A pre-graduate-level course that addresses, through practice, the fundamentals of editing and making prose as clear and as well presented as possible. Prerequisites: ENGL 112 and a previous 200-level or higher English course. ENGL 431 Senior Seminar 3 hours Culminating course for graduation as an English major. This course is designed similarly to a graduate-level seminar. The student is required to produce a portfolio and essay project arranged in conjunction with one or more of the English faculty. Prerequisites: 68 semester hours, C average in English courses.

ENGL 433	Topics	1-3 hours

ENGL 450 Minority and Ethnic 3 hours Literature of the United States

Significant and representative works by minority and ethnic writers (Black, Hispanic, Native American, Asian-American, Jewish-American, etc.) of the United States. Prerequisites: ENGL 112 and a previous 200-level or higher English course. *Course meets Multicultural graduation requirement.*

ENGL 490 Literary and Critical Theory 3 hours Introduction to methods and applications of literary and critical theories. Prerequisites: ENGL 112 and a previous 200-level or higher English course.

ENGL 499 Writing Internship Prerequisite: Senior standing. 1-3 hours

*ENGL 310, 350, 360, 361, 362, and 370 may be taken more than once when the subject matter in the course varies.

ENVIRONMENTAL STUDIES (ENVS)

Science Department

ENVS 115 Introduction to Environ- 3 hours mental Science

Survey of environmental science, ecosystems and human impact. Cross-listed as BIOL 115. *Course meets Multicultural graduation requirement.* **G.E.**

ENVS 115L Introduction to Environ- 2 hours mental Science Laboratory

Laboratory experiences to complement ENVS/BIOL 115. \$30 laboratory fee. Crosslisted as BIOL 115L. Prerequisite: BIOL/ ENVS 115 or concurrent enrollment. BIOL/ ENVS 115 must be taken as a corequisite or completed before ENVS 115L can be used as G.E. credit. **G.E.**

ENVS 197, 198, 297, 298, 397, 398,

497, 498 Science Seminar

Science seminar at which students, faculty and outside speakers present and discuss research and topics appropriate to the natural sciences. Evaluation is Satisfactory/Unsatisfactory. Course may not be repeated to remove a failing grade. Cross-listed as CHEM/BIOL 197, 198, 297, 298, 397, 398, 497, 498. Prerequisite: Declared major or minor in the Science Department.

ENVS 220 Introduction to 3 hours Atmospheric Sciences

An introduction to the study of weather and climate. Cross-listed as GEOG 220. Prerequisite: Sophomore standing.

ENVS 222 Conservation Biology 3 hours Conservation biology is the science of maintaining biological diversity, but it extends beyond pure science into areas such as philosophy, economics, law and sociology. This course focuses on biodiversity and how this diversity supports the funcions of ecosystems. Threats to biodiversity particularly from human actions, and strategies for maintaining biodiversity are discussed. Cross-listed as BIOL 222. Prerequisite: BIOL 112.

ENVS 223 Environmental Disasters 3 hours Introduction to environmental hazards and disasters. Emphasis on causes of extreme

natural events, their geographic distribution and human responses/adjustments. Crosslisted as GEOG 223. Prerequisite: GEOG 101.

ENVS 230 Environmental Toxicology 3 hours and Chemister

Analytic survey of factors which affect local and global environments. Provides students with an appreciation and understanding of the principles of environmental toxicology and chemistry including the sources, fate and effects of chemicals in the environment. Emphasis is on contemporary problems in human health and the environment. Crosslisted as CHEM 230. Prerequisite: CHEM 112

ENVS 233 Topics

3 hours

1 hour

ENVS 251 Resource Management 3 hours An introduction to the global range of natural resources, the economic and political contexts of their development and the resulting physical and societal impacts. Cross-listed as GEOG 251. Prerequisite: GEOG 101. *Course meets multicultural graduation requirement.*

ENVS 272 An Introduction to 3 hours Environmental Literature

An introduction to contemporary writings about environmental issues. Exposure to aspects of environmental crisis and policy, to recent first-person nature writing and to novels that examine various ecological visions. Prerequisite: ENGL 112.

ENVS 300 Evolution

3 hours

Examination of the basic mechanisms of evolution and the importance of evolution to our understanding of life on earth. Genetics, natural selection, adaptation and the history of life are considered. Cross-listed as BIOL 300. Prerequisite: BIOL 112 and BIOL 342.

ENVS 310 Environmental and 3 hours Resource Economics

Application of economic concepts and tools to the analysis of natural resources development and environmental degradation; evaluation of public policies on resource and pollution issues. Cross-listed as ECON 310. Prerequisites: ECON 293 or ECON 294; ENVS/BIOL 115.

ENVS 312 Environmental Politics 3 hours

Study of environmental issues and policies from both a national and global perspective. Crosslisted as POSC 312. Prerequisite: POSC 111.

ENVS 319 Soils

3 hours

An examination of soils. Topics include soil as a medium for plant growth, habitat for organisms, system for water supply and purification, recycling system for nutrients and organic wastes and engineering medium. Cross-listed as BIOL 319. Prerequisites: BIOL 110 or BIOL/ENVS 115; CHEM 110.

ENVS 320 Ecology

3 hours

Basic principles of ecology with an emphasis on the factors affecting the distribution and abundance of organisms. Cross-listed as BIOL 320. Prerequisite: BIOL 112; BIOL/ ENVS 320L or concurrent enrollment; BIOL/ ENVS 222 recommended.

ENVS 320L Ecology Laboratory 2 hours Laboratory experiences to compliment BIOL/ ENVS 320. Cross-listed as BIOL 320L. Prerequisites: BIOL 112L; BIOL/ENVS 320 or concurrent enrollment.

ENVS 332 Environmental Ethics 3 hours Investigation and discussion of ethical issues that concern the environment. Emphasis will be on recognition of moral problems and their resolution. Cross-listed as PHIL 332.

ENVS 333 Topics

1-3 hours

ENVS 352 American Environmental 3 hours History

Analysis of American environmental history from the colonial period to the present. This course considers the interrelationships between human society and the natural world in different bioregions of North America, focusing upon how ideas, attitudes, traditions, institutions, and technologies have reshaped and have been reshaped by ecosystems. It traces American Indian ecology, agricultural land use, natural resource conservation, urban pollution, and modern environmental movements. It offers special attention to social constructions of the environment such as romantic mysticism, utilitarian instrumentalism, and ecological science. Cross-listed as HIST 352. Prerequisite: Junior standing.

ENVS 372 Environmental Education 3 hours The study of current trends and methods of instruction in environmental education. Prior philosophy will be used to interpret current issues in environmental education. Cross-listed as EDUC 372. Prerequisite: EDUC 300.

ENVS 390 Environmental Studies 1 hour Project

Final culminating project for the Environmental Science minor arranged in conjunction with one or more of the Environmental Studies faculty. This project may take the form of library or lab research, a field experience or internship, or a creative project. The project should demonstrate a synthesis of ideas from the ENVS minor. The course must be completed with a grade of C or higher. Prerequisite: Completed at least 12 hours toward the Environmental Studies minor.

ENVS 395 Research Design in 3 hours the Sciences

Study of applied research in the natural sciences, with special emphasis on experimental design and methodology, data generation and critical analysis, and scientific writing and presentation. Cross- listed as BIOL 395 and CHEM 395. Students majoring in biology, chemistry or environmental studies must earn a grade of C or higher. Prerequisites: Fifteen semester hours of BIOL, ENVS, and/or CHEM courses; junior standing; BIOL/PSYC/SOCI 324. Offered Fall and Spring.

ENVS 433 Topics

1 hour

3 hours

ENVS 490 Senior Seminar-Environmental Science

A seminar required as a culminating experience prior to graduation for all seniors majoring in environmental science. Students carry out a project that demonstrates a synthesis of ideas from their environmental seminar program. A grade of C or higher is required. Prerequisites: Senior standing, completion of 26 hours of major requirements, ENGL 112. Offered Fall and Spring.

ENVS 499 Internship

1-3 hours

Field experience working as an intern in a private or public agency. Supervised, on-site work experience required. Forty-five clock hours of experience are required for 1 semester hour of credit. A total of 3 hours of internship is required for the Environmental Science major. Prerequisite: Advisor approval must be obtained the semester before the internship is undertaken.

FINANCE (FINC)

Business Administration Department

FINC 295 Risk and Insurance 3 hours Basic concepts and practices found in modern insurance and other methods of handling risk.

FINC 298 Personal Financial Planning 3 hours Provides knowledge that helps non-business and business students effectively manage their personal financial affairs. Topics include personal financial statements, budgeting, tax planning, investing and savings, insurance, real estate and retirement planning.

FINC 350Business Finance3 hoursA study of the finance function in corporate

decision-making. Topics include financial statement analysis, risk and return, valuation, cost of capital, working capital management, time value of money and capital budgeting. Prerequisites: ACCT 281; MATH 150 or MATH 170.

FINC 354 Investments

3 hours

An introductory investment course designed to teach students how to make personal investing decisions for their own investment portfolio with special consideration given to the management of employer-sponsored retirement plans. Prerequisite: ACCT 281.

FINC 395 Financial Markets and 3 hours Institutions

Examination of the risks faced by managers of financial institutions and the methods and markets through which these risks are managed. Consideration is given to a wide array of financial institutions including commercial banks, credit unions, investment banks, securities firms, insurance companies and investment companies. Cross-listed as ECON 395 Prerequisites: ACCT 281, MATH 150 or MATH 170; ECON 293; ECON 294; FINC 350.

FINC 396 Corporate Finance

3 hours

Analysis of financial and accounting information and its impact on financial decisionmaking and profit planning. Topics include: financial planning and control tools, leverage and capital structure, investment banking, dividend policy, corporate restructuring, risk management and international financial management. Prerequisites: ACCT 281; MATH 150 or MATH 170; FINC 350.

FINC 397 Principles of Real Estate 3 hours An introduction to the principles and practices of real estate. Topics include the real estate profession and industry, home ownership, real estate financing, real estate appraisal, real estate contracts and real estate investment as it relates to personal financial planning objectives.

FINC 410 Sports Finance

3 hours

An integrated course that incorporates concepts from economics, finance, statistics and operations research in approaching decision-making in sports management. Prerequisites: ECON 293, ECON, 294, FINC 350, MATH 170, MATH 250.

FINC 495 International Finance

3 hours

Understanding and application of the concepts of corporate finance, financial markets and investments in an international context. Specific topics include an overview of the international monetary system, international financial markets (currency, equity and bond markets), the "parity conditions" of international finance, foreign exchange risk management, global investing, international capital budgeting and global working capital management. Cross-listed as ECON 495. Prerequisites: ECON 293, FINC 350. Course meets Multicultural graduation requirement. **FINC 496 Financial Management 3 hours** Application of various financial management decision-making techniques as they apply to complex business problems. Prerequisite: FINC 396.

FINC 498 Comprehensive Financial 3 hours Planning

A study of the principles and practices of professional financial planning using an integrated planning model. Case studies allow students to simulate real-world experience by integrating tax, insurance, and investment planning strategies into comprehensive financial plans. This investments course provides a foundation in modern portfolio theory and portfolio management with special consideration given to retirement planning. Prerequisite: FINC 354.

FINC 499 Internship

1-3 hours

FIRE SERVICE ADMINISTRATION (FSAD)

Criminal Justice Administration Department

FSAD 101 Fire Service Instructor I 2 hours This course meets NFPA 1041 and focuses on the presentation skills needed by new instructors delivering prepared lessson plans. Students cover lesson plan preparation, presentation skills, using audiovisual equipment, identifying lesson objectives, questions, tests, and evaluation instruments. Students make three presentations during this course. Successful completion of this course requires a score of 70% or greater on the final exam and final presentations.

FSAD 110 Fire Officer I 2 hours

This course is designed to meet NFPA 1021, 1997 for Fire Officer I. Throughout this course students participate in various classroom activities and exercises to reinforce the presented material. Topics include: the company officer's role, effective communications, the company officer's role in the organization, management and managing of resources, leadership, personnel safety, fire prevention, investigation, and preplanning. Students are required to complete a class project due within 2 months after the discussion of the course. Prerequisite: MCTO series or a Strategy and Tactics course is recommended, Incident Command/Management system course is required. FireFighter II from the Missouri Division of Fire Safety is required for certification purposes only. For more information about certification, contact the Missouri Department of Fire Safety.

FSAD 120 Incident Management 1 hour System

This course in Incident Management follows the Model Procedures Guide For Structural Fire Fighting approved by the National Fire Service Incident Management System Consortium. The model reconciles differences in previous Incident Command Systems into a single recognized Incident Management System. This course introduces the basics of incident management, the need for an Incident Management System, and the elements of incident management necessary to direct small to moderately-sized incidents. This course expands from applying the system to single-company operations to larger incidents allowing participants better understanding of the modular aspects of the system.

FSAD 140 Introduction to Emergency 2 hours Management for Fire Service

This course is designed to identify basic definitions, concepts and systems utilized within the emergency management discipline. The course includes identification of hazards and risks, activities found within the four phases of emergency management. It addresses the federal, state and local roles and responsibilities in a major disaster, with an emphasis on government coordination and the solutions to complicated proble ms that frequently arise in disasters. This 2-day course is designed for fire fighters, local jurisdiction officials, emergency managers, volunteers and other emergency service personnel.

FSAD 150 Principles of Building Construction: Combustible

1 hour

This course, developed by the National Fire Academy, provides an introduction to basic construction principles and the special characteristics as they concern the fire service. The primary emphasis is on improving a firefighter's ability to ensure firefighter safety by recognizing common causes and indicators of failure and other hazards related to wood and ordinary construction and it's contents. Students receive a National Fire Academy certificate of training for this course.

FSAD 155 Principles of Building Con- 1 hour struction: Noncombustible

The course addresses the need for fire service personnel to understand fully building construction, methods of construction, materials used in building construction, and fireresistance requirements in order to conduct fire scene operations safely and make sound strategic decisions. Students should be able to identify a building and correctly apply the classification system for the building in accordance with NFPA 220, Standard on Types of Building Construction, identify the important structural feature of a building and use this information in the formation of the Incident Action Plan, identify critical size-up issues such as smoke, heat, and fire travel inside a structure, and predict the path or method of travel based upon the building construction features; and to identify critical safety issues that affect firefighter safety for each classification of construction; and identify appropriate measures to enhance the safety of emergency responders.

FSAD 210 Fire Officer II

This course is designed to exceed the requirements of NFRA 1021, 1997 for Fire Officer II. Fire Officer II builds upon the concepts of the MUFRTI Fire Officer I program. Fire Officer II will expand on the Situational Leadership model and its adaptation to the types of powers and change. The course looks at performance appraisals and provides the student with a state-of-the-art appraisal inventory skill sheet to monitor his/her performance appraisal skills. Additional topics in the course include: the making of laws and a look at Missouri fire statutes, budget preparation, data collection and research reports, preparing media releases, handling multi-agency incidents, fire protection systems, occupancy classifications and conducting building inspections, a process for conducting fire investigations and finally identifying unsafe work practices and taking appropriate actions to prevent reoccurrence. Students are required to complete a class project due within two months after the conclusion of the course as well as a pre-course assignment that includes developing a ten-minute public fire education presentation. Prerequisite: FSAD 110 Fire Officer I.

FSAD 220* Advanced Incident Management System: Operations (.25 hour)

This course is designed to assist those indi-

3 hours

150 Course Descriptions

viduals whose responsibility will be working within the operations section during an incident. Topics of this course include a review of the incident management system; division, groups and sectors; unit leader responsibilities; incident management forms, branches, demobilization, and staging. Prerequisite: FA Incident Command System or MUFRTI Incident Management System.

Advanced Incident Management System: Command Staff (.25 hour)

This course looks at the roles of command staff functions within the Incident Management System, in particular, the roles of the safety officer, liaison officer, information officer, and incident commander. This course includes a short review of the Incident Management System. Prerequisite: IMS: Operations.

Advanced Incident Management System: Logistics/Finance (.25 hour)

This course looks at the roles of the logistics and finance section within an Incident Management System. This course includes a short review of the Incident Management System. Prerequisite: IMS: Operations.

Advanced Incident Management System: Planning (.25 hour)

This course looks at the roles of the planning section within an Incident Management System. Instructional focus includes the various IMS forms which should be used during incidents and activities to reinforce the lesson plan. This course will also look at the responsibilities of planning section chiefs and the various unit leaders within the planning section. This course includes a short review of the Incident Management System. Prerequisite: IMS: Operations.

*For Advanced IMS Courses: Students must successfully complete all four modules. Without completion of all modules, no credit will be given.

GEOGRAPHY (GEOG)

History and Political Science Department

GEOG 101 Introduction to Geography 3 hours Introduction to the distribution of people, activities, and environments around the world; geographic patterns and the interaction of humans with their surroundings are emphasized. **G.E.** Course meets Multicultural graduation requirement.

GEOG 220 Introduction to 3 hours Atmospheric Sciences

An introduction to the study of weather and climate. Cross-listed as ENVS 220. Prerequisite: Sophomore standing.

GEOG 223 Environmental Disasters 3 hours Introduction to environmental hazards and disasters. Emphasis on causes of extreme natural events, their geographic distribution and human responses/adjustments. Crosslisted as ENVS 223. Prerequisite: GEOG 101.

GEOG 233 Topics 1-3 hours

GEOG 251 Resource Management 3 hours Introduction to the global range of natural resources, the economic and political contexts of their development and the resulting physical and societal impacts. Cross-listed as ENVS 251. Prerequisite: GEOG 101. *Course meets Multicultural graduation requirement.*

GEOG 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

GEOG 433 Topics

GEOLOGY (GEOL)

Science Department

GEOL 110 Introduction to Physical 3 hours Geology

An introduction to earth's materials, geophysical processes acting on them and the resulting landforms and landscapes. **G.E.**

GEOL 110L Introduction to Physical 2 hours Geology Laboratory

Laboratory experience to accompany GEOL 110. Prerequisite: GEOL 110 or concurrent enrollment. GEOL 110 must be completed before it can be used as G.E. credit. \$30 lab fee. **G.E.**

HISTORY (HIST)

History and Political Science Department

HIST 101 Western Civilization I 3 hours European history from Greece to 1715. G.E.

HIST 102Western Civilization II3 hoursEuropean history since 1715.G.E.

HIST 111 World History to 1500 3 hours

This course surveys the major developments that have shaped the human experience from the earlies civilization to 1500 CE. The course examines overall patterns of early global history, characteristics of the world's major pre-modern civilizations, and the relationships and exchanges among these socities. Major themes include humans and their environment, culture, politics and government, economics and social structures. Students also gain insight into the historical roots of many of the world's major cultura traditions. Offered Fall. *Course meets Multicultural graduation requirement.* **G.E.**

HIST 112 World History Since 1500 3 hours This course surveys the major developments that have shaped the human experiene since 1500 CE. The course examines overall patterns of global history, characteristics of the world's major modern civilizations, and the relationships and exchanges among these societies. Major themes include humans and their environment culture, politics and government, economics, and social structures. Students also gain insight into the historical roots of many of the world's major cultural traditions. *Course meets Multicultural graduation requirement.* **G.E.**

HIST 121 American History to 1877 3 hours A survey of institutions, politics, culture, and society in America from colonization to reconstruction. **G.E.**

HIST 122 American History 3 hours Since 1877

A survey of institutions, politics, culture and society in America from reconstruction to the present. **G.E.**

HIST 231 Imperial Russia 3 hours Russian history from the founding of Kiev to the death of Alexander I, with emphasis on the Princes of Kiev, the Mongols, Russian Orthodoxy, Time of Troubles, the Romanovs, Catherine the Great, Peter the Great, Napoleon and the beginning of the revolutionary tradition. *Course meets Multicultural graduation requirement.*

HIST 232 History of Russia 1825 3 hours to Present

Major historical developments from the death of Alexander I through the coming of Marxism, the Revolution of 1917, Stalin, the Great Patriotic War, the Cold War, to the Commonwealth of Independent States.

HIST 233, 333, 433 Topics 3 hours Selected courses approved by the History and Social Sciences Department for history credit.

History of Latin America HIST 234 3 hours Survey of the history of Latin America from the colonial period to the present. The study of the development of colonial structures, the impact of colonization on the native peoples, the struggle for independence, colonial legacies, economic dependency, and ethnic, gender, and class relations helps students to gain an understanding of the major themes in Latin American history. The class also considers the relationship between Latin American countries and the United States. as well as political and social movements throughout the region. The class considers examples from the histories of Argentina, Brazil, Chile, Colombia, Cuba, El Salvador, Guatemala, Honduras, Mexico, Nicaragua, Panama, Peru, Uruguay, and Venezuela. Course meets Multicultural graduation requirement.

HIST 235 History of the Modern 3 hours Middle East

The Middle East has been and continues to be among the most important regions of the world, religiously, economically, and politically, especially in terms of its formative effects upon the contemporary western world. As an introduction to the social, political, religious and intellectual history of the Middle East stretching from the pre-Islamic states to the present day, but with special attention paid to the period since 1800, this course pays particular attention to the following topics: the changing relationships among religion, political movements, and everyday life: the nature of Middle Eastern social and political institutions; tensions between reformatory and purifying impulses in Islamic religious currents; the Ottoman period, western imperialism, and the Eastern Question; paths of modernization; the Arab-Israeli conflict; and the historical context for the emergence of political Islam. *Course meets Multicultural graduation requirement.*

HIST 250 Missouri History 3 hours Survey of Missouri's development from colonization to the present. This course examines the contributions of Missouri and its citizens to the development of the U.S. In particular, it will highlight the state's diverse cultural heritage and distinctive political culture.

HIST 255, 256, 257, 355, 356, 357, 456, 457 Directed Study

HIST 303 History and Philosophy of 3 hours Modern Science

1-3 hours

Evolution of scientific thought from 1600 A.D. to the present. Cross-listed as PHIL 303. Prerequisite: HIST 102.

HIST 312 Twentieth Century Ameri- 3 hours can Diplomatic History

Diplomacy since 1890s and emergence of the nation as a world power. Prerequisite: HIST 122.

HIST 314Modern China3 hoursChinese history since 1800.Prerequisite:Junior standing.Course meets Multiculturalgraduation requirement.

HIST 316Modern Japan3 hoursJapanese history since 1800.Prerequisite:Junior standing.Course meets Multiculturalgraduation requirement.

HIST 318 The Vietnam War 3 hours A study of the war in Vietnam by examining the American involvement in the context of Vietnamese history and culture and the goals of countries outside Vietnam. Events of the war are placed in a multiplicity of contexts to show how ideological, political, diplomatic, social, and economic considerations affected the conduct of the war. The impact of the war on American society, politics, and cold war diplomacy are examined. Prerequisite: HIST 122. *Course meets Multicultural graduation requirement.*

HIST 321 History of the Modern U.S. 3 hours Analysis of the reformation of the United States during the era of Franklin D. Roosevelt. The course explores the story of how Americans endured the Great Depression and eventually prevailed in their struggle against totalitarianism. In particular, it highlights the anxieties of the new era, the stock market crash of 1928, the New Deal policies of FDR and the military campaigns of World War II. Significant themes of gender, class, power and warfare are traced from the twilight of the roaring twenties to the dawn of the atomic age. Prerequisite: HIST 122.

HIST 322 Women and Gender in 3 hours European History

This course will examine the history of women across Europe from the Middle Ages to the present. This course examines gender as a system of power relations that has been integral to the shaping of European nations; politics and public policy and to the development of national and international economies. The class will explore the meaning of women's status across cultures and historical periods; examine how women have attempted to define, maintain, or gain power in changing historical circumstances; identify common dilemmas and struggles faced by women; and consider how changing definitions of gender have intersected with ideas about race and ethnicity throughout European history. Cross-listed as WMST 322. Prerequisite: Junior Standing.

HIST 332 The European Renaissance 3 hours During the age of the Renaissance, scholars, artists, ecclesiastics, princes and courtiers consciously turned from medieval tradition and cultivated a renewal of classical Greek and Roman cultures. This course explores the cultural, intellectual, religious, political and economic lives of the men and women of Renaissance Europe from its inception in Early-Modern Northern Europe. Prerequisite: HIST 101 or HIST 111.

HIST 334 The European Enlightenment 3 hours This course traces the transformation of European culture and society between the last decades of the seventeenth century and the end of the eighteenth century. Texts include political and philosophical essays, theological works, and examples from the "literary underground" of the eighteenth century. Texts include political and philosophical essays, theological works, and examples from the "literary underground" of the eighteenth century. While drawing significantly on select major writers such as Voltaire, Diderot, Condorcet and the Scottish moralists, the course also examines figures who are sometimes overlooked in introductory surveys, such as Daniel Defoe, Richard Price and Mary Wollstonecraft. The overall

goal of the course is to provide both an extended contact with the works of one particular historical period, and to survey the different ways in which historians have approached the period. Prerequisite: HIST 102 or HIST 112.

HIST 335 Nineteenth Century Europe 3 hours This course focuses on the major transformations in European politics, economics, culture and society between the French Revolution and World War I. Topics include Napoleonic Europe, industrialization, the emergence of class as a concept for explaining fundamental social change, the revolutions of 1848, the unification of Germany and Italy, the expansion of European imperialism especially as seen in Africa, and the convergence of tensions which contributed to the outbreak of World War I. Prerequisite: HIST 102 or HIST 112.

HIST 336 Twentieth Century Europe 3 hours Exploration of patterns of difference and commonality across the countries of Europe. From World War I through the Russian Revolution, the rise of fascism and totalitarianism and through the Cold War, an often ferocious ideological battle between liberal democracy, communism and fascism dominated European life. As the Cold War came to an end and the ideal of a united European community emerged, the relations between countries and peoples changed dramatically. Moreover, in almost all of these aspects of European relations, the workings of nationality, race, and ethnicity played important roles. In addition to confronting the profound ethical dilemmas which accompanied one of the darkest centuries of Europe's history, students complete this class with a factual and conceptual understanding of the dynamic political, economic, social and cultural factors which affected Europe between 1914 and the twenty-first century. Prerequisite: HIST 102 or HIST 112.

HIST 340 Philosophy of Revolution 3 hours Examination of the nature of revolution — intellectual, philosophical, economic, and political. Cross-listed as PHIL 340.

HIST 342 American Civil War 3 hours Analysis of the American Civil War during the nineteenth century. The course assesses the causes and the consequences of the sectional conflict between the North and the South. In particular, it examines the politics of chattel slavery, the crisis of the federal Constitution, the campaigns of the Union and Confederate forces, and the plans for postwar reconstruction. Furthermore, significant themes of politics, gender, warfare and labor are considered. Prerequisite: HIST 121.

HIST 348 World War II 3 hours Examination of the causes, events and consequences of the Second World War from a global perspective. This course examines the major diplomatic, political and military objectives, and campaigns of the nations involved, and examines the war from the perspective of the individual combatant and civilian noncombatant. The impact of the war on American society and culture and the political alignment of the past war is studied as well. Prerequisite: HIST 122.

HIST 350 American Revolution 3 hours Analysis of the American Revolution during the eighteenth century. The course considers the causes and the consequences of the colonial rebellion against the British Empire in North America. In particular, it focuses upon the cultural, economic, military, and constitutional issues shaping the struggle for independence. Significant attention is given to the clash of values, interest, arms and ambitions transforming the thirteen colonies into the United States before 1787. Prerequisite: HIST 121.

HIST 352 American Environmental 3 hours History

Analysis of American environmental history from the colonial period to the present. This course considers the interrelationships between human society and the natural world in different bioregions of North America, focusing upon how ideas, attitudes, traditions, institutions, and technologies have reshaped and have been reshaped by ecosystems. It traces American Indian ecology, agricultural land use, natural resource conservation, urban pollution, and modern environmental movements. It offers special attention to social constructions of the environment such as romantic mysticism, utilitarian instrumentalism, and ecological science. Cross-listed as ENVS 352. Prerequisite: Junior standing.

HIST 358 The Making of Modern 3 hours Britain

Exploration of the most important social, economic and political developments in Britain

154 Course Descriptions

since the beginning of the eighteenth century covers topics including the rise of industrial society, Victorian ideas and attitudes, British feminism, the rise and fall of the British Empire, the emergence of the Labour Party and British socialism, the impact of the two world wars and postwar political and social changes. Certain themes are stressed, such as the relationship between elite and popular politics, the development of the state, changing configurations of empire, and transformations in social and gender relations. Prerequisite: HIST 102 or HIST 112.

HIST 359 Rise and Fall of the 3 hours British Empire

This course traces the emergence of an England-centered empire, which from the 1600s to the near-present facilitated a vast and violent movement of goods, peoples, technologies, diseases, cultural artifacts, and cultural practices. Attention is paid to issues of negotiation, domination and resistance; the effects of gender across cultures; politicization, identity formation, and nationalism; the complications and uses of race; and the empire's effects on Britain. Prerequisite: HIST 102 or HIST 112.

HIST 362 History of the American West

3 hours

Analysis of Western America from colonization to the present. This course traces the imperial, commercial, intellectual and social relationships constituting the trans-Mississippi region. In particular, it appraises the interactions of natives and strangers in a frontier borderland over the course of several generations. Furthermore, significant attention is given to territorial acquisition, population mobility, economic development and popular culture. Prerequisite: Junior standing.

HIST 370 American Military History 3 hours Analysis of the military history of the United States from the colonial period to the present. This course considers the role and use of armed forces in relation to the social, cultural, political, economic, and technological development of the United States. It will not only address such themes as wartime strategy, operational tactics, and combat technology, but also the impact of warfare on society and on the remembrances of ordinary men and women in uniform. Significant attention will be given to the evolution of civil-military relations, the advent of professionalism in the military, the non-military uses of the military, and the military's role as a tool for global power. Prerequisite: Junior standing.

HIST 371 History of American 3 hours Business

Analysis of American business from the colonial period to the present. The course traces the stories of significant entrepreneurs and the firms they built. It focuses on the managerial revolution that established a modern industrial order, wherein the corporation became the primary instrument for organizing the processes of production, distribution and consumption. Significant attention is given to systems of technology, transportation, communication and labor indicative of America's free enterprise system. Crosslisted as MGMT 371. Prerequisite: Junior standing.

HIST 372 American Indian History 3 hours Analysis of American Indian history from prehistory to the present. The course considers the integrity and viability of indigenous societies in North America, the dynamic process of cultural persistence and change, and the clash of cultures that began with European conquest. In particular, it traces the formation and operation of U.S. government policy toward the "first peoples" over the course of several generations. Particular attention is given to the pre-contact traditions, survival strategies and tribal sovereignty exemplified by native communities in the U.S. Prerequisite: Junior standing. Course meets Multicultural graduation requirement.

HIST 373 Women and Gender in 3 hours American History

This course examines the history of women in the United States from the colonial era to the present. This course examines gender as a system of power relations that has been integral to the shaping of American politics and public policy and to the development of the American economy. The class explores the meaning of women's status across cultures and historical periods; examines how women have attempted to define, maintain, or gain power in changing historical circumstances: identifies common dilemmas and struggles faced by women; and considers how changing definitions of gender have intersected with ideas about race and ethnicity throughout American history. Cross-listed as WMST 373. Prerequisite: Junior standing.

HIST 374 African American History 3 hours

This course explores the major themes in African American history, from its roots in fifteenth-century West Africa to contemporary U.S. society. Course materials cover the major political, economic, social and cultural factors that have shaped the African and African American experience in the United States. Prerequisite: Junior Standing.

HIST 381 History of Christianity: 3 hours The Early Church

Development of Christianity from its origins to the eve of the Reformation. Emphasis is on the evolution of theology within the context of Western civilization. Specific subjects include ancient Hebrew thought, Hellenism, Gnosticism, the historical Jesus, the Trinity, Augustine, medieval theology, heresies, etc. Cross-listed with RELI 381. Prerequisite: HIST 101.

HIST 382 Christianity in the 3 hours Modern World

Development of Christian thought from the late Middle Ages to the present. Emphasis is on the confrontation of Christian theology with modernity. Specific subjects are: the Reformation, Counter-Reformation, the scientific revolution, the Enlightenment, Liberal Theology, the Theology of Crisis, etc. Crosslisted as RELI 382. Prerequisite: HIST 102.

HIST 399	Internship	1-12 hours

HIST 433 Topics 1-3 hours

HIST 255, 256, 257, 355, 356, 357, 456, 457 Directed Study 1-3 hours

HIST 490 Historiography

```
3 hours
```

A proseminar on the works of historians from antiquity to the present. It provides participants an opportunity to study significant historical fields of inquiry and to consider how historians have dealt with such concerns as the cause of events, the reliability of evidence, different theoretical perspectives and the citation of sources. All participants develop a proposal for a senior thesis on an historical topic. The proseminar is required of all history majors. Prerequisites: HIST 101, HIST 102, HIST 121 and HIST 122.

HIST 494 Historical Research 3 hours and Methods

The culminating seminar for graduation as a

History major. Historical Research and Methods is a seminar dedicated to the research and writing of a senior thesis. All participants are expected to apply the techniques of scholarship as generally accepted by the historical profession. The seminar is the culminating experience for graduation as a history major. Completion with grade of "C" or higher is required. Prerequisite: HIST 490.

HIST 499 Internship 1-12 hours

HONORS (HNRS)

1 hour

HNRS 310 Honors Service All students participating in the Honors Program must complete this course prior to graduation. Students must design a community service activity, choose a professor to direct that activity, and perform the project. Requires 45 hours of service activity. Prerequisite: Eligibility for Honors Program. Offered Fall and Spring.

HNRS 340 Schiffman Ethics in 3 hours Society Lecture

Each year a renowned scholar or public figure is invited to the home campus to speak on the role of ethics in society. This course is a careful review of the writings by this year's speaker as well as an investigation of the literature surrounding the topic of the guest's presentation. May be repeated. Prerequisite: Eligibility for Honors Program. Offered Spring.

HNRS 350 Topics

3 hours

3 hours

An investigation of some great idea or ideas in the liberal arts and sciences, a focus on an epoch or trend in cultural history, an in-depth study of an alternative culture or a myopic biography. Examples: Beauty, Justice, Evolution and Fundamentalism, Postmodernism, Gay and Lesbian Culture, The Civil Rights Movement, What Are Numbers?, American Political Philosophy, etc. May be repeated. Prerequisite: Eligibility for Honors Program. Offered Fall.

HNRS 484 Honors

Open to students who have been accepted as candidates for degrees with Distinction and who are registering for their final semester. Offered Fall and Spring.

HUMAN SERVICES (HUMS)

Criminal Justice Administration and Human Services Department

HUMS 105 Introduction to Human 3 hours Services

Introduction to the profession, practice and career options of human services.

HUMS 250 Working with Individuals 3 hours Theories and methods for working with individuals.

HUMS 300 Exploring Research 3 hours Finding, understanding, critical analysis and communication of empirically based research for practice application. Prerequisite: MATH 150 or MATH 170.

HUMS 310 Military Case Work 3 hours Examination of the unique challenges and opportunities facing veterans, active duty military and their families. Topics include programs and services specific to these populations. Prerequisite: Sophomore standing.

HUMS 325 Case Management 3 hours Introduction to case management theory, models of case management and skills necessary to function effectively as case managers. Content includes the use and case management implications of psychotropic medications. Students develop abilities to serve special populations in a case management role. Prerequisite: HUMS 105 or PSYC 101 (courses may be taken as corequisite).

HUMS 335 Working with Groups 3 hours

Theoretical foundations, knowledge, values and skills of human service practice as they apply to working with groups. Prerequisite: HUMS 105 or PSYC 101.

HUMS 340 Working with Families 3 hours

Examination of family function and assessment using the major models, theories and perspectives of family and family therapy. Students learn how to apply those theories and perspectives to assess families in conjunction with other assessment tools such as ecomaps and genograms. Prerequisite: HUMS 105 or PSYC 101 (courses may be taken as corequisite).

HUMS 345 Working with Communities 3 hours and Organizations

The values, knowledge and skills of human service practice in the context of communities and organizations. Prerequisite: HUMS 105 or PSYC 101(courses may be taken as corequisite).

HUMS 350 Social Gerontology3 hoursSocial, psychological and physical aspects

of aging, including the consequences of the societal demographic shifts toward an increasingly aged society. Investigates the research on death and dying and the role of the elderly in our society. Additionally, generates an understanding of the theoretical perspectives on aging. Cross-listed as SOCI 350. Prerequisite: Junior standing.

HUMS 365 American Social Policy 3 hours Nature and development of American social policy, including the history of current structures of social welfare services, the role of policy in service delivery and analyses of current social policy issues including familiy policy, healthcare policy, drug policy, tax policy and other topical issues. Cross-listed as SOCI 365. Prerequisite: Junior standing.

HUMS 375 Disabilities

3 hours

Examination of issues faced by persons with disabilities and the social injustice which they have historically experienced. Different theories or approaches used to understand the situation of persons with disabilities are examined. Particular issues and areas of need experienced by individuals having different types of disabilities (mobility, sensory, cognitive, etc.) are explored. It considers the consequences and dynamics of systemic barriers that threaten to compromise or exclude the participation of persons with disabilities in social, economic, and political processes. Various perspectives on equality are explored from the point of view of their impact on this vulnerable population. Prerequisite: Sophomore standing.

HUMS 380 Substance Abuse

3 hours

Examination of substance Abuse and the progressive nature of addiction. Factors leading to regular and problematic use are explored. An overview of the pharmacological effects of drugs within major drug categories, theories of addiction, intervention, treatment methods and prevention are examined. Prerequisite: Sophomore standing.

HUMS 385 Mental Health

3 hours

This course provides a look at mental health problems from the practice arena. Students learn theories of mental health, psychotropic medications and the role of case manager with persons who have mental illness. Prerequisite: PSYC 101.

HUMS 390 Child Welfare

3 hours

This course begins with an historical overview of child welfare services in American society, establishes a framework for both policy and practice, and examines current trends in the field of child welfare. Special emphasis is placed on evaluating the needs of high risk populations of children/youth and families. Prerequisite: Sophomore standing.

HUMS 495 Senior Seminar

3 hours

Required as a culminating experience prior to graduation. Capstone course integrating prior learning while exploring current research, contemporary issues and practice theories in human services. Grade of C or better is required. Writing intensive. Emphasis is on creating expertise within an area of interest pertinent to the career and academic goals of the student. Prerequisites: Human Services major, senior standing, and all core requirements completed (or currently enrolled). Offered Fall and Spring.

HUMS 499 Internship

3-6 hours

Students complete 135 hours of supervised field experience for 3 hours of credit (270 hours for 6 hours of credit), targeted to behaviorally implementing the objectives of the Human Services program in a human service agency. Permission must be obtained one semester prior to the internship. Prerequisites: Senior standing, HUMS 495 as a prerequisite or corequisite, all core HUMS requirements. Evaluation: Satisfactory or Unsatisfactory. Offered Fall and Spring.

MANAGEMENT (MGMT)

Business Administration Department

*Denotes a course that may carry any business administration code.

MGMT 150 Introduction to Business 3 hours Comprehensive survey of the major areas of business and its environment. Concepts, issues and vocabulary are emphasized. MGMT 152 Business Mathematics 3 hours Development of an understanding of and skill in using arithmetic calculations in business-oriented problems.

MGMT 200 Calculus for Business 3 hours and Finance

Introduction to analytic geometry, limits, derivatives, definite integrals and their applications. Cross-listed as MATH 200. Prerequisite: Grade of C or higher in MATH 150 or MATH 180; or a score of 23 or higher on math portion of the ACT or 540 or higher on the math portion of the SAT.

(*) 233 Topics 1-3 hours Specialized inquiry into topics not covered in the curriculum.

MGMT 254 Business Communication 3 hours Development of written, oral and interpersonal skills for effective communication in the business world. Emphasis on clear, effective business correspondence, improved interpersonal skills and public speaking. Students learn appropriate real-world skills and strategies to increase their abilities to use this knowledge. Prerequisite: ENGL 112.

MGMT 265 Business Law I3 hoursFundamental principles of law relating to
business activity and court systems.
Extensive use of cases. Prerequisite:
Sophomore standing.

MGMT 311 Public Administration 3 hours and Policy

Examination of growth, structure, role, methods, and policy of the national bureaucracy and its impact in American government and society. Cross-listed as POSC 311. Prerequisite: POSC 111.

MGMT 330 Principles of Management 3 hours Survey of principles of management. Familiarity with the history and evolution of the field and with modern principles and their application. Prerequisites: MGMT 150, junior standing.

MGMT 338 International Business 3 hours Exploration of the challenges involved in multinational and international business. Prerequisites: Junior standing, MGMT 330. *Course meets Multicultural graduation requirement.*

MGMT 339 Cross-Cultural 3 hours Management Emphasis on interpersonal skills needed to manage across national borders and show how cultural factors influence behavior in the workplace and the negotiation process. Prerequisite: MGMT 330. *Course meets Multicultural graduation requirement.*

MGMT 341 Small Business 3 hours Management

The elements to establish and operate a small business are examined in light of internal and external environmental requirements. Prerequisite: MGMT 330.

MGMT 360 Organizational Theory 3 hours Examination of the foundations, theories, models, and literature for designing effective organizations. Extensive library research and case work required. Prerequisite: MGMT 330.

MGMT 361 Human Resource 3 hours Management

Design, implementation, and administration of human resource management programs. Practices used in developing effective professional habits useful in dealing with executive responsibilities are also examined. Prerequisite: MGMT 330.

MGMT 362 Organizational Behavior 3 hours

Provides a strong conceptual framework for understanding organizational efficiency as the result of the interactions of people and organizations. Prerequisite: MGMT 330 or PSYC 101.

MGMT 363 Productions and 3 hours Operations Management

Emphasis on techniques and skill for manufacturing. Prerequisite: MGMT 330.

MGMT 364 Workforce Planning and 3 hours Employment

This course explores how organizations plan for changes in their workforce, create recruitment strategies and develop selection systems to identify the best talent for their businesses. Topics include measurement of staffing effectiveness, job/competency analysis, testing strategies, and interviewing methods. Prerequisite: MGMT 361. Available via AHE Programs only.

MGMT 365 Compensation and 3 hours Benefit Systems

The focus of this course is "Total Compensation." Direct and Indirect compensation systems are evaluated to determine how organizations design the appropriate systems for their businesses. Topics include base pay systems, individual and group bonuses, executive compensation, issues with providing health care, long-term investment options, pension systems and government mandated benefits. Prerequisite: MGMT 361. Available via AHE Programs only.

MGMT 367 Business Law II 3 hours

Continuation of Business Law I. Prerequisite: MGMT 265.

MGMT 368 Business Ethics 3 hours Analysis of principles used to evaluate ethical issues facing today's business community as well as to formulate possible solutions. This course satisfies the General Education Ethics requirement for Business Administration and Computer Information Systems majors. Prerequisite: MGMT 330.

MGMT 371 History of American 3 hours Business

Analysis of American business from the colonial period to the present. The course traces the activities of significant entrepreneurs and the firms they built. It will focus on the managerial revolution that established a modern industrial order, wherein the corporation became the primary instrument for organizing the processes of production, distribution and consumption. Significant attention will be given to systems of technology, transportation, communication and labor, indicative of America's free enterprise system. Crosslisted as HIST 371. Prerequisite: Junior standing.

MGMT 375 Labor Relations 3 hours

Study of management approaches to collective labor agreements. Extensive study of negotiation, grievances and agreement administration. Prerequisite: MGMT 361.

MGMT 393 Business Information 3 hours Systems

Emphasis on management and technical concepts fundamental to business applications and management control of information systems. Coverage includes management information and decision support systems which aid in planning, organizing and controlling business activities. Prerequisites: ACCT 281, CISS 170, MGMT 330 (may be taken concurrently), and junior standing.

MGMT 422 Small Business 3 hours Development

Continuation of MGMT 341, focusing on the operation and development of an estab-

lished business concern. Prerequisite: MGMT 341.

MGMT 430 Management Science

3 hours

1-3 hours

Management Science is a discipline that integrates mathematical modeling and guantitative analysis into the managerial decisionmaking process. A variety of models and approaches are introduced including: linear programming and optimization models (e.g., maximize profit or minimize cost problems, resource-allocation problems), network and transportation models (e.g., shortest route problems, critical path problems), forecasting models, PERT/CPM models, (e.g., a model to dtermine the optimal schedule for a project), simulation models and the use of Crystal Ball, and simple/multiple regression models. Students learn to model problems mathematically and to use spreadsheet packages to solve management science problems. The goal of the course is to provide students with a background in mathematical modeling to augment their problem-solving skills. Prerequisites: MATH 150 or MATH 170, MATH 250, FINC 350.

(*) 433 Topics 1-3 Special inquiry into topics not covered in the

curriculum.

MGMT 461 Human Resource 3 hours Development

Study of Human Resource Development in three key areas of employee and organizational development: training and development, change management and performance management. This course explores the methods of identifying training needs, designing and implementing successful training programs and evaluating organizational training systems. Also, this course covers the process of planning and implementing interventions to create interpersonal, group, inter-group or organization-wide change. Individual employee, functional and organizational performance systems are addressed. Prerequisite: MGMT 361. Available via AHE Programs only.

MGMT 479 Strategic Management 3 hours Culminating experience capstone course for majors in business administration. Requires case/report writing and the ability to integrate material from previous courses to analyze and resolve complex business strategic planning problems. Completion with a grade of C or higher required. Prerequisites: Senior status, completion of a minimum 33 hours of core requirements and at least six hours of upperlevel courses within the identified major.

(*) 499 Internship 1-6 hours Application, analysis, and evaluation of managerial functions and practices from the perspective of a management trainee. Supervised, on-site work experience required. Prerequisites: senior standing, cumulative GPA of 3.0 or higher.

MARKETING (MKTG)

Business Administration Department

MKTG 310 Principles of Marketing 3 hours Survey of principles for choosing target markets, assessing their needs, developing products and services and delivering them at a value to the customer and a profit to the company. Prerequisite: Junior standing.

MKTG 327 Retail Management 3 hours and Strategies

Development of policies, methods, and managerial strategies to accommodate the rapidly changing retail environment. Prerequisites: MGMT 150, junior standing.

MKTG 331 Consumer Behavior 3 hours Introduction to individual and environmental determinants of the behavior of consumers. Use of knowledge of consumers' behavior to plan, implement and control marketing activities. Prerequisite: MKTG 310.

MKTG 332 Public Relations

3 hours

Policies, strategies and procedures available to an enterprise in establishing and controlling its communications with its many publics. Prerequisites: MGMT 254 or ENGL 204, and MKTG 310.

MKTG 335 Advertising and Sales 3 hours Promotion

Study of marketing activities that stimulate consumer purchasing and dealer effectiveness. Emphasis on elements and process of developing effective advertising programs using integrated marketing communications. Prerequisite: MKTG 310.

MKTG 352 Personal Selling and 3 hours Sales Management

Emphasis on techniques and skills of personal

selling. Sales presentations required. Prerequisite: MKTG 310.

MKTG 360 E-Marketing

3 hours

This course explores how the Internet can be used effectively to enhance the marketing activities of corporate enterprises, non-profits and government agencies. Prerequisites: CISS 170 and MKTG 310.

MKTG 399 Internship

1-3 hours

MKTG 410 Global Marketing 3 hours Survey of current international marketing strategy including the historical context of global marketing and current environmental issues and marketing management techniques. Prerequisite: MKTG 310. *Course meets Multicultural graduation requirements.*

MKTG 420 Readings in Public Realtions 3 hours Case studies and special readings are utilized to illustrate and apply public relations theories and practices in diverse organizational setting; emphasis is on the proper design and utilization of public relations tools that illustrate strategie public relations competencies. Prerequisites: MKTG 310, MKTG 332.

MKTG 441 Marketing Research3 hoursA managerial approach to this highly technical and quantitative field.Prerequisites:MKTG 310, MATH 250.MATH 250.

MKTG 478 Marketing Management 3 hours Examination of the role of the marketing manager in analyzing, planning, implementing and controlling the marketing programs of an enterprise. Case work is used. Prerequisite: MKTG 310.

MKTG 480 Sports and Event 3 hours Marketing

Examination of the role of marketing in analyzing, planning, implementing and controlling the marketing programs of a sports enterprise. Prerequisite: MKTG 310.

MKTG 499 Internship 1-6 hours Students can earn a maximum of six semester hours of internship credit.

MATHEMATICS (MATH)

Computer and Mathematical Sciences Department

MATH 102 Mathematics for the Elementary School Teacher 3 hours

This course is designed to help preservice elementary school teachers develop a conceptual framework for mathematics, especially for those aspects normally experienced in elementary school. Through their work in the course the students study the main themes of mathematics throughout the curriculum, considering both mathematical and pedagogical content issues in teaching mathematics. Topics include sets, logic, informal geometry, numeration systems, properties of real numbers and an introduction to probability and statistics. Prerequisite: Grade of C or higher in MATH 104 or a score of 19 or above on the math portion of the ACT or 460 or above SAT score, or a passing score on the Columbia College math placement exam.

MATH 104 Beginning Algebra 3 hours Introduction to the fundamental concepts of algebra. Review of arithmetic skills, solving linear equations and inequalities, application problems, graphing lines, and introduction to polynomials and factoring. Students must repeat the course if a U, F or D grade is awarded.

MATH 106 Intermediate Algebra 3 hours Second course in a three-course sequence in algebra. Review of factoring and graphing lines. An introduction to solving systems of linear equations, rational expressions, roots and radicals, and quadratic equations. Students must repeat the course if a U, F or D grade is awarded. Prerequisite: A passing score on the Columbia College math placement exam or MATH 104 with a grade of C or higher or a score of 19 or higher on the math portion of the ACT or 460 or above SAT score.

MATH 150 College Algebra

3 hours

Study of algebraic concepts including linear and quadratic equations, inequalities and systems; polynomials*, rational, exponential and logarithmic functions with emphasis on their numerical, graphical, and algebraic properties and their applications. Introduction to summation notation, sequences, and series. Prerequisites: Grade of C or higher in MATH 106 or a score of 21 or above on the math portion of the ACT (or if the ACT was taken before September 1989, a score of 20) or 500 or above SAT score, or a passing score on the Columbia College math placement exam. G.E.

MATH 170 Finite Mathematics

3 hours

This course presents a variety of applications of algebra to real-world problems and includes an introduction to set theory, probability and statistics. Topics include linear functions, systems of linear equations and inequalities, matrices, linear programming, basic counting and probability, and the mathematics of finance. Prerequisite: Grade of C or higher in MATH 104, or a score of 19 or above on the math portion of the ACT (or if the ACT was taken before September 1989, a score of 20) or 460 or above SAT score, or a passing grade on the Columbia College math placement exam. G.E.

MATH 180 Precalculus

3 hours

Precalculus is a preparatory course for calculus and covers the following topics: algebraic, exponential, logarithmic, trigonometric, and inverse trigonometric functions, trigonometric equations and trigonometric identities. Prerequisite: Grade of C or higher in MATH 150, or a score of 23 or above on the math portion of the ACT or 540 or above SAT score.

MATH 200 Calculus for Business 3 hours and Finance

Introduction to analytic geometry; limits, derivatives, definite integrals and their applications. Cross-listed as MGMT 200. Prerequisite: Grade of C or higher in MATH 150 or MATH 180; or a score of 23 or higher on math portion of the ACT or 540 or above SAT score.

MATH 201 Calculus and Analytic 5 hours Geometry I

The first part of the three-part calculus series. Topics include: review of algebra and trigonometry; functions and limits; derivatives and their applications; the integrals and their applications. Students majoring in Chemistry must earn a grade of C or higher. Prerequisite: Grade of C or higher in MATH 180 or a score of 26 or higher on the math portion of the ACT or 590 or above SAT score.

MATH 222 Calculus and Analytic 5 hours **Geometry II**

The second part of the three-part calculus series. Transcendental functions, techniques of integration, improper integrals, infinite series and power series, parametrized curves and polar coordinates. Prerequisite: MATH 201 with grade of C or higher.

MATH 225 Discrete Mathematics I 3 hours This course provides a foundation in formal mathematics and theorem-proving. Topics include functions, relations, sets, simple proof techniques, Boolean Algebra, propositional logic, elementary number theory, the fundamentals of counting, recursion, and an introduction to languages (finite state machines). Prerequisite: Grade of C or higher in MATH 201.

MATH 233 Topics

1-3 hours

MATH 250 Statistics I 3 hours Introduction to descriptive and inferential sta-Topics include collection of data, tistics. numerical and graphical description methods, linear correlation and regression, probalility concepts and distributions, confidence intervals and hypothesis testing for means and proportions. Prerequisite: MATH 150 or MATH 170 or MATH 180; or MATH 201.

MATH 251 Statistics II

3 hours This course is a continuation of Statistics I. Topics include hypothesis testing, regression, correlation, statistical decision theory, analysis of variance and nonparametric methods. Prerequisite: MATH 250.

MATH 255, 256, 257, 355, 356, 357, 455, **Directed Study** 456, 457 1-3 hours

3 hours

MATH 300 Multivariate Calculus Two and three dimensional vectors, partial derivatives, multiple integrals, line and surface integrals. Prerequisite: MATH 222 or MATH 245.

MATH 303 Linear Algebra 3 hours Vector spaces, linear transformations, matrices and determinants, with applications to systems of linear equations, geometry and other selected topics. Prerequisite: Grade of C or higher in MATH 201.

MATH 304 Introduction to 3 hours **Abstract Algebra**

Introduction to algebraic systems, their motivation, definitions and basic properties. Primary emphasis is on group theory (permutation and cyclic groups, subgroups, homomorphism, quotient groups) and is followed by a brief survey of rings, integral domains and fields. Prerequisites: Grade of C or higher in both MATH 222 and MATH 225.

MATH 305 Number Theory

3 hours

The goal of this course is to provide a modern treatment of number theory. The student learns more about integers and their properties, important number-theoretical ideas and their applications. The course emphasizes reading and writing proofs. Prerequisites: Grade of C or higher in both MATH 222 and MATH 225.

MATH 325 Discrete Mathematics II 3 hours This course continues the discussion begun in Discrete Mathematics I (MATH 225) and serves to develop students' understanding of the discrete mathematical concepts that underlie computer science. Topics in this second course include recurrence relations, graphs, paths and circuits, trees and optimization and matching theory. Prerequisite: Grade of C or higher in MATH 225.

MATH 330 History of Mathematics 3 hours

The goals of this course are to develop knowledge of the contributions made by mathematicians and the influence these contributions have made to the development of human thought and culture over time. The course provides a chronological tracing of mathematics from the ancient Chinese into modern times, with an emphasis on problems and the individuals who formulated and solved them. Prerequisites: Grade of C or higher in MATH 222. Course meets Multicultural graduation requirement.

MATH 331 Foundations of Geometry 3 hours This course provides students with the opportunity to broaden and deepen their understanding of Euclidean Geometry usually encountered in a high school geometry course. The course extends the geometric experience to non-Euclidean topics and serves to unify the study of geometry as the result of a system of axioms. Prerequisite: Grade of C or higher in MATH 222.

MATH 338 Mathematical Statistics 3 hours and Probability

A calculus-based introduction to statistical methods dealing with basic probability, distribution theory, confidence intervals, hypothesis tests and sampling. Prerequisite: MATH 222 or MATH 235.

MATH 340 Introduction to **Probability Theory**

Probability spaces; random variables and their distributions; repeated trials; probability limit theorem. Prerequisite: Grade of C or higher in MATH 222.

MATH 362 Introduction to Automata 3 hours Theory, Languages and Computation

The study of formal languages, grammars, abstract computer models, and computability. Different models of computation and their relationships with formal languages as well as capabilities and limitations of these models are studied from a theoretical perspective. Cross-listed with CISS 362. Prerequisites: MATH 225 and CISS 240.

MATH 370 Differential Equations 3 hours Ordinary differential equations and systems with application to the sciences and engineering. Prerequisite: Grade of C or higher in MATH 222.

MATH 371 Introduction to Complex 3 hours Variables

Introduction to the basic tools of the theory of complex variables, such as complex differentiation and the Cauchy-Rieman equations. analytic functions, complex series, complex contour integration, residues, poles and conformational mapping. Prerequisite: Grade of C or higher in MATH 222.

MATH 380 Advanced Calculus I 3 hours Rigorous development of some central ideas in analysis including limits, continuity and differentiability. Prerequisite: Grade of C or higher in MATH 222 or MATH 245.

MATH 381 Advanced Calculus II 3 hours A second course in mathematical analysis on the real line. Topics include: the Riemann integral, infinite series, and sequences and series of functions. Prerequisite: MATH 380.

MATH 390 Introduction to Topology 3 hours Introduction to the topological concepts that underlie analysis. Included are metric spaces, topological spaces, separation, compactness, convergence, completeness and connectedness. Prerequisite: Grade of C or higher in MATH 222. MATH 380 recommended.

MATH 433 Topics

1-3 hours

1 hour

MATH 451 Intro to Cryptography 3 hours and Computer Security

An introduction to cryptography and computer security. Topics include cryptographic methods, hash functions, key exchange, secure communication, message authentication, digital signatures, network security, system security, modern day security protocols and standards. Cross-listed with CISS 451. Prerequisites: MATH 225; CISS 245 or CISS 243.

MATH 493 Senior Seminar in 3 hours Mathematics for Teachers

A seminar course required as a culminating experience for mathematics majors who are seeking certification to teach at the elementary, middle or secondary levels. Students analyze problems from elementary, middle and high school mathematics from an advanced perspective and explicitly make connections between the concepts taught in elementary, middle and secondary and their more abstract analogues encountered in undergraduate mathematical courses. A grade of C or higher is required. Prerequisites: Senior standing, admission to the Teacher Certification Program, EDUC 358 or EDUC 359 or EDUC 360.

MATH 494 Senior Seminar in 3 hours Mathematics

A seminar course required as a culminating experience for mathematics majors. Students prepare and present a portfolio following departmental guidelines to document achievement of the learning goals for the mathematics major. Additionally, students present a lecture on a topic not covered in core courses in consultation with the instructor and take the Major Field Test for Mathematics. Grade of C or higher required. Prerequisite: Senior standing.

MILITARY SCIENCE (MSCI)

Offered through the University of Missouri-Columbia. The course-numbering system is the same as that used by the university.

MSCI 1100 Foundations of Officership 1 hour Introduces students to issues and competencies that are central to a commissioned officer's responsibilities. Establish framework for understanding officership, leadership, and Army values followed and "life skills" such as physical fitness and time management. Offered Fall.

MSCI 1110 Introductory Military 1 hour Science Laboratory I

Field application of skills taught in MSCI 1100 to include leadership, land navigation, tactical skills and basic soldier skills. Offered Fall.

MSCI 1120 Basic Leadership

Establishes foundation of basic leadership fundamentals such as problem solving, communication, briefings and effective writing, goal setting, techniques for improving listening and speaking skills and an introduction to counseling. Offered Spring.

MSCI 1130 Introductory Military 1 hour Science Laboratory II

Field application of skills taught in MSCI 1120 to include leadership, land navigation, tactical skills and basic soldier skills. Offered Spring.

MSCI 2160 Topics in Military Science 1-2 hours Organized study of selected military science topics. Subjects and credit vary semester to semester. Repeatable once with departmental consent. Prerequisites: departmental consent.

MSCI 2200 Individual Leadership 2 hours Studies

Study of military leadership, practical application of critical reasoning and individual judgement with emphasis on developing leaders. Application of physical fitness plan, land navigation and confidence skills. Introduction to military orders. Written and oral presentations required. Offered Fall.

MSCI 2210 Intermediate Military 1 hour Science Laboratory I

Progressively more challenging leadership scenarios presented in a field and classroom environment. Students practice basic military skills such as squad-level offensive and defensive operations. First aid topics and drill and ceremony are also taught. Offered Fall.

MSCI 2220 Leadership and Teamwork 2 hours Introduction to values and ethics with emphasis on developing leaders. Students learn officer duties including counseling and mentoring techniques. Practical application of confidence skills and marksmanship. Further study of military orders. Written and oral presentations required. Offered Spring.

MSCI 2230 Intermediate Military 1 hour Science Laboratory II

Progressively more challenging leadership scenarios presented in a field and classroom

environment. Students practice basic military skills such as platoon level offensive and defensive operations. First aid topics and drill and ceremony are also taught. Offered Spring.

MSCI 3160 The Military and Wars in 3 hours American Society

Study of how wars and service in the military by citizen volunteers or conscripts affected the subsequent course of United States history. Offered Fall.

MSCI 3230 Leadership and Problem 3 hours Solving

Students conduct self-assessment of leadership style, develop personal fitness regimen, and learn to plan and conduct individual/ small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. Offered Fall.

MSCI 3240 Leadership and Ethics 3 hours

Examines the role communications, values and ethics play in effective leadership. Topics include ethical decision-making, considerations of others, spirituality in the military, and survey Army leadership doctrine. Emphasis on improving oral and written communication ability. Offered Spring

MSCI 3250 Leadership and 3 hours Management

Develops student proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective staff collaboration, and developmental counseling techniques. Offered Fall.

MSCI 3260 Officership

3 hours

Study includes case study analysis of military law and practical exercises on establishing an ethical command climate, service as an officer; capstone exercise. Leadership lab: Students must complete a semesterlong Senior Leadership Project that requires them to plan, organize, collaborate, analyze, and demonstrate their leadership skills. Prerequisite: MSCI 3250. Offered Spring.

MSCI 3270 Advanced Transition to 3 hours Lieutenant I

Independent research, analysis and monthly discussion on related military topics. Personal, academic and professional goals and objectives, development and maintenance of an officer evaluation report support form. Prerequisites: MSCI 1100, MSCI 2200, MSCI 3230, MSCI 3250 or department head persmission. Offered Fall.

MSCI 3270 Advanced Transition to 3 hours Lieutenant li

Independent research, analysis and monthly discussion on related military topics. Personal, academic and professional goals and objectives, development and maintenance of an officer evaluation report support form. Prerequisites: MSCI 1100, MSCI 2200, MSCI 3230, MSCI 3250 or department head permission. Offered Spring.

MUSIC (MUSI)

Humanities Department

MUSI 102 Music Fundamentals 3 hours An introduction to the elements of music, including study of the musical staff, key signatures, scales, time signatures, notation, meter and rhythm, major and minor chords, song writing techniques, application of music theory at the keyboard, and rhythmic, melodic and harmonic ear training. Prerequisite: Ability to read music.

MUSI 122Music Appreciation3 hoursA musical appreciation course focusing onEuropean and American works since 1500.G.E.

MUSI 160, 360 Jane Froman Singers 3 hours Select group requiring travel and performance; by audition.

MUSI 233 Topics 1.

1-3 hours

MUSI 322 Masterpieces of Music 3 hours In-depth study of the lives and musical styles of great composers. No knowledge of music is required and students are not expected to perform in front of the class.

MUSI 323 Music of the United States 3 hours Overview of the various types of music that have evolved through folk, popular, and classical traditions in America from the Pilgrims to the present.

MUSI 433 Topics

1-3 hours

Applied Music

Instrumental study must be taken in sequence with the same instrument.

MUSI 171, 172, 273, 274 Piano 1 hour

MUSI 181, 182, 283, 284 Voice 1 hour

MUSI 183 Broadway Music Voice Class 1 hour Class instruction in voice using appropriate music from the American Broadway Musical Theater repertoire. Prerequisite: Ability to match pitch.

MUSI 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

NAVAL SCIENCE (NSCI)

Offered through the University of Missouri-Columbia. The course-numbering system is the same as that used by the University.

NSCI 1100 Introduction to 2 hours Naval Science

Introduction to Midshipmen to the organization of the Naval Service, the varied career opportunities available, the long held customs and traditions of the service, and the duties of a Junior Officer.

NSCI 1200 Seapower and 3 hours Maritime Affairs

Seminars examine the application of seapower as an instrument of foreign policy by the major nations of the world. Emphasis placed on role of the Navy.

NSCI 2110 Naval Ships Systems I 3 hours

Ship construction, stability and damage control, basic thermodynamics, the steam cycle and engineering plant, including introduction to gas turbine, diesel and nuclear powered systems.

NSCI 2130 Evolution of Warfare 3 hours

Evolution of strategy, tactics, weapons and leadership through the Vietnam period. Development of military policy, the impact of warfare on the political, social and economic structure of nations.

NSCI 2210 Naval Ships Systems II 3 hours Naval weapons systems, their employment and control, including the basic fire control problem, with emphasis on new systems.

NSCI 3120 Marine Navigation 3 hours Theoretical and practical application of the principles of marine navigation. Includes fundamentals of dead reckoning, piloting, tides and current, celestial navigation and electronic navigation.

NSCI 3130 Amphibious Warfare 3 hours History and development of amphibious warfare, principles of amphibious warfare techniques; their application in selected examples from modern.

NSCI 3140 Leadership and 3 hours Management

This course provides a basic understanding of the interrelationship between authority, responsibility and accountability within a task oriented organization. Students learn to apply leadership and management skills to prioritize competing demands and to attain mission objectives. Students learn the importance of planning and follow-up. They develop a basic understanding of communication and counseling as it pertains to personnel management. Students gain basic understanding of effective leadership traits and how they should be applied to ensure accomplishment of a unit's objectives. Prerequisites: NSCI 3220 or 3130; sophomore standing. Graded on A/F basis only.

NSCI 3220 Naval Operations 3 hours Principles and concepts of naval operations; rules of the road, command, and control

rules of the road, command and control in naval operations, communications, antisubmarine warfare, international maritime law, and practical solution of relative motion problems. Prerequisite: NSCI 3120.

NSCI 4940 Leadership and Ethics 2 hours Capstone course of the NROTC academic syllabus. It is designed to provide all midshipmen with the ethical foundation and basic leadership tools needed to be effective junior officers. Prerequisite: junior standing in NROTC.

NURSING (NURS)

Science Department

NURS 209 Introduction to Nursing 6 hours This introductory course to nursing is designed to expose the student to the health care environment and to develop basic care skills. This course is required for those students applying to the nursing program. Important concepts and essential basic skills in clinical patient care for the beginning nursing student are discussed and practiced. Other topics include study skills, test-taking strategies, information technology, medical terminology, math assessment and communication skills. \$50 lab fee. Students with nursing experience may be able to receive Credit for Prior Learning through a test out process. A \$50 testing fee will be charged. Prerequisites: BIOL 110, BIOL 110L, CHEM 109 with a grade of C or higher. Offered Fall (1st 8 weeks), Spring (1st 8 weeks) and Summer.

NURS 210 Fundamentals of Nursing 6 hours

This course is designed to introduce students to the fundamental concepts of nursing across the lifespan and the role of the registered nurse. The nursing process is utilized to identify and provide the building blocks of nursing care in a variety of healthcare settings. Emphasis is placed on developing skills needed to assess, implement and monitor selected nursing interventions and technologies. Concepts presented include beginning professionalism, therapeutic communication, documentation, life-span considerations, basic introduction to skills for supporting patient care, physical assessment, infection control, patient education, safety and nursing interventions. These concepts are presented and practiced in the skills lab and in the clinical area. \$100 lab fee. Prerequisites: Admission to the nursing program; NURS 209 if applicable. Offered Fall (2nd 8 weeks) and Spring (2nd 8 weeks).

NURS 211 Mental Health Nursing

3 hours

This course is designed to provide the foundation for entry level competence in mental nursing across the health lifespan. Interpersonal, behavioral, psychosocial and communication concepts provide the basis for effective and therapeutic mental health nursing. Critical thinking skills and evidence based practice concepts are applied and analyzed. Emphasis is placed on selected pathophysiology and related care using the nursing process. Therapeutic communication skills within the nurse-patient-family relationship are highlighted in the care of patients with psychosocial, substance dependence and other mental health deviations. Other topics integrated throughout the course are legal-ethical issues, patient education, pharmacological and sociocultural principles. Alternative therapies and treatments are investigated and discussed, as well as the roles and responsibilities of the professional nurse, including collaboration with other disciplines and organizations as resources and support mechanisms. \$35 lab fee. Prerequisites: Admission to nursing program; NURS 210. Corequisite: NURS 212. Offered Spring (1st 8 weeks) and Summer.

NURS 212 Pharmacology For Nursing 3 hours This course is designed to provide the nursing student with a sound basis for the clinical application of pharmacology. The basics of core drug knowledge, including pharmacotherapeutics, pharmacodynamics and pharmacokinetics, and patient-related variables affecting pharmacotherapy are presented. Emphasis is placed on learning drug classifications by categories affecting various body systems and disease states. Legal aspects of drug administration, including nursing safeguards, are included. \$35 lab fee. Prerequisites: Admission to the nursing program; NURS 210. Corequisite: NURS 211. Offered Spring (1st 8 weeks) and Summer.

NURS 213 Foundations of Professional 6 hours Nursing

This course is designed to provide the foundation for the role of the registered professional nurse. Nursing as a profession, nursing standards and legal-ethical issues in nursing are explored. Communication principles, nutrition and patient teaching continue to be discussed. Principles of medication administration, math as applied to medication administration, intravenous therapy and physical assessment skills are covered. Critical thinking skills and evidence-based practice concepts are applied to multiple nursing situations. General principles of caring for patients across the lifespan with common medical surgical health deviations are the clinical focus. Accompanying skills lab and clinical experiences are designed to increase the knowledge, judgement, skills level and professional behaviors in the nursing student. \$75 lab fee. Prerequisites: Admission to the nursing program; NURS 210, NURS 211, NURS 212. Offered Fall (1st 8 weeks) and Spring (2nd 8 weeks).

NURS 214 Medical/Surgical Nursing I 6 hours This course is designed to integrate knowledge and skills from previous nursing courses to develop a progressing knowledge base in medical surgical nursing across the lifespan. Fluid and electrolytes and acid/base concepts are introduced. Common medical surgical health deviations are reviewed with an emphasis on pathophysiology, health promotion and nursing interventions. Principles of communication, patient teaching, pharmacology nutrition, and culture/ethic/socially diverse concepts are integrated with these topics to develop critical thinking skills in patient care. Introduction to leadership and management theories are presented. \$35 lab fee. Prerequisites: Admission to the nursing program; NURS 210, NURS 211, NURS 212, NURS 213. Offered Fall (2nd 8 weeks) and Summer.

NURS 215 Medical/Surgical Nursing II 6 hours

This course is designed to introduce students to specialty areas and technology associated with the care of critically ill medical surgical patients. Emphasis is placed on developing skills needed to plan, manage, and provide patient care to critically ill patients using the nursing process. Critical thinking skills and evidence-based practice concepts are applied to multiple nursing scenarios. Communication, legal-ethic concepts patient education and pharmacological, nutritional and sociocultural principles are integrated throughout the course. \$35 lab fee. Prerequisites: Admission to the nursing program; NURS 210; NURS 211; NURS 212; NURS 213; NURS 214. Offered Fall (1st 8 weeks) and Spring (1st 8 weeks).

NURS 216 Women's and Infants' Health 6 hours

This course is designed to provide the foundation for entry-level competence in maternal/ child nursing utilizing the nursing women's and infants' health. Critical thinking skills and evidence-based practice concepts are applied to multiple nursing scenarios. Emphasis is placed on developing nursing care for a woman with an uncomplicated or complicated pregnancy, the normal and high risk infant and women's reproductive and post-reproductive health and health deviations. Various developmental theories are presented to assist the student in analyzing growth and development from birth through middle age adults. Communication, legal-ethical concepts, patient education and pharmacological, nutritional and sociocultural principles are integrated throughout the course. \$35 lab fee. Prerequisites: Admission to the nursing program; NURS 210; NURS 211; NURS 212; NURS 213; NURS 214; NURS 215. Offered Fall (2nd 8 weeks) and Spring (2nd 8 weeks).

PHILOSOPHY (PHIL)

Humanities Department

PHIL 201 Introduction to Western 3 hours Philosophy

Exploration of problems and methods of philosophical inquiry including such topics as belief systems, values and meaning; theories of nature, God and humankind; the nature of knowledge and its acquisition. G.E.

PHIL 202 Introduction to Eastern 3 hours Philosophies and Religions

Examination of philosophy, religion, and belief systems of Eastern cultures, past and present. Students study the various traditional "systems of thought" from India, China, Tibet and Japan. Cross-listed as RELI 202. Course meets Multicultural graduation requirement. G.E.

PHIL 210 Logic 3 hours Introduction to the principles and methods of formal symbolic logic. Emphases on derivations for sentence and predicate logic. G.E.

PHIL 233 Topics 1-3 hours

PHIL 255, 256, 257, 355, 356, 357, 455, 456, 457

Directed Study 1-3 hours

PHIL 303 History and Philosophy of 3 hours **Modern Science**

Evolution of scientific thought from 1600 A.D. to the present. Cross-listed as HIST 303. Prerequisite: HIST 102.

PHIL 321 Ancient Philosophy 3 hours Intensive study of treatises by major philosophers in the ancient world.

PHIL 322 Modern Philosophy 3 hours Intensive study of treatises by major philosophers.

PHIL 330 Ethics 3 hours Examination of various moral philosophers' attempts to prescribe ethical norms applicable to all mankind. Prerequisite: Junior standing.

PHIL 332 Environmental Ethics 3 hours Investigation and discussion of ethical issues that concern the environment. Emphasis will be on recognition of moral problems and their resolution. Cross-listed as ENVS 332.

PHIL 340 Philosophy of Revolution 3 hours Examination of the nature of revolution intellectual, philosophical, economic and political. Cross-listed as HIST 340.

168 Course Descriptions

PHIL 350 Philosophy of Religion 3 hours Philosophical exploration of the classical issues of theistic religious thought, such as the reality of God, the problem of evil, religious language, life after death and the pluralism of religious traditions. Cross-listed as RELI 350. Prerequisite: PHIL 201 or RELI 101.

PHIL 358 Existentialism

3 hours

An investigation of the philosophy of existentialism through works of philosophy and fiction. The class will consider the different views of the self in existentialist thought, the relationship of the self to the world and to others, and the nature of human freedom and responsibility. Prerequisite: Junior standing.

PHIL 390 The Buddha and Buddhism 3 hours Introduction to the study of Buddhist philosophy and religious traditions, beginning with the life of Siddhartha Gautama, through the development of Buddhism in ancient India-Theravada and Mahavana, the spread of Buddhism to China, Tibet, and Japan. The course concludes with the examination of the coming of Buddhism to the West. Crosslisted as RELI 390. Prerequisite: Junior standing.

PHIL 401 Significant Philosophers 3 hours Careful study of one significant philosopher who has had a major impact on the history of philosophy. Students concentrate on understanding the philosopher as well as placing him or her in an historical context. Emphasis is on systematic thinkers. May be repeated with instructor's permission. Prerequisite: PHIL 321 or PHIL 322.

PHIL 402 Classical Political 3 hours Philosophy

Study of major writers in political philosophy form Plato to Machiavelli. Cross-listed as POSC 402. Prerequisite: Junior standing.

PHIL 403 Modern Political 3 hours Philosophy

Study of major writers in political philosophy from Hobbes to the present. Cross-listed as POSC 403. Prerequisite: Junior standing.

PHIL 430 Philosophy of Law 3 hours Philosophical investigation into the concept of jurisprudence. The course covers both analytic jurisprudence, i.e., what law is and how it is distinguished from other normative systems like ethics, and normative jurisprudence, i.e., restrictions on liberty, duties to obey the law, and the role of punishment. Cross-listed as POSC 430. Prerequisite: Junior standing.

PHIL 460 Biomedical Ethics 3 hours Investigation of problematic cases in biomedical ethics, with an emphasis on sound philosophical resolution. Prerequisite: Junior standing.

PHIL 490 Thematic Seminar in 3 hours Philosophy and Religious Studies

Culminating course for Philosophy majors. Each seminar is based upon a specific philosophic or religious issue which is studied in depth. Students write and present a research paper. Prerequisite: Junior standing.

PHYSICS (PHYS)

Science Department

PHYS 108 Physical Science Survey 3 hours Examination of the physical world and its underlying scientific principles. Cross-listed as CHEM 108. Prerequisite: MATH 106 or higher. **G.E.**

PHYS 108L Physical Science Survey 2 hours Laboratory

Laboratory experience to complement PHYS 108. Cross-listed as CHEM 108L. Prerequisite: PHYS 108 or concurrent enrollment. PHYS 108 must be completed before PHYS 108L can be used for **G.E.** credit. **G.E.**

PHYS 111 College Physics I 3 hours First of a two-part algebra-based college physics sequence. Topics include: linear, circular and rotational motion; statics, elasticity, vibrations, waves and sound. Students majoring in Chemistry must earn a grade of C or higher. Prerequisite: MATH 150 or MATH 170 or MATH 180. **G.E.**

PHYS 111L Physics I Laboratory 2 hours Laboratory experiences to complement PHYS 111. \$30 lab fee. Students majoring in Chemistry must earn a grade of C or higher. Prerequisites: MATH 150 or MATH 170 or MATH 180; PHYS 111 (may be taken concurrently). **G.E.** when taken with PHYS 111.

PHYS 112 College Physics II 3 hours

Second of a two-part algebra-based college physics sequence. Topics include: fluids, electricity, thermodynamics, magnetism, optics, modern physics and astrophysics (optional). Students majoring in Chemistry must earn a grade of C or higher. Prerequisite: PHYS 111.

PHYS 112L Physics II Laboratory2 hoursLaboratory experiences to complementPHYS 112. \$30 lab fee. Students majoring inChemistry must earn a grade of C or higher.Prerequisite: PHYS 111.

PHYS 211 Calculus-Based Physics I 5 hours First part of a two-part calculus-based college physics sequence. The course will cover the following major areas of physics: linear, circular and rotational motion; statics; elasticity; vibrations; waves and sound. \$30 lab fee. Prerequisite: MATH 201.

PHYS 212 Calculus-Based Physics II 5 hours This is the second of a two-part calculusbased college physics sequence. The course will cover the following: electricity, magnetism, optics, modern physics and astrophysics (optional). This course includes laboratory experiences based on the above topics. \$30 lab fee. Prerequisite: PHYS 211.

PHYS 233 Topics 1-3 hours

PHYS 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

PHYS 401 Introduction to Physical 3 hours Chemistry/Chemical Physics

Introduction to physical principles underlying chemical science. Topics include: kinetic theory of gases, quantum mechanics and thermodynamics. Cross-listed as CHEM 401. Prerequisites: CHEM 112, MATH 201, PHYS 111 or 211, PHYS 112 or PHYS 212 (may be taken as a co-requisite).

PHYS 433 Topics

1-3 hours

POLITICAL SCIENCE (POSC)

History and Political Science Department

POSC 111 American National 3 hours Government

Survey of the American political system, with emphasis on the Constitution, governmental structure, the political process and the economic system. **G.E.**

POSC 215 State and Local 3 hours Government

To survey American governments on the sub-national level to increase awareness of the impact those governments have over citizens' lives.

POSC 233, 333, 433 Topics

1-3 hours

POSC 233 Topics: Mock Trial 1 hour Available to members of the Columbia College Mock Trial Team. Requires participation beginning in the Fall when the team begins preparing the case through the end of the mock trial season. Cross-listed as CJAD 233. Prerequisite: Must be a full-time Columbia College student. Course may be repeated five times for a total of six semester hours.

POSC 255, 256, 257, 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

POSC 280 American Political and 3 hours Social Thought

American political thought from the colonial period to the present using writings of notable political figures, scholars and others. Cross-listed as AMST 280. Prerequisite: ENGL 112.

POSC 292 International Relations 3 hours

Theory and practice of how nations relate to each other. *Course meets Multicultural graduation requirement.*

POSC 311 Public Administration 3 hours and Policy

Examination of growth, structure, role, methods, and policy of the national bureaucracy and its impact in American government and society. Cross-listed as MGMT 311. Prerequisite: POSC 111.

POSC 312 Environmental Politics 3 hours Study of environmental issues and policies from both a national and global perspective. Cross-listed as ENVS 312. Prerequisite: POSC 111.

POSC 315 American Public Policy 3 hours

The various ways the American political system decides what issues deserve attention, how it makes policy decisions, and the implementation of those decisions. Theoretical models of decision making are discussed as are specific examples of public policy such as environmental policy, educational policy, health care policy and more. Prerequisites: ENVS 112; POSC 111.

POSC 317 Politics of Russia 3 hours and Eurasia

Study of the government and politics of Russia and other countries of the former Soviet Union. The course will examine the historical legacy of communism and analyze the process of political and economic transition since the collapse of the Soviet Union. *Course meets Multicultural graduation requirement.*

POSC 321 Politics of Developing 3 hours Nations

Analysis of the governmental structures and roles played by developing nations in contemporary world affairs. *Course meets Multicultural graduation requirement.*

POSC 326 International Law and 3 hours Organizations

Study of the evolution of international law and organizations and their role in global politics in areas such as human rights, environmental protection, collective security and global trade. Prerequisite: POSC 292.

POSC 330 Media and Politics

```
3 hours
```

Examination of the impact of the media on political discourse and public opinion in America, as well as examine the ways in which the media is shaped and affected by political forces. Prerequisite: POSC 111.

POSC 331 European Politics 3 hours

Analysis of the government and politics of the major European powers, including Britain, France and Germany, as well as the European Union. *Course meets Multicultural* graduation requirement.

POSC 332The American Presidency3 hoursPresidential powers and their use and impact on
American political life. Prerequisite: POSC 111.

POSC 333 Topics: Model United Nations 2 hours Available to Members of the Columbia College United Nations team. Requires participation beginning in the fall when the team begins preparing for the spring Model United Nations simulation. Course may be repeated two times.

POSC 340 Judicial Process

3 hours

Study of the state and federal court systems and the impact which those systems have on American politics and society. POSC 350 Legislative Process3 hoursStudy of Congress, its structure, procedures,
role, and impact in American government.Prerequisite: POSC 111.

POSC 353Asian Politics3 hoursAnalysis of the government and politics of
selected Asian countries and their economic
and social systems.Course meetsMulticultural graduation requirement.

POSC 360 U.S. Foreign Policy3 hoursExamination of the historical context of U.S.foreign policy, the institutions and processesof foreign policy-making and contemporaryforeign policy issues and challenges.Prerequisite: POSC 292.

POSC 361 American Political Parties 3 hours Practical and theoretical study of the American party system. Prerequisite: POSC 111 or HIST 121 and HIST 122.

POSC 370 Dynamics of Terrorism 3 hours This course surveys contemporary terrorism, especially international terrorism. The course examines controversies in defining terrorism; explores the historical roots of terrorism; examines terrorist motivations, organizations and strategies; and explores ways in which countries can respond to the threat of terrorism. Cross-listed as CJAD 370.

POSC 390 Political Science Research 3 hours Methods

An introduction to the research processes used by political science. The scope of political science research and the methods used to address political questions are studied. Prerequisite: three previous courses in political science or government.

POSC 399 Internship

1-12 hours

Involves working as an intern in a governmental office. Students must work 45 clock hours during the semester for one hour of academic credit. Evaluation is Satisfactory/ Unsatisfactory. Permission to enroll must be obtained one semester prior to internship. Prerequisite: POSC 111.

POSC 402 Classical Political 3 hours Philosophy

Study of major writers in political philosophy form Plato to Machiavelli. Cross-listed as PHIL 402. Prerequisite: Junior standing.

POSC 403 Modern Political Philosophy 3 hours

Study of major writers in political philosophy from Hobbes to the present. Cross-listed as PHIL 403. Prerequisite: Junior standing.

POSC 430 Philosophy of Law3 hours

Philosophical investigation into the concept of jurisprudence. The course covers both analytic jurispurdence, i.e., what law is and how it is distinguished from other normative systems like ethics, and normative jurisprudence, i.e., restrictions on liberty, duties to obey the law, and the role of punishment. Cross-listed as PHIL 430. Prerequisite: Junior standing.

POSC 440 Constitutional Law3 hoursStudy of the Constitution's evolution throughSupreme Court decisions.Prerequisite:POSC 111.

POSC 490Independent Study in
Political Science3 hours
hoursCulminating experience for graduation
with a B.A. in Political Science. Requires
original research project and final paper.
Grade of C or higher required. Prerequisite:
POSC 390.

PSYCHOLOGY (PSYC)

Psychology and Sociology Department

PSYC 101 General Psychology 3 hours Introduction to the field of psychology and the major sub-areas including the biological basis of behavior, sensation, perception, learning, memory, motivation, emotion, personality, stress, as well as abnormal, developmental and social psychology. Students majoring in Psychology must earn a grade of C or higher. G.E.

PSYC 230 Educational Psychology 3 hours Application of psychological principles in educational environments. Emphasis on the scientific approach to teaching and learning. Students learn to plan, deliver, evaluate and report instructional outcomes. Cross-listed as EDUC 230. Includes field experience of 15 hours. Students must complete the Field Experience Application at least one semester prior to taking this course. \$30 lab fee. Prerequisite: PSYC 101.

PSYC 260 Introduction to Applied 3 hours Psychology

An introduction to Applied Psychology, including uses of psychology in personal adjustment across the lifespan, in education, interpersonal relationships, marriage, family and parenting, work, physical and psychological health, and in identifying and treating psychopathology. A service learning component may be used as a means of providing students with practical experience with applied psychology. Students are exposed to major theoretical perspectives in applied psychology and methods and findings based in scientific psychology.

PSYC 270 Psychology of Emotion 3 hours

Study of major theories of emotion and their emergence from cognitive, behavioral, physiological, social and evolutionary perspectives in the discipline of psychology. The course examines the relationship between theory and practice in applications designed for use by teachers, counselors and other practitioners in the helping professions. Prerequisite: PSYC 101 or PSYC 260.

PSYC 304 Personality Theory

3 hours

Examination of the major personality theories, including those proposed by Freud and his followers, learning theorists, trait theorists, social-learning theorists and humanists. Current research into personality, using modern methods, also reviewed. (\$20 lab fee. Day Program only). Prerequisites: 6 hrs. of PSYC courses and junior standing.

PSYC 309 Animal Behavior 3 hours Basic principles of animal behavior with an emphasis on the evolutionary forces that shape behavior. Cross-listed as BIOL 309. Prerequisites: six hours of Psychology coursework or six hours of biology course work.

PSYC 320 Psychological Testing and 3 hours Measurement

Study of informal and standardized test development, administration and evaluation including the history of testing, concepts of reliability, validity, utility and psychometrics of intelligence, personality, clinical, counseling, neurological assessment and career testing using the normative and criterion-referenced approaches. Prerequisites: BIOL/PSYC/SOCI 324 and nine hours of PSYC coursework.

PSYC 324 Statistics for the Behavioral 3 hours and Natural Sciences

The study of parametric and nonparametric statistics commonly used in the behavioral and life sciences. Included are analyses of relationship and variance, as well as effect sizes associated with each. Cross-listed as BIOL/SOCI 324. **Students majoring in Biology or Psychology must earn a grade of C or higher.** Prerequisite: Grade of C or higher in MATH 150 or higher level math course.

PSYC 325 Research Design

3 hours

Study of applied research in the behavioral sciences, with an emphasis on design, methodology, results interpretation, and theory building. Both qualitative and quantitative approaches are addressed with the latter employing both parametric and nonparametric statistics. Cross listed as SOCI 325.

Students majoring in Psychology must earn a grade of C or higher. Prerequisites: Grade of C or higher in PSYC/SOCI 324; junior standing.

PSYC 326 Experimental Psychology 3 hours Provides students with hands-on research experience and knowledge of experimental procedures through participation in representative experiments. Prerequisite: 6 hours of psychology courses.

PSYC 330 Lifespan Developmental 3 hours Psychology

The study of physiological, environmental, and interactive variables influencing human development from conception to death. Prerequisite: PSYC 101.

PSYC 336 Industrial/Organizational Psychology

3 hours

Examination of humans and work. Investigates both theoretical models and application of principles in relation to personnel, psychology, organizational psychology, and the work environment. Prerequisite: PSYC 101.

PSYC 360 Social Psychology 3 hours

Theories, methods and research on the nature and causes of individual behavior in social situations. Cross-listed as SOCI 360. Prerequisite: Six hours of PSYC and/or SOCI courses.

PSYC 371 Neuroscience 3 hours

Comprehensive survey of the physiological processes and structures underlying human and animal behavior, including sensation, movement, emotion, learning, memory, sleep, drugs and abnormal behavior. Cross-listed as BIOL 371. Prerequisites: Six hours of PSYC courses <u>or</u> six hours of BIOL courses.

PSYC 372 Sensation and Perception 3 hours Introduction to the study of human senses and higher order perceptual processes. Cross-listed as BIOL 372. Prerequisites: Six hours of BIOL or six hours of PSYC courses, and junior standing.

PSYC 381 History and Systems 3 hours of Psychology

Overview of historical antecedents and major theoretical and historical systems within psychology. **Students majoring in Psychology must earn a grade of C or higher.** Prerequisites: PSYC 101 and sophomore standing.

PSYC 385 Human Sexuality 3 hours Exploration of sexuality from biological, psychological, and social perspectives. Critical issues directly and indirectly associated with sexual behavior are addressed. Note: Human sexual behavior is openly discussed in this course and is illustrated in the textbooks. Prerequisite: PSYC 101 or SOCI 111. (Cross-listed with SOCI 385.)

PSYC 391 Child Psychology 3 hours The study of children from conception to puberty. Students study maturational and environmental factors that shape the physical, cognitive, and social development of the child. Cross-listed as EDUC 391. Prerequisite: PSYC 101.

PSYC 392 Adolescent Psychology 3 hours The study of youth from puberty to young adulthood. Students study maturational and environmental factors that shape the physical, cognitive, and social development of the youth. Special emphasis is focused on the transescent stage of development. Crosslisted as EDUC 392. Prerequisite: PSYC 101.

PSYC 395 Adult Psychology 3 hours Physiological, behavioral and cognitive changes that occur in adulthood and old age, discussed from a psychological/developmental perspective. Prerequisite: PSYC 101.

PSYC 410 Learning Theories 3 hours In-depth study of major theories of learning. including classical, operant, social, experiential and constructivist theories and their relationship to applied and theoretical psychology. Prerequisites: Six hours of PSYC coursework and junior standing.

PSYC 420 Cognitive Psychology

3 hours

A study of human mental processes. The course covers concepts such as neurocognition, pattern recognition and attention, the function (and malfunction) of memory in its various forms, language, decision making, and problem solving. Prerequisities: Junior standing and six hours of PSYC courses.

PSYC 430 Ethics for Behavioral 3 hours and Social Studies

Explores philosophies of ethics as they apply to the development and use of professional codes used by behavioral science researchers and practitioners. Prerequisites: PHIL 330 and six hours of Psychology courses.

PSYC 433 Topics

1-3 hours

PSYC 450 Abnormal Psychology 3 hours Major categories of behavior disorders are considered in terms of theory, etiology, symptoms and treatment. Fundamental questions related to diagnosis, definitions of disorders and reaction of society are discussed. Prerequisites: Six hours of psychology courses; junior standing.

PSYC 455, 456, 457 Directed Study 3 hours

PSYC 460 Introduction to Clinical 3 hours and Counseling Psychology

Contemporary theory and practices in clinical and counseling psychology. Psychotherapy interventions are studied from the psychoanalytic, cognitive, family, behavioral and existential perspectives. Research, legal and ethical issues are examined as they relate to the counselor as a person and as a professional. Prerequisites: Six hours of psychology courses and junior standing.

PSYC 472 Psychopharmacology

3 hours

Introduction to psychopharmacology and the mechanisms of drug action in the brain and on the body, including: the fundamentals of pharmacokinetics, pharmacodynamics, neuroanatomy, neurotransmission, tolerance and dependence. Major drug classes covered are sedative-hypnotics, anxiolytics, psychostimulants, opiates, hallucinogens, antipsychotics, antidepressants, and mood stabilizers. Cross-listed as BIOL 472. Prerequisite: Junior standing. **PSYC 480 Group Process** 3 hours Psychotherapeutic techniques used in small and large-group interventions, including reviews of the current research, legal and ethical issues associated with paraprofessional and professional practice. Prerequisites: PSYC 101 and PSYC 460.

PSYC 495 Integrative Psychology 3 hours Required as a culminating experience prior to graduation. Capstone course integrating prior learning, exploring current research and contemporary issues in psychology. Writing intensive. Students enrolled in this senior seminar are required to take the Major Field Test for Psychology. Grade of C or higher is required for this course and all prerequisite courses. Prerequisites: Senior standing, Psychology major; PSYC 101, BIOL/SOCI/ PSYC 324, BIOL/SOCI/PSYC 325, PSYC 381 and any additional 18 hours of psychology courses..

PSYC 499 Internship

1-3 hours

An opportunity for students to practice acquired skills under close supervision in a professional environment. Permission to enroll in an internship must be obtained from a full-time psychology instructor at least one semester prior to enrollment. Maximum of three hours allowed per semester and maximum of six hours allowed over the course of the degree. Prerequisites: Cumulative GPA 3.0 or higher, senior standing. One hour credit awarded for each 45 clock hours.

RELIGIOUS STUDIES (RELI)

Humanities Department

RELI 101 Religion and Human 3 hours Experience

Provides an objective setting to encourage students to examine religion and various religious traditions in the world, with opportunities to understand religion in the context of their own experiences. *Course meets Multicultural graduation requirement.* **G.E.**

RELI 124 The Bible as Literature 3 hours A literary and historical approach to major biblical selections and their influence on western literature, culture and philosophy. Cross-listed as ENGL 124.

174 Course Descriptions

RELI 201 Religious Classic Texts 3 hours Introduction to the classic primary sources of world religions. From ancient Mesopotamia to modern classics of religious experience, the student reads, analyzes and compares the written accounts of human contemplation of the divine across time and culture. *Course meets Multicultural graduation requirement.*

RELI 202 Introduction to Eastern 3 hours Philosophies and Religions

Examination of philosophy, religion, and belief systems of Eastern cultures, past and present. Students study the various traditional "systems of thought" from India, China, Tibet and Japan. Cross-listed as PHIL 202. **G.E.** Course meets Multicultural graduation requirement.

RELI 350 The Philosophy of Religion 3 hours Philosophical exploration of the classical issues of theistic religious thought, such as the reality of God, the problem of evil, religious language, life after death and the pluralism of religious traditions. Cross-listed as PHIL 350. Prerequisite: PHIL 201 or RELI 101.

RELI 381 History of Christianity: 3 hours The Early Church

Development of Christianity from its origins to the eve of the Reformation. Emphasis is on the evolution of theology within the context of Western civilization. Specific subjects include ancient Hebrew thought, Hellenism, gnosticism, the historical Jesus, the Trinity, Augustine, medieval theology, heresies, etc. Cross-listed as HIST 381. Prerequisite: HIST 101.

RELI 382 Christianity in the 3 hours Modern World

Development of Christian thought from the late Middle Ages to the present. Emphasis is on the confrontation of Christian theology with modernity. Specific subjects are: the Reformation, Counter-Reformation, the scientific revolution, the Enlightenment, Liberal Theology, the Theology of Crisis, etc. Crosslisted as HIST 382. Prerequisite: HIST 102.

RELI 390 The Buddha and Buddhism 3 hours Introduction to the study of Buddhist philosophy and religious traditions, beginning with the life of Siddhartha Gautama, through the development of Buddhism in ancient India-Theravada and Mahayana – the spread of Buddhism to China, Tibet, and Japan. The course concludes with the examination of the coming of Buddhism to the West. Cross-listed as PHIL 390. Prerequisite: Junior standing. **RELI 400 Religion and Science 3 hours** A study of the contemporary encounter of science and religion in the light of their historical background, aims, methods, points of conflict and possible dialogue. Subjects include: logos and mythos, the case of Galileo, Newton, Darwinism, Einstein's religion, creation and Big Bang, Creationism and Design, Anthropic Principle, contingency and necessity, God, secular humanism. Prerequisite: Junior standing.

SOCIOLOGY (SOCI)

Psychology and Sociology Department

SOCI 111General Sociology3 hoursIntroductory study of small and large scalehuman social interaction and social organi-zations.G.E.Course meets Multiculturalgraduation requirement.

SOCI 112 General Anthropology 3 hours Introduction to the study of human physical and cultural evolution. **G.E.** *Course meets Multicultural graduation requirement.*

SOCI 214 Family3 hoursSurvey of structures, functions, processes,
alternative life styles and problems in the
contemporary family.

SOCI 216 American Social Problems 3 hours Nature and impact of contemporary social problems.

SOCI 218 Social Deviance 3 hours Nature, theories and models of deviant behavior. Categories and causes of deviance including violence, sexual deviance, mental illness, substance abuse, street crime and white collar crime. Societal responses to deviance. The uses of stigma to label deviants.

SOCI 270 Minority Cultures and 3 hours Relations

Survey of historical and contemporary minority-majority relations among various racial, ethnic and gender groups. Focus on the social construction of race and ethnicity. **G.E.** *Course meets Multicultural graduation requirement.*

SOCI 310 Women and Society 3 hours Analysis of the social and cultural forces that shape women's position in society; explanations and critical analysis of the gendered nature of our reality. Cross-listed as WMST 310.

SOCI 312 Organizations and 3 hours Institutions

Patterns of social organization in modern societies; organizational structures and processes; interrelation of social institutions; problems of an organizational society and its consequences for individual life experiences. Prerequisite: Junior standing.

SOCI 321 Criminology

3 hours

Theories concerning the nature, cause, control, treatment, and prevention of crime. Topics include current trends in U.S. crime rates; media coverage of crimes; patterns of victimization; characteristics of property crimes, violent crimes, corporate crimes, political crimes and victimless crimes. Critical examination of current law enforcement and correctional policies and practices is included. Prerequisite: Junior standing.

SOCI 324 Statistics for the Behavioral 3 hours and Natural Sciences

The study of parametric and nonparametric statistics commonly used in the behavioral and life sciences. Included is analyses of relationship and variance, as well as effect sizes associated with each. Students majoring in Biology or Psychology must earn a grade of C or higher. Cross-listed as BIOL/PSYC 324. Prerequisite: Grade of C or higher in MATH 150 or higher-level math course.

SOCI 325 Research Design

3 hours

The study of applied research in the behavioral sciences, with an emphasis on design, methodology, results interpretation and theory building. Both qualitative and quantitative approaches are addressed with the latter employing both parametric and nonparametric statistics. Cross-listed as PSYC 325. Students majoring in psychology must earn a grade of C or higher. Prerequisites: Grade of C or higher in BIOL/PSYC/SOCI 324; junior standing.

SOCI 326 Qualitative Research 3 Methods

3 hours

Understanding qualitative research and developing qualitative research skills examining exemplars in the field, exploring the various qualitative research methodologies such as participant-observation and in-depth interviewing and the theoretical and ethical dilemmas associated with each. Data collection, writing field notes and transforming such data into written ethnographic documents are emphasized.

SOCI 331Juvenile Delinquency3 hoursNature and extent, competing models and

theories, prevention, control, treatment and research in juvenile delinquency. Prerequisite: Junior standing.

SOCI 333, 433 Topics 1-3 hours

SOCI 336 Global Perspectives on 3 hours Women and Development

Critical analysis of the history and discourse surrounding development, with special emphasis on how the development process has affected women across the globe. Attention is paid to the often invisible connections between Western women and women in non-Western societies, including the perspectives and experiences of women across the globe. Topics include globalization; women, work and poverty within a global society; women, development and health; women and the state; the global sex trade; and motherhood across the globe. Cross-listed as WMST 336. Prerequisite: Junior standing. Course meets Multicultural graduation requirement.

SOCI 341 Sociology of Religion 3 hours Theories regarding the sources and roles of religion in society. Sociological principles and concepts applied to religions and religious movements. Examination of current trends in religious movements. Religious perspectives on and experiences of women, homosexuals and ethnic minorities. Topics include: paganismandsecularhumanism. Prerequisite: Junior standing.

SOCI 350 Social Gerontology 3 hours Social, psychological, and physical aspects of aging, including the consequences of the societal demographic shifts toward an increasingly aged society. Investigate the research on death and dying and the role of the elderly in our society. Additionally, generate an understanding of the theoretical perspectives on aging. Cross-listed as HUMS 350. Prerequisite: Junior standing.

SOCI 355, 356, 357, 455, 456, 457 Directed Study 1-3 hours

SOCI 360 Social Psychology 3 hours Theories, methods, and research on the nature and causes of individual behavior in social situations. Cross-listed as PSYC 360. Prerequisite: Six hours of PSYC and/or SOCI courses.

SOCI 365 American Social Policy **3 hours** Nature and development of American social welfare policy, including the history of current structures of social welfare services, the role of policy in service delivery and analyses of current social welfare policy issues including family policy, healthcare policy, drug policy, tax policy and other topical issues. Cross-listed as HUMS 365. Prerequisite: Junior standing.

SOCI 375 Social Movements

3 hours

Examination of social movements, from what conditions facilitate their development to how success is measured. Focus on sociological analysis of a wide variety of social movements of the twentieth century American society and their significance for American society: the Progressive era reform movements, the labor movement, the women's movement, the environmental movement, the gay rights movement, the civil rights and other racial/ethnic movements of the 1960s, as well as free speech and anti-war movements of the period. Cross-listed as AMST 375. Prerequisite: Junior standing.

SOCI 380 Sociology of Culture and 3 hours Mass Media

Sociological theories of mass media, social imports of mass media and popular culture or collective consciousness; structure vs. agency; new media; the internet. Prerequisite: Junior standing.

SOCI 385 Human Sexuality

3 hours

Exploration of sexuality from biological, psychological, and social perspectives. Critical issues directly and indirectly associated with sexual behavior are addressed. Note: Human sexual behavior is openly discussed in this course and is illustrated in the text books. (Cross-listed with PSYC 385) Prerequisite: PSYC 101 or SOCI 111.

SOCI 401 The American Community 3 hours Theories of community change in nature, history, structure and function of American communities. Current trends and issues facing U.S. communities. Impact of demographic changes on communities. Roles of corporations, governments, voluntary organizations and individuals in shaping communities. Intentional communities, cybercommunities. Prerequisite: Junior standing.

SOCI 421 Class, Status, and Power 3 hours Societal stratification systems and social inequalities, including the arenas of inequality, primarily class, race/ethnicity, gender, and sexuality, as well as the role of power in constructing and maintaining such inequality; at the creation of wealth and poverty, both in the United States and globally, consequences of racial and gender inequality, and the stratification system surrounding sexualities. Prerequisite: Junior standing.

SOCI 430 The Sociology of Sport3 hoursSurvey of social theories and projected roleof the patterns of sports and heroism in society.

SOCI 460 Classical Social Theory 3 hours History and origins of major schools of thought in sociology from the Enlightenment through World War II. Emphasis on the underlying principles and major works of Comte, Marx, Spencer, Weber, Durkheim, Simmel, Mannheim, DuBois, Mead, Veblen, Lukacs, Adorno, Horkheimer, Parsons. Prerequisite: Junior standing.

SOCI 470 Contemporary Social Theory 3 hours Survey of contemporary social theory, beginning in post-World War II era through the current era of post-structuralism, feminist sociology, critical race theory and queer theory. Includes the study of C. Wright Mills, Jurgen Habermas, Pierre Bourdieu, Immanual Wallerstein, Anthony Giddens, Michel Foucault, Theda Skocpol, Dorothy Smith, Adrienne Rich and Patricia Hill Collins. Prerequisite: Junior standing.

SOCI 495Integrative Seminar3 hoursCulminating experience for the major.Acapstone course to apply prior learning to
probing major areas of research in sociology.Prerequisites:Senior standing, SociologyMajor, SOCI 111, 324, and 325.

SOCI 499 Internship 1-3 hours Involves the application of the student's sociological knowledge and skills in an actual work environment under supervision. Sociology instructor's and field supervisor's permission must be obtained one semester prior to internship. Prerequisites: Sociology major, senior standing, 3.0 or higher GPA in Sociology courses.

SPANISH (SPAN)

Humanities Department

SPAN 101 Elementary Spanish I 3 hours Fundamentals of Spanish pronunciation, the building of basic vocabulary and patterns, oral work, studies in structure, and reading selections. Not open to native speakers or students who have had three or more years of high school Spanish. *Course meets three* hours of Foreign Language graduation requirement.

SPAN 102 Elementary Spanish II 3 hours A continuation of Spanish I, with increased attention to grammar and writing. Not open to native speakers or students who have had four years of high school Spanish. Prerequisite: SPAN 101 with a grade of C or higher or three years of high school Spanish. *Course meets three hours of Foreign Language graduation requirement.*

SPAN 103 Elementary Spanish III 3 hours The development of the ability to use the language by oral-aural drills and readings, and beginning emphasis on writing compositions. Native speakers enrolling in Spanish courses begin with SPAN 103. Prerequisite: SPAN 102 with a grade of C or higher.

SPAN 104 Elementary Spanish IV 3 hours Continued development of the ability to use the language at the intermediate level, with more advanced grammar, and readings with a focus on a continued emphasis on writing in Spanish. Prerequisite: SPAN 103 with a grade of C or higher.

SPAN 110 Spanish for Medical 3 hours Personnel

Introduction to Spanish grammar with emphasis on basic communication; vocabulary for hospital use; knowledge of cultural characteristics of Spanish-speaking groups within the U.S.

SPAN 111 Spanish for Law 3 hours Enforcement Personnel

Introduction to Spanish grammar for basic communication; emphasis on law enforcement terminology, legal instructions. Introduction to cultural characteristics and heritage of Spanish-speaking groups within the U.S.

SPAN 112 Spanish for Social-Service 3 hours Workers

Introduction to Spanish grammar with emphasis on basic communication; vocabulary emphasizes social problems, government aid to the disadvantaged, medical health, diet and problems of consumers. Occasional aid to the disadvantaged, medical health, diet and problems of consumers.

SPAN 203Intermediate Spanish I3 hoursConversational Spanish using cultural-based
materials and readings emphasizing the four
skills: speaking, listening, reading, and writ-

ing, as well as a review of elementary and intermediate Spanish-level grammatical points. Prerequisite: SPAN 104 with a grade of C or higher.

SPAN 204 Spanish Composition/ 3 hours Conversation and Culture

Oral and written composition; review of more difficult grammatical constructions and idioms. Oral practice in everyday Spanish, discussion, idiomatic usage, listening, comprehension, speaking, as well as the introduction of elementary-level Spanish-American and Peninsular literature. Prerequisite: SPAN 104 with a grade of C or higher.

SPAN 233 Topics 1-3 hours

SPAN 255, 256, 355, 356, 455, 456 Directed Study

1-3 hours

Individual students meet with the instructor to carry out a prearranged program of specialized study.

SPAN 305 Advanced Spanish 3 hours Conversation and Composition

Intensive study of comprehension, pronunciation, and grammar, with brief written compositions and oral dialogues. Prerequisite: SPAN 102.

SPAN 306 Commercial Spanish 3 hours Composition of Spanish business correspondence; translating technical writing and commercial documents; documentary credits; international business transactions. Prerequisite: SPAN 305.

SPAN 433 Topics

1-3 hours

SPAN 499 Internship1-12 hoursQualified students have the opportunity to
work during the summer months in an inter-
national trade setting.

STUDY ABROAD

COLL 177	Study Tour	Experiences	1 hour
Short term s	study abroad	experience.	

_ _ 277 / 377 / 477

1-3 hours

Short term study abroad experences. Subject matter will vary within the department's field of study. Course may be repeated. Prerequisite: Determined by instructor.

TUTORING

_ _ 225

.5-3 hours

Student tutor in specific subject areas. A student earns one elective semester hour for 45 clock hours of tutoring time. The student arranges a tutoring schedule with the supervisor and enrolls in this course after completing the required hours for credit. Prerequisite: To be determined by the faculty or staff supervisor of each student enrolling for discipline-specific tutoring.

WOMEN'S STUDIES (WMST)

Psychology and Sociology Department

WMST 310 Women and Society

3 hours

Analysis of the social and cultural forces that shape women's position in society; explanations and critical analysis of the gendered nature of our reality. Cross-listed as SOCI 310.

WMST 322 European Society and 3 hours the Sexes

This course will examine the history of women across Europe from the Middle Ages to the present. This course examines gender as a system of power relations that has been integral to the shaping of European nations; politics and public policy and to the development of national and international economies. The class will explore the meaning of women's status across cultures and historical periods; examine how women have attempted to define, maintain, or gain power in changing historical circumstances; identify common dilemmas and struggles faced by women; and consider how changing definitions of gender have intersected with ideas about race and ethnicity throughout European history. Cross-listed as HIST 322. Prerequisite: Junior Standing.

WMST 336 Global Perspectives on 3 hours Women and Development

Critical analysis of the history and discourse surrounding development, with special emphasis on how the development process has affected women across the globe. Attention is paid to the often invisible connections between Western women and women in non-Western societies including the perspectives and experiences of women across the globe. Topics include globalization; women, work and poverty within a global society; women, development and health; women and the state; the global sex trade; and motherhood across the globe. Cross-listed as SOCI 336. Prerequisite: Junior standing. *Course meets Multicultural* graduation requirement.

WMST 343 Gender Communication 3 hours Examination of the significant role of gender in human communication behaviors as enacted in social spaces of daily life. Crosslisted as COMM 343. Prerequisite: Sophomore Standing.

WMST 373 Women and Gender 3 hours in American History

This course examines the history of women in the United States from the colonial era to the present. This course examines gender as a system of power relations that has been integral to the shaping of American politics and public policy and to the development of the American economy. The class explores the meaning of women's status across cultures and historical periods; examines how women have attempted to define, maintain, or gain power in changing historical circumstances; identifies common dilemmas and struggles faced by women; and considers how changing definitions of gender have intersected with ideas about race and ethnicity throughout American history. Cross-listed as HIST 373. Prerequisite: Junior standing.

WMST 485 Feminist Theory and 3 hours Methodology

This course analyzes the intellectual debate feminism has inspired in academia. Analyzes the specific contributions of feminist researchers across the disciplines, specifically focusing on feminist methods of inquiry, challenges to the traditional science model, dilemmas of feminist research, and feminist contributions. Standpoint theory, researcher reflexivity, and questions of objectivity and subjectivity are among the topics covered.
