

Nursing Application Packet

Associate in Science in Nursing

- Location:** The Columbia College Nursing Program is offered in two locations – the main campus in Columbia, Missouri and the Lake of the Ozarks campus in Osage Beach, Missouri.
- Licensure:** Columbia College, Columbia Campus and Lake of the Ozarks Campus, is fully approved by the Missouri State Board of Nursing. Successful completion of the program does not guarantee eligibility to take the licensure examination. According to the Nursing Practice Act, licensure may be withheld or revoked due to controlled substance abuse, criminal prosecution, and a variety of other offenses.
- Accreditation:** Columbia College is accredited by the Higher Learning Commission and a member of the North Central Association of Colleges and Schools. Columbia College Education Program is approved for teacher preparation by the Missouri State Department of Elementary and Secondary Education.

Curriculum Sequence

The nursing curriculum plan has changed to include NURS 311 – Pathophysiology.

- Students with 24 or less college credit hours must take College Foundations (COLL-133).
- If you have a current LPN License, NURS 210 Fundamentals of Nursing will be waived by achieving an acceptable score of 850 or greater on the Fundamentals test.

Course Number	Course Name	Credit Hrs.
Pre-nursing courses – must be completed before beginning nursing sequence		
BIOL 110 & BIOL 110L *	Principles of Biology I and Laboratory	5
BIOL 221 & BIOL 221L or BIOL 312 & BIOL 312L	Clinical Microbiology and Laboratory or Microbiology and Laboratory	5
BIOL 223 & BIOL 223L *	Anatomy and Laboratory	5
BIOL 326 & BIOL 326L *	Physiology and Laboratory	5
CHEM 109 or CHEM 110 *	Chemistry for Biol/Health Sciences or General Chemistry	3
MATH 106 or higher general education math course *	Intermediate Algebra, or MATH 150 College Algebra, MATH 250 Statistics	3
ENGL 133W	First Year Writing Seminar	3
PSYC 101 *	General Psychology	3
NURS 311 *	Pathophysiology	3
<p>* The Admission/Selection GPA for acceptance into the Nursing Program will be based on the following prerequisite courses that must be completed <u>with a C or higher</u>: NURS 311, MATH 106 or higher, PSYC 101, CHEM 109, BIOL 110, BIOL 110L, BIOL 223 and BIOL 223L, BIOL 326 and BIOL 326L. ENGL 133W and BIOL221 and BIOL 221L or BIOL 312 and BIOL 312L must be successfully completed, but the grade is not used for the GPA calculation.</p>		
Nursing sequence courses		
NURS 210	Fundamentals of Nursing (<i>may be waived for LPNs</i>)	(6)
NURS 212	Pharmacology	3
NURS 300	Foundations of Nursing	6
NURS 301	Medical/Surgical Nursing I	6
NURS 302	Medical/Surgical Nursing II	6
NURS 211	Mental Health Nursing	3
NURS 303	Women's and Infant's Health	4
NURS 492	NCLEX-RN Review I	1
NURS 493	NCLEX-RN Review II	1
Total		77

Special Note for Day Students When a student is fully accepted to the Associate in Nursing Program, it may change their Merit-Based scholarships due to the difference between full time day tuition and the nursing tuition. Contact one of the offices before for additional information.

Contact the Center for Student Success in Missouri Hallroom 205

(573) 875-7252
success@ccis.edu

Special Note for Evening/CC Global Students-MUST READ When an Evening or CC Global student is fully accepted to the Associate in Nursing Program at the Columbia, MO location, they will be reclassified as a day student. Although CC Global students do not pay Day tuition when fully accepted to the program, nursing students need to follow and meet the same regulations, restrictions, and rules that apply to registration and health services. Examples would be needing to meet with an academic advisor for every enrollment session, meeting the insurance and health immunization requirements, submitting transcripts, and confirming on-campus or student commuter status. All accepted nursing students do have the same access to all the benefits as any other day student (early registration, health services resources, sporting events). Please contact your advisor for any questions.

Admissions Assessment HESI (A2[®])

All Applicants must take the HESI (A2[®])

The HESI (A2[®]) test must be taken at the Columbia College Columbia Campus, Lake Ozark Campus or Jefferson City Campus. Please visit our web site for dates, and to register for the test. There is a \$55 non-refundable fee for the HESI (A2[®]) entrance exam. If a student fails to show up for the exam, payment cannot be refunded or used toward another test.

Exams will begin promptly at the time designated on our website. Late arrivals will not be admitted. Students should bring a photo ID or driver's license, along with their user name and password to log into the HESI (A2[®]) exam. The exam is computerized and students will be able to view their results at their convenience.

HESI (A2[®]) Test Dates

Students are required to achieve a competitive score on the Admission Assessment HESI (A2[®]) in order to be considered for acceptance into the Nursing Sequence. Currently, A2[®] Sixth Edition is being given. The A2[®] exam must be administered at Columbia College to be considered for admission. Columbia College utilizes the following sections of the A2:

- Learning style, Personality, & Critical thinking
- Math
- Reading
- Vocabulary
- Anatomy & Physiology

Students may take the A2[®] at any time before the application deadline. However, it is highly recommended it be taken as close as possible to finishing the prerequisite courses. Students are allowed to take the A2[®] twice per application cycle. There is an A2[®] Study Guide available on the [Elsevier website External link](#).

If you are selected for the Nursing program, the following additional requirements must be met:

- Purchase a Background Check & Medical Document Manager and Drug Test package from CastleBranch (previously Certified Profile/ Background). The information needed to purchase the package will be included in student's acceptance letter. The cost for this package is approximately \$155.
- Urine drug test. Those selected will be sent information about the drug test in their acceptance letter.
- Official documentation of physical forms including immunizations/titers. See below for immunization requirements. These forms will be available at CastleBranch after class selection.
- Current CPR certification by the American Heart Association, **Health Care Providers** course. The documentation for this will be submitted to CastleBranch after selection.

RETAIN FOR YOUR RECORDS

Students must provide official documentation to CastleBranch of the following immunizations and screening tests:

- Tdap (replaces previous Tetanus – recommended every 10 years). Document the date of the immunization.
- **2-Step** Tuberculosis screening- PPD (Mantoux) Administered 1-3 weeks apart within the past 12 months **and** a **2-step** skin test annually.
 - A. Official documentation of the test and the test results must be submitted to CastleBranch. The test must be performed in the United States. Students must have a yearly PPD while in the program and must provide official documentation of the test and the test results.
 - B. If you have had a positive PPD (TB skin test, Mantoux) you will need to have a chest x-ray performed verifying that you are disease free. Failure to do so will prevent you from starting/remaining in class. You will need to provide a copy of the chest x-ray report to CastleBranch. Every year that you are enrolled in the nursing program you will need to see a Health Care Provider to go over a symptom check list and submit the checklist to CastleBranch. A second chest x-ray may be necessary if you have symptoms or if an x-ray is requested by one of the sites where you will be doing clinicals.
 - C. If you become positive while in the program, immediately contact Dr. Corrine Floyd, Director and Department Chair of Nursing, at: 573-876-4458 and follow the same protocol as described above in B.
- Hepatitis B series (three)
- MMR series (two)
- Varicella (chicken pox) series (two)
- Influenza (annually)
- If you cannot provide *official documentation* of the MMR or HEP B series or having chicken pox, you will need to be re-immunized or have titers drawn to verify immunity.
- Covid-19 Vaccination or medical or religious exemption

Background Screening

All students accepted into the Nursing Program are required to have a background check performed by CastleBranch at their cost. Instructions will be sent with student's acceptance packet.

All nursing students MUST submit immunization records and complete a few brief forms to comply with Columbia College's Student Immunization Policy (<https://www.ccis.edu/policies/student-immunization-policy.aspx>). Submit records through the Student Health Portal in CougarTrack under CC links. You can NOT REGISTER for NURS 210 or future classes until you have done so. This is a separate process from submitting documentation through CastleBranch which is discussed later in the application.

RETAIN FOR YOUR RECORDS

Nursing Application Checklist

This checklist must be submitted with your nursing application. If you have a section which is applicable and which you do not check, the Nursing Department will follow up with you.

Check off upon completion.

- I have been accepted to Columbia College.
For those students just being accepted you will need the start date of January for the March session or August for the October session.
- I have declared pre-nursing or General Studies with Nursing special program as my major.
Check with your advisor to verify that it has been done and that your file is "active".
- I have included a copy of my HESI (A2[®]) results with my application (HESI (A2[®]) Sixth Edition). The HESI (A2[®]) test must be taken at Columbia College Columbia Main Campus, Lake Ozark Campus or Jefferson City Campus.
- I have submitted a Healthcare Resume or Job Shadowing form
- I have the Application packet filled out completely.
- I have read and signed the Functional Abilities form.
- I have submitted the Nursing Application Audit Request Form to my advisor (see page 10).
If dual applying, you must submit a request to both campuses 2 weeks prior to application deadline:
Columbia Day Campus students-the completed Nursing Application Audit Request Form should be emailed to the student's assigned advisor.
Columbia Evening Campus students-please submit the form to your assigned advisor.
Lake Ozark Campus applicants – Schedule appointment with the Nursing Advisor
- I have completed all prerequisite classes.
- I have submitted immunization records and completed applicable forms through the Student Health Portal in CougarTrack;
I acknowledge that if the process is not complete, I will be unable to register for future classes. (See page 4 more details)
- (If relevant:) LPNs Testing out of NURS 210 (Fundamentals of Nursing) – must receive a minimum score of 850 on the Evolve Fundamentals Exam. The Nursing Program will contact you about testing dates.
- (If relevant:) I am an LPN and have submitted a copy of my LPN license with my application.
- I have previously attended a nursing program. List the name of the institution, reason for leaving, and classes completed. Please verify with your previous nursing program that they have returned a completed reference form.

FUNCTIONAL ABILITIES NURSING ADMISSION REQUIREMENTS

Admission criteria shall reflect consideration of the potential to:

1. Complete the program.
2. Possess the necessary functional abilities (see below).
3. Meet the standards to apply for licensure as a Registered Professional Nurse.
4. Students who are re-admitted or admitted as a transfer shall complete the same requirements for graduation as any other member of the class to which they are admitted.

LPN students: Must hold a valid, undisciplined license as a licensed practical nurse in the State of Missouri to be eligible to move into Nursing Sequence Courses.

FUNCTIONAL ABILITIES

The Associate in Science in Nursing Program prepares the student for a nurse generalist role. Functional abilities to meet this role include behavioral/emotional, cognitive, communication, professional conduct, psychomotor skills, and sensory/perceptual.

Behavioral/Emotional: Ability to maintain effective, therapeutic relationships with patients, families, students, faculty, staff, and other professionals under all circumstances and settings, including highly stressful situations. Possess the emotional health required for full utilization of his/her intellectual abilities, the exercise of good judgment, and the prompt completion of all responsibilities involved in the area of patients and families.

Cognitive: Ability to evaluate and apply knowledge and engage in critical thinking in the classroom and clinical settings.

Communication: Ability to communicate effectively and therapeutically with other students, faculty, staff, patients, family and other professionals in both oral and written forms.

Professional Conduct: Ability to reason morally and practice nursing in an ethical and legal manner. Be willing to learn and abide by professional standards of practice. Be able to deliver safe, effective nursing care to all patient populations, including but not limited to children, adolescents, and adults with various emotional, developmental, and medical problems and needs. Adapt to rapidly changing environments/situations while maintaining professional demeanor.

Psychomotor Skills: Ability to maintain motor coordination, strength, flexibility, dexterity, balance, and sensory capabilities sufficient for safe and accurate assessment of the patient and performance of patient care tasks.

Sensory/Perceptual: Ability to utilize vision, hearing, and senses of touch and smell to thoroughly analyze patient data and provide accurate and safe treatment/care.

Student signature verifies that he/she is able to meet these functional ability requirements.
